ClassicCUT®

Experience the performance and durability of forged tools with classic, simple designs that withstand the test of time. The ClassicCUT® family of tools is preferred by engaged gardeners and landscapers.

- Forged steel alloy construction for maximum strength and sharpness.
- Comfortable contoured non-slip grips.
- Resharpenable blades and replacement parts available.

The bypass lopper and hedge shear have lightweight steel core handles and shock absorbing bumpers which decrease shoulder fatigue.

NEW

single handed lock operation on the bypass pruner.

Each **RazorTOOTH Saw**® undergoes a four-part manufacturing process to ensure maximum durability and hardness, friction reduction and extremely fast and efficient cuts.

RazorTOOTH Saws®

Improved handle with rubberized non-slip grip provides comfort over extended use.

Chrome-plated blade reduces friction and improves cutting efficiency on each pull stroke.

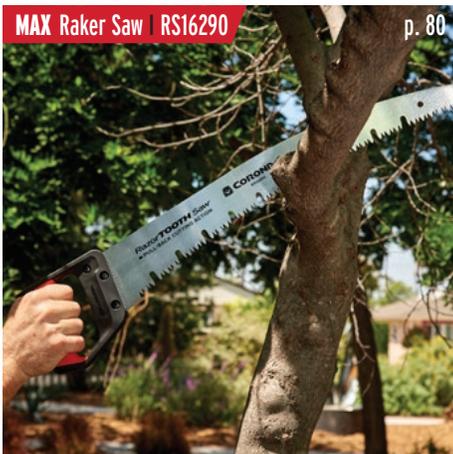

SK5 steel blade contains more carbon which means harder steel, allowing blade to stay sharper longer.

MAX SHARPNESS
Triple-ground teeth cut 2X faster.

Easy-to-lock folding blade, protects teeth to prevent injury when not in use.

Improved handle design allows for hang hole to be clear of teeth when folded in locked position. Easily attaches to belt hooks.

MAX HOES

STRENGTH & DURABILITY™

MAXFORGED | DRAW HOE

FH 70000 | 60 IN ASH HANDLE

- Forged, tempered head for maximum strength, long service life and superior blade sharpness
- Sharpened 6 ¼ in blade edge penetrates ground easily, slices through weeds easily
- Single-piece, solid-socket design prevents moisture from weakening handle, gives greater strength
- Extra-long handle lets you work upright and reduced back strain
- Limited Lifetime Warranty

MAXFORGED | EYE HOE

FH 71000 | 7 IN BLADE | 60 IN ASH HANDLE

FH 71002 | 7 ½ IN BLADE | 60 IN ASH HANDLE

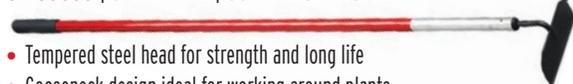

FH 71003 | 5 ½ IN BLADE | 60 IN ASH HANDLE

- Forged, tempered steel blades for maximum strength, long service life and superior sharpness
- Sharpened-blade edges penetrate ground easily, slice through weeds easily
- 60 in wood handle withstand heavy weed chopping
- Ox-eye connections for extra-thick handles
- Limited Lifetime Warranty
- **REPLACEMENT PARTS AVAILABLE**
 - 71000-4 - Handle
 - 71000-8 - 7 in head
 - 71002-8 - 7 ½ in head

MAX | GARDEN HOE

SH 60060 | 6 IN BLADE | 60 IN ALUMINUM HANDLE

- Tempered steel head for strength and long life
- Gooseneck design ideal for working around plants
- 6 in wide blade most popular size for general maintenance tasks
- Lightweight aluminum, non-slip oval-shaped handle
- Limited Lifetime Warranty

MAX | OSCILLATING HOE

SH 60000 | 4 IN BLADE | 60 IN ASH HANDLE

SH 60001 | 5 IN BLADE | 60 IN ASH HANDLE

- Heavy-duty blade design for long service life
- Heads automatically angle to slice weeds just below surface on both forward and back stroke
- Concave blades sharpen during use
- Extra-long handle lets you work upright and reduces back strain
- Limited Lifetime Warranty
- **REPLACEMENT PARTS AVAILABLE**
 - 60100-4 - handle
 - 60101-8 - head, 5 in
 - 60100-8 - head, 4 in

MAX | OSCILLATING HOE

SH 60061 | 6 IN BLADE | 60 IN ALUMINUM HANDLE

- Heavy-duty, double-edged blade for push/pull weed cutting
- Slice weeds just below the surface with automatically angling blade
- 60 in lightweight aluminum, non-slip, 2X bolt-thru handle
- Limited Lifetime Warranty
- **REPLACEMENT PARTS AVAILABLE**
 - 60061-8 - Head

MAX | DIAMOND HOE

SH 61000 | 8 IN BLADE | 60 IN ASH HANDLE

- 8 in diamond-shaped head with four sharpened edges cuts weeds on both forward and back strokes
- Points of diamond-shaped blade can nick even small weeds from hard to reach areas
- Easily sharpened carbon steel blade
- Extra-long handle lets you work upright and reduces back strain
- Limited Lifetime Warranty
- **REPLACEMENT PARTS AVAILABLE**
 - 60001-4 - handle

MAX | HEAVY-DUTY WEEDING HOE

SH 63000 | 7 IN BLADE | 60 IN ASH HANDLE

- Tough, tempered, abrasion-resistant 7 in steel blade holds edge
- Notched and sharpened blade cuts on both push and pull stroke, slices easily through fibrous, overgrown weeds such as thistles, bindweed, wild mustard and clumping grasses
- Extra-long handle lets you work upright and reduces back strain
- Limited Lifetime Warranty
- **REPLACEMENT PARTS AVAILABLE**
 - 60001-4 - handle

MAX | MCLEOD HOE

SH 65000 | 48 IN ASH HANDLE

SH 65000KD | KNOCKED-DOWN

- Tempered steel tines for superior strength and long service life
- Very versatile, used for raking, scraping, grubbing and tamping
- 10 ½ x 8 ½ in head with 9 in sharpened edge and 3 ¾ in tines
- SH65000KD - Knocked-down version of SH 65000 for shipping purposes - assembly required
- Limited Lifetime Warranty
- **REPLACEMENT PARTS AVAILABLE**
 - 65001-8 - Head
 - 65000-4 - Handle

HOES

GARDEN HOE

SH 20000 | 6 IN BLADE | 54 IN WOOD HANDLE

- Swan-shaped neck keeps soil from building up on the tool
- Strong socket joint bolstered with a screw
- 6 in wide blade most popular size for general maintenance tasks
- Limited Warranty

