1904
A patent is issued for the first concept of the BOSTON® Pencil Sharpener, a unique new sharpener design featuring twin cutters.

1917
The X-ACTO® Company is founded and begins manufacturing syringes for the medical industry and surgical blades to accommodate interchangeable scalpel heads. The X-ACTO hobby knife is also born.

1925
The C. Howard Hunt Pen Company purchases the BOSTON Specialty Company.

1929
Borden® purchases the Casein Company of America. Three years later, they introduce Casco glue, the first consumer glue made from casein, a milk by-product.

1939
Borden introduces the iconic bull, Elmer, as the husband of their spokesperson, Elsie.

1947
Borden launches the first PVA based multipurpose consumer glue under the Casco brand—later marketed as Glue-All.

1951
Elmer the Bull becomes the new face of Casco Glue—which is aptly renamed "Elmer's Glue-All" and packaged in a handy squeeze bottle.

1960
Elmer's becomes an essential part of the woodworker's tool kit when they create the first PVA glue designed especially for woodworkers.

1967
Elmer's School Glue is introduced. It soon becomes a classroom staple and the number one brand of glue on school supply lists everywhere.

1971
Krazy Glue® becomes the first instant glue on the market, and advertises with an innovative TV spot featuring the brand's now-famous Krazy Glue Guy.

1980
Elmer's Glue Stick is introduced. A favorite of teachers, this solid adhesive in a convenient tube is perfect for paper crafting and classroom use.

1983
Manufacturing and distribution of foam board begins.

1989
Borden, Inc. and Toagosei America partner to manufacture, sell and distribute cyanoacrylate and anaerobic adhesives under the Krazy Glue and Aron Alpha® trademarks.

1991
Elmer's expands into the Kids Arts and Crafts category with GluColors, making a big impact on the market with colorful, creative and just plain cool products designed especially for children.

2003
Berwind Corp. purchases Elmer's Products and merges them with the Hunt Corporation, the owners of the X-ACTO and Boston brands.

2007
Elmer's No-Run School Glue is introduced. A new twist on an old favorite featuring a new, improved formula that doesn't run and stays where you put it.

2008
X-ACTO CraftTOOLS Knives are introduced as innovative new tools perfect for paper crafting and scrapbooking.

2010
New and improved Elmer's Glue-All is introduced. Everyone's favorite glue is now stronger than ever and reintroduced with a new look.

2012
Probond Advanced™ is a revolutionary new formula that gives consumers the strength of a polyurethane but the ease of application of a white glue.

2014
Look inside for more innovative launches.

Introduction

Adhesives

Adhesives

Elmer's Liquid Glues

Elmer's school glue has been a trusted favorite of classroom teachers for years; that's why it appears on nearly 100% of branded school supply lists. Going back to school just wouldn't be the same without Elmer's school glue. The glue with the familiar orange cap is a must have for every student's backpack.

With a long history of quality, Glue-All is the most trusted brand of multi-purpose glues. It's the glue every household needs and the one you won't want to be without! Go Ahead. Glue All.

Elmer's Glue Sticks

A glue stick is a great adhesive choice if you're working with different types of paper, cardboard, foamboard, or display board. Our glue sticks go on smooth – they're not mushy and they don't clump. Plus, they're easy to use and easy to clean up. That's why Elmer's School Glue Sticks are a favorite of teachers and appear by name on back to school supply lists everywhere!

Glue-All

MULTI-PURPOSE GLUE

Conforms to
ASTM D 4236
Non-Toxic

Glue-All is the multi-purpose glue for uses all around the house including repairs, crafts, and school projects. Works on a variety of materials such as paper, wood, fabric, leather, ceramics and more. This is a must-have for the kitchen, den, workshop and garage. Bonds strong for all your needs.

Early Learners

Elmer's Early Learners line of glue products are designed specifically for the first users of glue, children age 3-5. This line was created in partnership with early learning experts at The Ohio State University Schoenbaum Family Center and moms to design glue products that promote fine motor skill development. The glues are easy for the children to use on their own, building their confidence.

Express Yourself![™]

Painting has never been easier! Draw and create with instant drying watercolor paint. The paint is in the brush so there's no mess. Paint thin lines or bold strokes—you control the flow. Safe and non-toxic.

