KEYING TERMS

Abbr.	Term	Description
KD	Key Different	Locks keyed to different unit key numbers.
KA	Key Alike	Locks keyed to same unit key number.
MK	Master Key	Locks keyed to different unit key numbers while having a Master Key that will also open each unit. Master Keys provide permanent unit access.
CK	Construction Key	Locks keyed to different unit key numbers while having a Construction Key that will also open each unit. Construction Keys are voided when the unit keys are used.
MCK	Master Construction Key	Locks keyed to different unit key numbers while having a Master Key and a Construction Key that will open each unit. Master Keys provide permanent unit access. Construction Keys are voided when the unit keys are used.
GMK/ GMCK	Grand Master / Grand Construction Key	Locks keyed as above with multiple Master Keys under one Grand Master Key. Locks can also be construction keyed with this system.
COMMON	Common Key	Allows multiple unit keys to open one common lock. This lock can also be Master and/or Const. Keyed.
