Zenex™ Thermoplastic Safety Padlocks

Optimal safety padlock designed exclusively for Lockout/Tagout by Safety Directors. Distinctive Zenex™ thermoplastic safety padlock is durable, standardized, substantial and identifiable for OSHA 1910.147 compliance. Stands up to chemicals, temperature extremes, and is UV stable.

410

ZENEX™ THERMOPLASTIC SAFETY PADLOCK FEATURES

- ▶ Durable padlocks weigh only ounces (400 series 4 oz., S30 Series 3 oz.), making it easy to carry many
- ▶ Temperature tested from -50° F to +350° F
- ▶ Excellent corrosion resistance
- ▶ UV stable
- ▶ No silicone used in padlock
- ▶ Over 40,000 unique safety key codes available. Over 1 million possible codes with optional key cylinders.
- ▶ Keyed Different, Keyed Alike and Master Keyed options
- ▶ Key retaining – ensures padlock is not accidentally left unlocked. S33 non key-retaining for group lockout
- ▶ Includes one key to ensure compliance with OSHA guideline of one employee, one padlock, one key
- ▶ Available in up to 9 colors
- ▶ Includes write-on “Danger” and “Property Of” labels
- ▶ Body sides and face can be laser engraved for permanent identification
- ▶ Non-rekeyable ensures your safety lockout system stays pure by preventing haphazard rekeying and the accidental introduction of duplicate key codes
- ▶ Your facility’s padlocks can be key charted to ensure no duplicate key numbers are supplied and accidentally handed out to multiple employees
- ▶ Virtually all components are made in the U.S.A.
- ▶ Uses FDA approved lubricants safe for use in food processing

Safety Padlock Keyed-Alike Sets

Popular quantities of safety padlocks are conveniently packed in sets, simplifying the order process.

Safety Padlock Keyed-Alike Sets

Safety Padlocks Built and Packed in Popular Keyed Alike Quantities

Workers often need to lock out more than one energy source on a single piece of equipment. Keyed alike safety padlocks can help serve this purpose.

To simplify and expedite ordering, Master Lock now offers our Zenex™ Thermoplastic, Aluminum and Steel safety padlocks in popular keyed alike quantities – sets of 3, 6, 12, 18 or 24 locks. These locks are ordered as “1” unit and are packed together making them easy to distribute.

“n” Denotes quantity of padlocks per keyed alike set. Choose quantity and color of set(s) at time of purchase.

Aluminum Safety Padlocks

Lightweight and durable aluminum body for Lockout/Tagout. Choose from powder coated or anodized finish. Stands up to chemicals, temperature extremes, and is UV stable.

ALUMINUM SAFETY PADLOCK FEATURES

- ▶ Durable padlock weighs 5 ounces, making it easy to carry
- ▶ Solid body construction stands up to physical abuse
- ▶ Temperature tested from -35° F to +350° F.
- ▶ Excellent corrosion resistance
- ▶ UV stable
- ▶ No silicone used in padlock
- ▶ 1/4" diameter boron steel shackle with plated finish for corrosion resistance
- ▶ Keyed Different, Keyed Alike and Master Keyed options
- ▶ Available with 1", 1-1/2" or 3" tall shackle
- ▶ Brass shackle option available for spark resistance
- ▶ Write-on labels and Photo ID labels available
- ▶ Body sides and face can be laser engraved for permanent identification
- ▶ Key retaining option available. Includes two keys.
- ▶ Your facility's padlocks can be key charted to ensure no duplicate key numbers are supplied and accidentally handed out to multiple employees
- ▶ Virtually all components made in the U.S.A.
- ▶ Uses FDA approved lubricants safe for use in food processing

Padlock Accessories & Services

Safety lockout services and accessories for OSHA compliance.