E115
Painters Paintastics Classic Colors - 5ct.

E116
Painters Paintastics Color Changing - 5ct.

Great for parties, celebrations and holidays, every child's face can become a colorful work of art with these special skin-safe face paints. The paint pots have snap-open/close tops to prevent paints from leaking or drying out. Safe and non-toxic.

These washable, tempera paint filled brushes are fun and easy for small hands to use! The paint is in the brush, so there's not set-up or messy water jar. These are great for school and craft projects, posters or any type of painting activity. When done just recap—no bristle washing needed. They can also be refilled with tempera or acrylic paints. Safe and non-toxic.

Product Innovation

We hold more than 85 patents – and we're not done yet. We are consistently creating and enhancing to help the consumer build, create and repair. We put everything we make through a robust development process that ensures our products meet the highest of standards.

Product Testing

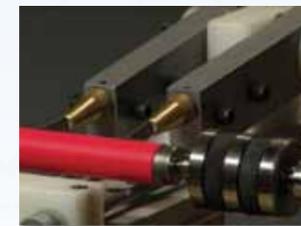

Our glues (instant, wood and multipurpose), wood fillers and repair products have been available for over 50 years. We lead consumer-focused testing for such features as:

- Rate of bond strength development
- Viscosity
- ANSI testing
- Stainability and paintability
- Sandability and durability
- Shrinkage
- Color
- Applicator ergonomics
- Safety
- Toxicity

Our knives and cutting tools are another important part of our business. Like our adhesives, they go through rigorous testing to make sure they are the best products for you. These tests include:

- Blade sharpness
- Handle ergonomics
- Durability
- Metal hardness

We don't just test our products in the lab. We send them to in-home testers, who are heavy users, pro-DIYers and contractors, to make sure the products work for them. It's an important part of our promise.

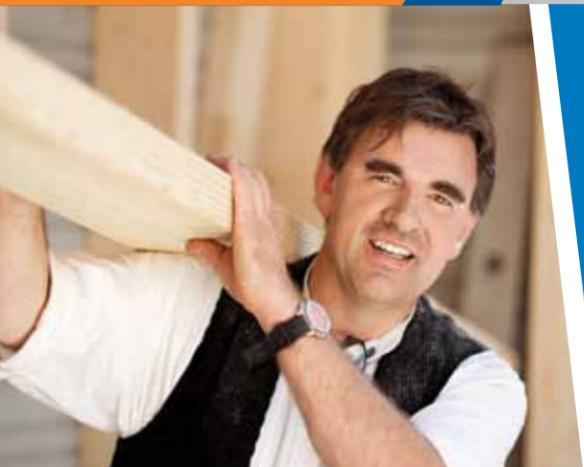

Watch our testing in action. Visit elmers.com/demos.

Hardware

Wood & All-Purpose Glues

For decades, Elmer's has been making it easier to successfully complete a variety of woodworking projects. Our wood glue and all-purpose products have been a familiar sight in workshops and homes across the country for over 50 years. Now we've made them even better.

Whether a big or small job, indoors or out, we have the problem-solving product. For interior applications, Carpenters® Wood Glue and Glue-All® provide strong bonds. For exterior applications and big jobs, Carpenters® Wood Glue Max®, Glue-All Max and New! ProBond Advanced® cover all the consumers wood and all-purpose needs.

When it's time for a specific fix, our application-focused adhesives make it easy to find exactly the right Elmer's for the job!

Interior Wood Glues

CARPENTER'S® WOODGLUE

America's Favorite Wood Glue!
Sets fast and bonds strong. This glue is sandable and paintable. Easy to clean-up with water.

E7000 Carpenter's Wood Glue 4 oz.	E7010 Carpenter's Wood Glue 8 oz.	E7020 Carpenter's Wood Glue 16 oz.	E7040 Carpenter's Wood Glue Quart	E7050 Carpenter's Wood Glue Gallon	E706 Carpenter's Wood Glue 5-Gallon E970 Carpenter's Wood Glue 50-Gallon
---	---	--	---	--	---

Interior/Exterior Wood Glues

CARPENTER'S® WOODGLUE MAX

The only stainable wood glue on the market!
Contains real wood fibers for superior staining, painting, and sanding. The wood will break before the bond does. ANSI Type I waterproof. Easy to clean-up with water.

