Supporting Your Goals for a Healthier Tomorrow

PURELL® Hand Sanitizer is America's #1 brand of hand sanitizer in hospitals and the brand most known by patients and visitors.¹ Providing PURELL products shows staff that you care about efficacy and the health of their skin. Using it in front of patients is reassuring and signals your high standards for quality care.

Hand Sanitizers

America's #1 brand of hand sanitizer.¹ Kills 99.99% of most common germs that may cause illness. Outperforms other hand sanitizers ounce for ounce.²

HEALTHY SOAP® Products

Choose antibacterial soaps, non-antibacterial soaps, or our breakthrough HEALTHY SOAP® with CLEAN RELEASE® Technology, which removes more dirt and germs than regular soap.^{3*}

Surface Disinfection

PURELL® Healthcare Surface Disinfecting Spray and Wipes help your facility maintain your environment of care with the broad-spectrum efficacy you need and the safety profile you want, including no rinse required on food-contact surfaces.

Dispensers

Proprietary dispensing systems provide reliability and ease of maintenance with multiple mounting options, easy-to-install refills, traditional manual pumps, touch-free solutions, and different energy options available.

Technology & Services

PURELL SMARTLINK® Technology and Services offer resources to support you in monitoring, measuring, and improving hand hygiene so you can focus on delivering top-tier care to your patients.

Prevent Tampering with Solid Steel Dispenser Enclosures

Reduce the threat of weaponization and protect dispensers from abuse with our solid steel security enclosures, which include:

- A robust, barrel-style lock and sliding plate to ensure only authorized personnel can open and access refills.
- Optional time-delayed output control on LTX dispensers to help prevent misuse.
- Sloped surfaces and rounded corners to eliminate anchor points and sharp edges.
- Patented internal anti-ligature mechanisms to reduce the potential for self-harm from small diameter objects.

PURELL SMARTLINK® Technology & Services

Our complete suite of technologies and services features comprehensive tools and ongoing support resources, including the only solution that combines advanced monitoring options, smart technology, and clinician-based support with trusted PURELL® hand hygiene products. Along with our holistic strategy for hand hygiene compliance, we can help you meet Leapfrog Hospital Survey requirements.

PURELL SMARTLINK® Activity Monitoring System

Group-Level Monitoring for Big-Picture Data – Collects data 24/7 using battery-powered room sensors that count all activity in and out of patient areas. This data is not role specific and includes healthcare personnel, doctors, patients, and visitors.

PURELL SMARTLINK® Observation System

A More Efficient Way to Collect and Report – The PURELL SMARTLINK Observation System supports data collection with ease and uniformity to ensure standardized data, monitor direct observations, and count observations with this mobile application.

PURELL SMARTLINK® Service Alerts

24/7 Monitoring Provides Proactive Alerts – Ease worries about empty dispensers, expired products and dead batteries. Proactive alerts keep you informed about the health of your dispenser fleet, ensuring availability and reducing complaints and work orders.

PURELLSM Clinician-Based Support

Expert Clinicians to Guide You Every Step of the Way – Add our experienced clinical hand hygiene experts to your team to analyze and interpret your hospital's data, as well as services to support and guide you as you implement improvement programs.

PURELL SMARTLINK® Technology Partner Network

Use with Your Existing Network – Integrate with Real-time Location Systems (RTLS) to provide additional hand hygiene monitoring capabilities. Achieve a greater return on investment and connect with networks that you may already have in place.

Your Partner in Smart Hygiene

The Right Reporting to Get You Where You Need to Be – Measure, monitor, and improve hand hygiene and dispenser management with real, substantiated data and traffic patterns. Intuitive software provides quick, easy-to-read reports that are reliable and actionable.
