

Impact® Double Eye and Face Wash Station with 16 oz. Solution, Capacity : 16 oz., Green 7349

Durable plastic station provides initial flushing for alkali and acid splash.

Features

- Plastic station with two wide-mouth 16 ounce bottles of saline solution
- Safety sealed and dated to guard against contamination
- Supplements eyewash equipment, much closer to contaminants to provide immediate treatment before a worker can reach primary eyewash equipment
- Does not meet ANSI Z358.1-2011 15 min flushing requirement
