# To Our Valued Customers:

For nearly 70 years, Magid® has helped customers prevent accidents, protect workers and create safer workplaces. We build strong partnerships, continually expand our lines of personal protective equipment (PPE), provide value-added services and offer one of the most complete inventories of safety products in the industry.

Together, this catalog, our website [magidglove.com](http://magidglove.com) and our team of safety specialists will help you select the products you need and provide easy access to our full line of safety solutions. Major sections of this catalog begin with guides to help you select the right PPE.

We are committed to helping you solve your safety challenges and, as always, value your business and the trust you place in us to keep your workers safe.

Your partners in safety,  
The Cohen Family

## Ways to Order

From single orders to multi-site national accounts, we work to ensure that you have the right safety products at the right time delivered to the right place.

1. Call 800-444-8030 or email [mail@magidglove.com](mailto:mail@magidglove.com)
  - a. To order, or
  - b. To get connected with a Magid Safety Specialist, experienced in all aspects of industrial safety, who can visit your location to determine how Magid can help solve your safety challenges.

2. Online at [magidglove.com](http://magidglove.com)

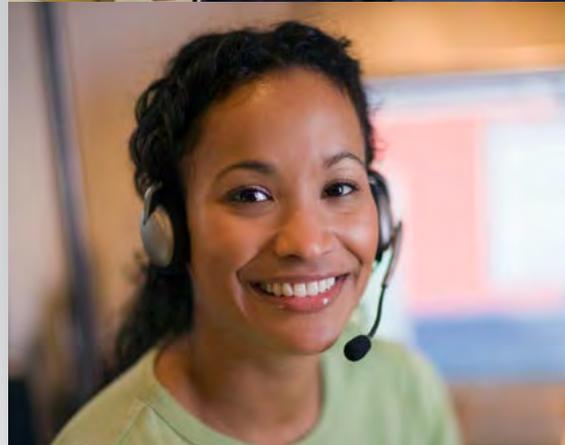

Magid has the most comprehensive online safety site in the industry. In a few easy steps, experience the benefits of becoming a registered user.

3. Fax: 773-384-6677  
Send your order, 24 hours a day, seven days a week.

4. Procurement platform integration  
Integrate enterprise procurement platforms such as Ariba, Oracle and SAP for a more streamlined supply chain that works seamlessly with your systems.

# Magid® | Safety at work™

Magid® is America's leading manufacturer and supplier of safety solutions and Personal Protective Equipment (PPE). Customers count on Magid to reduce injuries, lower costs and create safer workplaces.

Our unique position as a manufacturer, service provider and distributor enables us to offer custom solutions, backed by a nationwide network of experienced and dedicated safety specialists. We are large enough to serve as a single source for industry leaders, while flexible enough to solve even the smallest safety challenges. We are a trusted partner to more than 25,000 companies, offering more than 100,000 products from more than 700 of safety's leading brands.

**Safety at work™** means our customers' workers are safe while we keep working to provide the best safety solutions at the best value:

- A single source for all safety program needs:
  - > **Safety Experts:** Nearly 70 years helping companies of all sizes reduce worker injuries by as much as 60%
  - > **Distributor:** Offering over 700 of safety's leading brands
  - > **Manufacturer:** Advanced design capabilities and innovative products
- Reduced cost and improved efficiencies with value-added services such as safety assessments and vending options.
- Fast reliable delivery — 98.5% same day shipping and a \$50 million inventory resulting in a 98% fill rate

For more information about Magid or our full line of safety equipment and services, visit [magidglove.com](http://magidglove.com) or call 800-444-8030.

The Cohen Family

# A History of Creating Safer Workplaces

Founded in 1946 by Sam Magid, son-in-law Abe Cohen, and Abe's brother Dave Cohen, Magid Glove & Safety began as a manufacturer and supplier of leather work gloves to the booming post-World War II steel industry. The company began with 20 employees and a modest 4,000 square foot manufacturing facility.

Today, Magid operates as a fourth-generation, family-owned business with manufacturing in the U.S. and the Philippines and a global distribution network that operates from locations across the U.S., Canada and Mexico. In 2014, Magid opened a new 31-acre corporate campus in Romeoville IL, a suburb of Chicago. The 700,000 square-foot facility combines the company's headquarters, manufacturing, warehousing and state-of-the-art inventory management system under one roof, while providing room for future expansion.

# Partnering for a Safer Workplace

Safety at work requires a strong, ongoing collaboration between employers and workers. Magid® supports all safety program aspects to create positive and safe work environments. Our experienced team of health and safety specialists delivers custom programs that improve employee safety, streamline internal processes and reduce the cost of delivering the right PPE for every job type.

## Account and Program Management

### Corporate Accounts

- Single point of contact backed by a nationwide network of safety specialists
- Optimized supply chain and inventory management
- Multi-site inventory management: program implementation, compliance and management across multiple facilities
- Proven enterprise-wide cost-saving initiatives
- PPE and safety process standardization

### Government Accounts

- Streamlined Procurement — GSA Schedule 84 Contract (GS-07F-0385Y) ensures the best sourcing options for qualified purchasers
- Exclusive pricing to qualified federal, state and local government agencies and organizations and all branches of the military
- Support from Magid's team of government safety experts
- GSA Schedule and DoD E-Mall
- The best overall value

## Health and Safety Services

- **PPE Safety Assessments** — A critical step in managing a comprehensive safety program is to first identify physical and health hazards and then to develop an improvement plan.
  1. Identify hazards
  2. Assess current PPE performance
  3. Analysis of safety, product performance, and cost for all options
  4. Recommendations for standardization and improved participation
  5. Risk Assessment Summary that can be used for OSHA regulatory compliance
- **Fit Testing** — Qualitative and quantitative testing to ensure proper fit and adherence to occupational exposure limits
- **Training** — On-site safety training on topics ranging from occupational hazards to OSHA compliance and specialized PPE usage
- **Prescription Eyewear** — Single source for all your eye protection needs; including Rx safety glasses
- **Electrical Glove Testing** — In-service electrical gloves must be tested every 6 months to ensure they meet ASTM F496 safety standards. Magid provides this testing service using one of the most sophisticated and automated in-house electrical glove testing (EGT) labs in the industry (see page 158).
- **Custom Engineered PPE** — To address unique hazards and workers with special considerations, Magid will work directly with you to engineer customized PPE solutions

### Additional Safety Services

- Electrical Safe Work Practices
- Arc Flash Analysis and Training Solutions
- Emergency Eyewash and Shower Station Surveys
- Fall Protection Evaluations
- Flammable Liquid Safety Surveys
- Lockout/Tagout Safety Inspection and Compliance Solutions
- Environmental and Safety Consulting, Training and Emergency Response Services
- Safety Sign Surveys
- Laundering
- Custom Branding and Embroidery

## Inventory Management Services

- **Zero Investment Inventory Program (ZIIP)** — PPE provided on consignment, with no up-front costs. Consolidated billing, monthly or as inventory is consumed
- **Vending Solutions** — Convenient, controlled point-of-use access to PPE for improved safety, increased productivity and reduced overall spend
  - > Inventory control
  - > Point-of-use access
  - > Wide range of dispensing machines
  - > Customized reporting
- **Safety-on-Site**
  - > **Managed On-Site PPE Stores** — Dedicated on-site Magid service reps who operate and manage storerooms and cribs. Services include managing inventory and stocking shelves, dispensing PPE, ensuring compliance and test schedules, performing fit testing and providing detailed consumption reporting
  - > **Mobile Option** — fully-stocked containers of PPE brought directly to your remote job sites
- **Inventory Buybacks** — Will work with your safety and procurement teams to take inventory off your shelves when implementing new ZIIP, vending and Safety-on-Site programs
- **Protection at Hand (PAH)** — Ensures uninterrupted fulfillment of product in predetermined quantities. Pre-kitted PPE delivered, just-in-time, stocked or shipped as needed to keep inventory levels down and inventory holding costs to a minimum
- **Procurement Platform Integration** — E-commerce systems integration for streamlined order processing, including Ariba, Oracle and SAP platforms.

## Online Safety Resources

Access free online resources that cover a full range of safety topics at [magidglove.com/resources](http://magidglove.com/resources):

- User-friendly guides for selecting the right PPE
- Articles on important safety matters
- Webinars for employee safety training and awareness
- Videos and literature on the latest PPE solutions
- Magid blog and social media

# Cut Resistant Gloves

Cut resistant gloves are ideal for appliance and automotive manufacturing, glass handling, metal handling, fabrication, stamping, and more. They protect workers from a variety of laceration hazards while providing comfort, dexterity and grip. Magid® has an extensive selection that enables you to choose the best combination of features for any application.

## Materials

### Magid Aramax® and Aramax® XT Yarn

- Proprietary engineered blend of para-aramid, fiberglass and synthetic fibers
- Delivers up to twice the cut and abrasion resistance of 100% aramid or HPPE materials of a similar weight
- Draws sweat and heat away from the wearer's skin, keeping hands dry, cool and comfortable

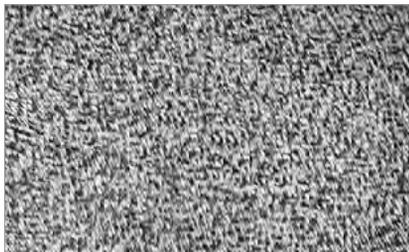

### Para-Aramid/Aramid Fiber

- Pound-for-pound 5 times stronger than steel
- Available in different weights
- Inherent flame, heat and cut resistance
- DuPont® Kevlar® is a popular para-aramid/aramid fiber

### Magid XKS® Yarn

- Proprietary engineered blend of stainless steel wire, para-aramid and high-performance fibers
- Delivers up to twice the cut protection of 100% aramid or HPPE materials of a similar weight
- Dark coloration extends service life 3X times longer than other gloves
- Touchscreen compatible

### High Performance Polyethylene (HPPE)

- Pound-for-pound 15 times stronger than steel
- Low-linting and resistant to chemicals, water and ultraviolet light
- Soft material offers superior comfort
- Magid HPPE gloves can be used as liners for double gloving and added cut resistance

## ANSI Cut Level

Cut Level	Cut Resistance (Grams)
0	< 200 g
1	≥ 200 g and < 500 g
2	≥ 500 g and < 1000 g
3	≥ 1000 g and < 1500 g
4	≥ 1500 g and < 3500 g
5	≥ 3500 g

## Additional Selection Criteria

**FR/Heat Resistant** | Protects from flame and contact heat

**Non-Conductive** | For working around electrical hazards

**Silicone-Free** | Avoids contamination in painting applications

## Coating Types

### Polyurethane (PU)

- Soft and flexible coating offers best dexterity and tactile sensitivity
- Most popular palm coating choice for comfort and grip

### Nitrile

- Tough coating offers best abrasion and puncture resistance
- Stands up well against oil

### Natural Rubber Latex

- Provides best overall dry grip of any coating
- Products containing latex may cause allergic reactions in some individuals

### Polyvinyl Chloride (PVC)

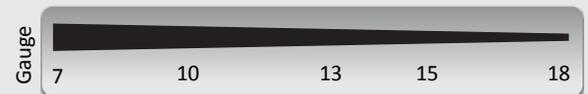

- Cost-effective light duty solution
- Great abrasion protection, retains flexibility in the cold

For more information on glove coatings, see the Coated Gloves section on page 43.

## Comfort and Dexterity

### Gauge and Weight

#### Lower Gauge Heavier Weight

- Thicker construction
- Less dexterity

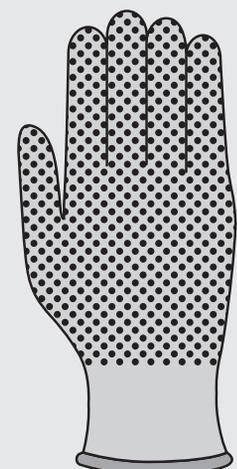

#### Higher Gauge Lighter Weight

- Thinner construction
- Improved dexterity

**Coating** | Dotted coatings offer even higher levels of comfort and dexterity.

## > Safety at work™

“Last year, approximately 40-45% of my injuries were hand injuries. This year, we’ve cut that in half, all the way down to 21% and I think the use of the Magid ROC GP150 glove is a big factor. I can pick a paper clip up off my desk while wearing one of these gloves. That is saying a lot. Plus, when you add the fact that the ROC GP150 enables your employees’ hands to breathe, you’ve got a solution that’s win-win across the board.”

— S.B., Facilities Support Manager,  
A leading hydraulic component manufacturer.

**MAGID**  
Safety at work™

# Coated Gloves

Coated gloves offer some of the most versatile, cost-effective alternatives for hand protection, providing excellent grip, dexterity and overall comfort. Magid offers one of the largest selections of coated gloves for a wide variety of general purpose applications.

## Coatings

### Polyurethane (PU)

- Soft and flexible coating offers best dexterity and tactile sensitivity
- Most popular palm coating choice based on comfort and grip

### Nitrile

- Tough coating offers best abrasion and puncture resistance
- Stands up well against oil

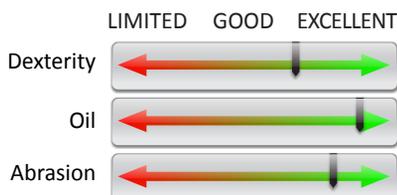

### Foam Nitrile

- Foam texture improves non-slip grip when working with oils and liquids
- Great abrasion, puncture and snag resistance

### Sandy Nitrile

- Sandy texture improves non-slip grip when working with heavy oils and liquids
- Great abrasion, puncture, cut and snag resistance

### Natural Rubber Latex

- Provides best overall dry grip of any coating
- Products containing latex may cause allergic reactions in some individuals

### Polyvinyl Chloride (PVC)

- Cost-effective light-duty solution
- Great abrasion protection, retains flexibility in the cold

## Coverage Options

### Fingertip Coated

- Improves grip on the fingertips while letting the rest of the hand breathe
- Excellent choice for handling small parts

### Dotted

- More dexterous and economically-priced than solid coatings
- Dotted coating on both sides of the glove provides double the wear

### Palm Coated

- Enhances grip in wet and dry conditions while maintaining breathability
- Coverage from palm to the back of the fingertips adds protection

### Three-Quarter Coated

- Extends coverage to include the backs of fingers and knuckle regions
- Larger coverage area improves abrasion and liquid resistance on the back of hand

### Fully Coated

- Heavy-duty option protects the entire hand
- Best choice for wet conditions and high abrasion hazards

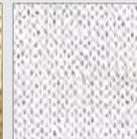

## Additional Selection Criteria

### Shell Type

**Machine Knit**  
Seamless,  
form-fitting

**Jersey**  
Economical  
comfort

**Canvas**  
Tough and  
durable

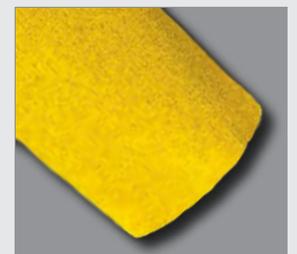

**Laminated**  
Flexible  
with added  
resistance

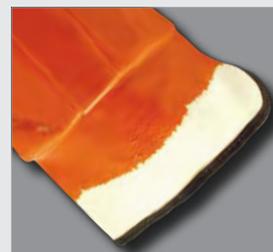

### Cuff Type

Safety at work™

# Textile Gloves

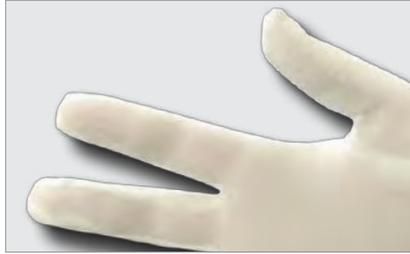

Textile gloves are a go-to choice for assembly, shipping and receiving, material handling and general maintenance applications. Magid® has a broad line of textile gloves that enables you to choose the ideal combination of weight, fabric, construction and comfort.

## Materials

### Cotton

Soft, natural fiber used for its absorbency and comfort

### Nylon

Flexible, lightweight, quick-drying synthetic fiber with low absorbency

### Polyester

Sturdy synthetic fiber that resists stretching and shrinkage

### Fiber Blends

Combines the comfort of natural fibers and the durability of synthetics

## Cuff Types

Knit Wrist

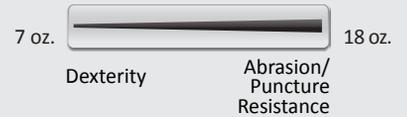

Safety Cuff

Gauntlet Cuff

## Weight

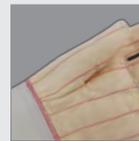

## Thumb Style

### Wing Thumb

Best fit and flexibility

### Straight Thumb

- Best for closed-grip applications
- Most economical

## Constructions

### Clute Cut

Best fit and comfort

### Gunn Cut

- Best durability
- Fits either hand
- Most economical

## Finish

### Nap-in

Improved abrasion resistance

### Nap-out

Improved heat resistance

# Machine Knit Gloves

Machine knit gloves are engineered to seamlessly fit the contours of the hand. Their form-fitting comfort makes them a great, low-cost choice for a wide variety of general purpose applications. From light-duty lisle and cleanroom gloves to heavy-duty terrycloth, Magid® has a machine knit glove for every application and environment.

## Materials

### Cotton

Soft, natural fiber used for its absorbency and comfort

### Nylon

Flexible, quick-drying synthetic fiber with low lint and absorbency

### Polyester

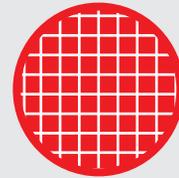

A sturdy, low-linting synthetic fiber, resistant to stretching and shrinkage

### Fiber Blends

Combines the comfort of natural fibers and the durability of synthetics

## Gauge

### Lower Gauge

- Looser knit
- Lower density
- As low as 7 gauge
- Typically a heavier weight
- > Thicker construction
- > Less dexterity
- > Improved heat resistance

### Higher Gauge

- Tighter knit
- Higher density
- As high as 18 gauge
- Typically a lighter weight
- > Thinner construction
- > More dexterity
- > Improved comfort

## Color

Darker colors tend to hide dirt and grime, contributing to extended worker wear time:

# Safety at work™

**Safety Training and Consultative Services**

Either at your location or through a webinar, look to Magid as your safety education resource for:

- Lock out/tag out
- Confined spaces
- Line breaking
- Head-to-toe protection
- Hazardous waste operations
- Emergency response

# Leather Gloves

Leather gloves are a popular choice for workers exposed to abrasions, heavy equipment hazards and heat. Leather gloves are durable and maintain their protective properties and flexibility over long periods of wear. Magid® offers a wide selection of leather gloves for a variety of applications including construction, maintenance, material handling, metal handling, and appliance assembly.

## Types of Hides

	COWHIDE		GRAIN GOATSKIN	GRAIN DEERSKIN	GRAIN PIGSKIN
	SPLIT	GRAIN			
<b>Durability/Abrasion Resistance*</b>	Best	Very Good	Good	Good	Very Good
<b>Cost of Ownership</b>	Best	Very Good	Good	Fair	Very Good
<b>Dexterity</b>	Fair	Good	Very Good	Best	Good

\* In general, unlined leather provides up to ANSI level 1 cut resistance. Testing for specific gram scores is available upon request. For leather gloves with ANSI cut levels 2–5, please refer to the Cut Resistant Gloves section starting on page 6.

## Types of Constructions

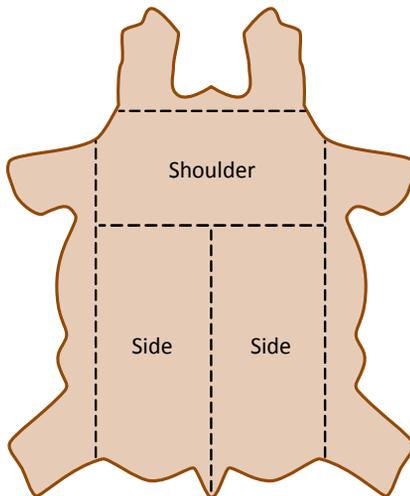

### Leather Palm

Provides durability at critical wear points while fabric back adds breathability; majority are cowhide.

- Gunn Cut – longest lasting construction
- Clute Cut – most economical

## Cuts of Leather

### Grain Leather

Smooth, flexible outer layer of the hide; water and oil repellent

### Split Leather

Rough underside of the hide; tough and economical

- **Side Split**  
Most durable, longest-lasting
- **Shoulder Split**  
More economical, less durable

### Double Palm

Extra layer of leather sewn onto the palm for added abrasion resistance.

### Full Leather

Leather covers the entire hand for 360° protection.

## Cutaway of a Leather Hide

### Drivers

Full-leather gloves designed to maximize fit and flexibility.

