

BEAT THE HEAT

COOLERZ® RETAIL READY

ADVANCED EVAPORATIVE COOLING TECHNOLOGY

Coolerz® Vest, Crown Cooler and Neck Shield use an advanced evaporative cooling system with a water management system to maximize cooling, while minimizing moisture transfer to the wearer.

- Enhanced cooling capacity
- Managed and directional evaporative cooling release
- Cools longer than other evaporative systems
- Reduces wetness to wearer
- Water repellent nylon inner
- Quilted nylon outer

Coolerz® products utilize a unique polymer chemistry to achieve rapid absorption and stable water storage. The chemical formulation creates enhanced evaporation and longevity. Users can expect the evaporative cooling fabric to provide temperatures that are up to 15 - 20 degrees (F) cooler than the ambient temperature. The exact temperature difference will depend on humidity, exposure to airflow and other environmental conditions.

Easy to use. Simply submerge in water for 1-2 minutes, then gently remove excess water. Garments will remain hydrated for several hours and can be rehydrated as needed.

C420 Neck Shield

- Adjustable hook and loop attaches to hard hat suspension
- 6 per carton

DESCRIPTION	ITEM #
C420 Neck Shield	21563

Hard Hat Sold Separately

C400 Vest

- Zip front closure
- Stretchable polyester side panels
- Vest sizes run small
- 1 each
- Vest does not meet ANSI standards

SIZE	ITEM #
MD	21570
LG	21571
XL	21572