Accessories

Safety Lockout Accessories for OSHA compliance

- ▶ Chains keep padlocks close to equipment requiring safety lockout
- ▶ Engravable brass tag provides for individual worker identification
- ▶ Tags attach to safety lockout padlocks with 71SC8 and 71SC9 collars

Lockout Leash™ Lanyard

- ▶ Lanyard for mounting padlock or hasp near lockout point
- ▶ 36" lanyard can easily be shortened to 2" to reduce excess slack
- ▶ Includes mounting clips for 1/4" and 9/32" diameter shackles
- ▶ Fits Master Lock and American Lock Safety Padlocks and most Safety Hasps

S100 Lockout Leash™ Lanyard

Safety Padlock Caddy

- ▶ Keep safety padlocks near appropriate machinery
- ▶ Hold up to 12 padlocks based on number of lockout points
- ▶ When locking out, conveniently carry caddy to all lockout points
- ▶ When all padlocks are gone, all lockout points have been met

Master Lock Model #	Description
71CS	9" Long lightweight zinc plated steel chain with chain holder attached; fits all Master shackle collars (ordered separately) (12 pk.)
71CH	9" Long heavy-duty zinc plated steel chain with chain holder attached; fits all Master shackle collars
71SC7	Shackle Mounting Collar for S33 (Includes rivets); 12 pack
71SC8	Shackle Collar. Fits 1/4" diameter shackles and smaller; for 410, 411, A1105, A1106, A1107, A1165, A1166, A1167, 6835 and 6836 padlocks
71SC9	Shackle Collar. Fits 9/32" diameter shackles; for 3 laminated steel padlocks
71TAG	1/2" x 1-3/4" Brass tag with ring for attaching to shackle collars listed above
S100	Lockout Leash™ mounting lanyard – Set length 36" to 2"
S125	Safety Padlock Caddy – Carry up to 12 padlocks from lockout job to job
2305	5.25 oz PTFE-based "dry" aerosol lubricant ideal for padlocks and multi-purpose applications

End User Registration and Key Charting

Free Service Helps Prevent Duplicate Key Codes in a Facility

- ▶ Key charting is a record of all the safety padlock key codes assigned to a facility.
- ▶ It is important that each authorized employee at a site has a unique padlock key that only opens that employee's safety padlock. This maintains OSHA's one employee-one key directive.
- ▶ To help prevent duplicate keys from jeopardizing your lockout program, register your site with Master Lock. Once registered, Master Lock will send you an End User Identification Number for your site's Key Chart.
- ▶ When you use that I.D. number on each additional padlock order, Master Lock will use a new key code for each padlock we manufacture for you. When used properly, this free service helps ensure that each employee carries a key unique to them, eliminating unwanted key duplication in a safety lockout program.
- ▶ Locate the Master Lock End User Registration form and instructions at www.safetyseries.com, Product Support.

Hasps

Lockout hasps are integral parts of a successful safety lockout program, providing effective multi-person lockout.

Safety Lockout Hasps

Lockout by Multiple Workers at Each Lockout Point

- ▶ Attach hasp to energy disconnect switch
- ▶ Control cannot be turned on until last worker's padlock is removed from hasp
- ▶ Multiple styles available to fit most needs; **Spark resistant aluminum, Pry-resistant steel, Dielectric plastic, Dual jaw aluminum**

Model 427 – Labeled Snap-On Hasp

- ▶ Combines multiple-person lockout and tagout identification
- ▶ Features an easy-to-apply "snap-on" advantage with its spring-loaded locking arm
- ▶ Fits more lockout points than alternative rivet-hinge labeled lockout hasps
- ▶ Anodized aluminum and stainless steel construction for combined corrosion-resistance and strength
- ▶ Complete with high visibility, re-usable, write-on safety labels (English, French & Spanish)

493B

Electrical Lockouts

Master Lock offers innovative, patented and patent pending devices for the effective lockout of electrical shut-off points, including circuit breakers, and electrical plugs.

Grip Tight™ Circuit Breaker Lockout

Greatest Hold Strength Combined with Universal Fit

- ▶ Secure and simple mounting for a solid lockout. Holds tight with simple thumb turn and clamping handle.
- ▶ Exclusive design accommodates virtually all styles of breaker toggles
 - Model 491B fits tall and wide breaker toggles
 - Model 493B fits standard height and tie-bar toggles
- ▶ Narrow profile permits side by side breaker lockout
- ▶ Compact devices are easy to carry and easy to store
- ▶ Both devices accept all American Lock® and Master Lock® safety padlock shackle and lockout hasp diameters
- ▶ Durable construction with powder coated steel and reinforced polymer allows operation in harsh environments
- ▶ Patented

Master Lock Model #	Description
491B	Circuit Breaker Lockout – tall and wide toggles
493B	Circuit Breaker Lockout – standard single and double toggles
506	Set of each device – one 491B and one 493B

