

Thank You For Choosing Kallista

Thank you for choosing Kallista. Your Kallista product combines exceptional performance with timeless classic elegance that will satisfy you for years to come. The dependability and beauty of your Kallista product will surpass your highest expectations.

Please take a few minutes to study this Homeowners Guide. Pay special attention to the care and cleaning and warranty information.

All information in this manual is based upon the latest product information available at the time of publication.

Cleaning Your Kallista Product

For best results, keep the following in mind when caring for your Kallista product:

General Cleaning - Use a mild detergent such as liquid dishwashing soap and warm water for cleaning. Rinse well to remove all detergent and gently dry. Do not use abrasive cleaners that may scratch or dull the surface.

Read Labels - Carefully read the cleaner product label to ensure the cleaner is safe for use on the material.

Test First - Always test your cleaning solution on an inconspicuous area before applying it to the entire surface.

Do Not Let Cleaners Soak - Do not allow cleaners to sit or soak on the product.

Wipe Clean - Wipe surfaces clean and rinse completely with water immediately after cleaner application. Rinse and dry any overspray that lands on nearby surfaces.

Avoid Abrasive Materials - Use a soft, dampened sponge or cloth. Never use an abrasive material such as a brush or scouring pad to clean surfaces.