VALUE HOES All Value Tools carry a 1-year limited warranty

LIGHT-DUTY GARDEN HOE

SH 10000 | 51 IN WOOD HANDLE

- 6 in wide blade

OSCILLATING HOE

SH 15000 | 54 IN WOOD HANDLE

- Lightweight tool for weeding
- Heat-treated carbon steel head
- 6 in concave blade stays sharp with use

WARREN HOE

SH 22000 | 54 IN WOOD HANDLE

- Tempered steel, 5x6 in V-shaped head has sharpened edges for furrowing and digging
- 54 in wood handle

LAWN & GARDEN TOOLS

ComfortGEL[®] Lawn and Garden Tools

Introducing Corona's newest line of lawn and garden tools with ComfortGEL[®] grips for exceptional comfort and control. We've engineered and developed this range of tools to provide you with hand-held solutions to cultivate, weed, till and maintain your property. Repair your lawn, edge a border or prepare a garden bed with comfort and innovative features.

GARDEN & SOIL CULTIVATOR

DiscCULTIVATOR[®]

with **ComfortGEL[®]** grip

LG 3634

- 3 tine-configurations for different uses: weed, aerate and till soil
- Three, easy to adjust sets of detachable rotational tines
- Large steel tines quickly break up soil and are self-cleaning
- All metal footplate versus plastic for added durability
- 60-in. long angled handle for enhanced leverage and reduced back strain
- Limited warranty

U.S. Patent D845,093 and D868,552

LAWN & SOIL AERATOR

YardBREATHER[®]

with **ComfortGEL[®]** grip

LG 3604

- Penetrates and breaks up grass and compact soil to allow air, water and nutrients to reach the roots, promoting growth
- Designed to automatically eject 3.5-in. long soil plugs with each step
- Slip-resistant, traction grooves on the footplate add safety and stability
- Heat-treated steel on footplate and spikes for lasting durability
- Limited warranty

GARDEN TILLER

SoilRIPPER[®]

with **ComfortGEL[®]** grip

LG 3624

- Used for tilling soil and the development of seed-rows in gardens
- A substitute for rototillers in small developed gardens or raised-bed gardens
- Durable, heat-treated high carbon steel tines versus cast aluminum
- Self-sharpening, large 9-in. wide x 6-in. long steel tines
- All metal footplate will withstand high-load bearing pressure
- Quick release plunger to push out dirt and mud clots from tool between submersions into soil
- Limited warranty

U.S. Patent D838,150

WEEDING TOOL

WeedDESTROYER[®]

with **ComfortGEL[®]** grip

LG 3654

- Removes tough weeds without the use of chemicals
- All steel footplate with slip-resistant traction grooves for added control
- Fully heat-treated, high carbon steel blades for extra strength when driving into the soil
- Quick release plunger for removing weed from tool
- Limited warranty

U.S. Patent D843,799

SIDEWALK & BORDER EDGER

EdgeMASTER™

with **ComfortGEL®** grip
LG 3684

- Quick clean cuts in grass, sod or soil
- Trim sidewalks or create borders for gardens or flower beds
- Ribbed blade that's self-sharpening, durable, fully heat-treated and made from high carbon steel.
- Double-traction grooved footplate supports additional load bearing pressure
- Limited warranty

TREE & SHRUB IRRIGATOR

RootIRRIGATOR

with **ComfortGEL®** grip
LG 3710

- Provides water or irrigation directly to the roots for healthy growth
- Prompts trees to grow roots deeper and further from trunk for longevity
- Eliminates water runoff and evaporation
- Detachable, universal, 3-in. shut off brass valve makes it easy to control water flow
- Depth markers of 12-in., 18-in. and 24-in. for precise watering of tree roots
- Limited warranty

GROUND CLEARING TOOL

QuickCOLLECTOR®

with **ComfortGEL®** grip
LG 3694

- Reduces time and effort in collecting tree nuts and seed pods
- Simple rolling action easily picks up and gathers nuts
- Flexible spring-steel cage makes emptying quick and easy
- 48-in. carbon steel handle for a comfortable, long reach
- Limited warranty

SOD & LAWN TRANSPLANTER

SodPLUGGER®

with **ComfortGEL®** grip
LG 3720

- Fill grassless areas without the expense of buying and installing sod
- Creates properly sized holes to accept standard 3-in. grass and sod plugs
- The quick release plunger efficiently removes sod plugs
- Heat-treated, high carbon steel construction for lasting durability
- Slip-resistant traction groves designed into the footplate
- Limited warranty

EasyLIFTER®

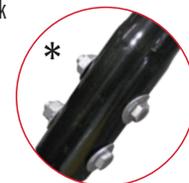

MAX | EASYLIFTER® WHEELBARROWS

WB 2806 | STEEL HANDLES | PNEUMATIC TIRE

WB 2806FF | STEEL HANDLES | FLAT-FREE TIRE

- Heavy-duty all-steel frames and 6 cubic foot powder-coated trays for durability
- Lift with less effort by aligning wheel with center of gravity
- Effortless dumping with built-in fulcrum action
- Steel reinforcing plate under tray reduces puncture risk
- Two handle configurations: removable for easy transport and storage or 4-bolt semi-permanent connection*
- Heavy-Duty Wheel Options
- Smooth operation with 16 inch wheels featuring solid steel bushings and grease fittings
 - For typical applications: WB 2806 with pneumatic 4-ply tire
 - For the toughest jobs: WB 2806FF with flat-free tire
- Optional Dual Wheel Kit sold separately for heavier loads and increased stability
- Assembly required
- Limited Lifetime Warranty
- **REPLACEMENT PARTS AVAILABLE**

MAX | EASYLIFTER® DUAL WHEEL KITS

AC 2806 | 16 IN PNEUMATIC 4-PLY TIRE

AC 2806FF | 16 IN SOLID FLAT-FREE TIRE

- Increase capacity and stability to make short work of the toughest jobs
- Kits include 1 wheel, 1 axle and hardware
- Includes steel bushings and grease fitting
- Work in conjunction with single wheel on WB 2806 or WB 2806FF (sold separately)

All CORONA® Wheelbarrows come with self-retaining washers for easier and faster tub-to-handle assembly. (Does not apply to WB 2506 and WB 2606 models due to Quick-connect design)

MAX WHEELBARROWS

STRENGTH & DURABILITY

6 Cubic Foot Wheelbarrows

- All Corona® MAX Wheelbarrows feature 6 cu ft class trays, optimizing carrying capacity with typical worker's lifting ability.