## Thumb Styles

### Keystone Thumb

Maximum flexibility and comfort

### Wing Thumb

More natural, ergonomic fit

### Straight Thumb

Most economical choice

## Cuff Styles

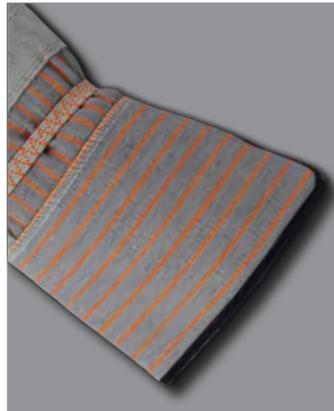

Knit Wrist

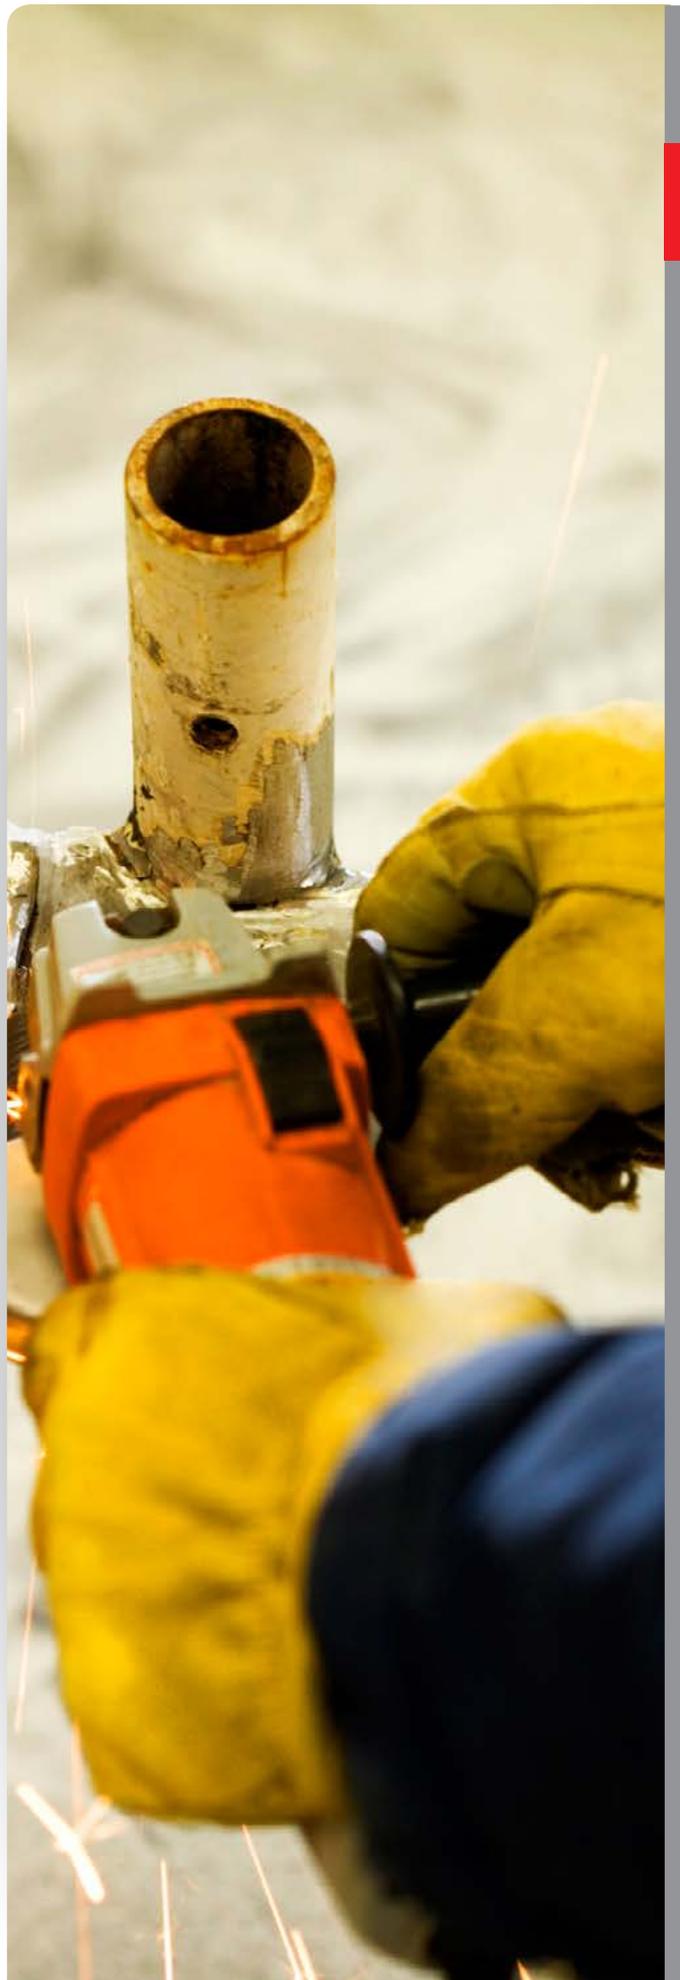

Slip-On Cuff

2.5" Safety Cuff

4.5" Gauntlet Cuff

Safety at work™

# Heat and Welding Gloves

Welding, cutting, and brazing are hazardous activities that present unique safety risks to more than 500,000 workers across a wide variety of industries. Magid® offers a variety of heat and welding gloves designed to protect against extreme temperatures and resist cuts and abrasions.

## Factors to Consider

### Protection

- Type of heat: contact, radiant or direct, flame/spark
- Length of contact or exposure
- Features such as heat and flame resistant materials and liners

### Dexterity

- Thickness of outer material and liner
- Flexibility of glove materials
- Tools and machines used, size and nature of objects handled

### Longevity

Total cost of ownership (TCO): more expensive gloves can last longer and reduce overall costs in the long run

## Types of Gloves

### Hot Mill

Cut-and-sewn gloves with up to three layers of cotton or blended fabric for handling hot objects for brief periods of time. Not intended for use near open flames.

### Heat/Flame

Trades off low dexterity for heavy-duty protection up to 2000°F against contact heat, radiant heat, sparks and flames.

### Hand Pads

Cut-and-sewn pads provide flexibility and extra heat protection. Reversibility improves durability and wear life.

### Welding

Protects from heat and sparks while allowing for a greater range of motion than typical heat/flame gloves. Styles available with heat-resistant liners for enhanced protection.

## Leather Welding Gloves

Leather is a great choice for welding because it offers heat, flame and abrasion resistance. It also has good puncture resistance compared to other glove materials. Not all leathers offer the same performance. Compare these leather types and consider your workers' specific application needs:

### Leather Comparisons

#### Cowhide

Durable, heat and flame resistant

#### Deerskin

Offers the most comfort and dexterity

#### Pigskin

Provides the most oil and weather resistance

#### Goatskin

Lightweight, oil and weather resistant

## Other Popular Materials

### Aluminized

- Reflects radiant heat
- Inner liners protect from heat and molten splash

### Carbon Fiber

- Inherently flame resistant; will not melt
- Does not burn, even when exposed to temperatures exceeding 2000°F for over two minutes

### Kevlar®

- Inherently flame resistant; will not melt
- Also offers cut protection•

### Nomex®

- Inherently flame resistant aramid material; will not melt
- High burning temperature

### Polybenzimidazole (PBI)

- High-tech fiber that will not burn in air, melt or drip
- Provides thermal stability for a variety of high temperature applications

### Terrycloth

- Cut-and-sewn fabric with insulating loops
- Higher dexterity for jobs with less extreme temperatures

### Wool

- Primarily used as liners
- Outstanding comfort with basic heat resistance

### Zetex®/Zetex Plus

- Made from texturized silica yarn
- Zetex is heat resistant up to 1100°F, Zetex Plus up to 2000°F

**20 oz. Cotton Hot Mill Gloves w/Band Top Cuff**  
Magid® Heater Beater®

Natural color, 20 oz., double layer, 100% cotton canvas; nap out; clute cut; knuckle strap; straight thumb; launderable; 2" band top cuff.

**Safety at work™**

**Custom Manufacturing Innovations & solutions driven by end-user feedback and needs**

Working to solve some of industry's toughest safety challenges, Magid's product development engineers have helped companies reduce injury and improve overall value of PPE wear.

- Products manufactured to specification
- Longer wear leading to increased overall value
- Improved comfort to ensure workers will wear the right PPE
- Made in the U.S. means shorter lead times

# Impact and Anti-Vibration Gloves

Harsh environments like construction, oil extraction and rigging rely on heavy-duty materials and industrial equipment. Impacts, abrasions and vibrations are common at these types of job sites. To protect against these hazards, Magid® offers a full range of impact resistant and vibration dampening gloves that provide protection at the points where impacts occur.

**Impact Protection** | The two most common types of impact gloves are back-of-the-hand, or dorsal, and padded-palm gloves.

Coverage Options	Protects Against	Construction	Padding Materials
<b>Back-of-the-Hand</b> 	Dorsal impacts, blows and pinches	<b>Machine Knit:</b> Seamless, form-fitting dexterity and comfort <b>Cut-and-Sewn:</b> Made with tough, durable natural, synthetic and woven materials <b>Palm Treatments:</b> Include sandy nitrile, canvas, synthetic leather, leather, padded <b>Cut Resistant:</b> Knit shells available up to ANSI Cut Level 5 <b>Thermal-Lined:</b> Keeps hands warm in outdoor winter work	<b>TPR (Thermoplastic Rubber):</b> A synthetic rubber designed to absorb and deflect the force of impacts <b>EVA Foam:</b> Impact-cushioning materials
<b>Padded-Palm</b> 	Palm impacts and mild vibrations	<b>Half-Finger:</b> Provides greater dexterity and range of motion <b>Full-Finger:</b> Added hand protection and impact resistance	<b>Gel Padding:</b> Cushions against impacts and vibrations <b>Visco-Elastic Polymer (VEP):</b> Dampens shocks and vibrations <b>Foam Padding:</b> Provides cushioning

**Anti-Vibration** | Provide protection, comfort and control when working with high-vibration machines and tools.

Coverage Options	Protects Against	Construction	Padding Materials
<b>Full-Fingered</b> 	Mild-to-intense palm vibrations, repetitive impacts and Hand-Arm Vibration Syndrome (HAVS)	<b>Full-Finger:</b> Anti-vibration padding that covers the entire palm <b>Foam Padding:</b> Provides cushioning	<b>Gel Padding:</b> Cushions against impacts and vibrations <b>Visco-Elastic Polymer (VEP):</b> Dampens shocks and vibrations

## ANSI S2.73/ISO 10819 Standard for Anti-Vibration Gloves

- Gloves must be full-fingered
- Anti-vibration polymer must be of uniform thickness
- Mid-range frequencies cannot be amplified
- High-range frequencies must be reduced by 40%

**Hi-Viz Impact Gloves**

# Disposable Gloves

Disposable gloves are available in a wide variety of materials to provide the best combination of protection, dexterity and cost for different applications. Whether you're working with food or in a critical lab environment, Magid® has a solution.

## Materials

### Nitrile

- Best puncture and abrasion resistance
- Great latex alternative for individuals with allergies

### Latex

- Best fit, comfort, and flexibility
- Effective barrier against biological contaminants

### Vinyl (PVC)

- Cost-effective solution for short-term use
- Maintains flexibility in cold temperatures

### Polyethylene (PE)

- Most economic choice for short-term use
- Fast and easy to slip on and off

## Features

### Powdered

Interior powder coating absorbs sweat and makes gloves easier to pull on and off

### Powder-Free

Removing the powder helps prevent contamination from loose particles

### Thickness

## Additional Selection Criteria

**Finish** | Textured finishes improve grip and abrasion resistance

**Cuff** | Rolled cuffs prevent tearing and maintain a secure fit

### Grade

Exam

Cleanroom

Industrial

### 3 Mil 9½" Disposable Nitrile Gloves

## Safety at work™

"For over three years, Magid has been supplying our company with gloves, hairnets, earplugs, and boots among many other supply items. During this time, we have experienced tremendous growth and our sales rep has partnered with us to meet our needs as we expand. His weekly visits to monitor our inventories have kept our supplies at the necessary levels and he has worked with us to keep our costs down as well. We look forward to continuing our relationship with Magid."

— R. B., Cost Accounting Manager | A leading food processing company

**MAGID**

Safety at work™

# Chemical and Liquid Resistant Gloves

Selecting the right chemical glove depends on the specific work conditions, processes, chemical types and duration of the chemical exposure. Magid® provides a complete line of chemical resistant gloves with materials, constructions and features for every application. This section includes a detailed chart that outlines the specific permeation and degradation characteristics for each material.

## Glove materials

### Polyvinyl Chloride (PVC)

- Cost-effective, synthetic thermoplastic polymer
- Good resistance to abrasion, resins, glues, aqueous solutions and alcohols
- Maintains flexibility in cold temperatures

### Butyl

- Synthetic rubber featuring high flexibility
- Resists ammonia, ketones, esters, alkalis and mineral acids
- Nearly impermeable to gases and water vapors

### Neoprene (Chloroprene)

- Highly flexible synthetic rubber material
- Excellent resistance to acids, caustics, oils and organic solvents
- Resists UV, oxidation and ozone damage

### Latex (Natural Rubber)

- Natural material offers best grip, particularly when working with glass
- Protects against bases, alcohols, dilute water solutions and some ketones
- May cause allergic reactions in certain individuals

### Nitrile

- Synthetic rubber with high snag, abrasion, and puncture resistance
- Protects against oils, greases, animal fats, bases and many solvents
- Excellent alternative for individuals with latex allergies

## Constructions

### Supported

- Polymer coating over a knit liner for additional comfort and durability

### Unsupported

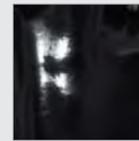

- Polymer compound without any supporting fabric provides more flexibility

### Flock-Lined

- Sprayed cotton lining for superior comfort, easy donning and perspiration absorption

## Additional Selection Criteria

**Finishes** | Choose the finish that provides the appropriate grip performance. Embossed or rough finishes may provide increased grip.

# Ansell Permeation/Degradation Resistance Guide

## How to Read the Charts

Three categories of data are represented for each Ansell product and corresponding chemical:

- 1) overall degradation resistance rating; 2) permeation breakthrough time, and 3) permeation rate.

## Standards for Color-Coding

A glove-chemical combination receives **GREEN** if either set of the following conditions is met:

- The Degradation Rating is Excellent or Good
- The Permeation Breakthrough Time is 30 minutes or greater
- The Permeation Rate is Excellent, Very Good, or Good

OR

- The Permeation Rating is not specified
- The Permeation Breakthrough Time is 240 minutes or greater
- The Degradation Rating is Excellent, or Good

A glove-chemical combination receives **RED** if either set of the following conditions is met:

- The Degradation Rating is Poor or Not Recommended

OR

- The Degradation Rating is Degrades with Delamination (DD)
- The Permeation Breakthrough Time is less than 20 minutes

All other glove-chemical combinations receive **YELLOW**. In other words, any glove-chemical combination not meeting either set of conditions required for Green, and not having a Red degradation rating of either Poor or Not Recommended, receives a **YELLOW** rating.

**Why is a product with a shorter breakthrough time sometimes given a better rating than one with a longer breakthrough time?**

One glove has a breakthrough time of just 4 minutes. It is rated "very good," while another with a breakthrough time of 30 minutes is rated only "fair." Why? The reason is simple: in some cases the *rate* is more significant than the *time*.

Imagine connecting two hoses of the same length but different diameters to a faucet using a "Y" connector. When you turn on the water, what happens? Water goes through the smaller hose first because there is less space inside that needs to be filled. But when the water finally gets through the larger

hose it really gushes out. In only a few minutes, the larger hose will discharge much more water than the smaller one, even though the smaller one started first.

The situation is similar with gloves. A combination of a short breakthrough time and a low permeation rate may expose a glove wearer to less chemical than a combination of a longer breakthrough time and a much higher breakthrough rate, if the glove is worn long enough.

▲ A degradation test against this chemical was not run. However, since its breakthrough time is greater than 480 minutes, the Degradation Rating is expected to be **Good to Excellent**. ■ A degradation test against this chemical was not run. However, in view of degradation tests performed with similar compounds, the Degradation Rating is expected to be **Good to Excellent**. ▼ A degradation test against this chemical was not run. However, in view of data obtained with similar compounds, the Degradation Rating is expected to be **Fair to Poor**. \*CAUTION: This product contains natural rubber latex which may cause allergic reactions in some individuals.

Key to Permeation Rate	
Drops/hr Through a Glove (eyedropper-size drops)	
E – Excellent; permeation rate of less than 0.9 µg/cm <sup>2</sup> /min.	0 to 1/2 drop
VG – Very Good; permeation rate of less than 9 µg/cm <sup>2</sup> /min.	1 to 5 drops
G – Good; permeation rate of less than 90 µg/cm <sup>2</sup> /min.	6 to 50 drops
F – Fair; permeation rate of less than 900 µg/cm <sup>2</sup> /min.	51 to 500 drops
P – Poor; permeation rate of less than 9000 µg/cm <sup>2</sup> /min.	501 to 5000 drops
NR – Not Recommended; permeation rate greater than 9000 µg/cm <sup>2</sup> /min.	5001 drops up
Key to Permeation Breakthrough	
> Greater than (time)	< Less than (time)
Key to Degradation Ratings	
E – Excellent; fluid has very little degrading effect.	DD is a new degradation rating that applies to Viton/butyl gloves versus certain chemicals. It means "Degrades and Delaminates". If a chemical causes severe swelling of Viton but has little effect on butyl, the adhesion between these two rubber layers can be overcome under the relatively severe continuous liquid contact that is part of an ASTM or CEN standard permeation test. The end result of this stress is Viton "blisters" or even complete layer separation. The damage is likely to be permanent.
G – Good; fluid has minor degrading effect.	In cases such as these the butyl layer is providing most of the protection. But if the end use involves only the possibility of splash or intermittent contact so that the Viton layer never absorbs enough chemical to swell and delaminate, Viton/butyl gloves might still be the best choice. The ultimate decision on when to use plain butyl and when to use Viton/butyl will depend on the overall chemical mix in your facility and on the degree of exposure to each.
F – Fair; fluid has moderate degrading effect.	
P – Poor; fluid has pronounced degrading effect.	
DD – Degrades the outer layer and delaminates it.	
NR – Not Recommended; fluid has severe degrading effect.	
Specific Gloves Used for Testing	
Laminated LCP™ Film	Degradation and Permeation Barrier® 2-100 (2.5 mil/0.06 mm)
Nitrile	Sol-Vex® 37-165 (22 mil/0.56 mm)
Neoprene Unsupported	29-865 (18 mil/0.46 mm)
Polyvinyl Alcohol Supported	PVA™
Polyvinyl Chloride Supported	Snorkel®
Natural Rubber Latex	Canners 343 (20 mil/0.51 mm)
Neoprene/Latex Blend	Chem-Pro® 224 (27 mil/0.68 mm)
Butyl Unsupported	Chem-Tek® 38-320 (20 mil/0.51 mm)
Viton/Butyl Unsupported	Chem-Tek® 38-612 (12 mil/0.30 mm)

### NOTE:

These recommendations are based on laboratory tests, and reflect the best judgement of Ansell in the light of data available at the time of preparation and in accordance with the current revision of ASTM F 759. They are intended to guide and inform qualified professionals engaged in assuring safety in the workplace. Because the conditions of ultimate use are beyond our control, and because we cannot run permeation tests in all possible work environments and across all combinations of chemicals and solutions, these recommendations are advisory only. The suitability of a product for a specific application must be determined by testing by the purchaser.

The data in this guide are subject to revision as additional knowledge and experience are gained. Test data herein reflect laboratory performance of partial gloves and not necessarily the complete unit. Anyone intending to use these recommendations should first verify that the glove selected is suitable for the intended use and meets all appropriate health standards. Upon written request, Ansell will provide a sample of material to aid you in making your own selection under your own individual safety requirements.

NEITHER THIS GUIDE NOR ANY OTHER STATEMENT MADE HEREIN BY OR ON BEHALF OF ANSELL SHOULD BE CONSTRUED AS A WARRANTY OF MERCHANTABILITY OR THAT ANY ANSELL GLOVE IS FIT FOR A PARTICULAR PURPOSE. ANSELL ASSUMES NO RESPONSIBILITY FOR THE SUITABILITY OR ADEQUACY OF AN END-USER'S SELECTION OF A PRODUCT FOR A SPECIFIC APPLICATION. <sup>®</sup>Snorkel is a registered trademark of Solutia Inc. <sup>™</sup>Viton is a registered trademark of DuPont.

## Safety at work™

### PPE Safety Assessment Program

Magid's Health & Safety Services Team has been helping employers find effective safety solutions for over 20 years.

- Average injury rate reduction of 54%
- Typical cost savings in excess of 25%
- High user acceptance and increased compliance

**MAGID**

Safety at work™

# Electrical Gloves

Electrical gloves are required when working in high and low voltage applications to protect workers from shock, burns, fires and explosions. These gloves are certified and tested according to ASTM F496 safety standards. In addition, their special composition creates a more comfortable glove for working in hazardous conditions.

## Class Chart

ASTM D120 Class Specifications for Insulating Rubber Gloves			
Class Chart	Proof Test Voltage	Max Use Voltage	Label
Class 00	2,500 AC/10,000 DC	500 AC/750 DC	Beige
Class 0	5,000 AC/20,000 DC	1,000 AC/1,500 DC	Red
Class 1	10,000 AC/40,000 DC	7,500 AC/11,250 DC	White
Class 2	20,000 AC/50,000 DC	17,000 AC/25,500 DC	Yellow
Class 3	30,000 AC/60,000 DC	26,500 AC/39,750 DC	Green
Class 4	40,000 AC/70,000 DC	36,000 AC/54,000 DC	Orange

## Glove Length Chart

The ASTM F496 Standard states that protector gloves must be worn over rubber insulating gloves to prevent mechanical damage. For each class of electrical protection, the insulating glove must be a certain length longer than the protector.

## Components

## Additional Selection Criteria

**Color** | Two-color gloves provide more efficient service rotation, improved compliance and easier inspection by making even the slightest imperfections more obvious, however they are also more expensive than their one-color counterparts.

