STAINLESS STEEL SINKS

C-Tech-I sinks are known the world over for their outstanding quality and durability. Featuring heavy 16 gauge bowls, most models come as a complete package including grids, basket drain, and stainless steel colander. For those that demand only "THE BEST".

MADE IN USA! Patriot Sinks offer Americans a complete line of high quality, US-made Stainless Steel Sinks at a very reasonable price. Patriot Sinks contain 18% chromium and 10% nickel, which is not the case in most Asian-made sinks. Finally, a chance to have AMERICAN MADE SINKS!

Sinks are a high quality line of 18 gauge (1t) stainless steel sinks, available in the common single and double-bowl configurations. All Primo models match corresponding Leonet and Futura templates.

has become one of the most popular high quality undermount (heavy) 18 gauge stainless sink lines sold in the U.S., with a full variety of styles available. Some models will match to Primo and Futura templates.

Stainless Undermount Sinks are a line of ultra-premium 16 gauge sinks, featuring a unique scratch-resistant finish. Made in the same factory as our Primo and Leonets line, most Futura models use the same template / cutout as corresponding Primo and Leonet models.

Sinks are a premium 18 gauge undermount sink line available in the 4 most popular kitchen sink styles as well as 5 other single bowl sizes. The offset styles are also available in reverse configuration of the bowls. All models match corresponding Tritan templates.

Sinks have long been our upscale heavy 16 gauge line of undermount steel sinks. This is a high quality line offering almost any style of single and double bowl configuration you might ever want. Many models of the Tritan line are exactly the same size as the 18 gauge Royalty line.

Compliant Stainless Steel Sinks are now available. The popular 50/50 equal bowl has both an undermount and drop-in style. Large and single medium bowl undermounts, 2 drop-in single bowls, and a new 70/30 dual-mount model complete the line. Three drop-in top-mount models are also available (along with another 3 models from our US-made Patriot line of sinks).

DROP-IN Sinks are available in 50/50, 60/40 and Single "D" bowl configurations.

Sinks are an economical collection which can be installed in either drop-in or undermount configuration. Available in three styles: 50/50, 70/30, and large single. All models share the same cutout template! Optional Counterseal for undermount to laminate in your choice of white, bone or black.

HANDMADE commercial looking FARMHOUSE STYLE sinks are now available in two brand names: "Urban Place", and "Homeplace". With a full range of drop-in, undermount, and apron styles and with both zero edge 90° corners and (radial) rounded corners. With over 50 options, we have almost anything you can think of, or want!

URBAN PLACE Sinks have a total of 8 styles available, including a unique vanity model. The line offers 18 gauge thickness and 9 inch depths (7 for the vanity model) and is priced well below current market pricing for this type of sink. *New!* Urban-Apron in Large Single and Low-Divide 50/50 in 30" and 33" widths.

HOMEPLACE Sinks offer one of the largest selections, of both square "zero" edge and rounded "radial" edge or corner, style sinks in the country. All models are available in a traditional as well as "radial" style. Radial models feature 20 degree inside rounded corners for easier cleaning, and are available at no additional cost! Homeplace sinks are HEAVY 15 gauge stainless steel and are available in both Farmhouse Undermount or Apron Front styles, and a very special newly designed "Drop-In" style that will replace the common 33"x22" drop-in kitchen sink, resulting in a very inexpensive kitchen transformation.

BLANCO SINKS (FIRECLAY, STAINLESS STEEL, SILGRANIT)

is recognized as a world leader in superior quality, design and attention to detail. We have access to all Blanco sinks and faucets, including Fireclay, Stainless Steel, and Silgranit, the most popular granite composite sink in the U.S. Compression molded, using 80% granite quartz and 20% acrylic resin, Silgranit sinks are amazingly durable, and beautiful.

COPPER SINKS

Sinks are handmade using the very finest quality copper available. Vanity style models use thick 16 gauge copper and most other styles are 14 gauge or thicker.

CAST IRON SINKS

Ceco enameled CAST IRON SINKS are the ultimate heavy duty sink, made of solid cast iron with enamel finish available in various colors.

FIRECLAY SINKS

These high-quality Fireclay kitchen and prep sinks are from a world-renowned Italian manufacturer. Most models offer two choices of apron front style, by simply reversing them.

PORCELAIN CERAMIC SINKS

(Formerly Chinashell) High quality vitreous china, porcelain-style sinks with a huge selection of sink styles at great prices. Check out our new Farmhouse and Vanity Vessel models!

FAUCETS

IMPERIAL LINE

C-Tech-I, for many years, has been recognized as one of the highest quality stainless steel brands made in the world. Many unique and "One of a kind" features have helped C-Tech-I justifiably earn its reputation as likely **"THE BEST SINK MADE"**. Some of these features include:

- Ageless, yet contemporary, Italian design
- Highest quality stainless steel, featuring thick 16 gauge bowls, and 15 gauge mounting rims (on double and triple bowl styles).
- Euro 3-piece design and construction on double and triple bowl styles. This is usually found only on the most expensive European made sinks that sell for double or triple C-Tech-I prices.
- Extra deep sink bowls (most 10" to 12" depth) and a unique finish that resists scratching.
- Uncomparable sound deadening features such as double-thick sound deadening coating and extra thick sound deadening pads on all flat surfaces.
- A complete kitchen package that includes: Special basket drain/strainer; grids / grates; mounting hardware; mounting template; and (on most models) a stainless steel colander.

"BOTTOM LINE" ... For the very discriminate, that wants only the finest sink that money can buy, C-Tech-I should be **THAT CHOICE**.

Outer: 23-3/4" x 16" x 7-7/8"

Inner: 22" x 14-1/4" x 6-5/8"

"Due to the kitchen sinks long straight sides and front, it is very difficult to guarantee perfectly straight lines during the curing process. The manufacturers warranty policy allows up to 6mm (approximately 1/4") of curve or unstraightness. Since this sink is usually mounted with an overhang, the back and sides should not be an issue and the front is acceptable to most customers if within this tolerance.

Please take this potential small variation into account before ordering."

Bath Vanity Models: An unusual line of Farmhouse-inspired vanity sinks with straight walls and tight 90° corners (except "Turbo"). Something different!
