

E Series "dia-PUMP"

Economy Diaphragm Pump

Series 500-E offers an economical alternate to the standard Series 500 "dia-PUMP" or an opportunity to "step-up" from packed plunger pumps to a true hydraulic diaphragm pump at a modest cost increment.

Features

- Capacity to 30 gph (113 lph); Pressure to 1100 psi (77 kg/cm²)
- Available liquid end materials: Cast Iron, 316SS, PVC, Kynar[®]
- Variable Oil By-pass[™] stroke adjustment allows improved valve performance over variable linkage designs. (See Bulletin DP-1100 for details on "How It Works".)
- Capacity control options include pneumatic or electric stroke length adjustment and variable speed drives.

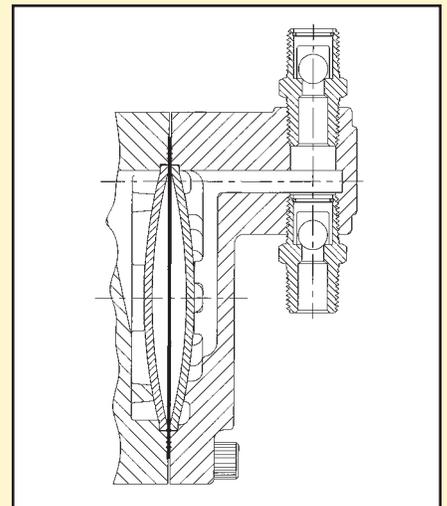

For Low Volume Applications request Bulletin LV.
For High Viscosity Applications request Bulletin VP.
For Higher Volumes and Pressures request Bulletin DP-1100.

CROSS SECTIONAL VIEW

Materials of Construction

CODE	HEAD	VALVE BODY	VALVE CHECK	DIAPHRAGM
N1	Cast Iron	316SS	316SS	Teflon [®]
N3	316SS	316SS	316SS	Teflon [®]
N5	PVC*	PVC*	Glass***	Teflon [®]
AR**	PVC*	PVC*	Glass***	Teflon [®]
N8	Kynar	Kynar	Glass***	Teflon [®]

* PVC head pumps are satisfactory for temperatures to 125°F/52°C.

** PVC head with air release valve for sodium hypochlorite service.

*** Special materials available for services not compatible with glass.

DIMENSIONS

ALL MODELS (except 547)

For Model 547:
A = 1-7/8" for N3 Models
A = 3/4" for N5 Models

See Bulletin DP-1100 for Model 547 mounting dimensions.

MAT'L	A	B	C	CONN.
N1	2-3/4"	4"	2-3/8"	3/8 NPT
N3	2-1/2"	3-5/8"	2-3/4"	3/8 NPT

MAT'L	A	B	C	CONN.
N5	1-7/16"	7-3/8"	3/4"	1/2 NPT
N8	1-7/16"	7-3/8"	3/4"	1/2 NPT

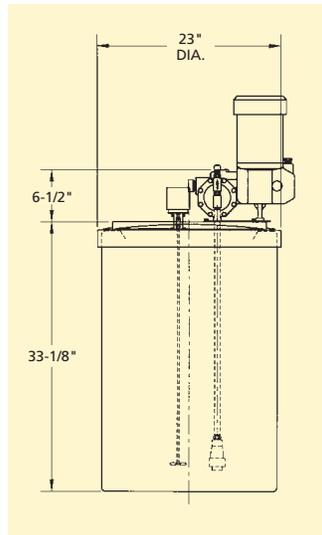

Chemical Feed Systems With Series 500-E Pumps

Economy Top-Mounted Chemical Feed System With Model ET-P Tank

System includes:

- I. Series 500-E Pump
- II. ET-P Tank (including):
 - (a) 50 gal. self-supporting polyethylene tank.
 - (b) Molded polyethylene cover.
 - (c) Suction piping and PVC foot valve strainer.
- III. Model L-2-300 Agitator – optional

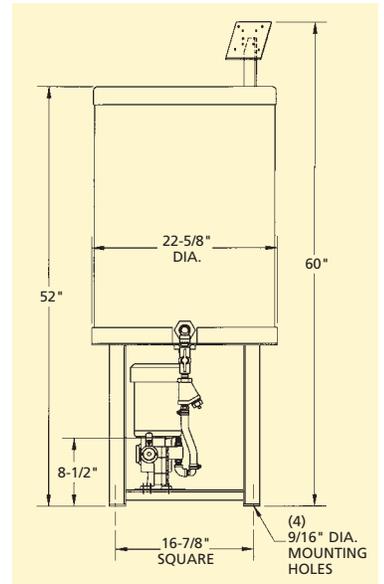

Bottom-Mounted Chemical Feed System With Model 50PT-300 Tank

System includes:

- I. Series 500-E Pump
- II. 50PT-300 Tank (including):
 - (a) 50 gal. polyethylene tank in steel support.
 - (b) Molded polyethylene cover.
 - (c) PVC suction piping, PVC valve and iron strainer.
- III. Model L-1-300 or A-1-301 Agitators – optional

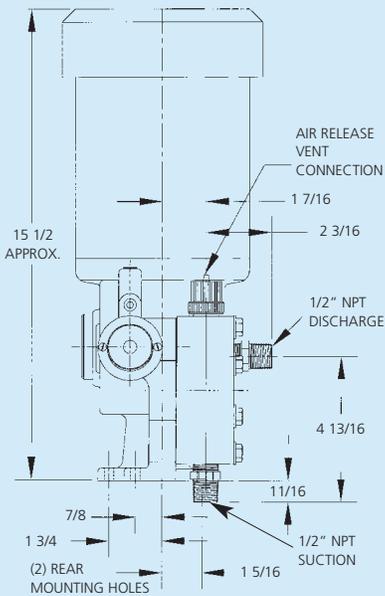

Agitators

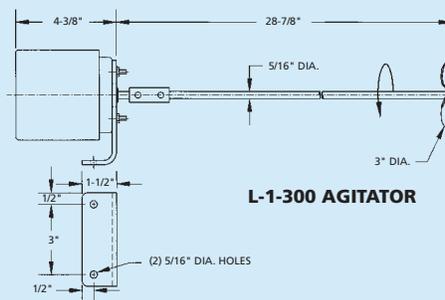

Neptune also offers a line of economically priced agitators for use with the tanks shown above:

MODEL NUMBER	MOTOR DESCRIPTION	MOUNTING STYLE	MATERIAL OF CONSTRUCTION
L-1-300	1/20HP-1-115-TEFC	Direct Mount*	316SS
L-2-300	1/20HP-1-115-TEFC	Vert. to Lid	316SS
A-1-301	1/4HP-1-115-TEFC	316SS	

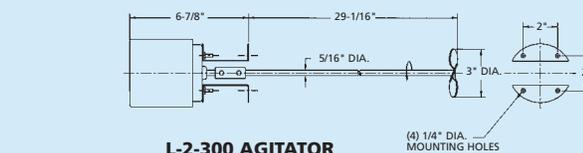

*Mounting plate supplied on tank.
