Black Plank Floor Finish

High-gloss, durable, black floor finish is the ultimate choice for your black plank floor care program.

Features & Benefits

- Provides a durable, high-gloss coating with great appearance
- Stands up to continuous mopping and scrubbing, as well as scuff resistant
- Responds beautifully to spray buffing

Applications

- Use on black plank asphalt floors

Use Instructions

FOR BEST RESULTS

- Do not Dilute
- Do not use on surfaces colder than 50°F / 10°C
- To avoid contamination, do not return unused product to original container

NOTE: Floors will be slippery when wet or contaminated with foreign materials. Promptly clean-up spills and foreign materials. Not intended for outdoor use. Meets ASTM D-2047 requirement for slip resistance. This product contains a black pigment that will transfer to mops, buckets, and other surfaces. If not used within 3 months, shake product lightly.

PREPARATION

- Blockade areas to be stripped or finished. Floors will be very slippery until dry.
- Strip floor using a Diversey brand stripper according to label directions

COATING

- Apply 3-4 medium coats using a designated black finish mop
- Allow about 45 minutes drying time between coats and allow 60 minutes drytime before opening to traffic

MAINTENANCE

- Dust mop or sweep
- Clean floor using a Diversey brand neutral floor cleaner according to label directions
- If desired, spray buff or high speed spraybuff using a Diversey brand floor maintainer to enhance gloss

RECOATING

- Dust mop or sweep
- Deep scrub floor using a Diversey brand cleaner according to label directions
- Apply 1-2 coats using a designated black finish mop

Safe handling

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use; and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDS are available online at www.diversey.com or by calling 888.352.2249. Improper use or dilution may result in damage to surfaces and may result in health and physical hazards that match those of the concentrate.