Leg stabilizers help to prevent tipping by distributing the load weight

Leg stabilizers help to prevent tipping by distributing the load weight

ABOUT LIFT

- Handles with **larger lift** provide greater leverage.
- Handles with smaller lift allow a nearly vertical cut.
- **Flat-bowled heads** are nearly flat for straight cuts.
- **Deep-bowled heads** are concave for "cupped" cuts.

The **1 IN LIFT** on AS 90310 allows for a nearly vertical cut. Maximum accessibility in tight spaces

The **2 1/2 IN LIFT** on AS 90320 allows for increased leverage.

The **4 IN LIFT** on AS 90340 allows for maximum pulling and prying leverage. Easier debris removal.

MAX SOIL REMOVAL THAT'S AHEAD OF THE CURVE.

NEW MAX Curved Trenching Shovel

Move soil with ease and efficiency during cleanup and digging. A 14 gauge curved steel blade helps hold and remove more soil than flat trenchers while also alleviating excessive bending, minimizing back and body stress.

MAX TRENCH SHOVELS

STRENGTH & DURABILITY

CORONA® offers industry correct, color-coded trenchers for digging new trenches & cleaning them out.

- Finish your job faster with heavy-duty 12-gauge tempered steel blades that outperform some lower gauge blades
- Quickly find the right-sized tool for the job with industry-standard head sizes and colors
- Work more efficiently with dual handle angles optimized for digging or clean-out. Choose from 35° and 28°
- Limited Lifetime Warranty

35 degree is our most popular blade type; its sharper angle makes it easier to pick up loose soil and debris. Ash replacement handles are available.

STEEL THICKNESS: The LARGER the gauge number, the THINNER and lighter the blade.

MAX FILES

STRENGTH & DURABILITY™

SINGLE CUT PATTERN

With a single set of parallel, diagonal rows of teeth, single-cut files are often used with light pressure to produce a smooth surface finish or to put a keen edge on loppers, knives, shears or saws.

DOUBLE CUT PATTERN

The overcut and the finer upcut teeth are arranged diagonally in 2 opposing directions so material is removed on both the push and pull strokes. A DOUBLE CUT file is used with heavier pressure than a SINGLE CUT and removes material faster from the workpiece.

UT 60030 | 30 IN OVERALL LENGTH

UT 60007 | 7 IN OVERALL LENGTH

- Use to turn sprinkler control valves on or off with ease
- Steel construction with triangular heads for better leverage
- Sturdy 0.28 in diameter rods
- Two-prong heads are 1.1 in wide
- Limited Warranty

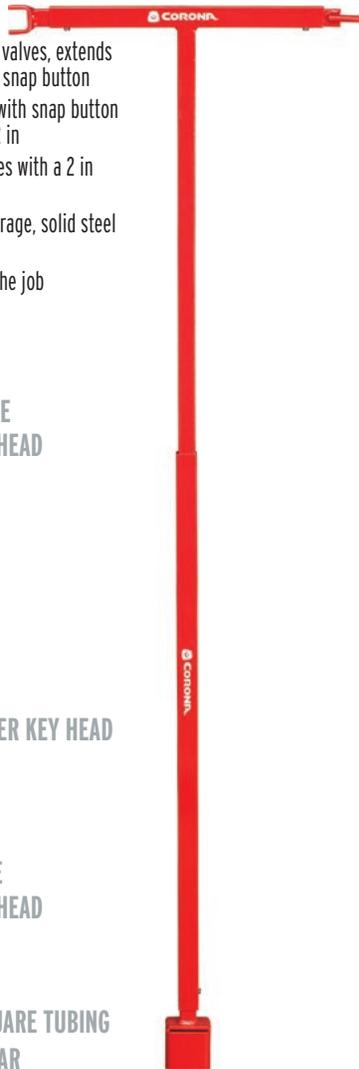

MAX WRENCHES

STRENGTH & DURABILITY

MAX | OPERATING WRENCH 3-IN-1

UT 69000

- Multifunctional; used to open gate valves, extends from 3 to 5 ft easily by releasing a snap button
- Includes 3 interchangeable heads with snap button lock store on the tool - 1, 1 1/8 and 2 in
- 2 in square key operates gate valves with a 2 in square operating nut
- T-bar handle design for better leverage, solid steel construction for durability
- Red color so it's easier to find on the job
- Limited Lifetime Warranty
- **REPLACEMENT PARTS AVAILABLE**

1/2 IN SQUARE METER KEY HEAD
69000-050

1 IN VALVE KEY HEAD
69000-100

1 1/8 IN METER KEY HEAD
69000-118

2 IN SQUARE METER KEY HEAD
69000-200

83 1/2 IN SQUARE TUBING EXTENDER BAR
69000-835

- Converts UT 69000 to easily adjust deep valves. Snap button locks at 7, 8 or 9 ft depths.

MAX | OPERATING WRENCH

UT 62052 | 2 1/4 IN SQUARED KEY | 60 IN SHAFT

- Large squared key opens and shuts high-capacity gate valves
- Extra-long shaft reaches deeply set lines on commercial construction sites
- Heavy-duty all-steel construction for superior strength
- T-bar handle provides maximum leverage
- Limited Lifetime Warranty

MAX SOIL PROBES

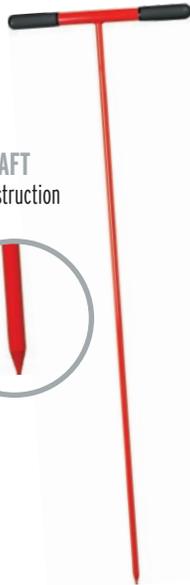

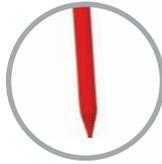

STRENGTH & DURABILITY

- Locate underground utilities and pipelines before digging
- Cushioned, non-slip T-bar handle for best control
- Limited Lifetime Warranty

MAX | STEEL SOIL PROBE

UT 64050 | 48 IN STEEL SHAFT

- High-quality welded steel construction for greater strength

MAX | FIBERGLASS SOIL PROBE

UT 64020 | 50 IN FIBERGLASS SHAFT

- Fiberglass for best combination of strength and weight
- Replaceable steel tip for long service life
- **REPLACEMENT PART AVAILABLE**
- 64020-64 - Replacement tip

MAX DIRT TAMPS

STRENGTH & DURABILITY

- Heavy-duty steel construction for long service life
- ¼ in steel plate and gussets for maximum strength and even tamping
- Limited Lifetime Warranty

MAX | DIRT TAMP

UT 60053 | 10 IN X 10 IN | 58 IN ASH HANDLE

- 56% larger plate helps you finish your job faster than with standard 8 in squared plate

