Signature Features

TWIN COOLING SYSTEM®

- Two independent cooling systems perfectly balance air by keeping refrigerator air moist and freezer air dry.
- Higher humidity in the refrigerator means fruits and veggies stay fresher even longer.*

*Twin Cooling® humidity levels up to 5x higher than single cooling systems.

REVERSIBLE SIDE-SWING DOOR

Reversible side-swing door makes installation in any kitchen easy.

GALLON DOOR BIN

Provides convenient storage and easy access for tall bottles and items you use more frequently.

Ranked **"Highest in Customer Satisfaction with Refrigerators"**
by J.D. Power and Associates.

RB215ACPN

20 cu. ft. Bottom Freezer Refrigerator with Side-Swing Freezer Door

Installing Your Refrigerator

1. Measure the height, width and depth of the opening, making sure to include baseboards, molding tile, countertop overhang, etc. Check to be sure there is enough room to open the door (consider walls, islands or other obstacles when measuring).
2. Refer to illustration below to determine dimensions.
3. Allow 2" of clearance on hinge side of refrigerator when installing next to a wall where handle may make contact.
4. Allow 1" minimum clearance at rear for proper air circulation and water/electrical connections. Allow a 3/8" minimum clearance at sides and top for ease of installation.
5. Ensure each door and entry way in the home is wide enough for the refrigerator to be moved through easily.

Please note: The following dimension and cutout information is for planning purposes only. For complete installation details consult manual packed with product, or download manual on-line at samsung.com.

Total Capacity: 19.7 cu. ft.

Refrigerator: 13.3 cu. ft.

- 3 Tempered Glass Spill-Proof Shelves
