RISER CLAMP

TITAN INSULATION RISER CLAMP

The patented Titan Riser Clamp is made to fit insulated pipe and create a clean vapor barrier on vertical pipe runs. The FNW Titan Riser will dramatically improve the fit and finish of insulated tube and pipe runs.

FEATURES

- Made in the USA
- Crush-resistant design
- Superior vapor barrier
- Dramatically improved finished appearance of insulated tube and pipe runs
- Three times faster installation of insulation
- Eliminates insulation compression
- Available for 7/8" to 4-1/8" OD tube
- Insulation wall thickness for 1" and 1-1/2" OD
- Molded with high-strength TPO plastic
- UL Classified 2043 (25/50) for use in plenums and air handling systems