**Length** | Gloves are 11" to 18" long, depending on which class of protection is required.

## Glove Bags

Glove bags are recommended to keep electrical gloves and leather protectors together and undamaged during transport or in storage. Glove bags should not be folded and should be stored flat to avoid potential nicks.

# Electrical Glove Testing

Electrical Gloves that have been issued for service must be tested every 6 months to ensure they meet American Society for Testing and Materials (ASTM) safety standards. Magid provides this testing service using one of the most sophisticated and automated in-house Electrical Glove Testing (EGT) labs in the industry.

## Testing Process

Magid is equipped to test all types of rubber electrical gloves, including Class 00 to Class 4, 11" to 18" lengths and all cuff styles to ensure compliance with ASTM F496 regulatory requirements.

### 1. Cleaning

Gloves are checked in, machine or hand washed and dried.

### 2. Inspection

A visual inspection is performed to identify punctures, tears, cuts, bruises, ozone cutting or other deficiencies.

### 3. Testing

Gloves are electrically tested. Gloves that do not pass are separated, recorded and stamped. The testing process is repeated for gloves that do pass.

### 4. Drying and Inspection

Gloves are dried and a final inspection is performed.

### 5. Stamping

Gloves identified as being ready to return to service are date stamped. An auto e-mail or fax test notification is sent, along with a copy of the test report.

### 6. Shipping

Gloves are clearly separated by pass/fail and shipped back to the customer along with a detailed test report.

**Getting Started |** Contact customer service at 1-800-444-8030 to request Magid's electrical glove testing service. Magid will auto e-mail or fax an order confirmation number with shipping procedures. Customers are instructed to write this order confirmation number on the outside of all boxes and place a copy of the confirmation inside one of the boxes prior to shipping.

**Confirmation |** Once received, Magid enters the gloves into a computerized tracking system indicating class, size, length, cuff type, color and brand. The system generates an auto e-mail or fax to notify customers their gloves have been received and to highlight any quantity discrepancies. Gloves with a specified future testing date are stored until that date. Testing begins immediately for the remaining gloves so they can be returned to service as soon as possible.

### Electrical Glove Kits

Magid® A.R.C.™

Kits contain rubber electrical insulating gloves, leather protectors, and a glove bag; choose from any class, color, length, and size.

**Safety on site – Mobile Option**

Keeping your workers safe and productive at remote job sites just got easier. Safety-on-Site Mobile Option brings head-to-toe PPE to your location of choice.

- Portable – Customized to your needs, a container fully-stocked with the right PPE is delivered directly to your job site
- Accessible – 24/7 secure access to PPE throughout the duration of your project keeps your workers safe and productive
- Controlled – Manage usage and spend by avoiding inventory carrying costs and unused PPE

Safety at work™

# Flame Resistant Clothing

Exposure to arc flash, flash fire and molten metal splash are among the most dangerous hazards industrial workers can face. Magid® offers a complete line of protective clothing made from innovative, comfortable flame resistant (FR) materials that workers want to wear. Magid is the single source solution for all your protective clothing needs.

## Protection Categories

Category	Description	FR	AR\FR NFPA 70E	Flash Fire NFPA 2112	Molten Metal
<b>Basic FR</b>	Manufactured from 100% cotton FR material, designed for basic FR protection in applications such as welding & grinding.	X			
<b>AR/FR</b>	Arc rated, NFPA 70E compliant products (including our A.R.C. line) designed for protection against electrical arc flash.	X	X		
<b>2112</b>	Products fully certified by UL to NFPA 2112 standard requirements for industrial flash fire protection.	X	X	X	
<b>Aluminized</b>	Products manufactured from materials with an outer aluminized layer designed for protection from radiant heat and molten metal splash	X			X

Magid offers a full line of protective clothing including Sparkguard®, WeldPro® A.R.C.™, A.R.C. Ultralite™, AR Defense, Magid AR/FR™ and Magid 2112.

## Definition of Standards

### Why is flame resistant apparel important?

Everyday apparel can ignite and burn if exposed to an ignition source such as a flame or electric arc flash. FR protective apparel is designed to resist ignition and, in the event it does ignite, self-extinguish immediately upon removing the thermal source.

### Standards and Specifications Relating to Electrical Arc Flash

The NFPA 70E standard for electrical safety in the workplace requires employees to wear arc rated clothing that meet the requirements of ASTM F1506 in any situation where there is the risk of an electric arc flash with an incident energy exposure greater than 1.2 cal/cm<sup>2</sup>. The type of PPE required varies depending on the potential incident energy exposure.

ASTM F1506 is the specification developed to provide minimum testing and performance requirements for materials and apparel used by electrical workers exposed to momentary electric arc and related thermal hazards. The specification also includes specific requirements for re-testing, garment design, labeling, thread and closures.

### Standards and Specifications Relating to Industrial Flash Fire

NFPA 2112 is the standard for flame resistant garments to protect industrial personnel against flash fire. This standard outlines the minimum testing and performance requirements for materials and apparel in situations where there is potential for exposure to flash fire.

This standard requires third-party certification of the fabric, garment design/ components and manufacturing facility. Any garments labeled as NFPA 2112 compliant must be certified as meeting all requirements outlined in the standard.

## ARC Kits

For your convenience, Magid® offers pre-packaged A.R.C. Flash Kits or the option to create customized kits. Pre-packaged A.R.C. Flash Kits include:

### Heavy Duty Coveralls

Magid A.R.C.™ flame-resistant heavy duty coveralls (sizes: S-6XL, colors: navy or green)

### Hard Hat with Face Shield

MSA V-Gard® white slotted hard hat with face shield, chin guard and ratchet suspension

### Safety Glasses

Magid Gemstone® Myst Flex safety spectacles, grey temples, clear anti-fog lens

### Earplugs

E-A-R® ARC Plug™ dual-ended dielectric reusable earplug, NRR 22

### Electrical Lineman's Gloves

Class 0 and Class 00 low-voltage rubber lineman's gloves in 11" and 14" length (sizes: 7-12, colors: black or red)

### Leather Protector Gloves

Magid PowerMaster® 9-1/2" driver's style, pearl grey leather protector gloves with pull straps (sizes 7-12). Worn over rubber gloves.

### Canvas Glove Bag

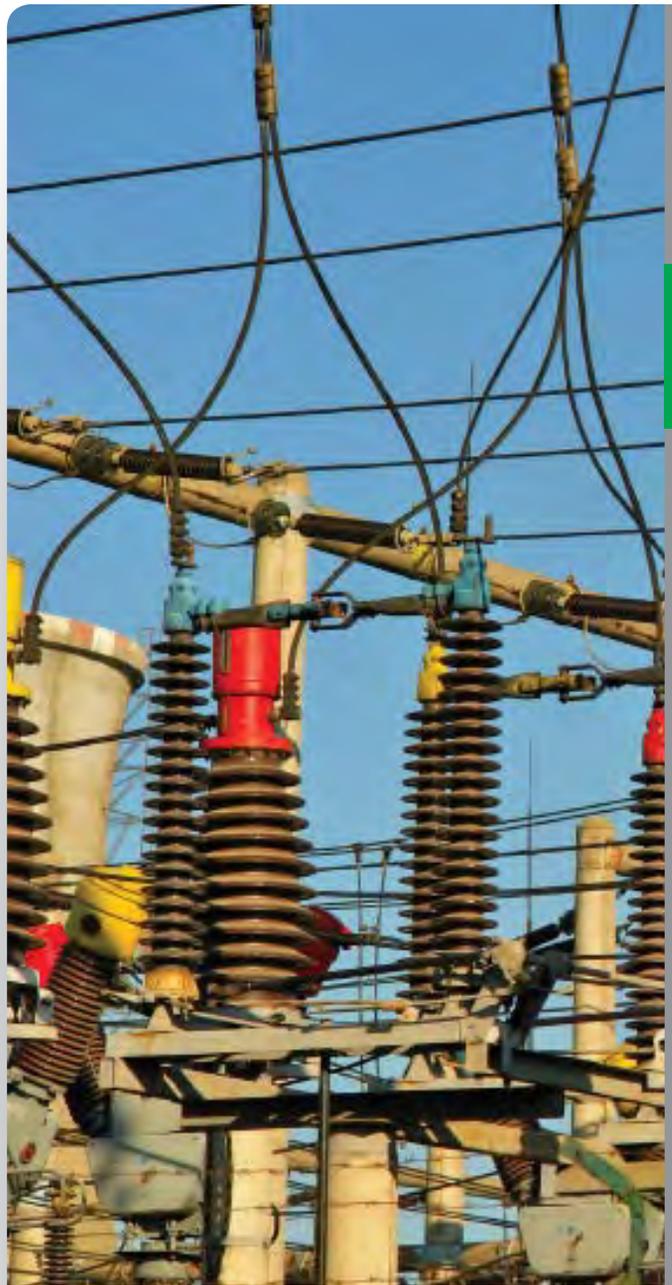

Natural color canvas storage bag for rubber insulating gloves

### Equipment Bag

Deluxe black equipment bag with grey trim and A.R.C. logo, 7 oz., 12" x 12" x 24"

### Category 2 FR Balaclava

Balaclava for NFPA 70E 2012 compliance

Please provide the following selections to your Magid customer service agent or sales representative to assist in the selection of the A.R.C. Flash Kit that will fit your needs:

**Gloves Size:** \_\_\_\_\_  
(7-12; half sizes available from 8-12)

**Linesman's Gloves:**

- Color:  Black  Red  
 Class:  Class 0  Class 00  
 Length:  11"  14"

**Coverall:**

- Color:  Navy  Green  
 Size: (S-6XL) \_\_\_\_\_

*Unless specified otherwise, the kit will include whichever color electrical gloves are available to expedite delivery.*

**NFPA 70E Arc-Rated Standard Coveralls**

# Rainwear and Hi-Viz Clothing

Thousands of injuries occur each year due to weather and visibility hazards. It's important to keep workers warm, visible and dry when the weather is at its worst.

## Rainwear

Magid® offers a variety of high-visibility rainwear that includes chemical protection, ARC protection and flame resistance.

### Cold Resistant

While rainwear is, by definition, waterproof, some cold resistant clothing goes a step farther to ensure the wearer doesn't freeze in the rain with features such as heat-sealed seams for 100% waterproof protection, thicker materials and high loft linings for added warmth.

### Reusable

Far more durable than disposable rainwear. Often has a fabric liner.

### Hi-Viz

In heavy rain, visibility is drastically reduced, making hi-viz rainwear important for maintaining line-of-sight and worker safety.

### Disposable

More portable and often offers a wider range of motion than reusable rainwear.

### Flame Resistant

Flame resistant and self-extinguishing qualities are combined with water-repellent materials.

## Hi-Viz Clothing

Hi-viz clothing is measured in two ways: class and level. Class regulates the minimum physical size of the reflective material and level measures material brightness. Magid offers a complete line of hi-viz clothing up to Class 3 (the highest level designated by ANSI) protection.

	Image	Description	Background Material	Reflective Material	Reflective Material Min. Width
Class 1		Minimum hi-viz protection	217 in. <sup>2</sup>	155 in. <sup>2</sup>	1 in.
Class 2		Enhanced visibility, required near vehicles slower than 25 mph	775 in. <sup>2</sup>	201 in. <sup>2</sup>	1.375 in.
Class 3		Maximum visibility, required near vehicles exceeding 25 mph	1240 in. <sup>2</sup>	310 in. <sup>2</sup>	2 in.
Class E		Special class for pants, combine with Class 2 vest to be Class 3 compliant	465 in. <sup>2</sup>	108 in. <sup>2</sup>	2 in.

**Polyester Tight Knit Mesh High-Visibility Vest**

# Cut Resistant Clothing

Working with various types of equipment, machinery, tools and parts on a day-to-day basis can result in minor and severe cuts and abrasions. Magid® has a variety of cut resistant clothing options made with quality abrasion-resistant material so that workers can work safely, efficiently and comfortably all day long.

## Materials

### Magid Aramax® and Aramax XT Yarn

- Proprietary engineered blend of para-aramid, fiberglass and synthetic fibers
- Delivers up to twice the cut and abrasion resistance of 100% aramid or HPPE materials of a similar weight
- Draws sweat and heat away from the skin, keeping hands dry, cool and comfortable

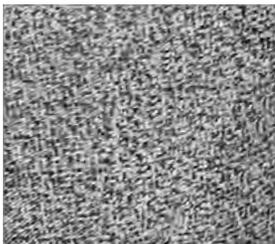

### Magid XKS® Yarn

- Proprietary engineered blend of stainless steel wire, para-aramid and high-performance fibers
- Delivers up to twice the cut protection of 100% aramid or HPPE materials of a similar weight
- Dark coloration extends service life 3X times longer than other gloves

### Para-Aramid/Aramid Fiber

- Pound-for-pound, 5 times stronger than steel
- Available in different weights
- Inherent flame, heat, and cut resistance
- DuPont® Kevlar® is a popular para-aramid/aramid fiber

### High Performance Polyethylene (HPPE)

- Pound-for-pound, 15 times stronger than steel
- Low-linting and resistant to chemicals, water and ultraviolet light
- Soft material offers superior comfort
- Magid HPPE gloves can be used as liners for double gloving and added cut resistance

### Nylon Mesh

- Great for working with steel or handling glass
- Offers cut resistance in a breathable construction
- Not recommended in applications where sparks and heat are present

### Terrycloth

- Performs well in applications where incidental contact with heat may be present
- A knit fabric, typically cotton or blended material
- Small loops on the inside or outside add thickness, cut resistance and thermal protection from heat

## ANSI Cut Level

Cut Level	Cut Resistance (Grams)
0	< 200 g
1	≥ 200g and < 500 g
2	≥ 500 g and < 1000 g
3	≥ 1000 g and < 1500 g
4	≥ 1500 g and < 3500 g
5	≥ 3500 g

"If the protective garments are comfortable, the workers don't mind wearing them all the time. Magid Sparkguard greens are made of cotton, so they're lightweight and keep the workers cool. I've gotten lots of good feedback from employees."

— C.F., Safety Coordinator | A leading steel manufacturer

Safety at work™

# Disposable Clothing

Certain work environments require cost-effective, single-use clothing that can protect against a wide range of hazards, including exposure to particulates and flame. Magid® offers a selection of disposable clothing designed for improved mobility that protects from contaminants, hazardous materials and chemical splashes.

## Protection/Hazard Types

### Flame Resistant (FR) Protection

Available colors:

- **DuPont® Sontara®:** Worn over thermal protective garments. Protects workers' clothing from contamination by hazardous, non-hazardous, and flammable materials without compromising thermal protection.
- **DuPont Temprow®:** Provides a barrier against non-hazardous particles, helping safeguard primary flame resistant protective garments from nuisance contamination.
- **Kimberly Clark® Kleenguard® A65:** Offers flame resistance. Used to protect primary FR clothing.

### Particulate Protection

Available colors:

- Spun-bond polypropylene; cool, comfortable and economical protection. Includes Magid Lite N Kool®.
- SMS; three-layer material with superior protection against particulates. Includes Magid Lite N Kool.

### Non-Hazardous Splash Particulate Protection

Available color:

- **Microporous:** Allows water vapor to escape, but keeps particulates out.
- **Tyvek®:** Superior barrier protection, endurance and tear protection.
- **Magid Poly Plus®:** Polyethylene film laminated to a layer of white polypropylene, producing a super strong garment that is liquid repellent and resists snags and punctures.

### Chemical Splash Protection

Available colors:

- **DuPont Tychem®:** Provides chemical protection from hundreds of toxic liquids and vapors from sarin to chlorine gas.
- **DuPont ProShield® Nexgen®:** Provides a barrier against a variety of non-hazardous light aerosols, liquids, and dry particles.
- **Kimberly Clark Kleenguard A40/A60:** Provides protection against bloodborne pathogens in forensic or other environments where exposure to blood is possible.

## Disposable Clothing Options

- Coveralls
  - > Available with or without sealed seams
  - > Available with or without attached hoods
  - > With open or elastic wrists and ankles
  - > With or without attached boots
- Lab Coats
- Hoods

“ Our California Plant has utilized Magid's consignment program for over 5 years. In that time, Magid has kept a continuous supply at hand. Their excellent customer service, whether assisting with a glove concern or an order, is always appreciated. We plan to continue our partnership with Magid and thank them for their support and friendship.”

—D. H., Tool Crib Operator,  
A leading manufacturer of fabricated glass products

# Footwear

Workers require footwear that's tough and comfortable. Magid® offers a wide range of protective footwear designed to guard against injuries, keep feet warm and dry and resist chemicals and abrasions. Leveraging our partnerships with industry's leading providers, we offer a protective footwear solution for every job.

## Types of Footwear

### Rubber Boots

Work boots made from 100% waterproof rubber keep feet dry and comfortable.

### Overshoes

Steel-toed overshoes slip on easily over work boots or shoes for enhanced flexibility and protection. Ideal solution for visitors.

### Spiked Boots

Soles equipped with spikes provide enhanced traction in wet and slippery conditions, including ice or oil.

### Foot Guards

Guards attach quickly and easily to existing work boots to provide versatile foot protection on demand.

## Additional Options

**Polyvinyl Chloride (PVC), Nitrile and Neoprene** | Footwear made from PVC, nitrile and neoprene provides increased chemical and oil resistance. Tall styles protect up to the knee.

**Metatarsal Guards** | Styles with proven metatarsal protection. Protect against abrasions and impact up to 75lbs.

**Steel Toes** | Provides protective reinforcements to shield toes from falling objects or compression.

### 4" Ankle High Rubber Overshoes

### Stainless Steel Foot Protector

Alpenco Metagard™

100% stainless steel metatarsal; used with high or low laced shoes; attaches through laces; neoprene strap.

MAGID ITEM #	SIZE	UOM	PR/CA
FB101	One Size	PR	12

# Hearing Protection

Exposure to loud noise is among the leading causes of hearing loss. Anyone who works in a noisy environment is at risk for hearing loss or damage that can be prevented by using proper hearing protection. Magid® offers a variety of disposable and reusable earplugs, banded hearing protectors and earmuffs with different colors, materials and Noise Reduction Ratings (NRR).

## Types of Hearing Protection

### Disposable Earplugs

- Comfortable and cooler in warm environments
- NRR typically ranges from 21dB to 33dB

### Reusable

- Use more than once – cost effective
- NRR typically ranges from 21dB to 27dB

### Metal Detectable

- Designed for environments such as food processing, where contamination by foreign objects is unacceptable
- Easily detected by visual or automated metal detection methods

### Banded Protectors

- Conveniently hangs around neck when not in use
- NRR typically ranges from 17dB to 28dB

### Earmuffs (Standard with headband/ Cap-Mounted/Electronic/Radio)

- Great for impact noise and can be used in conjunction with earplugs for additional protection
- NRR typically ranges from 20dB to 30dB

## OSHA-Compliant Hearing Conservation Program

If workers are exposed to noise averaging more than 85dB over an 8-hour period, OSHA Standard 29CFR 1910.95 requires employers to:

1. Measure noise levels
2. Provide free hearing protection
3. Provide free annual hearing exams
4. Provide worker training
5. Evaluate the adequacy of hearing protectors in use

### Considerations:

1. Focus on the three C's when selecting the type of protection to make available: comfort, convenience and compatibility.
2. Hearing protection is less likely to be worn if uncomfortable, difficult to use or interferes with work.
3. Choosing the type and size of earplug with the help of a person trained in fitting hearing protectors, increases compliance.
4. Hearing protectors are labeled with a Noise Reduction Rating (NRR) in decibels measured under laboratory conditions. OSHA's experience and the published scientific literature have shown that laboratory-obtained real ear attenuation for hearing protection devices can seldom be achieved in the workplace. OSHA strongly recommends applying 50% correction factor when estimating field attenuation.

### NRR 25 Disposable Earplugs

3M™ E-A-R™ Express™ Pod Plugs™

Yellow; foam material; hemispherical shape with blue grip; corded and uncorded styles available; one pair per individual poly bag; NRR of 25.

HEARING PROTECTION

EARMUFFS // ELECTRONIC

“In the last 6 months, we have reduced costs, consolidated product and standardized the PPE we provide to our employees. We have gone from an uncontrolled distribution of safety products to one where we only use what is appropriate for the job function, replace it only when it is worn out and always have what we need on hand. It is a marked improvement and we could not have accomplished it without Magid’s help.”

— D. M., Materials Manager |  
A leading window and door manufacturer

# Respirators

Reliable respirators are critical in situations where air quality can be compromised. Magid® offers a large selection of respirators to protect against hazards such as dust, pollen and other airborne contaminants.

## Disposable and Reusable

### Disposable

Air-purifying respirators for single use or multiple use (time-use restrictions may apply).

### Half Mask

Covers the mouth and nose and offers replaceable air-purifying cartridges and filters.

### Full Mask

Covers entire face and offers replaceable air-purifying cartridges and filters.

## Powered and Supplied Air

### Powered Air-Purifying (PAPR)

Motorized pumps force air through purifying cartridges and hoses to reusable hoods and facepieces.

### Supplied-Air

Purified, pressure-regulated air pumped from a central unit or canister to one or more hoods and facepieces.

### Escape

Portable canisters provide clean air to hoods and facepieces over a short duration for escape during emergency situations.