E7290 Carpenter's Wood Glue MAX 4 oz.	E7300 Carpenter's Wood Glue MAX 8 oz.	E7310 Carpenter's Wood Glue MAX 16 oz.	E7330 Carpenter's Wood Glue MAX Gallon
---	---	--	--

All-Purpose Glues

MULTI-PURPOSE GLUE-ALL

A multi-purpose adhesive for interior use. Available in an ergonomic hardware specific bottle. Bonds strong to porous and semi porous materials. Dries clear—perfect for trim and molding. Non-toxic, and no harmful fumes. Easy water clean-up.

E3805 Glue-All 2 ct. - .35 oz.	E3810 Glue-All 4 oz.	E3820 Glue-All 8 oz.	E3830 Glue-All 16 oz.	E3850 Glue-All Quart	E3860 Glue-All Gallon	E1325 Glue-All 5-Gallon E960 Glue-All 50-Gallon
--------------------------------------	----------------------------	----------------------------	-----------------------------	----------------------------	-----------------------------	--

ALL-PURPOSE GLUE-ALL MAX

All the strength of the competition, with less mess!
Bonds metal, stone, wood and more. Less foaming - means less mess and greater consumer satisfaction. Sandable and paintable. 100% waterproof.

P9418 Glue-All MAX Precision Tip .5 oz.	E9406 Glue-All MAX 2 oz.	E9415 Glue-All MAX 4 oz.	E9416 Glue-All MAX 8 oz.
--	--------------------------------	--------------------------------	--------------------------------

PROBOND ADVANCED

Give your consumers all the strength they want in a non-toxic multi-purpose glue. ProBond Advanced® is a revolutionary new formula that gives consumers the strength of a polyurethane but the ease of application of a white glue. Get the strength without the mess with ProBond Advanced.

E7501 ProBond Advanced 2 oz.	E7502 ProBond Advanced 4 oz.	E7503 ProBond Advanced 8 oz.
------------------------------------	------------------------------------	------------------------------------

Wood Fillers

For floorboards to deck posts, Elmer's Wood Fillers are easy to identify by usage, application and color. With clear descriptions to identify product attributes, consumers can easily find exactly the right product for their repair or woodworking need.

Our Carpenter's® wood fillers come in a variety of assorted colors or in a stainable formula that allows for easy stain matching. Our ProBond® wood fillers are created specifically for experienced professionals and contractors. They are designed for unsurpassed performance and come in a variety of colors and a stainable version.

Whether the job requires a wood filler that's stainable, resists shrinking and cracking, and meets all safety requirements, Elmer's has the right product.

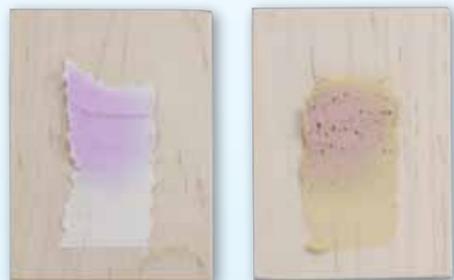

Interior Wood Fillers

CARPENTER'S. COLOR CHANGE WoodFiller

Color Change Wood Filler is an innovative, patent pending new formula that appeals to Light DIYers. The wood filler will change color when dry. It's stainable, paintable and sandable. Your consumers will use it for interior applications.

Repair Systems & Kits

Fiberglass and wood structural damage is enough to make the average DIYer shudder. Lack of experience, low levels of confidence and competing priorities for time are just some of the reasons that homeowners give for avoiding their own DIY projects.

Our repair systems have been developed with DIYers in mind. They are designed to inspire confidence and trigger the decision to purchase. Our packages are designed to clearly communicate how to achieve success that will keep you coming back for more.

