

## Impact® Junior Pump-Up Foamer, 48 oz, 6/cs

Built for versatility and durability, the Impact® Jr. Pump-Up Foamer is engineered to simplify cleaning tasks across commercial and industrial environments. With a 48 oz. tank, this handheld sprayer provides ample capacity for applying cleaning solutions efficiently. Its Viton® seals offer increased chemical resistance, making it suitable for a wide range of applications. The ergonomic thumb-lock supports continuous, fatigue-free spraying, while the sturdy metal plunger enhances long-term performance. Designed for portability and ease of use, this foamer produces a clinging foam that improves surface contact for deeper cleaning, making it ideal for vertical surfaces, detailed work, and general facility maintenance tasks.

### Key Features

- Portable, hand-held pump-up foamer for multi-purpose jobs
- Increased chemical resistance with Viton seals
- Ergonomic thumb lock facilitates spraying
- Metal plunger allows for increased durability