## Particulate Filter Classifications

Rating	Particulate Filtration	Oil Resistance
N95	Filters at least 95% of airborne particles	Not resistant to oil
N99	Filters at least 99% of airborne particles	
N100	Filters at least 99.97% of airborne particles	
R95	Filters at least 95% of airborne particles	Somewhat resistant to oil
P95	Filters at least 95% of airborne particles	Strongly resistant to oil
P100	Filters at least 99.97% of airborne particles	

## Cartridge Classifications

**Organic Vapor (OV)** | Approved for vapors from organic liquids, including gasoline, certain solvents, paints, and thinners.

**Acid Gas (AG)** | Approved for highly toxic gases such as sulfur dioxide, hydrogen sulfide, hydrogen chloride, and others.

**OV/AG** | Approved for organic vapors, chlorine, hydrogen chloride, sulfur dioxide, chlorine dioxide, hydrogen fluoride and hydrogen sulfide (escape).

**Alkaline** | Filters ammonia, methylamine, phosphine, and others.

**Multi-Contaminant** | Approved for organic vapors, ammonia, methylamine, chlorine, hydrogen chloride, sulfur dioxide, chlorine dioxide, hydrogen fluoride, hydrogen sulfide (escape) and formaldehyde.

**Disposable Comfort Masks**

**Disposable N95 Respirators w/Exhalation Valve**  
Magid® Precision Safety®

Disposable N95 particulate respirator; exhalation valve; adjustable metal nose clip with soft padded nose bridge; two latex-free ultrasonic sealed; 10 per dispenser.

MAGID ITEM #	SIZE	UOM	DP/CA
IR1940N95	Standard	DP	12

**Disposable N95 Respirators w/Cool Flow Valve**  
3M™ Aura™

Disposable N95 particulate respirator; 3M™ Cool Flow™ exhalation valve; adjustable nose clip; stapled strap attachment; innovative three panel design; 10 per dispenser.

MAGID ITEM #	SIZE	UOM	DP/CA
3M9211PLUS	Standard	DP	12

**Disposable N95 Respirators w/Cool Flow Valve**  
3M™

Disposable N95 particulate respirator; 3M™ Cool Flow™ exhalation valve; adjustable M-nose clip; stapled strap attachment; braided headbands; 10 per dispenser.

MAGID ITEM #	SIZE	UOM	DP/CA
3M8511	Standard	DP	8

**Disposable N95 Respirators w/Cool Flow Valve**  
3M™

Disposable N95 particulate respirator; 3M™ Cool Flow™ exhalation valve; adjustable M-nose clip; foam face seal; stapled strap attachment; 10 per dispenser.

MAGID ITEM #	SIZE	UOM	DP/CA
3M8211	Standard	DP	8

**Disposable N95 Respirators with Foam Nose Seal**  
3M™

Disposable N95 particulate respirator; 3M Cool Flow™ exhalation valve; adjustable noseclip with cushioning nose foam; two-strap with four point elastic headbands; 10 per dispenser.

MAGID ITEM #	SIZE	UOM	DP/CA
3M8210V	Standard	DP	8

**N95 Respirators w/Ventex® Valve & Hangable HandyStrap®  
Moldex®**

Disposable N95 particulate respirator; Ventex® exhalation valve; Dura-Mesh® shell; Softspun® lining; foam nose cushion; HandyStrap allows mask to comfortably hang around user's neck when not in use; 10 per dispenser.

MAGID ITEM #	SIZE	UOM	DP/CA
M2700N95	Standard	DP	10

**Disposable N95 Respirators w/Exhalation Valve  
Moldex®**

N95 particulate respirator; heat and flame resistant; exhalation valve; collapse-resistant Dura-Mesh® shell; Softspun® lining; molded nose bridge; two head straps; 10 per dispenser.

M2300N95	Medium/Large		
M2307N95	Low Profile Nose		

**Disposable N95 Respirators w/Exhalation Valve  
Honeywell® SAF-T-FIT Plus**

Disposable N95 particulate respirator; exhalation valve; adjustable nose bridge with boomerang nose seal; two-piece head strap; 20 per dispenser.

MAGID ITEM #	SIZE	UOM	DP/CA
WN1125ML	Standard	DP	10

**Disposable N95 Respirators w/Exhalation Valve  
Jackson Safety®**

Disposable N95 particulate respirator; two exhalation valves; adjustable nose pad and adjustable headstraps; 10 per box.

MAGID ITEM #	SIZE	UOM	CA/CA
KC64260	Standard	CA	1

**Disposable N95 Respirators w/Exhalation Valve  
Gateway Safety TruAir®**

Disposable N95 particulate respirator; exhalation valve; large, molded shell; adjustable nosepiece; latex-free head strap; 10 per dispenser.

MAGID ITEM #	SIZE	UOM	DP/CA
80302V	Standard	DP	12

**Disposable N95 Respirators w/Exhalation Valve  
Gateway Safety PeakFit®**

Disposable N95 particulate respirator; exhalation valve; molded nose bridge; one-piece cloth head strap; 10 per dispenser.

MAGID ITEM #	SIZE	UOM	DP/CA
80102V	Standard	DP	12

**N95 Respirators with Acid Gas Relief**  
Moldex®

Disposable N95 particulate respirator; nuisance level acid gas relief; heat and flame resistant; exhalation valve; Dura-Mesh® shell; Softspun® lining; molded nose bridge; 10 per dispenser.

MAGID ITEM #	SIZE	UOM	DP/CA
M2500N95	Standard	DP	10

**N95 Respirators with Organic Vapor Relief**  
Moldex®

Disposable N95 particulate respirator; nuisance level organic vapor relief; heat and flame resistant; exhalation valve; Dura-Mesh® shell; Softspun® lining; molded nose bridge; two straps; 10 per dispenser.

MAGID ITEM #	SIZE	UOM	DP/CA
M2400N95	Standard	DP	10

**Flame-Resistant Disposable N95 Respirators**  
Magid® Precision Safety®

Disposable N95 welding fume respirator; flame-resistant; exhalation valve; adjustable aluminum nosepiece; foam PVC full face seal; adjustable double-strap headbands; ultra-sonic strap seals; 10 per dispenser.

MAGID ITEM #	SIZE	UOM	DP/CA
IR2FRN95	Standard	DP	12

**N95 Welding Respirators w/Cool Flow Valve**  
3M™

Disposable N95 particulate respirator; 3M™ Cool Flow™ exhalation valve; adjustable M-nose clip; two head straps; 3M™ welding web; 10 per dispenser.

MAGID ITEM #	SIZE	UOM	DP/CA
3M8515	Standard	DP	8

**N95 Welding Respirators with OV Relief**  
3M™

Disposable N95 particulate respirator; nuisance level organic vapor relief; 3M™ Cool Flow™ exhalation valve; adjustable noseclip; foam face seal; two adjustable head straps; 10 per dispenser.

MAGID ITEM #	SIZE	UOM	DP/CA
3M8514	Standard	DP	8

**N95 Welding Respirators w/Cool Flow Valve**  
3M™

Disposable N95 particulate respirator; Cool Flow™ exhalation valve; nuisance level organic vapor relief; adjustable nose clip; foam face seal; two adjustable straps; welding web; 10 per dispenser.

MAGID ITEM #	SIZE	UOM	DP/CA
3M8214	Standard	DP	8

### N95 Welding Respirators w/Foam Face Seal 3M™

Disposable N95 particulate respirator; 3M™ Cool Flow™ exhalation valve; adjustable nose clip; foam face seal; two fully adjustable straps; 10 per dispenser.

MAGID ITEM #	SIZE	UOM	DP/CA
3M8212	Standard	DP	8

### Adjustable N99 Respirators w/Exhalation Valve Moldex®

Disposable N99 particulate respirator; heat and flame resistant; exhalation valve; Dura-Mesh® shell; Softspun® lining; soft foam nose seal; two adjustable cloth straps; 10 per dispenser.

MAGID ITEM #	SIZE	UOM	DP/CA
M2315N99	Standard	DP	6

### Disposable N99 Respirators w/Exhalation Valve Moldex®

Disposable N99 particulate respirator; heat and flame resistant; exhalation valve; Dura-Mesh® shell; Softspun® lining; NIOSH approved; molded nose bridge; two head straps; 10 per dispenser.

MAGID ITEM #	SIZE	UOM	DP/CA
M2310N99	Standard	DP	6

### Disposable N100 Respirators w/Cool Flow Valve 3M™

Disposable N100 particulate respirator; 3M™ Cool Flow™ exhalation valve; adjustable nose clip; foam face seal; two fully adjustable straps; 10 per dispenser.

MAGID ITEM #	SIZE	UOM	EA/CA
3M8233	Standard	EA	20

### N100 Respirators w/Ventex Valve & Hangable HandyStrap® Moldex®

Disposable N100 particulate respirator; Ventex® exhalation valve; Dura-Mesh® shell; Softspun® lining; HandyStrap allows mask to comfortably hang around users neck when not in use; 5 per dispenser.

MAGID ITEM #	SIZE	UOM	DP/CA
M2730N100	Standard	DP	6

### R95 Respirators with Organic Vapor Relief 3M™

Disposable R95 particulate respirator; nuisance level organic vapor relief; adjustable nose clip; two adjustable head straps; 20 per dispenser.

MAGID ITEM #	SIZE	UOM	DP/CA
3M8247	Standard	DP	6

**R95 Respirators with Acid Gas Relief**  
3M™

Disposable R95 particulate respirator; nuisance level acid gas relief; adjustable nose clip; two head straps; 20 per dispenser.

MAGID ITEM #	SIZE	UOM	DP/CA
3M8246	Standard	DP	6

**R95 Respirators w/Ventex Valve & Hangable HandyStrap®**  
Moldex®

Disposable R95 particulate respirator; heat and flame resistant; Ventex® exhalation valve; Dura-Mesh® shell; Softspun® lining; HandyStrap allows mask to comfortably hang around user's neck; 10 per dispenser.

MAGID ITEM #	SIZE	UOM	DP/CA
M2740R95ML	Standard	DP	10

**Disposable P95 Respirators with OV/AG Relief**  
Magid® Precision Safety®

Three-in-one disposable P95 particulate respirator; nuisance level relief from organic vapors and acid gas; gray pvc full face seal; exhalation valve; adjustable metal nose clip; two latex free straps; 10 per dispenser.

MAGID ITEM #	SIZE	UOM	DP/CA
IR1970P95	Standard	DP	12

**P95 Respirators with Organic Vapor Relief**  
3M™

Disposable P95 particulate respirator; nuisance level acid gas relief; 3M™ Cool Flow™ exhalation valve; adjustable M-nose clip; head neck straps; 20 per dispenser.

MAGID ITEM #	SIZE	UOM	DP/CA
3M8577	Standard	DP	8

**P95 Respirators with Acid Gas Relief**  
3M™

Disposable P95 particulate respirator; nuisance level acid gas relief; 3M™ Cool Flow™ exhalation valve; adjustable M-nose clip; two head straps; 10 per dispenser.

MAGID ITEM #	SIZE	UOM	DP/CA
3M8576	Standard	DP	8

**Disposable P95 Respirators w/Cool Flow Valve**  
3M™

Disposable P95 particulate respirator; 3M™ Cool Flow™ exhalation valve; adjustable M-nose clip; foam face seal; two head straps; 20 per dispenser.

MAGID ITEM #	SIZE	UOM	DP/CA
3M8271	Standard	DP	8

**Disposable P100 Respirators w/Cool Flow Valve**  
3M™

Disposable P100 particulate respirator;  
3M™ Cool Flow™ exhalation valve;  
nose clip; foam face seal; two fully  
adjustable straps; sold individually.

MAGID ITEM #	SIZE	UOM	EA/CA
3M8293	Standard	EA	20

**Disposable P100 Respirators w/Ventex Valve**  
Moldex®

P100 particulate respirator; over  
99.97% filter efficiency of oil  
and non-oil particulates; Ventex®  
exhalation valve; Dura-Mesh shell;  
full foam flange; adjustable cloth  
straps; molded nose bridge; size  
medium/large; 5 per dispenser.

MAGID ITEM #	SIZE	UOM	DP/CA
M2360P100	Standard	DP	4

**Half Face Respirator with P100 Filters**  
3M™ 6000 Series

Half facepiece respirator; TPE material;  
low profile, dual filter design; cradled  
suspension; dual, pre-assembled P100  
particulate filters; optional supplied  
air connection; resealable storage  
bag; P100 NIOSH-42CFR84 approved.

10063227	P95 particulate filter with nuisance level OV removal	2/PK	Varies	

## S-Series Cartridges and Filters for Honeywell® Respirators

### Honeywell®

Cartridges fit Honeywell S-Series reusable respirators

MAGID ITEM #	DESCRIPTION	UOM	QTY/CA	IMAGE
105005	P100 particulate filter; 99.97% efficiency for all particulates	10/DP	Varies	
105110	Organic Vapor cartridge/P100 particulate filter combination: approved for use against organic vapors and 99.97% efficiency for all particulates	4/DP	Varies	
105210	Acid Gas cartridge/P100 particulate filter combination: approved for use against Acid Gases (Chlorine, Hydrogen Chloride, Sulfur Dioxide, Hydrogen Fluoride and Chlorine Dioxide) and Formaldehyde; and 99.97% efficiency for all particulates	4/DP	Varies	
105310	Approved for use against Organic Vapors and Acid Gases (Chlorine, Hydrogen Chloride, Sulfur Dioxide, Hydrogen Fluoride and Chlorine Dioxide) and Formaldehyde	4/DP	Varies	
105410	Ammonia and Methylamine cartridge/P100 particulate filter combination: approved for use against Ammonia and Methylamine; and 99.97% efficiency for all particulates	4/DP	Varies	
105610	Mercury Vapor cartridge/P100 particulate filter combination with End-of-Service Life Indicator: approved for use against Mercury Vapor and Chlorine; and 99.97% efficiency for all particulates	4/DP	Varies	
105810	Multi-Contaminant cartridge/P100 particulate filter combination: approved for use against Organic Vapors, Ammonia, Methylamine, Formaldehyde and Acid Gases (Chlorine, Hydrogen Chloride, Sulfur Dioxide, Hydrogen Fluoride and Chlorine Dioxide)	4/DP	Varies	

## Cartridges and Filters for Comfo® Full and Half-Mask Respirators

MSA Comfo®

Cartridges and filters fit Comfo® Classic, Comfo Elite, Ultra-Twin®, Ultra Elite®, and certain Advantage Respirators with adapter.

MAGID ITEM #	DESCRIPTION	UOM	QTY/CA	IMAGE
816662	N95 particulate prefilter; for use with 489353 snap-on cover	10/PK	Varies	
816287	R95 particulate prefilter; for use with 816287 snap-on cover	20/DP	Varies	
815175	P100 particulate cartridge	10/BX	12 BX	
464031	Certain organic vapors	10/DP	10 DP	
815178	Certain organic vapors; P100 particulate prefilter	6/BX	Varies	
464032	Chlorine, hydrogen chloride, hydrogen sulfide (escape), sulfur and chlorine dioxide	10/BX	10 BX	
815179	Chlorine, hydrogen chloride, hydrogen sulfide (escape), sulfur and chlorine dioxide, P100 particulate prefilter	6/DP	12 DP	
464046	Certain organic vapors, chlorine, hydrogen chloride, hydrogen sulfide (escape), sulfur and chlorine dioxide	10/BX	10 BX	
815180	Certain organic vapors, chlorine, hydrogen chloride, hydrogen sulfide (escape), sulfur and chlorine dioxide, P100 particulate prefilter	6/DP	12 DP	
464033	Ammonia and methylamine	10/BX	10 BX	
815181	Ammonia and methylamine; P100 particulate prefilter	6/DP	8 DP	
815185	Mercury vapor and chlorine	6/DP	8 DP	
492790	Organic vapors, chlorine, hydrogen chloride, sulfur dioxide, hydrogen sulfide (escape), hydrogen fluoride, chlorine dioxide, ammonia, methylamine and formaldehyde	10/DP	8 DP	
815182	Organic vapors, chlorine, hydrogen chloride, sulfur dioxide, hydrogen sulfide (escape), hydrogen fluoride, chlorine dioxide, ammonia, methylamine and formaldehyde; P100 particulate prefilter	6/DP	8 DP	
489353	Reusable snap-on cover; secures 816662 N95 prefilters to gas and vapor cartridges	2/PK	Varies	
489219	Reusable snap-on cover; secures 816287 R95 prefilters to gas and vapor cartridges	2/PK	Varies	

## Cartridges and Filters for Moldex® Full and Half-Mask Respirators

Moldex®

Cartridges and filters Moldex® 7000 and 9000 series reusable respirators.

**MOLDEX**

MAGID ITEM #	DESCRIPTION	UOM	QTY/CA	IMAGE
M8910	N95 particulate prefilter; for use with Moldex® 7020 prefilter retainer	10/BG	10 BG	
M8970	R95 particulate prefilter; for use with Moldex® 7020 prefilter retainer	10/BG	10 BG	
M7940	P100 particulate filter; can be used alone or with Moldex® 7920 piggyback adapter	2/BG	30 BG	
M7960	P100 particulate filter; nuisance organic vapor protection	2/BG	30 BG	
M7990	P100 particulate cartridge	2/BG	30 BG	
M7100	Organic vapors (OV)	2/BG	30 BG	
M7200	Chlorine, hydrogen chloride, sulfur and chlorine dioxide, hydrogen fluoride, or hydrogen sulfide	2/BG	30 BG	
M7300	OVs, chlorine, hydrogen chloride, sulfur and chlorine dioxide, hydrogen fluoride, or hydrogen sulfide	2/BG	30 BG	
M7400	Ammonia or methylamine	2/BG	30 BG	
M7500	Formaldehyde	2/BG	30 BG	
M7600	OVs, Ammonia, Methylamine, Chlorine, Hydrogen Chloride, Formaldehyde, Sulfur and Chlorine Dioxide, Hydrogen Fluoride, and Hydrogen Sulfide	2/BG	30 BG	
M7020	Prefilter retainer; attaches Moldex® 8910 and 8970 particulate prefilters to 7000/9000 series gas and vapor cartridges	2/BG	50 BG	
M7920	Piggyback adapter; attaches Moldex® 7940 particulate filters to 7000/9000 series gas and vapor cartridges	2/BG	30 BG	

**Let Magid solve your toughest safety challenge.**

## Cartridges and Filters for North® N-Series Full Face and Half-Mask Respirators North®

Cartridges and filters fit North® reusable respirators.

MAGID ITEM #	DESCRIPTION	UOM	QTY/CA	IMAGE
N7506N95	N95 particulate pad filter; for use with North N-Series Gas and Vapor Cartridges when used with N750036; can be used with N750037 filter assembly	10/DP	12 DP	
N7531N95	N95 Filter Assembly for use on half mask or full facepiece when cartridges are not used; includes N7506N95 pad filters, N750027 filter covers, and N750015 filter holders	2/DP	12 DP	
N7506N99	N99 particulate pad filter; for use with North N-Series Gas and Vapor Cartridges when used with N750036; can be used with N750037 filter assembly	10/DP	12 DP	
N7531N99	N95 Filter Assembly for use on half mask or full facepiece when cartridges are not used; includes 7506N95 pad filters, N750027 filter covers, and N750015 filter holders; 95% filter efficiency for all particulates	2/PK	12 PK	
N7506R95	R95 particulate pad filter; for use with North N-Series Gas and Vapor Cartridges when used with N750036; can be used with N750037 filter assembly	10/DP	12 DP	
N7531R95	R95 Filter Assembly for use on half mask or full facepiece when cartridges are not used; includes 7506R95 pad filters, N750027 filter covers, and N750015 filter holders. 95% filter efficiency for all particulates; restricted to 8 hours service life if used in atmospheres containing oil-based aerosols	2/DP	12 DP	
N75FFP100	P100 particulate prefilter; can also be used with N750035 adapter; low profile; for use under welding helmets; 99.97% efficiency for all particulates	10/DP	50 DP	
N7580P100B	P100 particulate filter; 99.97% efficiency for all particulates	2/DP	72 DP	
N75001B	Approved for use against Organic Vapors	2/DP	18 DP	
N7581P100B	Organic Vapor cartridge/P100 particulate filter combination: approved for use against organic vapors and 99.97% efficiency for all particulates	2/DP	12 DP	
N75002A	Approved for use against Acid Gases (Chlorine, Hydrogen Chloride, Sulfur Dioxide, Hydrogen Fluoride and Chlorine Dioxide) and Formaldehyde	2/DP	18 DP	
N7582P100B	Acid Gas cartridge/P100 particulate filter combination: approved for use against Acid Gases (Chlorine, Hydrogen Chloride, Sulfur Dioxide, Hydrogen Fluoride and Chlorine Dioxide) and Formaldehyde; and 99.97% efficiency for all particulates	2/DP	12 DP	
N75003B	Approved for use against Organic Vapors and Acid Gases (Chlorine, Hydrogen Chloride, Sulfur Dioxide, Hydrogen Fluoride and Chlorine Dioxide) and Formaldehyde	2/DP	18 DP	
N75004B	Approved for use against Ammonia and Methylamine	2/DP	18 DP	
N7584P100L	Ammonia and Methylamine cartridge/P100 particulate filter combination: approved for use against Ammonia and Methylamine; and 99.97% efficiency for all particulates	2/DP	12 DP	
N75852P100L	Mercury Vapor cartridge/P100 particulate filter combination with End-of-Service Life Indicator: approved for use against Mercury Vapor and Chlorine; and 99.97% efficiency for all particulates	2/DP	12 DP	
N75SC	Defender™ Multi-Purpose cartridge: approved for use against Organic Vapors, Ammonia, Methylamine, Formaldehyde and Acid Gases (Chlorine, Hydrogen Chloride, Sulfur Dioxide, Hydrogen Fluoride and Chlorine Dioxide)	2/DP	18 DP	
N75SCP100B	Defender™ Multi-Purpose cartridge/P100 particulate filter combination: approved for use against Organic Vapors, Ammonia, Methylamine, Formaldehyde and Acid Gases (Chlorine, Hydrogen Chloride, Sulfur Dioxide, Hydrogen Fluoride and Chlorine Dioxide)	2/DP	12 DP	
N750035	Low Profile Filter Adapter: Allows user to stack the 75FFP100 or 75FFP100NL on a North cartridge, converting the filter to a P100 pad filter (may not be used with the Defender)	EA	24 EA	

## Particulate Filters for 3M™ Full and Half-Mask Respirators 3M™

Filters fit 3M FF-400, 6000, 7500, and 7800 series facepieces.

