HFO AND A2L COMPATIBILITY TESTING

All EasySeal Ultimate products have been rigorously tested to confirm compatibility with all commercially available HFO and A2L refrigerants with POE oil.

Using ANSI/ASHRAE Standard 172-2017 Method of Test for Insoluble Materials in Synthetic Lubricants and Refrigerants was performed to assess the compatibility of EasySeal Ultimate (ESU) with R-32, R-454B and R-449A refrigerants, in the presence of POE oil.
