Elevate the restroom with our trusted, familiar brands

Very few locations within a facility impact satisfaction as much as the restroom. This is even truer today, with heightened consumer awareness about hygiene and cleanliness. A positive experience can drive customer loyalty and increase revenue. A negative experience can have a damaging effect. Have you ever thought about what the restroom could do to your bottom line?

Consider this:

- Restrooms are one of the top three sources of complaints¹.
- Two-thirds of visitors say an unhygienic restroom lowers their impression of a facility overall².
- More than 8 in 10 consumers said restroom conditions reflect how much an employer cares about guests and/or is a reflection of the company's image³.
- 94% of people said they wash or sanitize their hands more now than before the COVID-19 pandemic³.

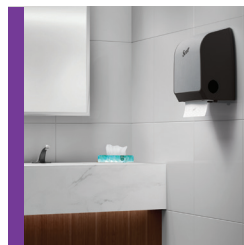

But there are solutions that can turn your restroom into an asset: **consumer-preferred, trusted brands such as Scott®, Kleenex® and Cottonelle® Brands.** In fact, 84% of consumers view familiar brands as an important signal of a clean and hygienic environment³.

An innovative approach

We bring unique value to your restroom because our systems are organized around your needs. We offer four distinct solutions, making it easier than ever to choose the right products for your facility.

Onvation™ Smart Restroom Technology

The next evolution of smart restroom management has arrived

The Onvation® smart restroom management system was designed to take restroom management off your clients' minds while keeping their tenants satisfied. And now, with the evolution of new Onvation® System 2.0, there's no better time to consider a smart restroom solution. The Onvation® System allows property managers to virtually manage restrooms more effectively than before, lightening workload, reducing consumable waste and increasing operational efficiency.

The next evolution in smart restroom management is here. If you're ready to bring the power to predict and prevent restroom issues to your customers with the Onvation® System, scan the code provided on this page to learn more and request a site survey.

How the Onvation® System works

Smart sensors embedded in Scott® and PURELL® dispensers send data to the cloud via a secure cellular network. Restroom data is gathered and stored securely in the cloud and is viewable through the web-based Onvation® System Dashboard. The Dashboard functions as a central hub for managers to view progress against key metrics, insights and opportunities, thus helping to eliminate inefficiencies. Real-time alerts inform the cleaning staff about immediate service needs.

Put your confidence in our sustainable solutions

At Kimberly-Clark Professional, we strive to create social, environmental and financial value for the customers and communities we serve. Our commitment to sustainability gives customers products and solutions that help reduce their impact on the environment.

Let us tell you how.

Innovative product design:

Our innovative manufacturing technology blends premium recycled fiber and responsibly sourced Forest Stewardship Council® (FSC®) certified fiber. Plus, our process uses up to 17 percent less fiber, creating more absorbent towels that help reduce consumption and waste. Another recent innovation is the Scott® Pro High Capacity Bath Tissue with its flushable paper core.

100%

of our paper towels can be diverted from landfill via composting¹⁵

Responsible material supply:

As one of the world's largest buyers of wood pulp, we know that protecting our forests is critical to addressing climate change, preserving biodiversity and maintaining a resilient, healthy supply chain. Together with customers, suppliers, the FSC®, World Wildlife Foundation (WWF) and other nongovernmental organizations (NGOs), we're ensuring responsible sourcing of wood fiber. The majority of our Scott® and Kleenex® solutions are FSC-certified. These solutions also contribute to the requirements for green building certifications, such as LEED.

Our flexible film packaging contains 20% recycled content and our fiber-based packaging has

50-100%

recycled content

Sustainable manufacturing:

We recognize that a sustainable supply chain creates value for customers, suppliers and us, while minimizing risk. We've decreased the water and energy needed to make our products. We diverted 95% of our manufacturing waste from landfill to higher value beneficial uses in 2019, and we're working to be a Zero-Waste supplier by 2021. With ISO 14001 certification, we are optimizing resources and reducing our impact as part of our commitment to being a responsible partner to our customers.

In 2019, Kimberly-Clark committed to an ambitious

40%

greenhouse gas reduction goal globally* – twice our initial goal of 20% by 2022

*against a 2005 baseline

Recognized leadership:

In 2019, Kimberly-Clark earned the SmartWay® Excellence Award from the U.S. Environmental Protection Agency for leadership in environmentally responsible shipping, marking our tenth win and saving over 1 million tons of greenhouse gases, equivalent to the electricity needed to power all homes in Atlanta, GA, for over a year. From sustainable forests to recyclable packaging, our hygiene and cleaning solutions provide outstanding performance and contribute to the health and safety of workers and workplaces everywhere.

100%

of our grid electricity in North America has been offset through renewable wind energy, making us the first towel and tissue manufacturer to offset production in this way.

We've got you covered with our dispenser Lifetime Warranty†

Kimberly-Clark Professional is proud to offer a comprehensive Lifetime Warranty† for select towel, tissue and skin care dispensers. We save our customers valuable time and money by making the process really easy – with auto-registration, a dedicated customer care team and much more. Our Lifetime Warranty† is yet another way we put the customer at the heart of all we do.

Frequently Asked Questions

1. What dispensers are covered by the Kimberly-Clark Professional Lifetime Warranty?

The Lifetime Warranty† program includes all Kleenex® and Scott® Branded Towel, Tissue and Skin Care Dispensers.

2. Do I have to order new dispensers to qualify?

No. To make the program as simple as possible, both new and existing dispensers qualify.

3. How do I register my dispensers?

There's no need to sign up. Eligible dispensers are automatically registered. Use Kleenex®, Scott® and Cottonelle® Brand towel, tissue and skin care products in the dispensers.

4. What does the warranty cover?

The warranty covers defects in workmanship and materials under normal use as long as you are exclusively using Kimberly-Clark Professional products for the dispensers. However, the warranty does not cover batteries or misuse, vandalism and/or other user-caused damage.

5. Is it easy to file a claim?

We've made it as easy as can be. Simply contact your Kimberly-Clark Professional representative or Customer Care Solutions at 1-888-346-4652 or KCPIInfo@kcc.com. Or, file online at www.KCProfessional.com/contact-us/.

6. What details do you need to process my claim?

Our team will need your contact information, the Kimberly-Clark Professional product numbers you use and the dispenser information (model number, lot code number and date code – all found on a sticker inside the unit). They'll work with you to determine the best way to resolve your issue, either through parts or full unit replacement.

7. Since I order dispensers through my distributor, do I need to contact them?

No, you can contact your Kimberly-Clark Professional representative or Customer Care Solutions directly at **1-888-346-4652** or KCPIInfo@kcc.com.

8. Do I have to ship the dispenser back?

Once the issue is resolved, we may ask you send us the old dispenser. If so, we'll provide a prepaid shipping label. Rest assured, we'll make sure you have a working dispenser before asking you to take the old one down. It's that EASY!