MAGID ITEM #	DESCRIPTION	UOM	BG/CA	IMAGE
3M2071	P95 particulate filter	2/BG	50	
3M2091	P100 HEPA particulate filter	2/BG	50	
3M2097	P100 particulate filter; nuisance level organic vapors	2/BG	50	
3M2076HF	P95 particulate filter; hydrogen fluoride, nuisance level acid gas	2/BG	50	
3M2096	P100 particulate filter; nuisance level acid gas	2/BG	50

### Government Programs

Single source supplier for Government worker safety — delivering cost effective products and services to the military; federal, state and local agencies; and other public sector organizations.

- GSA Schedule 84 contract (GS-07F0385Y)
- Dedicated Government accounts team
- Fast and reliable delivery
- Lower total cost of ownership
- Streamlined procurement

# Eye Protection

The vast majority of work related eye injuries can be prevented by using proper safety eyewear. Magid® provides a full range of comfortable protective eyewear to guard against particles and objects striking or abrading eyes.

## Types of Eye Protection

Safety Glasses

Goggles

Foam lined/Sealed

## Frame Options

Unilens

Half-frame

Full-frame

Adjustable Nosepads

Anti-dust Seal

## Temple Options

Interchangeable Temple

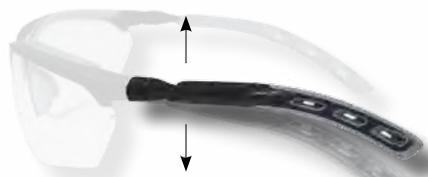

Head Strap

Ratchet

Telescoping Temple

Ratchet Temple

Soft Tips

## Lens Features

### Anti-Fog

Keeps inside of lens from fogging up and obstructing vision. Great for humid conditions.

### Hard Coating

Reduces scratches that obstruct vision and provides longer life for eyewear.

### Readers

Act as a bifocal for improved vision at close range. Available in different diopters to match wearers' vision.

### Lens Color

Available in different lens colors with different properties that help protect workers eyes for specific applications:

#### Clear

Allows maximum light transmission; most popular safety lens; great for indoor applications.

#### Light Grey

Provides a light tint for work outdoors in shaded areas where grey tint does not provide enough light transmission.

#### Amber

Absorbs blue and ultraviolet light making focusing easier; provides greater clarity in fog, haze and low light.

#### Polarized

Eliminates reflected glare providing better vision in sunny environments and reducing eye strain.

#### Blue Mirror

Reduces the amount of light that passes through; lessens glare; enhances color perception; defines contours; helps in high heat applications.

#### Indoor/Outdoor

Uses a light tint that's ideal for moving between indoor or shaded areas to direct sunlight.

#### Grey

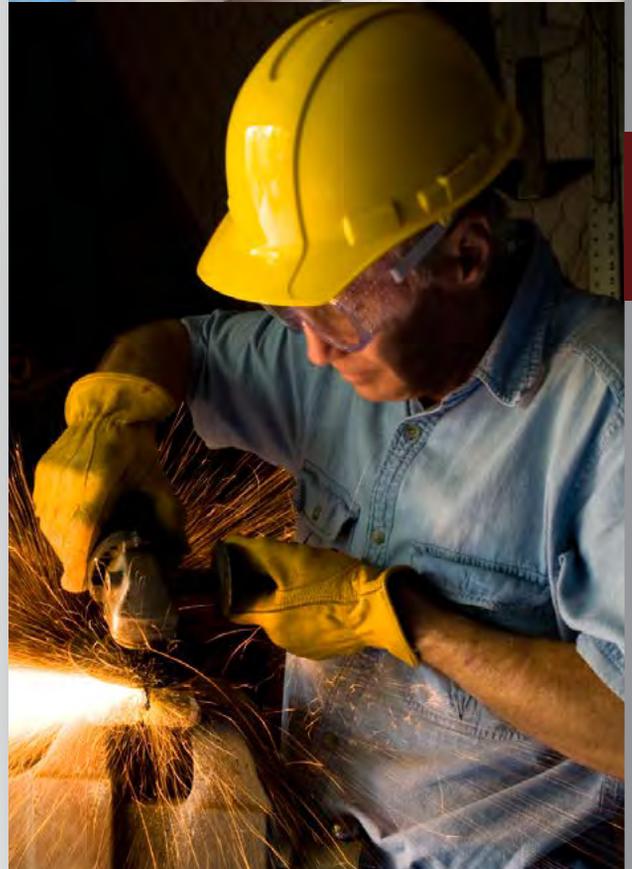

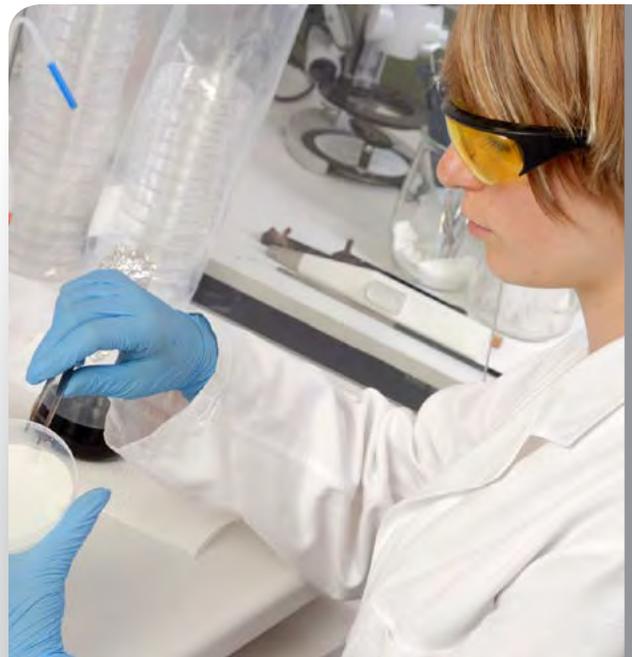

Reduces the amount of light that passes through; effectively dims surroundings.

#### Infrared

Limits hazardous ultraviolet, infrared radiation and blue light suppression. Should not be used for general purpose.

Side Shields

Lens Cleaners

Retainers

Flip-up Lenses

# Magid® Eyewear Program

Magid has teamed up with Essilor Laboratories to manufacture and manage our Prescription Safety Eyewear programs. The Essilor Prescription Safety Eyewear division specializes in creating programs that ensure OSHA compliance in accordance with ANSI-2010 Standards. With a nationally based network of laboratories, panel eyecare providers and field representatives, Magid has the ability to supply quick, accurate support and quality products.

## Program Highlights

- Corporate wholesale pricing
- Dedicated field support for each facility
- 6000+ panel eyecare providers and regional laboratories from coast to coast
- Contract onsite opticians available
- Eye web kiosks available
- Customizable programs by facility
- Custom forms to reflect program allowances determined by safety managers
- Tested and certified to meet and exceed ANSI.1-2010 requirements

## Safety Frames

In a 2008 survey conducted at the National Safety Council Congress, discomfort was found to be the leading cause of PPE non-compliance. Workers complained that their safety glasses were too hot, fit poorly, or were unattractive. With frames from the Titmus/Uvex™, 3M™, ArmouRx™, On-Guard™, and Hudson Optical™ collections; Magid offers styles and sizes to accommodate everyone's needs including non-conductive 70E frames containing no metal parts and full sealed wrap designs for small particle hazards.

### Solutions from Leading Brands

Eliminates static with an antifog solution; silicone-free; total compliance with OSHA standards; 16 oz. refill bottle.

MAGID ITEM #	STYLE	UOM	EA/CA
L211BMREA	16 oz	EA	24

### Protective Eyewear Dispenser

AK Ltd.

Safety glasses dispenser; PETG; holds glasses or goggles; 8" W x 15-3/4" H x 4" D; flip up access door top; wall mountable.

MAGID ITEM #	STYLE	UOM	EA/CA
DPAK22911	8" W x 15-3/4" H x 4" D	EA	1

# Head and Face Protection

Falling objects are among the most serious workplace hazards, and selecting the proper head and face protection is critical to ensuring worker safety. The selection of head and face protection products from Magid® are designed to improve safety and are available in a variety of configurations and styles.

## Types of Head and Face Protection

### Bump Caps

Lightweight, non-ANSI rated caps that protect the head from light contact, but are not made to withstand larger impacts.

### Hard Caps/Hats

Protective helmets with adjustable suspensions that meet the ANSI Z89.1-2009 requirements for impact resistance and electrical insulation.

### Headgear/Faceshields

Can protect wearer's face from light impact, chemical splash and injurious light radiation. Headgear is available in either cap-mounted or head-mounted configurations.

### Welding Helmets

Designed to protect the wearer's eyes, face and neck from flash burn, ultraviolet light, sparks, infrared light and heat.

## Faceshield Materials

**Acetate/Propionate** | Provides the best clarity and the most scratch resistance. Can also be used for chemical splash protection.

**Polycarbonate** | Provides the best impact resistance and heat resistance. It can also be used for arc flash, high heat and radiation protection.

**Polyester** | Economic choice that offers light-to-medium impact protection. Polyester is not appropriate for jobs where workers are exposed to chemicals.

**Mesh** | Provides increased ventilation in high-heat working conditions but may reduce visibility.

**Tinted/Coated** | Depending on the tint/coating, can protect against harmful ultraviolet light, glare, infrared light, arc flash or high heat.

## Hard Hat Classes

<b>Class C</b> (Conductive)	Helmets are not rated for electrical resistance.
<b>Class G</b> (General)	Reduces the danger of exposure to low voltages. Helmets tested up to 2,200 volts.
<b>Class E</b> (Electrical)	Reduces the danger of exposure to high voltages. Helmets tested up to 20,000 volts.

## Top-Vented Bump Caps

Unique Safety Alternatives

Lightweight shell; vented for enhanced breathability; pin-lock suspension with air vents; cotton sweat band; non-ANSI compliant; one-size-fits-all.

Blue plastic; ratchet style; spark deflector; secures 12" or 15.5" faceshields (not included); contour-comfort shape hugs the natural shape of the head and includes a soft, absorbent wrap-around foam-cushioned sweatband.

**Ratchet Headgear with Chin Protector**  
3M™

High-strength headgear with adjustable ratchet suspension includes clear polycarbonate chin protector; for use when extra chin protection is required. 3M™ Faceshield WP98 not included.

MAGID ITEM #	STYLE	UOM	EA/CA
KK	Ratchet	EA	Varies

MAGID ITEM #	STYLE	UOM	EA/CA
HCP8	Ratchet	EA	10

### Replacement Chin Protector for HCP8 Headgear 3M™

Replacement chin protector; for use with HCP8 headgear and WP98 faceshield.

MAGID ITEM #	STYLE	UOM	EA/CA
AO82542	Ratchet	EA	10

### Ratchet Headgear with Thermoplastic Crown 3M™

Adjustable ratchet headgear; thermoplastic crown; adjustable ratchet suspension with five position crown strap; for use with any 3M™ faceshield; meets ANSI Z87.1-2010 standard.

MAGID ITEM #	STYLE	UOM	EA/CA
H8A	Ratchet	EA	10

### Ratchet Headgear with Crown Extender 3M™

Ratchet headgear with crown extender for use with any 3M™ faceshield; high-strength thermoplastic crown provides impact resistance; adjustable ratchet suspension with five position crown strap; meets ANSI Z87.1-2010 standard.

MAGID ITEM #	STYLE	UOM	EA/CA
H10	Ratchet	EA	10

### Ratchet Headgear for Turbosshield Faceshields Uvex® Turbosshield™

Patent-pending, secure visor attachment system; dual material technology for cushioned comfort; suspension system with ergonomic adjustment knobs; ergonomically designed ratcheting headgear mechanism.

MAGID ITEM #	STYLE	UOM	EA/CA
S9500	Ratchet	EA	10

### Universal Headgear for Hard Hats 3M™

Cap-mounted headgear assembly; for use with any 3M™ faceshield; designed to fit most hard hats; two position system locks shield up and out of place when not in use; meets the requirements of ANSI Z87.1-2003.

MAGID ITEM #	STYLE	UOM	EA/CA
H24M	Cap Mount	EA	20

### Aluminum Cap-Mounted Hard Hat Bracket Jackson® Safety

Aluminum material; enables attachment of a variety of Huntsman visors to safety cap; holds 12" or 15.5" visors; locking device holds visor in up/down position depending on user's need; turn button visor attachment.

MAGID ITEM #	STYLE	UOM	EA/CA
KP	Cap Mount	EA	24

### Coil Spring Cap-Mounted Bracket

Jackson® Safety

Silver; fits most safety caps; simple "on-off" attachment/replacement system; holds a variety of Jackson Safety visors; meets CSA standards; cap and faceshield not included.

MAGID ITEM #	STYLE	UOM	EA/CA
3000032	Cap Mount	EA	12

### Cap-Mounted Faceshield Bracket

Fibre-Metal®

4" crown; Speedy® mounting loops; channel grip system provides a positive seal to keep debris from filtering between visor and crown; for use with slotted/non-slotted hard caps; meets current ANSI standards.

MAGID ITEM #	STYLE	UOM	EA/CA
F5400	Cap Mount	EA	Varies

### Aluminum Cap-Mounted Hard Hat Bracket

Bullard® Gold Line®

Gold Line® aluminum material; front-mounting faceshield brackets; resistant to corrosion and heat; ideal for chemical handling and high-heat industrial applications.

MAGID ITEM #	STYLE	UOM	EA/CA
B100G	Cap Mount	EA	25

### Hard Hat Adapter for Peltor Faceshields

3M™ Peltor™

Adapter for Peltor faceshields; fits into most slotted hard hats.

MAGID ITEM #	STYLE	UOM	PR/CA
P3EV210	Cap Mount	PR	5

### Flip-Up Auto-Darkening Welding Helmet

3M™ Speedglas™

Complete helmet assembly; dark shades 8-13; for use with all Stick, MIG and TIG processes; grinding and torch cutting modes; helmet can be lifted to expose faceshield; side windows; 2.1 x 4.2" (9.12 sq in.) viewing area.

MAGID ITEM #	STYLE	UOM	EA/CA
06060020SW	9100X Filter	EA	1
06060030SW	9100XX Filter		

### Auto-Darkening Helmet with Side Windows

3M™ Speedglas™

Complete helmet assembly; dark shades 8-13; sensitivity adjustment allows use with all Stick, MIG and TIG processes; grinding and torch cutting modes; new, more comfortable headgear; side windows; 2.1 x 4.2" (9.12 sq in.) viewing area.

Brass; keyed different; steel shackle; numbering on the locks and keys; brass tag; 1 key per lock.

MAGID ITEM #	UOM	EA/CA
WB11227	EA	Varies

**1" Jaw Steel Lockout Hasp**  
Master Lock® Safety Series™

Allows for lockout of the same piece of equipment by up to 6 workers; tamper-resistant scissor-style; compatible with ML411 padlocks; works with up to (6) " padlocks; 1" jaw.

MAGID ITEM #	UOM	EA/CA
ML420	EA	72

**1½" Jaw Steel Lockout Hasp**  
Master Lock® Safety Series™

Tamper-resistant scissor-style; allows for lockout of the same piece of equipment by up to 6 workers; compatible with ML411 padlocks; works with up to (6) " padlocks; 1½" jaw.

MAGID ITEM #	UOM	EA/CA
ML421	EA	72

**6' Steel Cable Lockout**  
Master Lock® Safety Series™

Safety hasp; 5/32" (4mm) diameter x 6' (1.83m); multi-stranded steel cable; insulated with plastic coating; Zenex™ thermoplastic body; effective in extreme conditions (-50° F to +300° F); high-visibility, re-usable, write-on labels.

MAGID ITEM #	UOM	EA/CA
S806	EA	6

**Lockout for Wide or Tall Circuit Breakers**  
Master Lock® Grip Tight™

Fits wide or tall breaker toggles typically found on hi-voltage/hi-amperage breakers; Grip Tight™ design locks out circuit breakers; adjust to breaker with simple thumb turn and then close clamping handle for a tight grip on the toggle.

MAGID ITEM #	UOM	EA/CA
ML491B	EA	Varies

**Lockout for 120 and 240 Volt Circuit Breakers**  
Master Lock® Grip Tight™

Fits standard height and tie-bar toggles typically found on 120 and 240 volt breakers; Grip Tight™ design locks out circuit breakers; adjust to breaker with simple thumb turn and then close clamping handle for a tight grip on the toggle.

MAGID ITEM #	UOM	EA/CA
ML493B	EA	Varies

**3/8"-1¼" Plastic Ball Valve Lockouts**  
Honeywell B-Safe™

Ball valve lockout has a polypropylene plastic construction. It is fully dielectric and resistant to extreme temperature changes -50°F to 360°F. Locks out ball valves and fits ¾" to 1¼" valves. Sold individually.

MAGID ITEM #	UOM	EA/CA
BS01	EA	24

**1½" to 2½" Plastic Ball Valve Lockouts**  
Honeywell B-Safe™

Ball valve lockout has a polypropylene plastic construction. It is fully dielectric and resistant to extreme temperature changes -50°F to 360°F. Locks out ball valves and fits 1½" to 2½" valves. Sold individually.

MAGID ITEM #	UOM	EA/CA
BS02	EA	24

**Original Cable Lockout**  
Brady®

Red; body is made of impact modified nylon; squeeze device to tighten cable; to use insert your padlock to secure the handle; 6' x ¼" diameter cable included.

MAGID ITEM #	UOM	EA/CA
BR653	EA	16

**1" Aluminum Alloy Lockout Hasp**  
Osborn®

Protects all types of control units and levers; red-vinyl coated; 2" body height; 1½" body width; capacity to hold 6 ¼" locks.

MAGID ITEM #	UOM	EA/CA
OG80	EA	Varies

**1½" Aluminum Alloy Lockout Hasp**  
Osborn®

Protects all types of control units and levers; red-vinyl coated; 2" body height; 1½" body width; capacity to hold 6 ¼" locks.

MAGID ITEM #	UOM	EA/CA
OG802	EA	Varies

**Steel Group Lock Box**  
Master Lock® Safety Series™

Red lockout color for identification; made of steel; up to 13 workers can apply their personal safety locks; 9¼" x 3¾" x 6".

MAGID ITEM #	UOM	EA/CA
ML498A	EA	Varies

**Metal Wall Lock Box**  
Brady®

Red; made with powder-coated steel; key slot on top; clear Lexan window slides out when locks are removed; key pegs and ID labels included; predrilled holes; 7 key pegs hold 5 keys each; 7 lock holes along bottom; 7"H x 8"W x 2¼"D.

MAGID ITEM #	UOM	EA/CA
BR1057	EA	Varies

**Portable Plastic Lock Box**  
Brady®

Red; isoplast box; polycarbonate window; 12 hooks for hanging keys, locks, etc.; holds up to 16 padlocks.

MAGID ITEM #	UOM	EA/CA
BR509	EA	1

**Portable Lock Box**  
Brady®

Red; heavy duty steel; powder coated for extra rust resistance; accommodates up to 13 padlocks (locks not included) and can be used to store up to 40 padlocks; slot in front allows keys to be inserted when box is locked.

MAGID ITEM #	UOM	EA/CA
BR656	EA	Varies

**Portable Steel Storage/Group Lock Box**  
Emedco®

Red steel box has a lockable storage compartment for supplies and a clear lexan window to check that all points are locked; stores equipment while functioning as a group lock box; 6" x 7¾" x 12¼".

MAGID ITEM #	UOM	EA/CA
TALB4RD	EA	Varies

**Charcoal 4X Portable Multigas Detector**  
MSA® ALTAIR®

Multigas detector tests for LEL, O<sub>2</sub>, CO<sub>2</sub>, H<sub>2</sub>S; large buttons and high-contrast screen; four-year sensor life; 24-hour run time; charcoal ribbed rubber housing; portable device.

MAGID ITEM #	UOM	EA/CA
10107602	EA	Varies

**Phosphorescent 4X Portable Multigas Detector**  
MSA® ALTAIR®

Multigas detector tests for LEL, O<sub>2</sub>, CO<sub>2</sub>, H<sub>2</sub>S; large buttons and high-contrast screen; four-year sensor life; 24-hour run time; phosphorescent ribbed rubber housing; portable device.

MAGID ITEM #	UOM	EA/CA
10107603	EA	Varies

**5X Multigas Detector**  
MSA® ALTAIR®

Tests levels of combustible gases in LEL and/or volume percentage range, O<sub>2</sub>, CO<sub>2</sub>, H<sub>2</sub>S, SO<sub>2</sub> and NO<sub>2</sub>, and many others depending on sensor configuration; XCell sensors; rapid bump test; InstantAlert; MotionAlert; black polycarbonate housing.