UT 60050 | 8 IN X 8 IN | 43 IN ASH HANDLE

- Ideal for efficient tamping of trenches, specimen tree holes and base materials
- **REPLACEMENT PARTS AVAILABLE**
- 60050-4 - Wood handle and wedges

MAX | DIRT TAMP | ALL-STEEL

UT 60057 | 8 IN X 8 IN | 58 IN STEEL HANDLE

- Ideal for efficient tamping of trenches, specimen tree holes and base materials

UT 60055 | 3 ½ IN X 12 IN | 58 IN STEEL HANDLE

- Ideal for tamping in trenches and tight spaces

MAX POST DRIVERS

STRENGTH & DURABILITY

- Easily drive standard-sized square wooden stakes and steel posts into the ground
- Standard models feature two angled handles for best gripping position and control
- Long-reach model features one extended handle for driving posts close to ground level
- High-quality welded steel construction for long service life
- Limited Lifetime Warranty

MAX | POST DRIVER

UT 67002 | 27 LB

- 3 1/2 in squared hollow section

MAX | POST DRIVER

UT 67001 | 21 LB

- 2 1/2 in squared hollow section

MAX | POST DRIVER

UT 67003 | 22 LB | 65 IN HANDLE

- Long-reach 65 in handle - so no ladder is needed for installing taller posts
- 2 1/2 in squared hollow section

MAX SCRAPERS

STRENGTH & DURABILITY

MAXFORGED | SCRAPER/CHOPPER

UT 71000 | 54 IN ASH HANDLE

- Heavy-duty steel head scrapes encrusted materials from hard surfaces
- Sharpened blade is 4 in wide for efficient digging, edging and root cutting
- Durable Ash wood handle 2X varnished for weather resistance
- Limited Lifetime Warranty

MAXFORGED | SIDEWALK SCRAPER

UT 70000 | 48 IN ASH HANDLE

- Heavy-duty steel head scrapes encrusted materials from hard surfaces
- Sharpened blade is 7 in wide for efficient edging of sidewalks and ice chipping
- Durable Ash wood handle 2X varnished for weather resistance
- Limited Lifetime Warranty

MAX TRIMMERS

STRENGTH & DURABILITY

MAX | HEAD TRIMMERS

UT 66004 | 4 IN DIAMETER | 29 IN SHAFT

UT 66006 | 6 IN DIAMETER | 29 IN SHAFT

- Easily trims around sprinkler heads with serrated edges
- Two sizes cover a complete range of heads
- High-quality welded steel construction for long service life
- Cushioned, non-slip T-bar handles for better leverage
- Limited Lifetime Warranty

VALUE EDGERS & WEED CUTTERS

All Value Tools carry a 1-year limited warranty

HALF-MOON EDGER

UT 20000 | 48 IN WOOD HANDLE

- Semi-circular edging knife for straight, even edges and borders
- Tempered steel blade
- Large forward-turned steps for firmer footing

WEED CUTTER

UT 24000 | 14 IN BLADE | 30 IN WOOD HANDLE

- Used to trim tall grass and weeds around yards
- 14 in blade has serrations on each edge and cuts in either direction
- Blade is connected to handle with two bolts

DUAL WHEEL GRASS EDGER

UT 21000 | 6 IN BLADE | 48 IN WOOD HANDLE

- 6 in self-sharpening blade with an adjustable depth gauge
- Wide, dual treads for traction and easier handling on concrete

Determine Maximum Cut Capacity

- What is the largest diameter you are considering cutting?
- Not every branch is suitable for cutting with a lopper
- Consider the hardness of the branch
 - Bypass loppers are best for cutting green, live branches
 - A High-Torque Bypass Lopper can cut hard or frozen branches
 - Anvil loppers are best for cutting dry or hard branches
- Consider your own physical condition, ability and experience
- Be safe: use a saw if a branch is too big or too hard to cut

Determine Intensity and Frequency of Use

- Professionals can continuously make thousands of large cuts a week: all Corona® MAXFORGED loppers offer Limited Lifetime Warranties and most offer extensive replacement parts to get the job done, season after season
- Landscaping enthusiasts, casual gardeners and homeowners can make hundreds of moderate-sized cuts a month maintaining their yards and gardens: Corona® RED loppers feature design innovations that can make cutting easier and more comfortable

- Pruning head with DualLINK™ and non-stick blade for cuts up to 1 in
- Tempered steel triple-ground saw blade
- Overall length extends with twist-lock adjustment
- Rope drive activation
- Tree pruner with 12 in conventional saw blade
- Limited Warranty
- **REPLACEMENT PARTS AVAILABLE**

DUAL COMPOUND ACTION TREE PRUNER WITH ROPE DRIVE

TP 3841 | 15 IN BLADE | REACHES UP TO 12 FT

- Tempered steel conventional saw blade
- Pruning head with 3X cutting power features a compound action pulley system and rope drive
- Die-cast zinc alloy pruning head with non-stick tempered steel blade cuts up to 1 in
- Overall length extends up to 12 ft with twist-lock adjustment
- Limited Warranty
- **REPLACEMENT PARTS AVAILABLE**

COMPOUND ACTION TREE PRUNER WITH ROPE DRIVE

TP 3714 | 15 IN BLADE | REACHES UP TO 14 FT

- Die-cast zinc alloy pruning head with non-stick blade and rope drive cuts up to 1 in
- Compound-action pulley system triples your cutting power
- Tempered steel conventional saw blade
- Overall length extends up to 14 ft with twist-lock adjustment
- Limited Warranty
- **REPLACEMENT PARTS AVAILABLE**

LONG REACH PRUNER

SwivelCUT

with PowerGLIDE™ grip

TP 3206 | REACHES UP TO 62 IN

- Head rotates 360°, tilts and swivels for unlimited cutting positions
- Overall length of 62 in is ideal for pruning high or low, without bending or straining
- Lightweight: weighs only 2.5 lb so you can prune trees, shrubs and roses all day
- PowerGLIDE™ comfort grip eliminates tangled ropes
- Limited Warranty

MAX TREE PRUNER COMPONENTS

STRENGTH & DURABILITY™

MAXFORGED | PROFESSIONAL TREE PRUNER HEAD

6880-8

- Compound action, dual rope-pull system triples your cutting power
- Heavy-duty forged steel hook and Radial Arc® blade with 1½ in diameter cutting capacity
- Thickest, most weather-resistant polypropylene pull rope and wood grip
- Built-in ferrule fits TP 6881 poles snap-button
- Can also be attached to other 1¼ in diameter poles by drilling holes in pole and adding fasteners (not included)
- Limited Lifetime Warranty