Two Lockouts Replace Many

493B

491B

491B

493B

Miniature Circuit Breaker Lockouts

Locks Out Most Miniature ISO/DIN Circuit Breakers Found Throughout the World

- ▶ S2390 fits standard width toggle openings. Pin out. Black Handle
- ▶ S2391 fits wide toggle openings. Pin out. Red Handle
- ▶ S2392 fits breakers when pin-in is necessary
- ▶ S2393 fits universal breaker toggles
- ▶ Works with all Master Lock and American Lock safety padlocks and lockout hasps
- ▶ S2390, S2391, S2392 Patented devices

Master Lock Model #	Description
S2390	Fits pin-out breakers 11mm or less
S2391	Fits pin-out breakers 11mm to 13mm
S2392	Fits breakers with pin-in toggles
S2393	Fits universal breaker toggles

S2390

Circuit Breaker Switch Padlock

Provides the Flexibility to Effectively Lock Out Breaker Switches

- ▶ 3/16" diameter cable shackle allows padlock to properly lock all types of circuit breaker lockout devices
- ▶ Flexible cable allows the compact lock body to be positioned so that the control panel door closes properly
- ▶ Fits the tight space constraints within circuit breaker shut-off boxes
- ▶ Numerous key changes are available to minimize the possibility of unwanted key duplication

Master Lock Model #	Description
7C5RED	1-1/8" wide steel body; 4-pin cylinder; 5" flexible steel cable. Keyed Different.
7KAC5RED	1-1/8" wide steel body; 4-pin cylinder; 5" flexible steel cable. Keyed Alike.

Rotating Electrical Plug Lockouts

Outward/Inward Rotation Allows for Easier Application & Storage

- ▶ Surrounds the electrical plug; protects against accidental reconnection
- ▶ Unique, patented rotating design allows for easier installation in confined space applications
- ▶ Complete with high-visibility permanent safety labels (English, French & Spanish). Labels can be written-on to identify the responsible person, then erased for the next job.
- ▶ Tough, lightweight, dielectric Zenex™ thermoplastic bodies withstand chemicals; perform effectively in extreme conditions [temperature range -50° F (-46° C) to +350° F (177° C)]

Master Lock Model #	For Electrical Plug Sizes Up To:
487	2-1/4" dia. x 3-1/4" with cord dia. up to 3/4" (Most 110- and many 220-volt plugs)
488	3" dia. x 6" with cord dia. up to 3/4" (Most 220 – 550 volt plugs)

Compact Plug Prong Lockout

Compact Design Locks Out Smaller Plugs Easily & Effectively

- ▶ Locks on the prongs of 110-120 volt plugs
- ▶ Fits two prong plugs with and without ground
- ▶ Use with your existing lockout padlocks or lockout hasps
- ▶ Includes labels in English, Spanish, and French
- ▶ Patented

Master Lock Model #	Description
S2005	Fits 110-120-volt plugs (with or without ground)

S2153

Electrical Covers

Versatile, durable, patented and patent pending designs address need for temporarily prohibiting access to a switch or control or to avoid nuisance changing of rotary switch settings.

Removable Push Button and Rotary Switch Cover

Ideal for new installation or for retrofitting to existing switch panels

- ▶ Fits both 30.5mm and 22.5mm diameter switches
- ▶ Clear base and cover allow visibility of nameplates and labels
- ▶ Horseshoe-shaped retrofit base allows use with raised nameplates and off-center installation to accommodate rotary switch knobs
- ▶ Accommodates buttons up to 2" (50mm) diameter and 1-3/4" (45mm) tall
- ▶ Accepts S100 lockout leash to tether removable cover at switch panel
- ▶ S2151 includes one cover, one new install base and one retrofit base with double-faced adhesive tape
- ▶ S2152AST pack of 12 new install bases allows one S2151 to service multiple switches on same panel
- ▶ Patent pending

S2151

S2152AST

Installed Push Button and Rotary Switch Cover

Ensures instant availability

- ▶ Captured by the rotary or pushbutton switch bezel
- ▶ Fits both 30.5mm and 22.5mm diameter switches
- ▶ Clear base and cover allow visibility of nameplates and labels
- ▶ Accommodates buttons up to 1-9/16" (40mm) diameter and 1-3/4" (45mm) tall
- ▶ Patent pending