MAGID ITEM #	UOM	EA/CA
10116926	EA	Varies

**Carbon Monoxide Monitor with Vibrating Alarm**  
Honeywell® Analytix®

Single-sensor gas detector with replaceable battery and sensor; fully serviceable, reusable with continuous real-time gas readings; weighs 3.5 oz.; includes data logging; compact and rugged, clear polycarbonate with TPE overmold.

MAGID ITEM #	UOM	EA/CA
544501VD	EA	Varies

**IQ Express™ Dock With Software**  
Honeywell® Analytix®

Black; used for the ToxiPro® and ToxiLtd® single-gas detectors; helps to improve compliance and reduce labor and calibration costs; ethernet ready.

MAGID ITEM #	UOM	EA/CA
54469100N	EA	Varies

**IQ Express™ Ethernet Ready Docking Station**  
Honeywell® Analytix®

Black; used for the ToxiPro® and ToxiLtd® single-gas detectors; helps to improve compliance and reduce labor and calibration costs; ethernet ready; IQ express dock; includes software.

MAGID ITEM #	UOM	EA/CA
54549200N5	EA	4

**Portable 4-Gas Detector**  
Honeywell® Analytix®

4-gas detector; LEL, O<sub>2</sub>, H<sub>2</sub>S, CO; lightweight; simple one-button controls; visual, vibrating, and audible alarms; full-function self testing on startup.

MAGID ITEM #	UOM	EA/CA
5448314NYD	EA	Varies

**6-Gas Detector with IQ Management System**  
Honeywell® Analytics®

6-gas detector; 16 sensor options including electrochemical, LEL, PID and infrared; IQ Management System monitors the health of your gas safety program continuously; polycarbonate case with TPE overmold.

**Honeywell**

MAGID ITEM #	UOM	EA/CA
5453A01028	EA	Varies

**Self-Testing Portable 4-Gas Detector**  
Honeywell® Analytics®

4-gas detector; LEL, O<sub>2</sub>, H<sub>2</sub>S, CO; lightweight; simple one-button controls; visual, vibrating, and audible alarms; polycarbonate frame with a rubber overmold.

**Honeywell**

MAGID ITEM #	UOM	EA/CA
MC2XWHMYNA	EA	Varies

**Heat Stress Monitor Datalogging Kit**  
3M™ QUESTemp™

Data logging thermal environment monitor; includes QUESTemp 34 unit with 6" style globe sensor and standard accessories; real-time readings for wet/dry bulb, globe, WBGT indoor/outdoor, relative humidity and heat index.

**3M**

MAGID ITEM #	UOM	EA/CA
QUESTEMP34	EA	1

**Gas Leak Detection Instrument**  
SENSIT® GOLD™

Yellow; portable gas leak detector; multi-gas confined space monitor; displays up to 4 gases; bright graphic display; visual and audible alarms; adjustable tick-dial leak detection.

**SENSIT**  
Technologies

MAGID ITEM #	UOM	EA/CA
91000100H	EA	1

**Calibration Gas**  
MSA®

Aluminum cylinder material; quad gas mix: 1.45% methane, 15% oxygen, 60ppm carbon monoxide, 20ppm hydrogen sulfide; 500 PSig; 34 or 58 liters; 11" x 2.75"; weighs 1 lb. 1 oz.; accompanied with an MSDS sheet and a certificate of analysis.

**MSA**  
The Safety Company

MAGID ITEM #	UOM	EA/CA
10048280	EA	Varies

**Automated Calibration Test System**  
MSA® GALAXY®

Stand alone system, no computer required; high-strength polycarbonate; high quality auto calibration; in-line gas cylinder holder; industry standard memory card; easy-to-understand pass/fail indicators; used with Altair5 Instruments.

**MSA**  
The Safety Company

MAGID ITEM #	UOM	EA/CA
10090592	EA	Varies

**Calibration Testing Gas Cylinders**  
MSA®

Gas mixture in calibration gas cylinders is certified to be prepared gravimetrically, using NIST traceable weights; 1.45% CH<sub>4</sub>, 15% O<sub>2</sub>, 60PPM CO, 20PPM H<sub>2</sub>S, 10PPM SO<sub>2</sub>.

MAGID ITEM #	UOM	EA/CA
10117738	EA	Varies

**Dual-Gauge Pressure Regulator**  
MSA®

High pressure air cylinder pressure regulator; used to assemble a cascade system; 0-5500 PSI.

MAGID ITEM #	UOM	EA/CA
633352	EA	Varies

**Multicomponent Calibration Gas Cylinders**  
Honeywell® Analytics®

Propane Equivalent 50% LEL, 50 ppm CO, 25 ppm H<sub>2</sub>S; one year shelf life; 58 liters; not for use with CO+ or Tox1 sensors.

MAGID ITEM #	UOM	EA/CA
549044E	EA	Varies

**Automatic Calibration Station**  
SENSIT® SMART-CAL™

Automatically bump, calibrate, download and save calibration and bump test data; calibration data; time, date, sensor and pump performance data stored in the calibrator; automatic uploading from calibrator; used with most SENSIT® and TRAK-IT® devices.

MAGID ITEM #	UOM	EA/CA
9140000001	EA	1

**ColorMatic Aerosol Carbon Filter**  
American Gas®

4" diameter steel spring filter; contains coalescing equipment; eliminates odor from the gas.

MAGID ITEM #	UOM	EA/CA
AG2009	EA	Varies

**Aerosol Can-Emitor**  
American Gas®

Accepts all sizes of aerosol cans; empties and depressurizes aerosol cans in seconds; sealed evacuation chamber; seals with a spring loaded locking device; weighs 15 lbs and measures 24" long; complies with both EPA and OSHA guidelines.

MAGID ITEM #	UOM	EA/CA
AGJ7	EA	1

**Calibration Gas**  
Norco® NorLab®

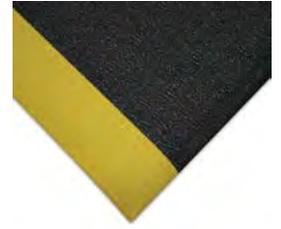

Calibration gas containing either 1.45% methane/LEL, 15% oxygen, 60 ppm carbon monoxide, and 20 ppm hydrogen sulfide.

MAGID ITEM #	UOM	EA/CA
F105320PM1	EA	Varies

**PVC Blown Sponge Floor Mat**  
Wearwell® SoftStep™

Black/yellow; made with PVC blown sponge; pebbled surface; provides a barrier from hard floors; 3/8" thick; 2' x 60'.

MAGID ITEM #	UOM	EA/CA
427	EA	Varies

**Rubber Floor Mat**  
Wearwell® Corrugated SpongeCote™

Black; corrugated surface; provides a solution for durability and productivity enhancement; Flexlink PVC sponge base; 7/8" thick; 3' x 60'.

MAGID ITEM #	UOM	RL/CA
431	RL	Varies

**PVC Blown Sponge Floor Mat**  
Wearwell® Deluxe SoftStep™

Black/yellow; made with PVC blown sponge; pebbled surface; provides a barrier from hard floors; 3/8" thick; 2' x 3'.

MAGID ITEM #	UOM	EA/CA
444	EA	Varies

**Grease Resistant Rubber Floor Mat**  
Wearwell® WorkSafe®

Black; made with grease resistant natural rubber; anti-fatigue matting; versatile configuration; 7/8" thick; 18' x 24'.

MAGID ITEM #	UOM	EA/CA
477	EA	Varies

**Abrasive Coated Kushion Walk Slotted Floor Mat**  
Wearwell® Kushion Walk

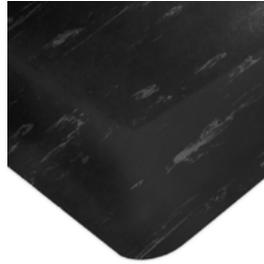

Black; slotted floor design; abrasion coated; GritShield surface; specifically designed for high coefficient of friction; highly cut resistant; 3/8" thick; 2' x 60'.

MAGID ITEM #	UOM	EA/CA
480	EA	Varies

**PVC Anti-Fatigue Mat**  
Wearwell® Tile-Top™ Select

Available in black, blue or grey; made with durable PVC; marbelized anti-fatigue mat; chemical-resistant; lightly textured (almost smooth); offers "Flex-Link" sponge, a closed cell PVC foam; 7/8" thick; 2' x 3'.

MAGID ITEM #	UOM	EA/CA
494BLK2X3	EA	Varies
494BLU2X3		
494GRY2X3		

**Laminated Diamond Plate Anti-Fatigue Floor Mat**  
Wearwell® SMART®

Black; made with 100% recycled urethane composite sponge; laminated diamond plate design; 1" thick; 2' x 3'.

MAGID ITEM #	UOM	EA/CA
497	EA	Varies

**Heavy-Duty Open Grid Tiles and Ramps Flooring**  
Wearwell® ErgoDeck®

Black; made with 100% silicone-free PVC tiles; Positive Interlocking System™; provides standing relief in wet or dry applications; open mat design; firm compound; underside box-spring design; impact absorption; 7/8" thick; 18" x 18".

MAGID ITEM #	UOM	QTY/CA
560	CA	10

**PVC Anti-Fatigue Flooring**  
Wearwell® ErgoDeck® Heavy Duty Open

Black; 100% silicone-free PVC tiles; LockSafe Positive Interlocking System™; provides standing relief in wet or dry applications; firm compound great for carts to roll over; underside box-spring design; impact absorption 7/8" thick; 18" x 18".

MAGID ITEM #	UOM	EA/CA
561	EA	1

**Solid PVC Flooring**  
Wearwell® ErgoDeck® Heavy Duty

Black; made with 100% silicone free PVC tiles; Positive Interlocking System™; best in areas with heavy cart and foot traffic; firm compound; underside box-spring design; impact absorption; 7/8" thick; 18" x 18".

MAGID ITEM #	UOM	EA/CA
562	EA	Varies

**Open PVC Flooring**  
Wearwell® ErgoDeck® General Purpose

Grey; 100% silicone-free PVC tile; provides a stable, solid, foundation underfoot; LockSafe™ Positive Interlocking System; raised textured design; box-spring foundation; open style for drainage; anti-fatigue; 7/8" thick; 18" x 18".

MAGID ITEM #	UOM	EA/CA
564	EA	1

**PVC Flooring with GritShield™**  
Wearwell® ErgoDeck® General Purpose

Grey; made with 100% silicone free PVC tiles; LockSafe Positive Interlocking System™; increases traction by 40%; 7/8" thickness; 18" x 18".

MAGID ITEM #	UOM	EA/CA
565	EA	Varies

**Solid PVC Anti-Fatigue Flooring**  
Wearwell® ErgoDeck® General Purpose

Grey; made with 100% silicone free PVC tiles; provides a stable, solid, and resilient foundation underfoot; raised textured design; box-spring foundation; anti-fatigue mat; Interlocking System; 7/8" thickness; 18" x 18".

MAGID ITEM #	UOM	QTY/CA
566	CA	10

**Grease Resistant Rubber Anti-Fatigue Floor Mat**  
Wearwell® 24/Seven®

Black; interconnecting rubber anti-fatigue mat; provides cushioned support; resistant to grease; measures 3' x 3'.

MAGID ITEM #	UOM	EA/CA
570	EA	Varies

**Grease Proof Nitrile Rubber Anti-Fatigue Mat**  
Wearwell® 24/Seven® with GritShield™

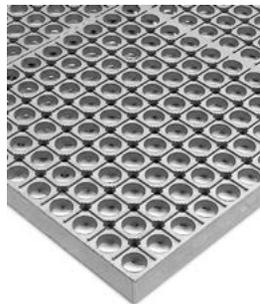

Black; made with NBR rubber compound for petroleum-based fluids; interconnecting rubber anti-fatigue mat; 16mm thick; provides cushioned support; 7/8" thick; measures 3" x 3".

MAGID ITEM #	UOM	EA/CA
574	EA	Varies

**Nitrile Rubber Linkable Floor Mat**  
Anderson Company® Happy Feet™

Black; constructed with a dense cushion encapsulated nitrile rubber; oil/grease proof; electrically conductive; cleated back; grip surface maximize traction; 3" x 5".

MAGID ITEM #	UOM	EA/CA
478	EA	Varies

**Vinyl Diamond-Plate Anti-Fatigue Floor Mat**  
NoTrax® Cushion Trax®

Black/yellow; vinyl diamond-plate design; made with 100% recycled PVC; combined with dense closed cell foam base; NoTrax® exclusive UniFusion™ technology; sloped beveled foam on all 4 underside; RedStop™ to eliminate mat slippage; 3" x 10".

MAGID ITEM #	UOM	EA/CA
479	EA	Varies

### Foam Rubber Pocket Kneeler with Handle

Working Concepts® ErgoKneel®

Black; made of heavy, resilient, closed-cell foam rubber; 1" thick foam; portable; resists compression set; absorbs liquids; impervious to oil and other petroleum products; self-extinguishing; reduces knee trauma; 8" x 16".

MAGID ITEM #	UOM	EA/CA
5040	EA	24

### Foam Rubber Kneeling Mat

Working Concepts® ErgoKneel®

Black; made of heavy, resilient, closed-cell foam rubber; will not compress or absorb liquids; impervious to oil and other petroleum products; self-extinguishing; reduces knee trauma; 14" x 21".

MAGID ITEM #	UOM	EA/CA
5050	EA	12

### SBR Rubber Anti-Fatigue Safety Mat

NoTrax® Ergo Mat™

Black; corrugated ribbed top surface made of SBR rubber; dense closed cell foam base; UniFusion™ bond guaranteed for life of the mat; sloped beveled foam on all 4 undersides; RedStop™ to eliminate mat slippage; 4" x 6".

MAGID ITEM #	UOM	EA/CA
974	EA	Varies

### Vinyl Diamond-Plate Anti-Fatigue Safety Mat

NoTrax® Saddle Trax™

Black; durable vinyl diamond-plate top surface made with 100% recycled PVC; dense closed cell foam base utilizing NoTrax® exclusive UniFusion™ technology; sloped beveled foam on all 4 undersides; certified by the NFSI.

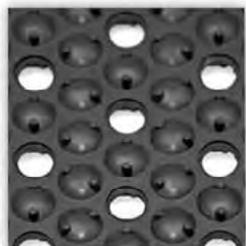

MAGID ITEM #	UOM	EA/CA
979	EA	Varies

### Nitrile Ergonomic Drain Mat

Barefoot®

Black; made with quality blended nitrile rubber; high degree of oil resistance; 2" x 3".

MAGID ITEM #	UOM	EA/CA
NBFD	EA	Varies

### 30 Layer Contamination Control Mat

Purus Tacky Mat®

White; 30 layer contamination control mat; removes dirt and dust from foot traffic and equipment wheels; each layer fully coated with a particle grabbing adhesive; quick and easy removal of top layer exposes the next layer; 24" x 36".

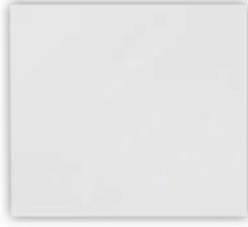

MAGID ITEM #	UOM	QTY/CA
PM243638W	CA	8

### 60 Layer Contamination Control Mat

Purus Tacky Mat®

White; 60 layer contamination control mat; removes dirt and dust from foot traffic and equipment wheels; each layer fully coated with a particle grabbing adhesive; quick and easy removal of top layer exposes the next layer; 36" x 45".

MAGID ITEM #	UOM	QTY/CA
PM364564W	CA	4

### Convex Indoor Mirrors

Se-Kure®

Lightweight; fade-proof; unbreakable; top-quality silvering and near-perfect convexing to provide wide angles; long lasting for years of service.

MAGID ITEM #	UOM	EA/CA
CVI12	EA (12")	Varies
CVI18	EA (18")	
CVI30	EA (30")	
CVI36	EA (36")	

### Convex Outdoor Mirrors

Se-Kure®

Made of premium quality shatter-resistant acrylic lenses; virtually unbreakable, long lasting, and lightweight; convex is 20% brighter and has less distortion mirror than glass; treated hardboard back.

MAGID ITEM #	UOM	EA/CA
CVO12	EA (12")	Varies
CVO18	EA (18")	
CVO30	EA (30")	
CVO36	EA (36")	

### Half Dome Mirrors

Se-Kure®

Mounts on walls or ceilings; use at three-way intersections for pedestrian traffic or on the wall for clear visibility of aisles; mounting hardware included.

MAGID ITEM #	UOM	EA/CA
ONV18018	EA (18")	Varies
ONV18026	EA (26")	
ONV18032	EA (32")	
ONV18036	EA (36")	

### 360 Degree Dome Mirrors

Se-Kure®

Lightweight and made of plexi-view acrylic; helps keep an entire room in view from one spot; visibility from all 4 directions to aid in safety and security.

MAGID ITEM #	UOM	EA/CA
ONV36018	EA (18")	Varies
ONV36026	EA (26")	
ONV36032	EA (32")	
ONV36036	EA (36")	

### 18" Quarter Dome Mirror

Se-Kure®

Provides 90 degrees of viewing; especially useful at "L" intersections to help eliminate blind spots; covers areas up to 50 sq. ft.; all mounting hardware is included for an easy installation.

MAGID ITEM #	UOM	EA/CA
ONV9018	EA (18")	Varies
ONV9032	EA (32")	

### Dual Protection Self Retracting Safety Knife

OLFA® SK-6

Flex-Guard™ safety knife; automatic protection system; extending guard surrounds the round tip blade when blade loses contact with cutting surface; right or left hand use. Use OLFA RSKB replacement blade only; 0.31" cutting depth.

MAGID ITEM #	UOM	EA/CA
O1060595	EA	Varies
O9615	10/DP Blades	
O9616	50/DP Blades	

### Semi Automatic Self Retracting Safety Knife

OLFA® SK-4

Versatile self-retractable safety cutter that can use optional round tip or hook blade; right or left hand use; blade automatically retracts when it loses contact with cutting surface; use OLFA SKB replacement blades; .75" cutting capacity.

MAGID ITEM #	UOM	EA/CA
O9048	EA	Varies
O9613	10/DP Blades	
O9614	50/DP Blades	

### Fully Automatic Self Retracting Safety Knife

OLFA® SK-8

Blade automatically retracts whether thumb is on or off the blade side; anti-slip cushion grip handle; metal tip; for right or left hand use; use replacement blade O1077173; 0.59" cutting depth.

MAGID ITEM #	UOM	EA/CA
O1077171	EA	Varies
O1077173	10/DP Blades	

### Self-Retracting Safety Knife with Tape Slitter

OLFA® SK-9

Self-retracting, spring-activated blade; rounded metal tip; built in metal tape slitter; finger groove on the back; for use with left or right hand; 0.75" cutting depth.

MAGID ITEM #	UOM	EA/CA
SK9	EA	Varies
O9613	10/DP Blades	
O9614	50/DP Blades	

### Concealed Blade Safety Knife

OLFA® SK-10

Adjustable blade positioning design; 4 cutting points; high-quality, Japanese grade carbon tool steel blade; 5/32" (4mm) throat inlet; stainless steel tape slitter; acetone resistant material; fits both right- and left-handed users.

MAGID ITEM #	UOM	EA/CA
SK100	EA	Varies
O1096855	10/DP Blades	

### Carton Opener

OLO® Carton Cutter

Double protection system; self-guiding opener; ergonomic design; made of high-impact ABS plastic; prevents damage to merchandise; allows adjustable positioning of blade.

MAGID ITEM #	UOM	QTY/CA
J201B12	12/CA	Varies
USB11520	100/BX Blades	

**Squeeze Lever Safety Knife**  
Martor® Martego

Squeeze lever and ergonomic design; unique blade rotation mechanism to move effectively and cut thin materials.

MAGID ITEM #	UOM	EA/CA
122001M	EA	Varies

**Shallow-Cutting Self-Retracting Safety Knife**  
Martor® Merak

Black with blue details; GS-tested safety knife; fully automatic blade retraction; made with high quality plastics; ergonomic design; shallow cutting depth of 11 mm; easy blade release for replacing.

MAGID ITEM #	UOM	EA/CA
124001	EA	Varies

**Self-Retracting Safety Knife w/ 2-Sided Slider**  
Martor® Maxisafe

Blade contracts when contact is lost with cutting surface; 2 sided slider for right and left handed use; G-S tested for safety.

MAGID ITEM #	UOM	EA/CA
101106	EA	Varies

**Self-Retracting Safety Knife w/ 3-Sided Slider**  
Martor® Maxisafe

Blade contracts when contact is lost with cutting surface; 3-sided slider for right hand, left hand, or thumb operation.

MAGID ITEM #	UOM	EA/CA
101806	EA	Varies

**Aluminum Body Self-Retracting Safety Knife**  
Martor® Megasafe

Aluminum handle; blade contracts when contact is lost with cutting surface; handle a straight or hook blade; right and left handed use; G-S tested for safety; comes round tip blade installed.

MAGID ITEM #	UOM	EA/CA
116001	EA	Varies

**Material Cutter**  
Martor® Combi

Simplified blade change capability; integrated tape opener for cardboard boxes; blade contracts when contact is lost with cutting surface; G-S tested for safety; includes replaceable 0.40 mm blade.

MAGID ITEM #	UOM	EA/CA
109137	EA	Varies

### Heavy-Duty Sheet Material Cutter

Martor® Ruck-Zuck

Glass fiber-reinforced polyamide handle; heavy-duty sheet material cutter; blade contracts when contact is lost with cutting surface; includes replaceable 0.40 mm blade.

