

LANCASTER WATER GROUP

1340 MANHEIM PIKE, LANCASTER, PA 17601 | 1.800.442.0786 | LANCASTERWATERGROUP.COM

LANCASTER WATER GROUP is always in the pursuit of excellent customer service and we are thrilled to announce improvements to our Water Sample Kits.

A new LOOK!

The boxes now explain the exact function of these kits. The forms are professional and encourage completion so that recommendations are concise and accurate, and there is a display/storage unit for you to place on your counter, shelf, or in your truck.

We are still offering the same free water testing service as we always have.

Order a Water Sample Kit Display including 12 Water Sample Kits. Personalize them by putting your company logo in the “Contact Your Local Dealer” space on the forms. Display them. Running low? Order replacement Water Sample Kits (LWSB-12) and you will receive new kits to refill your display/storage unit.

By having these displays and distributing these kits, we anticipate driving customers back to your business as we recommend water treatment solutions.

**For beautiful water and superior solutions, you can count on us.
Thank you for your business.**