S2153

Master Lock Model #	Description
S2151	Removable Button and Switch Cover
S2153	Installed Button and Switch Cover
S2152AST	Install Bases for S2151 Removable Cover (12 pack)

Oversized Plug & Hoist Control Cover

Effectively Covers Odd Size and Large Electrical Connectors and Hoist Controls

- ▶ The cinch sack offers broad application solutions
- ▶ Insert PVC tubing (not available through Master Lock) to block access to hoist control buttons
- ▶ Flexible & durable rip-stop nylon bag fits easily in safety tool boxes
- ▶ Lock out with up to 6 padlocks or hasps

453L

Master Lock Model #	Description	Dimensions
453L	Large Nylon Oversized Plug & Control Cover	7" dia. x 17" tall
453XL	Extra Large Nylon Oversized Plug & Control Cover	10" dia. x 26" tall
453XXL	Extra Extra Large Nylon Oversized Plug & Control Cover	14" dia. x 36" tall

Electrical Connector Cover

Hoist Control Cover

Universal Wall Switch Cover

Locks Out Both Toggle and Decora Paddle Wall Switches

- ▶ Patented design assures switch is kept on or off
- ▶ Hinges open for unobstructed normal operation of switch
- ▶ Includes English/Spanish and English/French labels

Patented Innovative Design

496B

Master Lock Model #	Description
496B	Universal Wall Switch Cover

Rotating Gate Valve Lockouts

Outward/Inward Rotation Allows for Easier Installation & Storage

- ▶ Surrounds the valve operating handle to protect against accidental valve opening
- ▶ Multiple workers can apply their lockout hasps or personal safety locks
- ▶ Tough, lightweight, dielectric Zenex™ thermoplastic bodies withstand chemicals; perform effectively in extreme conditions [temperature range -50° F to 350°]
- ▶ Unique, patented rotating design allows for easier installation in confined space applications
- ▶ Complete with high-visibility permanent safety labels (English, French & Spanish) that can be written-on to identify the responsible person, then erased for the next job
- ▶ Center knockout can be removed for rising stem gate valves
- ▶ Each size rotates into itself and nests within the next larger size to save space in storage

Master Lock Model #	Description	Depth	Stem Opening
480	1" to 3" dia. valve handles	1-1/16"	3/4"
481	2" to 5" dia. valve handles	1-7/16"	1-1/2"
482	4" to 6.5" dia. valve handles	1-7/8"	2-1/2"
483	6" to 10" dia. valve handles	2-1/4"	3-1/2"
484	8" to 13" dia. valve handles	2-5/8"	4"
485	1 set of 480-484		

S3068

Valve Lockouts

The exclusive, patented Master Lock gate and ball valve lockout devices work in difficult applications like tight spaces and insulated pipes.

Easy to Store- Fits in Kits

485

Easy to Use Even in Tight Spaces

Pressurized Gas Valve Lockout

Fits Pressurized Gas Valves

- ▶ Patented design works with valve guard in place
- ▶ Fits virtually all pressurized gas valve handles up to 3" diameter
- ▶ Compact size easily stored when not being used
- ▶ Accepts any Master Lock® or American Lock® Safety Padlock
- ▶ Works with lockout hasps for multiple worker lockout

Master Lock Model #	Description	Depth	Stem Opening
S3910	Pressurized Gas Valve Lockout	1"	1-5/8"

Seal Tight™ Ball Valve Lockout Devices

Effective Lockout for Virtually Any Ball Valve

- ▶ Easy to use – simple, intuitive designs
- ▶ Broad application
 - Devices lock out ball valve sizes up to 4"
 - Fit virtually all types of pipe including insulated, PVC and metal
- ▶ Lightweight and compact – devices are easy to carry, store and apply even in tight, awkward spaces
- ▶ Patented

S3068 Seal Tight™ Handle-On Lockout

Metal device clamps tight on handle stop. Defies corrosive environments and temperatures -70°F to over 350°F.

S3068

468L Seal Tight™ Handle-Off Lockout

Device encloses the valve stem, with the handle removed, to make accidental reactivation virtually impossible.

