| Emulsification - None      | Shelf Life - Indefinite     |

## BAR CODE & CUBE INFORMATION:

5 gal

Dimensions - 12x15  
Weight - 46  
Cube - 1.25  
PKG/Layers - 12  
Layers - 2  
Pallet - 24  
Hazardous - Yes  
UPC Code - 784331787051

## SAFETY:

Read label carefully before use. For industrial and institutional use only by trained personnel. Keep out of reach of children. Harmful if swallowed. Causes severe skin burns and eye damage. For further information, consult the Safety Data Sheet.

**COMPLETE** is a cationic fabric softener and sour that controls pH and keeps linens soft and bright. Formulated to control yellowing from iron deposits. Provides faster, more complete water extraction and tumble drying, reduces static electricity and wrinkling, and aids in processing linens through ironers and high speed folders.

Unique blend of softener, conditioner, and neutralizing solutions.

Provides more complete water extractions reducing dryer time.

Lubricates fibers to reduce friction eliminating static electricity.

Leaves linen soft and fresh.

## DIRECTIONS FOR USE:

**Normal Water Conditions:** Use 2-4 oz. of product per 100 lbs. of linen. Adjust pH 5.5-6.5.

**High Iron Water Conditions:** Use 3-6 oz. of product per 100 lbs. of linen. Adjust pH 4.0-5.0.