MAX | BYPASS PRUNERS

AC 9000

3X cutting power with compound action pulley system
Die-cast zinc alloy pruning head with non-stick tempered steel blade cuts up to 1¼ in
Exclusive PowerGLIDE™ rope-pull system for smooth action
Convertible-action pulley system converts from compound to direct pull, giving workers a choice between faster cutting or less required force
Includes pivot bolt for mounting AC 7241 RazorTOOTH Saw® tree

pruner blade (sold separately, see page 83)
Built-in ferrule can be attached to 1¼ in diameter poles by drilling holes in pole and adding fasteners (not included)
Limited Lifetime Warranty

MAX | TREE PRUNER SAW HEAD

AC 9100

Strong and lightweight aluminum casting for rugged, all-day tree care service
Double-curved hook design optimized for pulling branches, raising lines and guiding tree fall
Built-in utility loop for attaching ropes, carabiners and for easy storage

Blade-mounting system fits popular tree pruner blades by Corona® and other brands, such as Razor Tooth Saw® AC 7240 and QuickSaw® AC series blades (sold separately, see page 83)
Can be attached to 1¼ in diameter poles by drilling holes in pole and adding fasteners (not included)
Limited Lifetime Warranty

MAX | TREE PRUNER DIRECT-CONNECT ADAPTER

AC 9200

Simple, lightweight design connects tree pruner saw blades to wood and fiberglass poles
High-strength aluminum tube mounts onto 1¼ in diameter poles by drilling holes in pole and fastening with included screws and bolts

Slotted end with wooden inner plug fits Corona® blades AC 9010 and AC 9020, as well as other brands
Limited Lifetime Warranty

QuickSAW® Replacement Blades

- Cut 2.5X faster than conventional saws
- Stay sharp over thousands of strokes thanks to the same superior-grade steel as advanced tactical knives
- Cut faster and exert less force with friction-minimizing tapered blade
- Fits CORONA® AC 9100 and standard tree pruner saw heads for arborists
- Limited Lifetime Warranty

MAX | TREE PRUNER BLADE

AC 7990 | 13 IN BLADE

- Fits most standard tree pruner heads

MAX | TREE PRUNER BLADE

AC 7991 | 13 IN BLADE | 1 HOOK

- Save time with a sharpened front hook that avoids blade pull-out, keeps it inside the cut channel

MAX | TREE PRUNER BLADE

AC 7992 | 13 IN BLADE | 2 HOOKS

- Minimize exposure to disease-causing bacteria with rear hook for undercuts that prevent peeling bark

RazorTOOTH Saw® Replacement Blades

- 2X faster cut with RazorTOOTH Saw® technology
- 3-sided impulse-hardened teeth stay sharp longer
- Chrome-plated blades reduce friction and improves efficiency
- SK5 steel blade contains higher carbon which means harder steel, allowing blade to stay sharper longer
- Limited Lifetime Warranty

MAX | TREE PRUNER BLADE

AC 7242 | 12 IN BLADE

- Fits Corona® TP 3714 and other tree pruners

FRUIT PICKERS**

MAX SHEARS & SNIPS

STRENGTH & DURABILITY

Since the early 1920s, when other manufacturers were settling for stamped or cast tools, CORONA® has been forging high-quality, classically designed agricultural shears and snips that deliver superior performance and reliability. Generations later, these same tools are shearing California grape vines, pruning lemon, orange and avocado trees in the Southwest, apples in the Northwest, Midwest and East, while clipping, plucking and shaping landscapes around the world.

THINNING, SHEARING & HARVESTING

MAXFORGED | CITRUS SHEARS | BYPASS **NEW**

AG 5020

- Designed for rapid, high-volume lemon and citrus harvesting
- Drop-forged steel alloy construction with resharpenable blades
- Rounded tips help prevent damaged fruit
- 2 blade design for less interference during harvesting
- Non-slip grips
- Includes synthetic strap
- Limited Lifetime Warranty
- **REPLACEMENT PARTS AVAILABLE**
 - 5060-42 - Synthetic Strap

MAXFORGED | ORANGE SHEAR | BYPASS **NEW**

AG 5060

- Designed for rapid, high-volume orange, grapefruit and apple harvesting
- Specially designed to sever fruit cleanly from fruiting spur
- Drop-forged steel alloy construction with resharpenable blades
- Custom-ground cutting edges and balanced spring design for fast, precise action
- Includes synthetic strap
- Limited Lifetime Warranty
- **REPLACEMENT PARTS AVAILABLE**
 - 5060-42 - Synthetic Strap

MAXFORGED | ORANGE SHEAR | ANVIL

AG 5050

- Designed for rapid, high-volume orange, grapefruit and apple harvesting
- Specially designed to sever fruit cleanly from fruiting spur
- Drop-forged steel alloy construction with resharpenable blades
- Custom-ground cutting edges and balanced spring design for fast, precise action
- Includes leather strap
- Limited Lifetime Warranty
- **REPLACEMENT PARTS AVAILABLE**
 - 5060-42 - Synthetic Strap

MAXFORGED | GRAPE SHEAR

AG 5030 | 2 1/5 IN BLADES

- Designed for rapid, high-volume grape harvesting and thinning
- Rounded tips help prevent damaged fruit
- Drop-forged steel alloy construction with resharpenable blades
- Special curved blades cut hard-to-reach stems
- Non-slip grips
- Limited Lifetime Warranty
- **REPLACEMENT PARTS AVAILABLE**

MAXFORGED | AVOCADO SHEAR

AG 5040

- Designed for rapid, high-volume harvesting of avocados, mangos, persimmons, tomatoes and other delicate fruits
- Rounded tips help prevent damaged fruit
- Drop-forged steel alloy construction with resharpenable blades
- Non-slip grips
- Includes leather strap
- Limited Lifetime Warranty
- **REPLACEMENT PARTS AVAILABLE**
 - 5060-42 - Synthetic Strap

MAXFORGED | LEMON SHEAR

AG 5010

- Designed for rapid, high-volume lemon and lime harvesting
- Rounded tips help prevent damaged fruit
- Drop-forged steel alloy construction with resharpenable blades
- Rounded tips help prevent damaged fruit
- Close-tolerance pivot bolt
- Includes leather strap
- Limited Lifetime Warranty
- **REPLACEMENT PARTS AVAILABLE**
 - 5060-42 - Synthetic Strap

- Long, straight, pointed blade for a wide range of applications
- Fully heat-treated steel blades for strength
- Blades, spring and handle coated to prevent rust
- Unobtrusive leather strap lock
- Limited Warranty