Operates in temperatures -40° to 250°

468L

Master Lock Model #	Description	For Valve Diameters of:
S3068	Seal Tight Handle-On Ball Valve Lockout 5-3/4" L x 2-1/8" W x 2-1/2" H	1/4" to 4"

S806

Adjustable Cable Lockouts

Infinitely Adjustable for a Secure Fit Every Time

- ▶ Integrated safety hasp and cable are ideal for multi-point lockout
- ▶ Feed the cable end through the points to be locked out, then back through the lockout body. Cinch it tight to remove any slack with the patented locking feature.
- ▶ Tough, flexible multi-stranded steel cable is insulated with a clear plastic coating
- ▶ Tough, lightweight Zenex™ thermoplastic body withstands chemicals; performs effectively in extreme conditions [temperature range of -40° F to 200° F
- ▶ Master Lock S806 includes a 6' cable. Cable available in 1 ft. increments from 2 ft. to 50 ft.
- ▶ Complete with high-visibility, re-usable, write-on safety labels (English, French & Spanish)

Master Lock Model #	Description
3/16" (4mm) Diameter Cable	
S806	6' Adjustable cable lockout
S806CBL3	3' Adjustable cable lockout
S806CBL15	15' Adjustable cable lockout
S806CBLn	Adjustable cable lockout with user-specified cable length of 2' to 50'

Group & Multi-Point Lockouts

Innovative patented cable lockouts and lock boxes offer efficient multipoint and group safety compliance.

Latch Tight™ Group Lock Boxes

Storage Devices Capture Keys for Effective Lockout of Large Equipment

- ▶ Secure each lockout point on a piece of equipment with a single padlock. Place the keys in the group lock box and then each authorized employee places their personal padlock on the lock box.
- ▶ When work is complete, employees take their personal padlocks off the lock box, freeing the keys inside. Keys inside cannot be accessed until the last employee removes their padlock.
- ▶ Feature an exclusive, patented Latch Tight™ locking mechanism that prevents keys from being accessed until the last padlock or lockout hasp is removed from the box. Provides the highest level of security available in a group lock box.
- ▶ Lockout message on box is in three languages – English, Spanish, and French
- ▶ Durable powder coated finish with stainless steel handle
- ▶ 503RED and 503YLW can be mounted to wall or carried from job to job
 - Available in red or yellow. Accepts 14 padlocks or lockout hasps.
- ▶ 498A is a portable solution. Available in red. Accepts 12 padlocks or lockout hasps.
- ▶ Each box holds hundreds of keys. 503 also includes organized storage for 12 keys in back of box.

503RED

Master Lock Model #	Description	Dimensions H x L x W
498A	Portable Group Lock Box	6" x 9-1/4" x 3-3/4"
503RED	Dual Application Group Lock Box - Red	12-3/4" x 3-1/2" x 6-3/8"
503YLW	Dual Application Group Lock Box - Yellow	12-3/4" x 3-1/2" x 6-3/8"

Pneumatic & Wheel Lockouts

Our pneumatic and wheel lockouts offer easy-to-use, innovative ways to lock out virtually any pneumatic fitting or steering wheels.

Pneumatic Lockout

Prevents Pneumatic Fitting From Being Connected to Pressurized Air Source

- ▶ Fits virtually all male pneumatic fittings
- ▶ Stainless steel construction for corrosion resistance
- ▶ Measures 1-3/8" wide x 7-3/4" tall x 1/8" thick
- ▶ Accepts any Master Lock or American Lock Safety Padlock
- ▶ Works with lockout hasps for multiple worker lockout

S3900

Master Lock Model #	Description
S3900	Stainless Steel Pneumatic Lockout

Steering Wheel Covers

Provides Visual Deterrant During Vehicle Maintenance

- ▶ Three sizes available for various diameter steering wheels – 16", 20", 24"
- ▶ Trilingual warning notifies employees not to start or move vehicle
- ▶ Lock in place with a 421 hasp and safety padlock
- ▶ For added security, use Safety Series S806 cable lockout around steering wheel and foot pedals

Master Lock Model #	Description
4716	16" Diameter Steering Wheel Cover
4720	20" Diameter Steering Wheel Cover
4724	24" Diameter Steering Wheel Cover

4720

Compact Lockout Pouches

Electrical Padlocks and Devices Stored for Convenience

- ▶ Compact, convenient design
- ▶ Velcro straps on back allow pouch to be easily applied to or removed from a belt
- ▶ Straps also serve as breakaway feature in the event the pouch is caught in machinery, protecting the employee

Master Lock Model #				Description
410RED Zenex™ Thermoplastic Padlock(s)	A1106RED Aluminum Padlock(s)	3RED Steel Padlock(s)	Unfilled	
S1010E410	S1010E1106	S1010E3	S1010	Electrical Lockout Focus. Contains: 1 – Padlock; 1 – 7C5RED Breaker Switch Padlock; 1 – 420 Hasp; 2 pcs – 493B, 1 pc – 491B Circuit Breaker Lockouts; 1 – 497A Tags (12/pack).