**MARTOR** USA  
The Safer Cutting Specialists™

MAGID ITEM #	UOM	EA/CA
55137	EA	Varies

### Safety Cutter Blades

Martor® Martego

Replacement blades; 100 per dispenser pack.

The Safer Cutting Specialists™

MAGID ITEM #	UOM	DP/CA
99	DP	Varies

### Blunt Tip Replacement Blades

Martor® Maxisafe

Replacement blades; blunt tip blade; right and left handed use.

**MARTOR** USA  
The Safer Cutting Specialists™

MAGID ITEM #	UOM	DP/CA
R99	DP	Varies

### Switchblade Utility Knife

Hyde Tools®

High-visibility orange finish; durable and lightweight aluminum; blade contracts when contact is lost with cutting surface; includes rounded tip blade.

**HYDE**

MAGID ITEM #	UOM	EA/CA
H42066	EA	Varies

### Locking Safety Knife

Lewis™

Spring-loaded, locking safety hood over the blade; automatic safety hood snaps shut and locks once contact is lost with the cutting surface; 2 depth settings; easy blade changing with no tools required; ergonomically designed to be used with right or left hand; made in the USA.

**LEWIS**

MAGID ITEM #	UOM	EA/CA
K710	EA	144

**Utility Knife with Double Wall Blade**  
Klever Innovations® X-Change™

Yellow; heavy-duty titanium coated double wall blades; interchangeable head design allows you to keep handle and replace blades; ergonomic 'Soft Touch' handle; recessed blade; tape splitter on end.

MAGID ITEM #	UOM	EA/CA
KCJXCY30	EA	Varies

**Dual Carbon Steel Utility Knife**  
Klever Innovations® Klever Kutter™

Black; dual carbon steel blade; recessed blade; unique cardboard piercing shape; dual hook design lasts twice as long as single blade cutters.

MAGID ITEM #	UOM	EA/CA
KLEVERKUT	EA	1000

**5" Self Retracting Utility Knife**  
Stanley®

Orange body; interlocking nose secures blade safely between knife halves; spring-loaded blade retracts into knife when pressure on slide button is released; 5".

MAGID ITEM #	UOM	EA/CA
S10189	EA	36

**Industrial Wipers**  
Kimberly-Clark® WYPALL®

White; industrial wipers; pop-up dispensing box; removes soils and liquids from face and hands; 10" x 9.8" wipers.

MAGID ITEM #	UOM	QTY/CA
KC03046	CA	810

**Precision Tissue Wipers**  
Kimberly-Clark® KimTech Science®

White; low-linting; single-ply; soft and absorbent; anti-static dispensing; each wiper measures 4.5" x 8.5".

MAGID ITEM #	UOM	QTY/CA
KC05511	CA	16,800

**Light-Duty General Purpose Wipers**  
Kimberly-Clark® WYPALL®

White, reinforced extended-use HYDROKNIT® fabric wiper for light-duty tasks such as applying lubricants, vehicle and equipment clean-ups, and low lint glass cleaning; economical rag replacement; pop-up box dispenser sold by the case.

MAGID ITEM #	UOM	QTY/CA
KC05701	CA	1008

### General Purpose Wipers

Kimberly-Clark® WYPALL®

White, general purpose, lightweight DRC wiper ideal for a variety of light-duty maintenance, processing and janitorial wiping tasks; sold by the case; comes folded (KC05812) or in rolls (KC05841).

Kimberly-Clark

MAGID ITEM #	UOM	QTY/CA
KC05812	CA	1080 950
KC05841		

### Clean Manufacturing Wipers for Solvents

Kimberly-Clark® Kimtech Prep® WetTask®

Blue, HYDROKNIT® fabric wipers compatible for use with solvents, detergents, and water-based cleansers; used in the WetTask® refillable wiping system; enclosed system reduces exposure to chemical vapors and splashes; sold by the case.

Kimberly-Clark

MAGID ITEM #	UOM	QTY/CA
KC06001	CA	360

### Delicate Task Wipes

Kimberly-Clark® KimTech Science® Kimwipes®

White; used for delicate, light-duty tasks; single-ply; wipes up liquid and dust; anti-stat dispensing; one-at-a-time dispensing; wipes measure 4.4" x 8.4".

Kimberly-Clark

MAGID ITEM #	UOM	QTY/CA
KC34155	CA	16,800

### Heavy-Duty Fabric Shop Wiper Towels

Kimberly-Clark® WYPALL®

White, heavy-duty HYDROKNIT® wipers for machine, part and metal shaving wiping, cleaning rough surfaces and prepping surfaces with solvents; cost-effective replacement; sold by the case; comes folded (KC41026) or in rolls (KC41025).

**Hand Cleaning Towels**  
Gojo® Fast Wipes®

Pre-moistened general purpose wipers ideal for quick cleanup of light greases and oils; for use in service vehicles, on the workbench, at the job site and wherever water is not available; comes in durable plastic bucket; sold by the case.

MAGID ITEM #	UOM	QTY/CA
GJ6298	CA	520
GJ6299	CA	450

**Heavyweight Polyester Cleanroom Wipers**  
Texwipe® AlphaWipe®

Ultraclean, highly absorbent, continuous-filament 100% polyester wiper; double knit no-run interlock pattern; solvent-safe cleanroom packaging; resist abrasion under rigorous use or when wiping rough surfaces; ISO Class 5-6.

MAGID ITEM #	UOM	BG/CA
TX1009	BG	10

**Blended Nonwoven Pre-Wetted Cleanroom Wipers**  
Texwipe® TechniSat®

Nonwoven, polyester/cellulose wiper saturated with 70% Isopropyl Alcohol (IPA) solution; perf-separated wipers on continuous roll; optimum saturation level and consistent concentration provide consistent cleaning; ISO Class 3-7.

MAGID ITEM #	UOM	QTY/CA
TX1045	CA	1200

**Cotton Twill Specialty Cleanroom Wipers**  
Texwipe®

Strong cotton wiper, double-sided, twill-pattern with 118 x 60 threads per square inch; bias cut to minimize fraying; ideal for high temperature applications, spill removal, work surfaces and static dissipative applications; ISO Class 6-8.

MAGID ITEM #	UOM	BG/CA
TX309	BG	10

**Blended Nonwoven Cleanroom Wipers**  
Texwipe® TechniCloth®

Nonwoven fabric blend of 55% cellulose and 45% polyester for cleaning and spill control in critical environments; lowest level of releasable ions and non-volatile contaminants; contains no chemical binders and tolerates most standard solvents; ISO Class 6-8.

MAGID ITEM #	UOM	BG/CA
TX609	BG	10

**Large General-Purpose Rectangular Head Swabs**  
Texwipe®

Rectangular, large general-purpose swab with flexible foam head; rigid internal paddle; large polypropylene handle; ideal for cleaning surfaces; head is 15mm (0.59") x 25mm (0.98") and 8.8mm (0.35") thick; total length of 131mm (5.2").

MAGID ITEM #	UOM	BG/CA
TX707A	BG	10

**Reclaimed Rags**  
NuTrends®

White; rag constructed with reclaimed clothing; made with cotton-grade t-shirt; low-cost alternative to general wipers; average size 14" x 16".

# Fall Protection

Falls from heights of 6 feet or more are a common source of injuries and workers' compensation claims. Selecting and using the proper equipment is the best way to prevent and minimize the effects of these falls and injuries. The full range of advanced fall protection systems offered by Magid® include the latest technology and construction to ensure your workers are safe and compliant, without sacrificing comfort.

## Types of Fall Protection

### Harnesses

Anchors the wearer to a fall protection system via D-rings at the back and/or sides. In case of a fall, harnesses secure the wearer and distribute weight among the shoulders, torso and hips.

### Shock-Absorbing Lanyards

Connects the harness to an anchor point, limiting potential falls to the length of the lanyard. Shock-absorbers prevent injury by reducing the force of impact at the end of a fall.

### Self-Retracting Lanyards

Uses a galvanized wire or nylon web lanyard that retracts from a spool, offering improved freedom of movement. A rapid descent will trigger the retraction mechanism to lock, stopping falls quickly.

### Confined Space and Rescue

Uses tripods and other hoist systems designed to raise and lower workers in and out of confined spaces such as manholes.

### Anchorage Connectors

Connects the wearer to fixed structures such as I-beams and rails.

### Suspension Trauma Devices

Alleviates the effects of orthostatic intolerance, also known as suspension trauma.

### Vest Style Full Body Harness

MSA TechnaCurv®

Red; vest style; Qwik-Fit chest buckle; tongue leg buckles; back, chest, and two hip rings; 400 lb. capacity; meets applicable ANSI, OSHA and CSA requirements.

**Adjustable Shock-Absorbing Lanyard**  
MSA Sure-Stop™

Yellow nylon; 6' long; 36C connectors at harness and anchorage end; adjustable; tear-tape design to keep fall arrest forces below 900 lbs.; meets applicable OSHA and ANSI requirements; R10088266 uses 36CL on anchorage ends.

MAGID ITEM #	SIZE	UOM	EA/CA
R10088259	Single-Leg	EA	Varies
R10088267	Twin-Leg		

**Twin-Leg Adjustable Shock Absorbing Lanyard**  
MSA Sure-Stop™

Yellow; nylon; Twin-Leg design; 6' long; adjustable; 36C connectors at harness and anchorage end; snap hooks; meets applicable OSHA and ANSI requirements.

MAGID ITEM #	SIZE	UOM	EA/CA
R10088265	Twin-Leg	EA	10

**Twin-Leg Shock Absorbing Lanyard**  
MSA ArcSafe®

Yellow; hitch loop harness connection; 36C anchorage connection; tear-tape design keeps fall arrest forces below 900 lbs; meets applicable OSHA, ASTM and ANSI requirements.

MAGID ITEM #	SIZE	UOM	EA/CA
10060140	Twin-Leg	EA	Varies

**Heavy Worker Shock Absorbing Lanyard**  
MSA ArcSafe®

Yellow; hitch loop harness connection; 36C anchorage connection; heavy worker; tear-tape design keeps fall arrest forces below 900 lbs; meets applicable OSHA, ASTM and ANSI requirements.

MAGID ITEM #	SIZE	UOM	EA/CA
10088257	Single-Leg	EA	15

**Shock Absorbing Web Lanyard**  
Miller® Manyard®

Yellow; polyester shock-absorbing core; heavy-duty tubular outer jacket serves as a back-up lanyard; locking snap hook connection; warning flag; yellow polyester web; meets all applicable OSHA, ANSI A10.32 and CSA standards.

MAGID ITEM #	SIZE	UOM	EA/CA
216WLS	Single-Leg	EA	Varies
232WLS	Twin-Leg		

**Shock Absorbing Snap Hooks Web Lanyard**  
Miller® Manyard II®

Green; polyester shock-absorbing core; 2 locking snap hooks; tubular outer jacket; warning flag indicates if lanyard has been involved in a fall; polyester webbing; meets all applicable OSHA, ANSI A10.32 and CSA standards.

MAGID ITEM #	SIZE	UOM	EA/CA
216M	Single-Leg	EA	Varies
232M	Twin-Leg		

**Green One Leg Shock Absorbing Lanyard**  
Miller® BackBiter®

Green; designed for tie-back use; SofStop® shock absorber has specialty-woven inner core that expands to reduce fall arrest forces; 6' length; locking snap hook; Miller 5k® snap hook; meets all applicable OSHA, ANSI and CSA standards.

MAGID ITEM #	SIZE	UOM	EA/CA
913BGN	Single-Leg	EA	Varies
8798BSN	Twin-Leg		

**One Leg Snap Hook Shock Absorbing Lanyard**  
Miller® BackBiter®

Blue; designed for tie-back use; SofStop® shock absorber has specialty-woven inner core that expands to reduce fall arrest forces; 6' length; locking snap hook; Miller 5k® snap hook; meets all applicable OSHA, ANSI and CSA standards.

MAGID ITEM #	SIZE	UOM	EA/CA
940BD6FTBL	Single-Leg	EA	Varies
980BD6FTBL	Twin-Leg		

**SofStop® Shock Absorbing Safety Strap Lanyard**  
Miller® StretchStop®

Green; specially-woven inner core; stretches from 6' long; includes a heavy-duty back-up safety strap; webbing material; locking snap hook connection; meets all applicable OSHA, ANSI A10.32 and CSA standards.

MAGID ITEM #	SIZE	UOM	EA/CA
913SS	Single-Leg	EA	Varies
8798SS	Twin-Leg		

**Adjustable Web Lanyard**  
Miller®

Yellow; nylon webbing; stretches from 4'-6' long; two steel locking snap hooks; adjustable; meets applicable OSHA, ASTM and ANSI requirements.

MAGID ITEM #	SIZE	UOM	EA/CA
210WLS	Single-Leg	EA	Varies

**Tie-Back 6' Lanyard**  
EZ-Stop™

Yellow; floating D-ring for tie-back; 3600 lb. gate strength; snap hooks at ends; 6' length; 1" wide polyester web; limits arresting forces to 900 lbs.; durable nylon shock cover and hook options are available.

MAGID ITEM #	SIZE	UOM	EA/CA
1241206	Single-Leg	EA	Varies

**Single-Leg 6' Lanyard**  
EZ-Stop™

Yellow; single-leg with 3600 lb. gate strength snap hooks at each end; durable nylon shock absorber cover; 1" polyester web construction; limits the average arresting forces to 900 lbs.; different hook style options available.

MAGID ITEM #	SIZE	UOM	EA/CA
1240006	Single-Leg	EA	Varies

**Tubular Web 6' Lanyard**  
Shockwave™ 2

Yellow; single-leg; tubular web; snap hooks at each end; extends up to 6' and contracts to 4.5' in reaction to movement.

MAGID ITEM #	SIZE	UOM	EA/CA
1244306	Single-Leg	EA	Varies

**WrapBax™ 2 Hooks 6' Lanyard**  
WrapBax™

Grey; twin-Leg with 3600 lb. gate strength; snap hook; 5,000 lb. WrapBax™ hooks at leg ends; heavy duty webbing for abrasion resistance; limits the average arresting force to 900 lb. or less.

MAGID ITEM #	SIZE	UOM	EA/CA
1241906	Twin-Leg	EA	Varies

**Self-Retracting Lanyard with Steel Rope**  
MSA Dyna-Lock®

Silver; limits free-fall distance, deceleration distance, and fall arrest force; wire rope Dyna-lock; 310 lb. capacity; meets applicable OSHA and ANSI requirements.

R10017931	20'	EA	1
R506203	30'		
506205	50'		

**Self-Retracting Lanyard with Galvanized Rope**  
MSA Dyna-Lock®

Yellow body; limits free-fall distance, deceleration distance, and fall arrest force; 3/16" galvanized steel wire rope; 400 lb. capacity; meets applicable OSHA and ANSI requirements.

MAGID ITEM #	SIZE	UOM	EA/CA
R506202	30'	EA	Varies
R506204	50'		

**Personal Fall Limiter Lanyard**  
MSA® Workman

Yellow; integral load indicator; integral swivel at PFL/SRL connector; LC snap hook; 1" steel carabiner; 12' line length; 400 lb. capacity; meets applicable OSHA, CSA and ANSI requirements.

MAGID ITEM #	SIZE	UOM	EA/CA
R10093350	12'	EA	Varies

**Self-Retracting Lanyard with Nylon Webbing**  
MSA® Short-Stop®

Red body; ideal for climbing applications where vertical mobility is needed; nylon webbing; 10' web retractable; 1.75" nylon webbing lifeline; meets all applicable OSHA regulations.

MAGID ITEM #	SIZE	UOM	EA/CA
R10004277	10'	EA	Varies

**Fall Limiter with Aluminum Rebar Hook**  
Miller® Turbolite™

Red body; aluminum twist-lock carabiner; aluminum locking rebar hook; 6' working capacity lifeline; attaches to harness back D-ring; impact-resistant nylon; 400 lb. capacity; meets applicable OSHA, ANSI A10.32 and CSA requirements.

MAGID ITEM #	SIZE	UOM	EA/CA
MFL126FT	6'	EA	Varies

**Fall Limiter with Snap Hook**  
Miller® Turbolite™

Red body; steel twist-lock carabiner; locking snap hook; 6' working capacity lifeline; attaches to harness back D-ring; impact-resistant nylon; built-in swivel; 400 lb. capacity; meets applicable OSHA, ANSI A10.32 and CSA requirements.

MAGID ITEM #	SIZE	UOM	EA/CA
MFL16FT	6'	EA	Varies

**ANSI Z359 Fall Limiter with Snap Hook**  
Miller® Turbolite™

Red body; steel twist-lock carabiner; locking snap hook; 6' working capacity lifeline; attaches to harness back D-ring; impact-resistant nylon; built-in swivel; 400 lb. capacity; meets applicable OSHA, ANSI Z359 and CSA requirements.

MAGID ITEM #	SIZE	UOM	EA/CA
MFL1276FT	6'	EA	Varies

**ANSI Z359 Fall Limiter with Rebar Hook**  
Miller® Turbolite™

Red body; steel twist-lock carabiner; locking rebar hook; 6' working capacity lifeline; attaches to harness back D-ring; impact-resistant nylon; 3,600 lb. gate; meets applicable OSHA, ANSI Z359 and CSA requirements.

MAGID ITEM #	SIZE	UOM	EA/CA
MFL2276FT	6'	EA	Varies

**ANSI Z359 Fall Limiter with Snap Hook**  
Miller® Turbolite™

Red body; twist-lock carabiner; locking snap hook; 6' working capacity lifeline; attaches to harness back D-ring; impact-resistant nylon; 3,600 lb. gate; meets applicable OSHA, ANSI Z359 and CSA requirements.

MAGID ITEM #	SIZE	UOM	EA/CA
MFL9276FT	6'	EA	Varies

**T-BAK Fall Limiter**

Miller® Turbolite™

Black body; self-retracting lifeline; anchorage connector design; extends and retracts; 7.5' working capacity lifeline; attaches to harness back D-ring; 5K\* locking snap hook; 400-lb. capacity; ANSI Z359.1 compliant.

MAGID ITEM #	SIZE	UOM	EA/CA
MFLT575FT	7.5'	EA	Varies

**Swivel Shackle Personal Fall Limiter**

Miller® Scorpion™

Red body; stainless steel swivel shackle; locking snap hook; attach directly to harness D-ring; quick-activating, high-strength stainless steel braking system; 310 lb. capacity; meets applicable OSHA, ANSI A10.32 and CSA requirements.

MAGID ITEM #	SIZE	UOM	EA/CA
PFL3	9'	EA	Varies

**Carabiner Swivel Shackle Personal Fall Limiter**

Miller® Scorpion™

Red body; carabiner and stainless steel swivel shackle; locking snap hook; attach directly to harness D-ring; high-strength stainless steel braking system; 9' working capacity; meets applicable OSHA, ANSI A10.32 and CSA requirements.

MAGID ITEM #	SIZE	UOM	EA/CA
PFL4	9'	EA	Varies

**Locking Snap Hook Personal Fall Limiter**

Miller® Scorpion™

Red body; stainless steel swivel shackle; locking snap hook; attach directly to harness D-ring; high-strength stainless steel braking system; 9' working capacity; meets applicable OSHA, ANSI A10.32 and CSA requirements.

Miller® Rhino™

Black body; 9' long; stainless steel wire rope; carabiner; corrosion-resistant stainless steel and aluminum housing components; rated to 310 lbs. capacity; meets applicable OSHA, ANSI and CSA standards.

MAGID ITEM #	SIZE	UOM	EA/CA
CFL4	9'	EA	Varies

**Fall Limiter with Steel Carabiner**  
Miller® MiniLite™

Red body; steel twist-lock carabiner; 11' fall limiter; lightweight, compact design; quick-activating, high-strength stainless steel braking system; corrosion-resistant; 310 lb. capacity; meets applicable OSHA, ANSI and CSA requirements.

MAGID ITEM #	SIZE	UOM	EA/CA
FL111	11'	EA	Varies

**Swivel Shackle Fall Limiter**  
Miller® MiniLite™

Red body; steel twist-lock carabiner and swivel shackle; 11' fall limiter; lightweight; quick-activating, high-strength stainless steel braking system; corrosion-resistant; 310 lb. capacity; meets applicable OSHA, ANSI and CSA requirements.

MAGID ITEM #	SIZE	UOM	EA/CA
FL113	11'	EA	Varies

**ANSI Z359.1 Swivel Shackle Fall Limiter**  
Miller® MiniLite™

Red body; steel twist-lock carabiner and swivel shackle; 11' fall limiter; lightweight, compact design; quick-activating, high-strength stainless steel braking system; corrosion-resistant; 310 lb. capacity; ANSI Z359.1 compliant.

MAGID ITEM #	SIZE	UOM	EA/CA
FL113Z711F	11'	EA	Varies

**Sealed 50' Self-Retracting Line**  
DBI Sala™

Blue body; cast aluminum housing; extends & retracts; 3/16" galvanized steel cable; self-locking swivel snap hook w/ impact indicator; carrying handle; FAST-LINE™ replacements available; 420 lb. capacity; meets all OSHA and AHSI standards.

MAGID ITEM #	SIZE	UOM	EA/CA
3403400	50'	EA	1

**Web Self Retracting Lifeline with Anchor Hook**  
Nano-Lok™

Blue body; swiveling anchorage loop with snap hook; 6' 3/4" HPPE fiber and polyester web lifeline; self-locking snap hook on lifeline; thermoplastic housing; speed sensing brake system; energy absorber and impact indicator.