SHORT CURVED SNIPS

AG 4920 | 1 IN BLADES

- For use in harvesting apples, pitted fruits and berries
- Fully heat-treated steel blades for strength
- Blades, spring and handle coated to prevent rust
- Unobtrusive leather strap lock
- Limited Warranty

LONG CURVED SNIPS

AG 4940 | 1 3/4 IN BLADES

- Designed for picking and field-dressing grape bunches
- Fully heat-treated steel blades for strength
- Blades, spring and handle coated to prevent rust
- Unobtrusive leather strap lock
- Limited Warranty

HYDROPONIC TOOLS

HYDROPONIC FINGER MICRO SNIPS

FS 4110 | 1 1/4 IN BLADES

- Sharp stainless steel blades and tip allows for precision cutting
- Handle and blade can be sterilized to limit cross contamination
- Spring in the handle helps to open the blades after each cut
- Durable ABS-plastic handle for lightweight comfort and performance
- Large finger hole in the handle for comfort with push-button thumb lock for safety
- Limited Warranty

HYDROPONIC MICRO SNIPS

FS 4120 | 2 5/16 IN BLADES

- Compact, sharp stainless steel blades with double-beveled tapered tips for precision cuts
- Handle and blades can be sterilized with alcohol to limit cross contamination and to remove sap
- Heavy-duty spring for reliable performance
- Durable handle with soft-touch feel for lightweight comfort and performance
- Double-sided lock for left- or right-hand use
- Adjustable pivot bolt for personal comfort
- Limited Warranty

HYDROPONIC SCISSORS

FS 4130 | 2 IN BLADES

- Stainless steel blades with double beveled tapered tips for precision cuts
- Durable handle offers lightweight comfort and performance
- Handle and blades can be sterilized to limit cross contamination
- Limited Warranty

MAX FLORAL SHEARS

STRENGTH & DURABILITY

MAXFORGED | THINNING SHEAR

FS 4350 | 1 3/4 IN BLADES

- Resharpenable, straight, narrow blades for tight spaces
- Forged steel alloy construction
- Scissor-cutting action
- Suitable for left- and right-hand use
- Non-slip grips
- Limited Lifetime Warranty
- **REPLACEMENT PARTS AVAILABLE**

MAXFORGED | HOUSEPLANT SHEAR

FS 4310 | 1 1/4 IN BLADES

- Resharpenable, narrow blades for delicate plants
- Forged steel alloy construction
- Compact design for smaller hands
- Suitable for left- and right-hand use
- Non-slip grips
- Limited Lifetime Warranty
- **REPLACEMENT PARTS AVAILABLE**

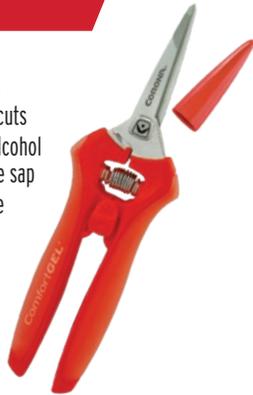

FLORAL SHEARS

MICRO SNIPS

ComfortGEL®

FS 3214D | 1 3/4 IN BLADES

- Compact, sharp stainless steel blades with double-beveled tapered tips for precision cuts
- Handle and blades can be sterilized with alcohol to limit cross contamination and to remove sap
- Heavy-duty spring for reliable performance
- Full stainless steel core
- Maximize comfort and control with soft, ergonomically shaped grips
- Built-in lock

STOW. SHARPEN. CATCH.

CORONA®
ACCESSORIES

MAX | LEATHER SCABBARD

AC 7300 | 14 IN

- For use with QS 7900, RS 7395 and other 13 to 14 in curved saws
- Top-grain leather construction
- Stitched and riveted for durability
- Limited Lifetime Warranty

MAX | LEATHER SCABBARD

AC 7220 | 5 IN

- Universal design fits most hand pruners and folding saws up to 8 in
- Top-grain leather construction
- Stitched and riveted for durability
- Belt clip and loops included
- Pouch depth: 5 in
- Limited Lifetime Warranty

ACCESSORIES

MACHETE SHEATHS

- Durable reinforced nylon construction
- Belt loops and leg straps for a secure fit
- Built-in button snap holds tool safely in place
- Limited Warranty

AC 7310 | 18 IN

- Fits MA 60061, MA 62060 and other machetes up to 18 in

AC 7330 | 22 IN

- Fits MA 60062 and other machetes up to 22 in

PLASTIC SCABBARD

AC 7400

- Fits curved pruning saws with blades up to 14 in such as CORONA® RS 7395, RS 7120 and other brands
- Lightweight and high-strength reinforced poly construction
- Protects saw blade when not in use
- Waistband clip and belt loop option
- Easy carrying with hinged belt loop and reinforced carabiner hole
- Limited Warranty

U.S. Patent D518,952

UNIVERSAL TOOL POUCH

AC 4510 | 5 IN

- Universal design fits hand pruners and folding saws up to 8 in
- Durable nylon construction
- Easy to carry using metal clip or belt loops
- Front pocket for sharpener storage
- Pouch depth: 5 in
- Limited Warranty

Sharpener not included

SHARPENING TOOL

AC 8300

- Ideal for sharpening all blades (excludes saw blades)
- Easy to use instructions are on back of the packaging
- 5 in super carbide file
- Easy to fit in pocket
- Non-slip grip for easy use
- Limited Warranty

LEAF AND GRASS CATCHER

AC 8350

- Used to manually pick up grass, leaves and yard debris
- Thick, heavy-duty galvanized steel pan
- Heavy-duty steel wire frame
- Canvas is water- and mildew-resistant
- Limited Warranty

EVERYTHING GARDENERS DESIRE

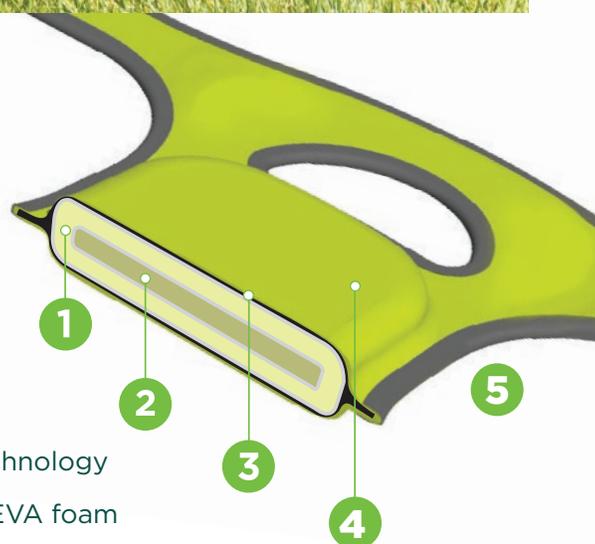

Since 1730, Burgon & Ball has been recognized as the UK's leader for high-end gardening tools and accessories. Their products are highly sought out by gardeners for their old-world styling, fine craftsmanship, cutting-edge designs, and high-profile collaborations with Royal Horticultural Society and design icon, Sophie Conran. Appealing to the sophisticated gardener, these unique product lines include comfortable and durable garden wear, quality hand tools, exclusive fluorescent tools, pruners, and other must-have accessories. To complement Corona's hard-working products, we are proud to introduce select Burgon & Ball products stateside this spring.