Lockout Kits

The Master Lock

Lockout Kits combine and organize commonly used electrical and valve lockout devices for individuals or groups of workers

S1010E1106

S1010E410

CHOOSE THE PADLOCKS FOR YOUR NEEDS.

Master Lock Zenex™ Thermoplastic Padlocks

Non-conductive, lightweight bodies with permanent write-on labels for worker identification. Key retaining feature ensures that padlocks are not left unlocked. Reserved-for-Safety, high security, 6-pin cylinder offers over 100,000 possible key changes.

AMERICAN LOCK Anodized Aluminum Padlocks

Heavy duty padlocks feature a durable anodized finish. The 5-pin cylinder offers over 10,000 key changes to minimize risk of key number duplication within a facility.

Master Lock Steel Padlocks

Durable, general security padlocks have reinforced laminated steel construction to withstand physical abuse and a 4-pin cylinder offering up to 1,400 key changes.

Custom Assortments of Padlocks & Devices Also Available-See Page 26

Personal Lockout Pouches

Padlocks and Devices for Individual Workers

- ▶ Zippered pouch is easy to carry or wear with adjustable waist strap
- ▶ Choice of three padlock styles: Lightweight, designed-for-safety Zenex™, anodized Aluminum, or durable laminated Steel padlocks
- ▶ Two standard assortment kits available, one designed with an electrical lockout focus, the other for general maintenance
- ▶ Personal Lockout Pouches are for an individual worker; padlocks are supplied **keyed-alike** for added worker convenience

Group Lockout Kits

Modular Lockout/Tagout Organisers

- ▶ Lightweight safety lockout carrying case, 15"W x 9-1/2"T x 7"D, with modular, translucent storage compartments for improved organization and fast component selection
- ▶ Kits include high-use components, satisfying most applications
- ▶ Separate compartments for effective grouping of (1) padlocks & hasps, (2) valve lockout & (3) electrical lockout components
- ▶ Group kits are for multiple workers; padlocks are supplied keyed-different, so that no unwanted key interchange occurs
- ▶ PLUS, a no-charge Safety Lockout Padlock Key Charting System is available to you. Simply return the enclosed mail-in card after your purchase. Master Lock will supply a Registered System number, maintain a record of the padlock key cuts provided with your station and ensure that there is no unwanted padlock key cut duplication on your future orders* – this is critical for Safety Lockout!

Padlock Stations

Virtually Indestructible, the Strongest Stations Available

- ▶ Integrated, one-piece molded construction eliminates loose parts
- ▶ Resilient polycarbonate material provides twice the heat resistance and quadruple the impact strength of typical stations
- ▶ Reinforced snap-lock clips provide easy padlock and hasp storage and removal
- ▶ Exclusive translucent cover protects contents
 - Lockable to prevent loss of valuable safety lockout padlocks. Recommend using a combination lock for simple access control.
 - Innovative hinge holds cover open for easy product selection
- ▶ Available with your choice of Zenex™ Thermoplastic, Aluminum or Steel padlocks in 4, 10 or 20 lock formats
- ▶ Safety Hasps and Tags included
- ▶ PLUS, a no-charge Safety Lockout Padlock Key Charting System is available to you. Simply return the enclosed mail-in card after your purchase. Master Lock will supply a Registered System number, maintain a record of the padlock key cuts provided with your station and ensure that there is no unwanted padlock key cut duplication on your future orders – this is critical for Safety Lockout!

