### Required Electrical Service:

Low-voltage connection from TSG or SMP generator via multi-conductor cable (supplied with generator).

## Total Sense Touch Control

Portrait mode

Landscape mode

Landscape mode

550M Modern design

550 Transitional design

**IMPORTANT:** Control may be installed in a Portrait or Landscape orientation. Please note the "TOP" of control prior to mounting.

## Notes

### Installation Notes:

Surface Mount - 2 3/4" hole required.

Must mount inside the steam room.

Steamist recommends that the multi-conductor cable be run through 3/4" conduit to protect cable from damage and to facilitate easy replacement.

Mount control near seating area and not above Steamhead.

### Rough-in Notes:

550 and 550M should be mounted 4' above the floor.

SH-550 and SH-550M should be mounted 4 1/2' above the floor.

Steamhead to be mounted 12" to 18" above the finished floor or 6" above the rim of the tub and as far from the seating area as possible.

### Product No. - Finishes:

Transitional
