

# TopLine Pre-Burnish Floor Conditioner

## Technical Data

June 2006

### Description:

3M™ TopLine Pre-Burnish Floor Conditioner is a water-based product designed to clean and condition hard floors in preparation for burnishing.

**This is a concentrated product requiring proper dilution prior to use.**

### Special Features:

- Excellent conditioning capability for hard floor surfaces
- Non-diluting and safe for application on floor finish
- Pleasant fragrance
- Low foaming
- No rinsing required
- Compatible with a wide variety of floor finishes
- Maintains functionality when diluted with hard water

### Applications:

- Hard floor surfaces protected with high quality floor finish prior to burnishing
- Use with an automatic scrubber equipped with a 3M™ TopLine Auto Scrubber Pad No. 5000
- The product can also be applied using a mop with adequate drying before burnishing (2 hrs.)

### Packaging:

4 – 1 gallon bottles per case

**Note:** If frozen, thaw and bring to room temperature and shake before using.

### General Use Directions:

**Dilution:** Mix one ounce of concentrate with one gallon of cold water (1:128 ratio).

**Floor Preparation:** Dust mop using 3M™ Doodleduster Cloth or 3M™ Easy Trap Dusting System to remove soil and debris.

### Automatic Scrubber:

1. Fill solution tank with diluted product.
2. Attach 3M™ TopLine Auto Scrubber Pad No. 5000 to automatic scrubber.
3. Scrub floor and pick up solution with squeegee and wet vac.
4. Allow floor to dry.

### Mop:

1. Fill bucket or mopping system with diluted product.
2. Damp mop floor using a clean mop.
3. Remove marks and difficult soil with a Scotch-Brite™ No. 96 General Purpose Scouring Pad or Scotch-Brite™ Power Pad no. 2000.
4. Allow floor to dry.

### Burnishing:

1. Burnish to the floor with 3M™ TopLine Speed Burnish Pad No. 3200 and ultra-high speed burnishing equipment.
2. Dust mop using 3M™ Doodleduster Cloth or the 3M™ Easy Trap Dusting System after burnishing.

### Product Specifications:

(Typical Values)

1. pH: 10
2. Flash Point: None
3. Solubility in water: Complete
4. Specific Gravity: 1.04
5. Viscosity: ca. 100 Centipoise
6. Boiling Point: 212°F
7. Appearance: Clear, green liquid
8. Fragrance: Fresh scent

### Precautionary Summary:

#### Concentrate:

**Eye Contact:** Avoid eye contact. Wear vented goggles.

**Suggested First Aid:** Immediately flush eyes with large amounts of water for at least 15 minutes. Seek medical attention.

**Skin Contact:** Avoid prolonged or repeated skin contact. Wear appropriate gloves made from butyl rubber when handling this material.

**Suggested First Aid:** Flush skin with large amounts of water. If irritation persists, get medical attention.

**Inhalation:** Avoid breathing of vapors.

**Suggested First Aid:** Remove person to fresh air. If breathing is difficult, get medical attention.

#### Note:

**Refer to product Material Safety Data Sheet (MSDS: 11-2036-9) for specific health hazard, first aid and precautionary information**