Deluxe Lockout Station

Large Capacity Lockout Station Holds Departmental Lockout Needs

- ▶ Durable construction ensures long life in your facility
- ▶ Upper and lower sections lockable to ensure devices are there when needed for lockout. Add a combination lock for simple access control.
- ▶ 16 hanger clips hold 2 padlocks or lockout hasps each
- ▶ Covered compartments protect devices and keep dust and grime out
- ▶ Moveable dividers in top and bottom trays help organize devices
- ▶ Holes provided along bottom for optional peg hook hangers. Use to hang large, bulky devices.
- ▶ Available filled or unfilled
- ▶ Upper unit ideal for larger lockout devices and padlocks. Lower unit ideal for tags and smaller lockout devices.
- ▶ Lower unit has two tip-out drawers. Each measures 10" wide x 6-7/8" high x 3-1/4" deep.
 - Dividers included to create 2, 3, 4, 5 or 6 compartments
 - Each compartment holds 25 tags. Total capacity of lower unit is 150 tags.
- ▶ Measures 26-1/2" high x 22" wide x 4-1/8" deep
- ▶ PLUS, a no-charge Safety Lockout Padlock Key Charting System is available to you. Simply return the enclosed mail-in card after your purchase. Master Lock will supply a Registered System number, maintain a record of the padlock key cuts provided with your station and ensure that there is no unwanted padlock key cut duplication on your future orders* – this is critical for Safety Lockout!

Lockout / Tagout Procedure Training Cards

For Employee Safety and OSHA Compliance

- ▶ Demonstrates the 7 steps to properly apply, and 5 steps to re-energize from, Lockout/Tagout
- ▶ Provides instructions for maintaining Lockout/Tagout during shift changes
- ▶ Also suitable for employee-refresher training sessions

Master Lock Model #	Description
499PR	10 Lockout/Tagout Procedure Employee Reference Cards

Guardian Extreme Safety Signs & Tags

Our process permanently fuses the safety message into rugged, industrial grade polypropylene, creating the longest lasting signs and tags available. These graphics remain vibrant and clear for years – even when exposed to high humidity, UV radiation, harsh chemicals, frequent wash downs, extreme high and low temperatures and more.

Environmentally Friendly is Business Friendly

Guardian Extreme lifetime tags and signs withstand tough environments and abuse eliminating the cost of replacement.

Rewrite-Reuse

Modify the message as often as needed

Guardian Extreme signs and tags provide the ultimate flexibility. You add the exact safety message for the job with permanent marker, erase it when the work is complete and repurpose it for the next job.

Wipe off current message with Isopropyl Alcohol

Cleaned tag ready for next message - write new message with permanent marker

A brand new message is ready for the next project

Reduce

Durable

- ▶ Guardian Extreme tags hang tough to exceed OSHA requirement that tags meet 50 lbs pull strength.
- ▶ Guardian Extreme tags withstand **over 90 lbs pull force**.
- ▶ Other paper or plastic tags, with grommets or without – only reach 10 – 50 lbs pull strength.

More tags in less space

- ▶ Guardian Extreme tags stack flat in kits and stations, remaining neat and organized when stored.

Corrosion free

- ▶ Guardian Extreme tags have no grommet to corrode.

Recycle

If your message changes and you decide to retire a sign or tag, you are assured that every Guardian Extreme sign and tag is 100% recyclable.

Guardian Extreme™ Safety Signs & Tags

Make sure your safety message is clearly visible for years and years with Guardian Extreme signs and tags

Guardian Extreme The longest lasting signs and tags – ever!

Survive Washdowns and Humidity

Graphics are fused to the rugged polypropylene at over 300 degrees. There are no edges to peel or curl. No layers to delaminate and separate. Your safety message remains intact... Ideal for food processing facilities, mining, chemical plants, refineries, paper mills and outdoors. Great for anyone who would like your maintenance team spending their time doing something other than replacing signs throughout your facility and grounds.

Superior Outdoor Performance

The graphics remain bright and clear. Guardian Extreme signs and tags withstood over 4000 hrs of brutal QUV testing, the equivalent to ten years of outdoor exposure. When other signs and tags faded, cracked and yellowed, Guardian Extreme signs and tags stood strong

Superior Chemical Resistance

Tested and proven to stand up to over 30 harsh chemicals found in your facility.

Acetone
Aliphatic solvents
Ammonia
Anionic surfactants
2-Butoxyethanol
Benzene
Benzyl ammonium chloride
Butanol
Chlorinated alkaline cleaners
Chlorine bleach
Cryogenic liquids
Dimethyl benzyl ammonium chloride

Ethylene oxide
Formaldehyde
Glycol
Glycol ether solvents
Hydrochloric acid
Isopropanol
Ketone
Methanol
Methyl polysilicone
Mineral oil
Naphtha
Phosphoric acid
Potassium hydroxide

You have better things to do than replace worn out signs and tags

An illegible safety message is hardly better than no message at all.

