SQWINCHER HYDRATION SOLUTIONS

HYDRATION SAFETY

SQWINCHER ADVANTAGES

HYDRATION AWARENESS

HEAT AND COLD STRESS DRY ERASE POSTER

Sqwincher puts your worker in control with a 24" x 36" indoor/outdoor, dry erase poster that informs them about heat and cold stress. They can post the weather forecast on a daily basis, while having key survival information and protection against dehydration and the illnesses caused by heat and/or cold stress.

Request your copy today!

HYDRATION CENTRAL

HYDRATION IS KNOWLEDGE. KNOWLEDGE IS POWER.

Understanding how worker performance and efficiency is affected by environmental conditions is critical to reducing dehydration-related illnesses and accidents. Sqwincher is committed to providing hydration education and solutions that help companies meet the needs of all workers. Here you can access – heat and cold stress resources, electrolyte education information, training videos, assessment surveys and more. Visit us at www.sqwincher.com.

WHY SQWINCHER?

- EverLyte™ Product - No Artificial Sweetener, Naturally Flavored, No Added Color, No Preservatives
- Preferred Taste
- No Bloating Feeling

PROGRAM ADVANTAGES

- Heat and Cold Stress Programs
- Heat Stress Assessments
- Heat and Cold Stress Training
- Access to Hydration Central Training
- Heat Index, Wind Chill and Urine Charts

WHY ELECTROLYTES - ISN'T WATER ENOUGH?

Water is necessary but does not contain the minerals lost during activity. Water acts as a conductor to carry nutrients such as electrolytes throughout the body, as well as flushing vital organs of toxins.

Electrolytes are essential minerals (sodium, potassium, calcium and magnesium) the body needs and uses for basic cell function.

Electrolytes regulate body fluids which maintains a healthy pH balance.

HEALTH AND WELLNESS

SQWINCHER FORMULATION VERSUS STATISTICS:

HYPERTENSION (High Blood Pressure)

In 2014, it killed more than 410,000 Americans.

(75 M) of US population - nearly 1 out of 3 adults has prehypertension
