### IMPORTANT ORDERING & INSTALLATION INFORMATION:

- This tub model includes an access panel as a standard feature for drain, optional Virtual Spout, and on select models, valve set installation. Access panel is visibly located behind the waste and overflow. Please consider access panel visibility before ordering and when planning final installation position. Access panel dimensions vary according to tub model and design. Tubs featuring an integrated faucet deck for valve installation will have a larger opening and panel size for easier installation.
- Access panel can be eliminated by request at the time of ordering, which will increase installation difficulty. For
- The Virtual Spout is installed below the water level of the tub. MTI supplies a Wilkins dual check valve and an Acme in-wall atmospheric vent to prevent backsiphonage. However, some areas of the country require additional backflow prevention when water is introduced to the bath below the water level. Please check local codes.