Cracked Fiberglass

Delaminated Metal

Faded Screen-Printed Plastic

Master Lock Guardian Extreme Tags and Signs help to ensure that you:

- Keep employees safe
- Maintain OSHA compliant signage and procedures throughout your facility
- Minimize maintenance crews' efforts and maximize production up time
- Optimize your budget and time

Guardian Extreme Signs and Tags help keep you focused on these responsibilities. These safety signs and tags are engineered to withstand the most demanding conditions – indoors or out, while lasting a lifetime.

Durable Polypropylene

Vivid, Fade-Resistant Colors

Guardian Extreme Custom Signs & Tags

Long lasting Guardian Extreme™ tags and signs can be customized to enhance your safety message. Our patent pending process allows you to add full color graphics, photos, custom text, alternate languages, diagrams, maps, company logos and more. If you can design it, we can imbed the graphics into the sign or tag when we mold it.

For preconfigured and blank templates, visit www.safetyseries.com.au. You will also find guidance on designing your custom tags and signs and how to order them.

Deluxe Tag Center

Deluxe Tag/Lockout Center Holds Multiple Groups of Tags

- ▶ Durable construction for years of use in corrosive environments
- ▶ Two tip-out drawers with dividers to create 2, 3, 4, 5 or 6 compartments
- ▶ 8 hanger clips along bottom hold safety padlocks or hasps
- ▶ Each compartment holds 25 tags. 150 tag capacity
- ▶ Compartments can be used for lockout devices too
- ▶ Each tip-out drawer measures 10" wide x 6-7/8" tall x 3-1/4" deep inside
- ▶ Upper tray for zip ties and small lockout devices
- ▶ Lockable. Use combination padlock to limit access to authorized employees
- ▶ Also suitable for ear plugs and eyewear

S1800

Master Lock Model #	Description	Dimensions (H x W x D)
S1800	Tag Center (unfilled)	11" x 22" x 4-1/8"

Compact Tag Stations

Durable Tag Station Holds 18 Tags

- ▶ Three hanger clips for safety padlocks or hasps
- ▶ Includes face labels in English, Spanish/English and French/English
- ▶ Patent pending

Master Lock Model #	Description	Dimensions (H x W x D)

"DO NOT OPERATE" Safety Tags

Laminated Tags Comply with OSHA Lockout/Tagout Standard

- ▶ Durable polyester laminate resists water, grease and extreme temperatures
- ▶ Heavy duty construction withstands over 50 lbs. of pullout force (meets OSHA requirement); prevents accidental removal
- ▶ Write-on name, department, expected completion
- ▶ 7/16" dia. brass grommet accepts all safety padlocks
- ▶ Single language and bilingual tag options
- ▶ Tags available in other languages; call for details

Tags & Tag Stations

Identification tags are key components to any safety lockout program. Master Lock offers write-on tags in English, Spanish and French to accommodate employee needs.

COMMITMENT TO THE ENVIRONMENT

Reduce, Reuse and Recycle.

Master Lock is proud to do all three.

REDUCE:

Our Safety Series™ Zenex™ thermoplastic padlock bodies are molded using a hot runner injection molding process that results in virtually no scrap material.

REUSE:

Precision engineering, durable materials, and simple recommended padlock maintenance makes all Master Lock Safety Series padlocks last and last.

RECYCLE:

Safety Series padlocks use a high percentage of recycled metal. Steel shackles are made of 100% recycled material. Brass keys and key cylinders are also made of 100% recycled material. Our Aluminum Safety Series padlocks are machined from 50% recycled material.

100% of the aluminum, brass, and steel material remaining after precision machining of Safety Series padlocks is recycled.

PROTECTING PEOPLE AND THE PLANET:

Our safety padlocks use FDA approved lubricants safe for use in food processing.

And by making virtually every part of the Safety Series padlock in our ISO 9001 North American facilities we offer the lowest carbon footprint of any padlock manufacturer.

Master Lock is committed to stewardship of the environment, to the people who make and use our safety products, and to the communities where they are made and used.