MAGID ITEM #	SIZE	UOM	EA/CA
3101218	6'	EA	Varies

**Tie-Back Self Retracting Lifeline**  
Nano-Lok™

Blue body; swiveling anchorage loop w/steel carabiner; 6' 3/4" HPPE fiber and polyester web lifeline; tie-back wear layer web design; thermoplastic housing; speed sensing brake system; energy absorber and impact indicator; 420 lb. capacity.

MAGID ITEM #	SIZE	UOM	EA/CA
3101367	6'	EA	Varies

**Arc Flash Self Retracting Lifeline Nano-Lok™**

Blue body; 8' 3/4" Kevlar® fiber webbing lifeline; self-locking snap hook; thermoplastic housing; speed sensing brake; energy absorber and impact indicator; 420 lb. capacity; meets ASTM F887 standard; arc performance of 40 cal/cm<sup>2</sup>.

MAGID ITEM #	SIZE	UOM	EA/CA
3101526	8'	EA	Varies

**Self Retracting Lifeline for Hot Work Use Nano-Lok™**

Blue body; 6' 3/4" Kevlar® fiber webbing lifeline; self-locking snap hook; thermoplastic housing; speed sensing brake system; energy absorber and impact indicator; arc flash to 8 cal/cm<sup>2</sup>; universal hot work icon; 420 lb. capacity.

MAGID ITEM #	SIZE	UOM	EA/CA
3101491	6'	EA	Varies

**Twin-Leg SRL for Sharp Edges Nano-Lok™ Edge**

Twin-Leg; designed for foot-level tie-off and sharp edge applications; 8' lifeline with 3/16" galvanized steel cable lifeline; aluminum rebar lock hook; backpack style energy absorber; global sharp edge icon; 420 lb. user capacity.

MAGID ITEM #	SIZE	UOM	EA/CA
3500227	8'	EA	Varies

**Single-Leg SRL for Sharp Edges Nano-Lok™ Edge**

Single-leg; designed for foot-level tie-off and sharp edge applications; 8' lifeline with 3/16" galvanized steel cable; aluminum rebar lock hook; backpack style energy absorber; global sharp edge icon; 420 lb. user capacity.

MAGID ITEM #	SIZE	UOM	EA/CA
3500216	8'	EA	Varies

**8' Self-Retracting Lifeline Talon™**

Plastic body; steel hook; extends and retracts; all-metal speed-sensing brake system; reduces forces to 900 lbs. or less; 8' web lifeline; 310 lb. capacity.

MAGID ITEM #	SIZE	UOM	EA/CA
3101000	Snap-Hook	EA	12
3101001	Swivel-Hook		

**Twin-Leg 7.5' Self-Retracting Lifeline Talon™**

Provides continuous 100% fall protection; built-in anchorage connector; lightweight design; each leg extends up to 6'; Wrapbax™ hook on lifeline ends for a 5000 lb. gate strength hook; 310 lb. user capacity plus 2 each lanyard keepers.

MAGID ITEM #	SIZE	UOM	EA/CA
3102100	6'	EA	Varies

**Rescue Utility Kit**  
MSA®

Remote hook and extension pole for remote attachment; rescue utility system for raising or lowering workers to safety; pole adapter; storage bag; meets applicable OSHA and ANSI standards.

MAGID ITEM #	SIZE	UOM	EA/CA
R10030025	N/A	EA	Varies

**Tripod Confined Space Kit**  
MSA Lynx®

Lynx® 8' tripod; 50' Lynx rescuer and mounting bracket; split mount pulley; bracket assembly; Lynx side mount hoist with 50' galvanized line; carrying bag; meets applicable OSHA and ANSI standards.

MAGID ITEM #	SIZE	UOM	EA/CA
R10023968	8'	EA	1

**Column Davit Arm Assembly with Base**  
MSA®

Zinc-plated, alloy-steel, Davit arm assembly; base mount; 30" reach; 77" working height; arm swivel to extend over working area; meets applicable OSHA requirements.

MAGID ITEM #	SIZE	UOM	EA/CA
506568	77"	EA	1

**Self-Retracting Lanyard for Lynx Rescue Unit**  
MSA Lynx®

Gold; self-retracting lanyard with emergency rescuer; 3/16" diameter stainless steel line; meets all applicable ANSI and OSHA standards.

MAGID ITEM #	SIZE	UOM	EA/CA
R10011744	50'	EA	Varies
R10011745	95'	EA	Varies

**Confined Space and Rescue System**  
Miller® MightEvac®

Silver; includes Miller MightEvac® Unit with a 7' Miller Tripod, pulley, carabiner and two heavy-duty equipment bags; meets all applicable OSHA, ANSI and CSA standards.

MAGID ITEM #	SIZE	UOM	EA/CA
MR50GC	7'	EA	1

**Four Piece Confined Space System**  
Miller® DuraHoist™

Yellow and silver; one-piece adjustable mast; three-piece portable base; lightweight; high-strength aluminum construction; modular design allows the use of various fixed and portable bases; meets all applicable OSHA and ANSI standards.

MAGID ITEM #	SIZE	UOM	EA/CA
DH2	N/A	EA	1

### Portable Confined Space System

Miller® DuraHoist™

Yellow; one-piece adjustable mast; lightweight, high-strength aluminum construction; modular design allows the use of components in various configurations and applications; meets all applicable OSHA and ANSI standards.

MAGID ITEM #	SIZE	UOM	EA/CA
DH3	N/A	EA	1

### Galvanized Wire Self-Retracting Lifeline

Miller® MightEvac®

Red body; galvanized wire rope with mounting bracket and pulley; quick-activating retrieval mechanism; corrosion-resistant stainless steel/aluminum; 310 lb. capacity; meets applicable OSHA, ANSI A10.32 and CSA requirements.

MAGID ITEM #	SIZE	UOM	EA/CA
MR50GB	50'	EA	1
MR100GB	100'		
MR130GB130FT	130'		

### Stainless Steel Wire Self-Retracting Lifeline

Miller® MightEvac®

Red body; galvanized wire rope with mounting bracket and pulley; quick-activating retrieval for emergency evacuation; corrosion-resistant stainless steel/aluminum; 310 lb. capacity; meets applicable OSHA, ANSI A10.32 and CSA requirements.

MAGID ITEM #	SIZE	UOM	EA/CA
MR50SB	50'	EA	Varies

### 7.5' Anchorage System

Miller® Edge™

Yellow; 7.5' anchorage height; freestanding; heavy-duty steel construction; 310 lb. capacity; meets applicable OSHA requirements.

MAGID ITEM #	SIZE	UOM	EA/CA
9081	7.5'	EA	1

### Lower Mast Extension

Miller® DuraHoist™

Yellow and silver; lower mast extensions; 45"; high-strength aluminum construction; meets all applicable OSHA and ANSI standards.

MAGID ITEM #	SIZE	UOM	EA/CA
DH2245	45"	EA	1

### Offset Upper Mast

Miller® DuraHoist™

Yellow and silver; offset upper mast; adjustable; 30"-48"; high-strength aluminum construction; meets all applicable OSHA and ANSI standards.

MAGID ITEM #	SIZE	UOM	EA/CA
DH23	30"-48"	EA	1

**Retractable Horizontal Lifeline System**  
EZ-Line™

Lightweight; built-in winch for fast and easy set-up, use and dismantling; 2 worker capacity; customize length in any increment up to 60'; pre-tension and impact indicators for easy set-up and inspection.

MAGID ITEM #	SIZE	UOM	EA/CA
7605060	60'	EA	1

**Salalift II Winch with 7' Tripod and 50' SRL**  
Salalift™ II

Winch with galvanized 60' of ¼" stainless steel cable and winch bag; SEALED-BLOK™ SRL with emergency retrieval, 50' of ¾" galvanized cable and mounting bracket; 7' aluminum adjustable tripod and mounting base; leg mount pulley.

MAGID ITEM #	SIZE	UOM	EA/CA
8304011	50'	EA	Varies

**Lightweight Rescue and Descent Kit**  
Rollgliss™ R520

Automatic controlled descent; bi-directional design enables multiple rescues; 100' kernmantle rope lifeline; dual redundant brake systems; 1 anchor sling; 1 carabiner; carrying bag; 50'-500' lengths available; extra accessories available.

MAGID ITEM #	SIZE	UOM	EA/CA

**Advanced 5 Piece Hoist System**  
Advanced™

Green; lightweight; high-strength aluminum; adjustable offset upper mast from 12"-29"; lower mast; three piece base; winch bracket; Davit arm pivots; 450 lb. capacity.

MAGID ITEM #	SIZE	UOM	EA/CA
8518000	N/A	EA	Varies

**Sayflite™ 50' Cable Horizontal Lifeline System**  
Sayflite™

Lightweight and portable; 50' long; cable assembly with turnbuckle and Zorbit™ energy absorber; D-ring anchorage plate; capacity of 2 workers, 20'-100' lengths available; meets all applicable ANSI and OSHA standards.

MAGID ITEM #	SIZE	UOM	EA/CA
7602050	50'	EA	1

## Rescue Positioning Device System

Rollgliss™

Rescue positioning device with 3:1 gear ratio; includes pulley, rope anchor straps, two carabiners, and carrying bag; 3/8" diameter static kernmantle rope; inertia speed break; meets applicable OSHA, ANSI and CSA requirements.

MAGID ITEM #	SIZE	UOM	EA/CA
3600050	50ft travel/210ft length	EA	Varies
3600100	100ft travel/410ft length		

## 7.5' Stanchion Post Assembly

SecuraSpan™

Silver; lightweight and portable; pass through design; durable and corrosion resistant construction; Zorbit™ energy absorber; single and multi span options available; consists of stanchions, cable assembly with tensioner and Zorbit™.

MAGID ITEM #	SIZE	UOM	EA/CA
7400203	7.5'	EA	1

## Beamgrip Anchorage Connector

MSA®

Yellow; zinc plated; fits beam flange widths 8.06" to 10.475".

MAGID ITEM #	SIZE	UOM	EA/CA
R415172	8.06"-10.475"	EA	Varies

## Fixed Beam Anchor

Miller® Shadow®

Silver; stainless steel and high-strength aluminum; lightweight; tightens horizontally or vertically; firmly grips the beam or column to provide a temporary or permanent anchorage attachment; meets applicable OSHA, ANSI and CSA standards.

MAGID ITEM #	SIZE	UOM	EA/CA
881512	N/A	EA	Varies

## Adjustable Beam Anchor

Miller® Shadow®

Silver; high-strength aluminum and bronze; lightweight; connects horizontally; once attached units slide along the beam with the worker to provide increased safety, mobility and productivity; meets applicable OSHA, ANSI and CSA standards.

MAGID ITEM #	SIZE	UOM	EA/CA
881614	N/A	EA	Varies

## 6' Cross-Arm Strap Anchorage Connector

Miller®

6' cross-arm strap; web wraps around I-beams; attaches with a 2" D-ring that slips through a 3" D-ring to form a secure attachment point for lanyards and connectors; 400 lb. maximum capacity; meets applicable OSHA, ANSI and CSA standards.

MAGID ITEM #	SIZE	UOM	EA/CA
8183	6'	EA	12

**Bolt on Anchor Plate**  
Miller® DuraHoist™

Zinc-plated steel; for use in concrete or steel applications; portable or permanent; meets applicable OSHA and ANSI standards.

MAGID ITEM #	SIZE	UOM	EA/CA
DHAP12	N/A	EA	1

**Portable Fall Arrest Post**  
Miller® DuraHoist™

Yellow; three-stage/four-position telescoping design; aluminum construction; leveling screws allow the system to be plumbed to vertical on inclines up to 15 degrees; 38 lb.; meets all applicable OSHA and ANSI standards.

MAGID ITEM #	SIZE	UOM	EA/CA
DHAP1	N/A	EA	1

**Anchor Plate with Tie-Off Anchor**  
Miller® DuraHoist™

Zinc-plated steel; for use in concrete or steel applications; portable or permanent; meets all applicable OSHA and ANSI standards.

MAGID ITEM #	SIZE	UOM	EA/CA
DHAP4	N/A	EA	4

**Winch Mount Bracket**  
Miller® DuraHoist™

Silver; aluminum; powder coated; two chained locking pins; 450 lb. capacity; meets applicable OSHA, ANSI and CPA standards.

MAGID ITEM #	SIZE	UOM	EA/CA
DH19	N/A	EA	1

**Floor Mount Sleeve**  
Miller® DuraHoist™

Zinc-plated; welded stainless steel construction; floor mount sleeve; mounts to horizontal concrete or steel structures; PVC sleeve liner; 450 lb. capacity.

MAGID ITEM #	SIZE	UOM	EA/CA
DH7ZP	N/A	EA	Varies

**Wall Mount Sleeve**  
Miller® DuraHoist™

Zinc-plated; welded stainless steel construction; wall mount sleeve; mounts to horizontal concrete or steel structures; PVC sleeve liner; 450 lb. capacity.

MAGID ITEM #	SIZE	UOM	EA/CA
DH8ZP	N/A	EA	1

### Sliding Beam Anchor

Glyder 2™

1¼" thick beam flange; 3½"-14" wide; horizontal mobility; tie-off overhead or at your feet; anchor slides across the beam on wear pads; dual beam grip adjustment; only 3.7 lbs.; 420 lb. user capacity; meets OSHA and ANSI standards.

MAGID ITEM #	SIZE	UOM	EA/CA
2104700	N/A	EA	Varies

### 18" Auto Locking Carabiner

MSA®

Steel; 2" gate opening; twist lock; auto locking; captive eye; meets all applicable OSHA regulations.

MAGID ITEM #	SIZE	UOM	EA/CA
R506308	2"	EA	Varies

### Steel Twist-Lock Carabiner

Miller®

Steel, twist-lock carabiner; 1" gate opening; 400 lbs. maximum capacity; meets ANSI Z359.

MAGID ITEM #	SIZE	UOM	EA/CA
17D1	1"	EA	Varies

### Lanyard Connector Adapter with Back D-Ring

MSA®

Red; lanyard connector adapter; 18" long; extended back D-ring attachment point.

MAGID ITEM #	SIZE	UOM	EA/CA
R505318	18"	EA	Varies

### 18" D-Ring Web Extension with Snap Hook

Miller®

Black body; web extension; snap hook; D-ring on the opposite end; snaps onto a harness via the D-ring; extends the connection up to 18" away from the body.

MAGID ITEM #	SIZE	UOM	EA/CA
8928	18"	EA	Varies

### Surety Cranerail-Slider for 175 lb. Rail

MSA®

Cranerail slider for 175 lb. rail; carabiner required – sold separately.

MAGID ITEM #	SIZE	UOM	EA/CA
SFPRS7000	N/A	EA	Varies

### Adjustable Beam Trolley Miller®

Silver; adjustable; slides along with the worker to provide maximum mobility; adjusts to fit beam flanges from 3" to 4.5" wide; meets all applicable OSHA, ANSI and CSA standards.

MAGID ITEM #	SIZE	UOM	EA/CA
9065	N/A	EA	Varies

### Suspension Trauma Safety Step with Carabiner MSA®

Black; attached carabiner; allows workers to relieve pressure by inserting a foot into one of the step loops and then standing up in the harness; can use a single Safety Step or one on each leg.

MAGID ITEM #	SIZE	UOM	EA/CA
R10063431	N/A	EA	Varies

### Lightweight Safety Device Miller® Relief Step™

Green; small, lightweight; attaches to any full-body harness; provides support and enhances blood circulation until rescue to allow ability to move and flex leg muscles; meets applicable OSHA, ANSI and CSA requirements.

MAGID ITEM #	SIZE	UOM	DP/CA
909936	N/A	DP	Varies

### Relief Step Safety Device Miller®

Small and lightweight; one-time use device; attaches to any brand full-body harness; provides support and enhances blood circulation until rescue.

MAGID ITEM #	SIZE	UOM	DP/CA
9099X	N/A	DP	Varies

## Safety at work™

### Did you know?

The leading causes of worker deaths on construction sites were falls, followed by, being hit by an object, electrocution, and caught in/between. These "Fatal Four" were responsible for more than half (58.7%) the construction worker deaths in 2013.

Source: OSHA

**Ergonomic Elastic Wrist Wrap**  
Magid®

Grey; polyester, natural rubber and nylon blend wrist support; 3" wide; wraps around wrist twice; hook and loop closure.

# Ordering Terms and Conditions

## Satisfaction Guarantee

Magid® provides a 100% satisfaction guarantee on products.

## Sales Tax

- Magid is required to charge applicable state and local taxes.
- Tax exempt? Please provide an exemption certificate to Customer Service along with your order.

## Pricing and Quotes

- Visit [magidglove.com](http://magidglove.com) or contact Customer Service at 800-444-8030 or [mail@magidglove.com](mailto:mail@magidglove.com) for pricing.
- Additional volume discounts and custom quotes are available through your local Magid rep. Please visit the sales office locator on [magidglove.com](http://magidglove.com) or contact Customer Service for more information.
- 5% surcharge on broken case lots.
- \$10 handling fee on orders totaling under \$100 (does not apply to trial orders).
- Magid offers quantity pricing on full case lots of most items. Large orders placed on a frequent basis may be eligible for further discounts.

## Credit

- Companies can apply for credit terms with Magid by contacting Customer Service.
- Magid accepts Visa, Mastercard and American Express.

## Returns

- To return an item, please contact Customer Service for a return authorization number.
- Returns must be in new, saleable condition and restocking fees may apply.
- If an issue is determined to be the fault of Magid or a manufacturer, we will work to rectify the problem promptly at no charge.

## Claims

- Please note damaged or missing cartons on the delivery receipt before signing.
- If goods delivered by freight arrive damaged, please secure an inspection report from the truck line and contact Magid Customer Service.

## Shipping

- Magid ships more than 98.5% of our orders same-day from our Chicago-area warehouse.
- Freight prepaid on continental U.S. shipments of \$1000 or greater, ½ freight charge on shipments of \$500 to \$999. Does not apply to air freight.
- If specific shipping instructions are not provided with an order, Magid will select an appropriate carrier.

## Limitations of Warranties

Magid Glove & Safety Manufacturing Company LLC disclaims all warranties, express or implied, including warranties of merchantability and of fitness for a particular purpose. Determination of the suitability of a product for a particular use is the user's responsibility. User assumes all risks resulting from the use of our products and must confirm suitability thereof by its own tests. The manufacturer liability will in no event exceed the purchase price of the materials sold.

## Contact us

Contact Customer Service at 800-444-8030 or [mail@magidglove.com](mailto:mail@magidglove.com).

## Innovations Driven by Customer Feedback

### Give us your greatest safety challenge.

- Haven't found the right PPE for a specific process or hazard?
- Have a problem managing workers' access to PPE?
- Trying to get workers to comply with safety requirements?
- Is your PPE wearing out too soon?

### We'll solve it.

#### Custom PPE design and manufacturing

- Intensive research to identify problems and ways they can be mitigated
- Product development performed by experienced engineers
- Innovative materials and designs
- Prototypes for in-plant evaluations
- Products manufactured to your unique specifications
- Fast turnarounds — from concept to completion

#### Challenges we've helped our customers overcome

**Hand Injuries** | Automotive manufacturer

> **Reduced cuts/lacerations by 50%**

**Injuries** | High-end appliance manufacturer

> **Reduced total injuries by 67%**

**Access to PPE** | Metal fabricator

> **Implemented a custom vending solution to eliminate trips to supply crib**

**Burns** | Oil & gas equipment manufacturer

> **Designed a custom glove that eliminated a 9-year safety challenge**

**Inventory Challenges** | Oil refinery

> **Implemented an on-location PPE supply solution for a remote site**

#### Trust Magid® with your biggest safety challenge

Magid safety specialists are at work helping companies of all sizes solve their safety problems. We offer the support of a nationwide network of more than 125 local experts — backed by Magid's worldwide sourcing, engineering and manufacturing capabilities.

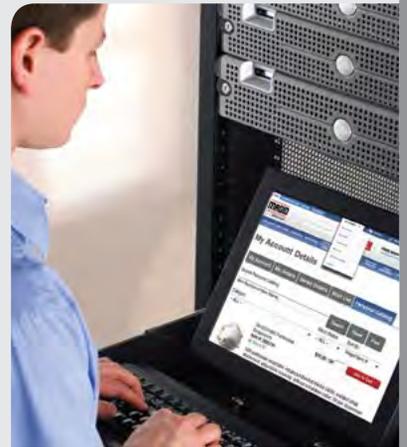

Contact your local safety specialist or call us at **800-444-8030**.

# Access the Most Complete Online Safety Resource

Join the thousands of businesses that are getting more as registered users at [magidglove.com](http://magidglove.com)

- Automated re-ordering via saved shopping carts
- Easy access to frequently ordered items
- Status and past purchase details
- Permissions settings — easily add sub-users and set access levels
- Custom punch-out sites
- Online quotations
- Real time online shipment tracking
- Exclusive web-only offers

**IMPORTANT:** If you have ordered from Magid before, please call 800-867-1083 to receive your user name and password. No need to go through the online set up process.

## News and information at your fingertips

Magid offers a variety of free online resources for creating safer workplaces at [magidglove.com/resources](http://magidglove.com/resources):

- Webinars for employee safety training and awareness
- Videos and literature on the latest PPE solutions
- User-friendly guides for selecting the right PPE
- Articles on key safety matters