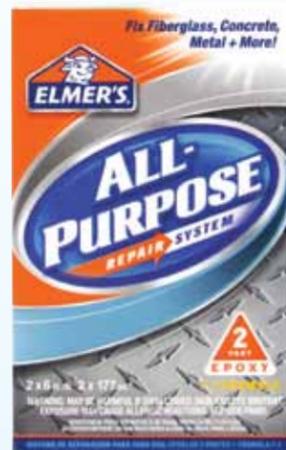

Wood Repair Systems

Damaged Wood Repair System

- Fix rotted, cracked, split wood and more
- Extra strength formula for damaged wood
- Strong holding power for nails and screws
- Solvent free
- Stainable, paintable

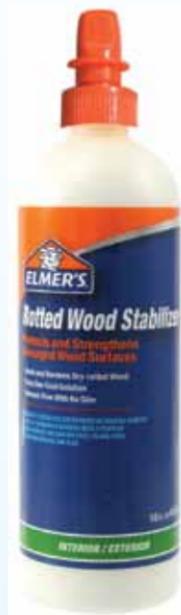

E761Q Damaged Wood Repair System - 2 x 6 oz.

All Purpose Repair Kit

- Fix cracked and split fiberglass
- Solvent free
- Paintable

E765 All Purpose Repair Kit - 2 x 6 oz.

Rotted Wood Stabilizer

- Protects and strengthens damaged wood surfaces
- Seals and hardens dry-rotted wood
- Easy one-coat solution
- Solvent-free with no odor

E760Q Rotted Wood Stabilizer - 16 oz.

Carpenter's® Clamp Tape®

- Great for irregular shapes
- Holds tight when clamps won't
- Sticks only to itself
- Will not damage finishes
- 300% elastic stretch
- Also can be used as a multi-purpose tape

E805 Carpenter's® Clamp Tape™ - 5'
E807 Carpenter's® Clamp Tape™ - 7.5'

Spackling, Spray Adhesives, Grout, Concrete Repair

Ultimate® Nail Hole Filler

- Built-in spreader and precision tip
- Will hold a screw or nail
- Dries fast - ready to paint in 15 minutes
- Resists shrinking and cracking
- Easy to sand and easy water clean-up

E954 Tube Ultimate Nail Hole Filler - 3.25 oz.

E9540 Tube Nail Hole Filler - 2 oz.

Slide-All® Dry Spray Lubricant

- For general household use
- Eliminates squeaking and sticking
- No oily stain

E450 Slide-All® Dry Spray Lubricant - 4 oz.

Extra Strong Spray Adhesive

- For long lasting bonds on paper, plastic, foil, metal, cardboard, wood, fabric and more
- Fast tack formula dries clear and won't yellow or bleed through

E455 Extra Strong Spray Adhesive - 13.5 oz.

Carded Specialty Adhesives

Shopping for specialty adhesives products is difficult. Consumers are faced with too many options, confusing packaging and technical terminology. Too much time is spent by consumers trying to decode the category when all they really want to do is fix what is broken.

From laminate counters to plastic toys and model airplanes, Elmer's full line of adhesive solutions are easier to shop, sell and use.

Model & Hobby Cement

- Convenient and fast drying
- Water resistant
- Adheres to polystyrene and other plastics
- Paintable
- For indoor use

E1013.....**Model & Hobby Cement - 1 oz.**

Stix-All®

- Flexible bond in hot and cold extremes
- Water resistant
- Adheres to plastic, glass, metals, wood and more
- Solvent-free
- For indoor and outdoor use

E650A.....**Stix-All® Cement - 5/8 oz.**

Stix-All® Gel Cement

- Flexible bond in hot and cold extremes
- No-run formula
- Water resistant
- Adheres to plastic, glass, metals, wood and more
- Solvent-free
- For indoor and outdoor use
- Paintable

E1011.....**Stix-All® Gel Cement - 5/8 oz.**

China & Glass Cement

- Dishwasher safe
- Non-toxic and solvent free
- Adheres to glass, ceramics, pottery, and china
- For indoor use
- Solvent-free

E1012.....**China & Glass Cement - 1 oz.**

Plastic Cement

- Flexible elastomeric bond
- Adheres to most plastics
- Solvent-free and low odor
- Paintable
- For indoor and outdoor use

E1004.....**Plastic Cement - 5/8 oz.**

Household Cement

- No-run formula is great for vertical surfaces
- For use on metal, fabric, plastic, vinyl, leather, glass, wood and ceramics
- Water and impact resistant
- Paintable
- Solvent-free and no odor
- For indoor and outdoor use

E1001.....**Household Cement - 5/8 oz.**

Contact Cement

- Convenient and fast drying
- Adheres to plastic laminate, metal and wood
- Water resistant
- For indoor and outdoor use

