

ekcoscreen™

60+ Day Anti-Splash Urinal Screens

Anti-splash urinal screen designed to prevent splashback; protecting the floor, reducing odor, and preventing the spread of bacteria throughout a facility.

Features & Benefits

- Patented sealed bristle technology helps eliminate urine splashback that deteriorates floors and walls
- Flexible plastic to conform to any size/shape urinal
- Infused with a proprietary resin that uses time released deodorant technology
- Variety of colorful urinal screens with complimentary fragrances
- Biodegradable *, VOC compliant and 100% recyclable plastic
- Designed for heavily trafficked public restrooms, such as those found in hotels, convention centers, restaurants, and hospitals

Applications

- Use in watered and waterless urinals

**Use Directions**

- Remove old urinal screen from the urinal and recycle properly.
- Remove any debris in the urinal.
- Clean the urinal with a bowl or restroom cleaner.
- Remove the urinal screen from its plastic packaging.
- Place urinal screen in the center of the urinal with bristles facing upwards.

*This product is designed to biodegrade in a biological active landfill (appropriate facilities not available in all areas). Testing ASTM D5511-2 that we have conducted represent biologically active landfills on our products have shown 99% biodegradation in less than 5 years.

Safe handling

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use; and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDS are available online at www.diversey.com or by calling 888.352.2249. Improper use or dilution may result in damage to surfaces and may result in health and physical hazards that match those of the concentrate.