kneelo®

Ultra-cushion knee pads for gardening and yard care

- 1 Ultra-cushion memory foam technology
- 2 Deep core of shock absorbing EVA foam
- 3 Outer layer of water-resistant durable neoprene
- 4 Quick-dry, wipe clean nylon cover
- 5 Unique design prevents digging in at key points
- 6 Adjustable hook & loop straps

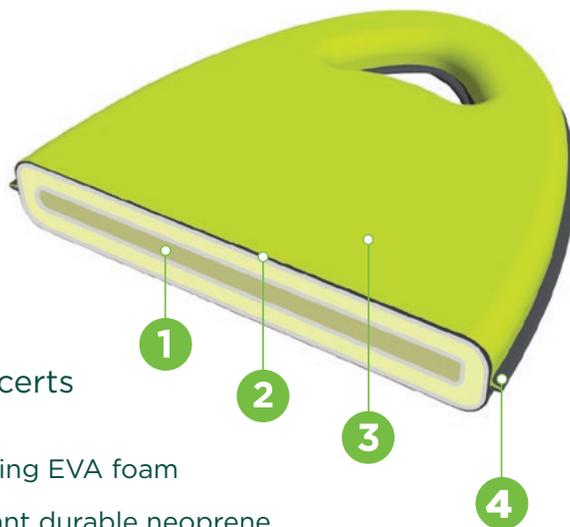

WARNING: This product can expose you to chemicals including phthalates (BBP, DBP, DEHP, DIDP, DINP and DNHP) and lead which are known to the State of California to cause cancer, birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov

kneelo®

Ultra-cushion kneeler

for gardening, sporting events, and outdoor concerts

- 1 Deep core of shock absorbing EVA foam
- 2 Outer layer of water-resistant durable neoprene
- 3 Quick-dry, wipe clean nylon cover
- 4 Generously sized with contoured foam edges
- 5 Lightweight and easy-grip for carrying

ENDORSED BY

Inspiring everyone to grow

Burgon & Ball tools are the only garden tools to be endorsed by the Royal Horticultural Society, one of the world's foremost horticultural organizations and the UK's leading gardening charity. You can be confident of the quality of these tools: RHS-endorsed gardening tools carry a ten year guarantee (for cutting tools) or a lifetime guarantee (for stainless steel tools) against manufacturing defects.

GTO/ERGODH

GTO/PP

GTO/FFS

ERGO DEADHEADER

- Ergonomic design reduces hand strain
- Precision-ground, high carbon steel blade
- Easy squeezing action reduces strain
- Finger loop for improved control
- Easy release secure blade lock
- Robust alloy handles with contoured grip

POCKET PRUNER

- Powerful cutting for smaller hands
- Cuts up to 1/2"
- Precision-ground, high carbon steel blade gives the sharpness essential for healthy cutting
- Sap groove stops blades from sticking while in use
- Easy release secure blade lock
- Robust alloy handles with contoured cushion grip

FLOWER & FRUIT SNIP

- Precise cutting & harvesting
- Finely pointed blades for precision stem selection and deadheading
- Hardened and tempered stainless steel blades for lasting sharpness and rust resistance
- Comfortable cushion grip

HAND TOOLS

HORI HORI GARDEN KNIFE

- Serrated multi-purpose steel blade for digging, cutting, transplanting
- High-carbon steel for strength and durability
- Rust resistant powder coating
- Depth markings on blade for accurate planting
- Endorsed by the Royal Horticultural Society

GCT/KNIFE

BLOCK PAVING KNIFE

- For removal of weeds and moss from block paving and patios without the use of chemicals
- Slim in-line head design with sharpened 90 degree angle and fine hook fits into small spaces to extract weeds
- Rust-resistant stainless steel
- Endorsed by the Royal Horticultural Society

GTH/SPWRHS

BULB PLANTER

- Deep serrations cut a 2 1/4" diameter core of soil with ease
- Depth markings up to 4 inches for precise planting
- Rust-resistant stainless steel
- Endorsed by the Royal Horticultural Society
- Lifetime guarantee

GTH/SBPRHS

WIDGER

- Ideal for transplanting seedlings and plug plants
- Long narrow shape for levering plants out of pots
- Rust-resistant stainless steel
- Endorsed by the Royal Horticultural Society

GTH/SWDRHS

WARNING: This product can expose you to chemicals including phthalates (BBP, DBP, DEHP, DIDP, DINP and DNHP) and lead which are known to the State of California to cause cancer, birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov

HAND TOOLS

HAND TROWEL

- Deeply dished for more efficient digging
- Rust-resistant stainless steel
- Precision forged tang connects head to handle to resist bending and breaking
- Endorsed by the Royal Horticultural Society
- Lifetime guarantee

GTH/SHTRHS

TRANSPLANTER

- Narrow head and depth markers for precise holes
- Rust-resistant stainless steel
- Precision forged tang connects head to handle to resist bending and breaking
- Endorsed by the Royal Horticultural Society
- Lifetime guarantee

GTH/STPRHS

CULTIVATOR

- Sharp points slice through ground with incredible ease and efficiency
- Rapidly prepares ground for planting
- Rust-resistant stainless steel
- Precision forged tang connects head to handle to resist bending and breaking
- Endorsed by the Royal Horticultural Society
- Lifetime guarantee

GTH/SCCRHS

DUTCH HOE

- Lightly aerates and removes weeds from surface of soil
- Rust resistant stainless steel blade
- Long, lightweight ash handle for comfort and long life
- Long brackets keep handle and socket section clear of soil and debris build-up when in use
- Endorsed by the Royal Horticultural Society
- Lifetime guarantee

