

Impact® ProGuard® Blood & Bodily Fluid Clean-Up Kit (Without Disinfectant), 6/cs

This blood and bodily fluid pathogen cleanup kit easily transforms liquid spills into an odorless, semi-solid mass for safe and sanitary disposal using a fluid absorbent powder (included). Kit contains all needed items to clean up and dispose of spilled bodily fluids, bloods or other substances, following OSHA requirements rule 29 CFR 1910.1030. Employers need this blood spill clean-up kit as an OSHA required adjunct to your first aid kits.

Key Features

- A safe and sanitary removal of spilled bodily fluids, blood and other potentially infectious substances
- Helps prevent workplace exposure to bloodborne diseases
