

# LEAK SENTRY®

## Automatic Leak Detection

Engineered to Last

The proven performance of the 400A with the added benefits of water-saving technologies.

**Special Features:**

- Saves up to 3,000 gallons of water per year
- Prevents toilet running due to flapper leaks
- Prevents the automatic refill of a leaky tank
- The leak sentry device alerts you to an internal toilet leak and prevents water waste until the flapper is replaced
- Water-saving roller clamp lets you regulate the fill level in the bowl
- Easy to install, fits all brands
- #1 selling water-saving fill valve on the market