E1014.....**Contact Cement - 1 oz.**

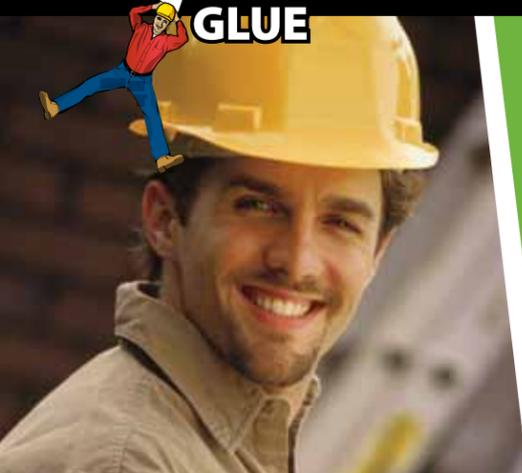

Super Fast Epoxy

- Fast curing and rigid, strong bond
- Adheres to plastic, metal and wood
- No shrink
- Solvent-free
- For indoor and outdoor use

E1009.....**Super Fast Epoxy - 1 oz.**

krazy Strong, krazy Fast™

#1
*
**SUPER
GLUE**

The #1 super glue, Krazy Glue creates an instant bond that's ultra-strong and durable. Consumers know and trust Krazy Glue. That's why we have loyal customers across America.

Maximum Bond

Our strongest formula, Maximum Bond creates a super strengthened bond that is ideal for tough to bond projects. The Maximum Bond formula withstands impact and changes in temperature.

Key Facts about Krazy Glue

- Highest unaided brand awareness
- Highest total awareness of instant glue brands, 95%
- Most purchased instant/super glue
- Brand of instant/super glue most likely to be purchased next
- In a competitive shelf setting, Krazy Glue is selected most often as the product consumers would buy

All Purpose

One glue, infinite uses. Our versatile All Purpose formula bonds to a wide variety of surfaces. It works great on ceramic, plastic, wood, porcelain, metal, leather, rubber, vinyl and more.

ABOUT US

For nearly a century, the name X-ACTO® has been synonymous with precision cutting. Since the early years when X-ACTO surgical blades were saving the lives of American soldiers, through today when you can find X-ACTO cutting tools and office supplies in art studios, homes, offices and classrooms across the country, X-ACTO has been the first choice when sharp precision and quality matter.

X-ACTO honed its very first blades and knives from the highest quality steel, engineering them for maximum sharpness and durability. While that hasn't changed, the breadth and variety of products we offer has expanded with our customers' needs. Generations of crafters, teachers, hobbyists and artists, office professionals, students and moms have all turned to X-ACTO for the high quality precision tools they need to pursue their livelihoods, indulge their passions and bring projects, creations and memories to life.

Today the X-ACTO line features our legendary cutting tools as well as a full selection of office supplies, including a complete line of pencil sharpeners originally marketed under the Boston® brand.

Our customers' demand for quality, precision, style and comfort has made X-ACTO the number one brand of both hobby knives and pencil sharpeners in the United States.

Whether it's our wildly popular #1 Precision Knife with the #11 blade, or one of our top-selling pencil sharpeners, staplers, or paper cutters, X-ACTO has always and will always deliver the tools that empower the creative community and professionals to achieve their very best.

New X-ACTO® Packaging Coming Soon in 2015!

Pencil Sharpener Selection Guide

To select a pencil sharpener the consumer needs to answer the following 2 questions:

- Where will the pencil sharpener be used?
 - Home, Home Office, Large Office, School or Commercial
- How often will the pencil sharpener be used?
 - Light, Moderate, Heavy or Continuous

Once those two questions are answered, consumers can easily compare electric and battery pencil sharpeners by using the comparison grids to the right of each pencil sharpener pictured. Comparisons are shown in the 5 most important categories; Location, Usage Frequency, Performance Gauge, Shaving Receptacle and Warranty. These comparison grids along with the icons shown below each pencil sharpener, allow for the consumer to easily compare the features between each X-ACTO model.

Electric Sharpeners: Electric powered sharpeners are ideal for moderate, heavy and continuous usage sharpening environments such as commercial, school and office locations. They deliver faster sharpening speeds, provide longer blade life and have more features than battery or manual sharpeners.

