

# PURELL® SURFACE DISINFECTANTS AND SANITIZERS

## NEW! PURELL® Surface Wipes

Our newest innovation, these thick, premoistened sanitizing and disinfecting wipes eliminate germs on hard surfaces with fast and easy application. Ideal for quickly disinfecting high-touchpoint surfaces throughout any facility.

## PURELL® Surface Spray

Formulated for convenience and ease of use, this unique spray provides powerful germ-kill on surfaces with a solution gentle enough to use around everyone. Use when it's time to thoroughly sanitize and disinfect hard or soft surfaces.

## Provide the Best and Show Your Commitment to Well-Being

No competitor can match our fast kill times, powerful efficacy, and low toxicity.

Fast Germ-Kill	Low Toxicity	Food-Contact Safe	Improves Processes
Eliminates 99.9% of bacteria and viruses on surfaces	EPA's lowest allowable toxicity rating	Formulated for food-contact surfaces	No mixing, diluting, or preparation needed
			
Kills the COVID-19 virus in 30 seconds	No precautionary statements	No need to rinse, wear gloves, or wash hands after use	Sanitize and disinfect nearly any surface in your facility

### Get powerful germ-kill without harsh chemicals

with PURELL brand's revolutionary surface disinfecting and sanitizing products. Our wipes and sprays have a unique alcohol-based formulation that's designed to be mild and worry-free as it works to quickly eliminate bacteria and viruses on the surfaces you touch most.