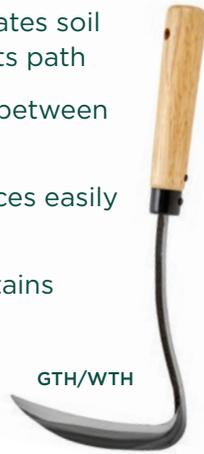

GTB/SHORHS

HAND TOOLS

RAZOR HOE

- Angled hoe effectively cultivates soil while removing all weeds in its path
- Compact head moves easily between rows of plants
- Pointed razor sharp blade slices easily through packed or clay soils
- Forged, high-carbon steel retains sharp edge
- Hardwood handle
- 10 year guarantee

SICKLE

- Designed for quick easy cutting of grasses and other herbaceous perennials
- Forged, high-carbon steel retains sharp edge
- Razor sharp serrations bite into foliage
- Ergonomic curved blade
- Single handed cutting action
- Hardwood handle
- 10 year guarantee

PICK

- Powerful chopping action
- Sharp point and weighted head make tilling packed soil almost effortless
- Forged from high carbon steel for long life
- 10 year guarantee

WEEDER

- Weeds large areas fast
- Cuts on both the push and pull strokes to get weeding done in half the time
- Long handle eliminates stooping & back pain
- Wide head allows for rapid weeding of larger areas such as vegetable gardens or gravel driveways
- Minimal soil disturbance reduces weed germination
- Surface action retains soil moisture
- 10 year guarantee

WARNING: This product can expose you to chemicals including phthalates (BBP, DBP, DEHP, DIDP, DINP and DNHP) and lead which are known to the State of California to cause cancer, birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov

SOPHIE CONRAN

For

Burgon & Ball

Having brought her inimitable combination of flair, style and design skills to the kitchen through her work with Portmeirion, Sophie Conran has now turned her attention to the tools that surround the other main love of her life — her garden.

Working in partnership with Burgon & Ball, the UK's longest standing garden tool manufacturer (est. Sheffield, 1730), Sophie has created a stunning collection of ergonomically advanced tools and fun gift sets for lovers of gardening and the great outdoors.

Bypass Pruner

GSC/SECAT

Smaller and lighter than the usual bypass pruner—perfect for the smaller hand. Made from stainless steel, making them outstanding for cutting and rust-resistant. Brass lock keeps the blade safely closed when not in use.

Precision Bypass Pruner

GSC/PRESEC

Double-bladed bypass pruner with fine precision tips—perfect for targeted cutting, even on woody green stems. Especially good for floristry work. Made from stainless steel, making them rust-resistant and outstanding for cutting. Brass lock keeps the blade safely closed when not in use.

*The better the tools,
the easier the job*

MERCHANDISING

- Corona® not only produces classically designed tools that deliver superior performance, but also racks that help you display tools in a way that ensures an attractive, attention-getting, point-of-purchase look.
- Please refer to the following pages for those racks that will best fit your needs.
- If you would like to take it one step further and make sure your tools are well organized, we also offer labels to specify which tools will be kept on that rack.
- Contact your local Corona® representative or Corona® Customer Service for details.

the CORONA® Promise

The lifespan of a tool is dependent upon frequency of use, as well as, the conditions and environment in which it is used.

Tools used by professionals, everyday, on every job, will more likely wear out long before tools used by occasional or infrequent users. Typically, any defects in materials or workmanship will emerge early in the life of the tool.

CORONA® tools are designed, engineered and manufactured to perform their intended purpose, **Season after Season®**

Customer Satisfaction is at the top of our priority list, so in the event our tool fails to perform as intended due to materials and/or workmanship, **CORONA®** promises to provide a solution based on our three product lines and associated warranties.

MAX FORGED
SHARPNESS & DURABILITY™

MAX FORGED
STRENGTH & DURABILITY™

MAX | **MAX**
SHARPNESS & DURABILITY™ | STRENGTH & DURABILITY™

CORONA® MAX TOOLS represent our best-in-class and have been specifically designed, engineered and manufactured for **PROFESSIONALS** and **PASSIONATE GARDENERS** that demand **maximum durability and lasting performance**.

MAX AND **MAX FORGED TOOLS** CARRY A **LIMITED LIFETIME WARRANTY**

CORONA® MAX TOOLS are guaranteed to be free of defects in materials and workmanship for the life of the tool.

If a **CORONA® MAX TOOL** is found to be defective, **CORONA®** will either replace or repair it free of charge once the tool has been returned along with the original customers' proof of purchase.

WHAT'S NOT COVERED

CORONA® is dependable and trustworthy and we rely on our customers to be the same. We do not and cannot cover normal wear, lost or stripped parts, altered or modified products, or product damage due to negligence, misuse, or abuse. **OUR DEFINITION OF ABUSE-** Using a tool in a manner for which it was not designed.

CORONA® RED TOOLS are designed for **CASUAL GARDENERS** who want control and comfort, but not the maximum durability expectations designed and built into our **CORONA® MAX** line of tools.

CORONA® RED TOOLS CARRY A LIMITED WARRANTY

Corona® warrants RED tools to be free of defects in materials and workmanship. If your tool is found to be defective within ten (10) years from date of purchase, **CORONA®** will either replace or repair it free of charge once the tool has been returned along with the original customers' proof of purchase.

MAKING WARRANTY CLAIMS OUTSIDE THE U.S.

The warranties outlined here apply specifically to products purchased in the United States. If you purchased your product outside of the U.S., your local **CORONA®** distributor's standard product warranty will apply. Outside the U.S., warranty claims can be made by returning the tool to where you bought it within the relevant timeframe, along with its packaging and original proof of purchase.

Corona reserves the right to ask Dealers and Distributors to send in product photo and contact information for a warranty claim. In some cases, a Return Merchandise Authorization (RMA) number may be required for product returns.

Value Tools

Budget-friendly **Value Tools** are designed for performing basic tasks.

CORONA® Value Tools are covered by a standard manufacturer's

One-Year Limited Warranty against defects in materials or workmanship.

If your **Value Tool** is found to be defective within one (1) year from date of purchase, **CORONA®** will either replace or repair it free of charge once the tool has been returned along with the original customers' proof of purchase.

PRODUCT SUBSTITUTION

CORONA® will make an effort to either repair or replace any defective tool with one that is similar. If, for any reason, this is not possible, **CORONA®** may choose to satisfy your claim by substituting a different product.

GENUINE REPLACEMENT PARTS

All **CORONA®** tools are built to last, but certain components will wear out after heavy or repeated use. That's why we offer genuine replacement parts for most MAX products. Visit coronatoolsusa.com to see available replacement parts by item number, or contact the **CORONA® Customer Experience Team** for more information at the number noted below.