Battery Sharpeners: Battery powered sharpeners are ideal for light sharpening usage at home or home office. They are portable and require 2 or 4 AA batteries to operate.

Manual Sharpeners: Manual sharpeners can be either handheld or handcrank. Handheld sharpeners are for light sharpening usage at home. Handcrank models can be vacuum or wall mounted and can be used at school or home.

Electric Sharpeners

Model 41 Commercial Electric Pencil Sharpener

- Fastest sharpening in the X-ACTO line-up with most powerful motor and dual cutting action
- Designed with commercial grade metal construction for increased durability
- UL listed (US and Canada)
- Replacement cutters available (#R1827)

X2017.....CraftTOOLS Basic Shapes Templates

The industry leader for over 70 years, X-ACTO brings its cutting expertise to paper trimmers by providing the same quality, reliability and precision for cutting one or multiple sheets of paper at once. X-ACTO trimmers provide features to cut precisely and accurately to deliver the best results every time. The X-ACTO trimmer product line offers a wide variety of products to meet every cutting need from heavy duty guillotine and rotary trimmers to razor trimmers.

Different types of trimmers help you achieve the optimal results.

Razor trimmers use a fixed blade that slides along a plastic rail. Razor trimmers provide a quick and easy cut for low sheet capacities. Portability is the main benefit of razor trimmers which is perfect for scrapbooking and school projects.

X-ACTO **Rotary** trimmers use a circular blade that is safely enclosed in the handle encased in an easy to replace blade cartridge that slides along a metal rail. Rotary trimmers provide safer cutting for lower sheet capacities as well as the option of using specific blades for cutting different patterns (ex: perforations). The X-ACTO patented safe blade changing system makes it easy and safe to install new blades so that you always have a sharp cut. Rotary trimmers are perfect for craft and school projects.

Guillotine trimmers provide a high end solution that is specifically designed for higher volume cutting. Simply bring the handle down in one motion to cut through larger sheet quantities creating straight, clean cuts. Guillotine trimmers are ideal for cutting thick stacks of paper into various sizes. These trimmers are perfect for classroom and office use.

Plastic Base Laser Guillotine Trimmer

- Cuts 12 sheets
- Automatic laser "line-of-cut" guide for superior cutting accuracy
- Perpetual edge self-sharpening system™
- Adjustable guide for precision cuts
- Self healing mat attached to base for additional cutting surface
- Spring loaded finger guard and paper holder for maximum safety
- Safety lock handle
- 2 year limited warranty

26234.....12" Plastic Base Laser Trimmer

- Patented removable and interchangeable X-ACTO® hardened steel rotary blade cartridge
- Safety-cutting edge only exposed when blade is engaged
- Compatible with X-ACTO Plastic Base Rotary Trimmer, X-ACTO Metal Base Rotary Trimmer and X-ACTO Free Form Cutter

26520.....Rotary Replacement Blade Cartridge - Straight

What kind of desktop stapler should I choose?

X-ACTO staplers were previously marketed under the Boston® brand, the inventors of the StandUp® staplers. X-ACTO offers a complete line of desktop and mini staplers. When selecting a stapler, one should consider the following: sheet capacity, stapler size (full size, compact or mini), StandUp® or horizontal, plastic or metal construction and finally, manual or electric.

Traditional desktop staplers:

Choose from a range of premium, metal staplers to economy, plastic staplers. Available in full strip and half strip sizes.

StandUp staplers:

Desktop staplers ergonomically designed with a vertical orientation to save space on the desk and deliver easy stapling action.

Staples

- X-ACTO standard staples
- 5000 staples

73785B.....Staples

REDLINE Full Strip Stapler Value Pack

Not all paper clips are designed equal. X-ACTO Bulldog® paper clips are developed to deliver greater holding power with stronger springs and magnets. Ranging in sizes from 1" to 3", with or without magnets, X-ACTO has the clip you need.

Elmer's merchandising displays improve the shopper experience and support retailer goals. They allow consumers to easily locate the products they need from our family of heritage brands, and boost store replenishment efficiency year-round and during key demand seasons.

Our display solutions increase visibility and accessibility of the products shoppers know and trust, while elevating conversion and the store environment.
