Over one hundred years of passion

Making something wonderful rarely happens overnight, and Franke has been pushing the boundaries for over 100 years. Founded in 1911, Franke was built on a foundation of precision engineering combined with traditional craftsmanship. Over 100 years later, those principles endure, while a focus on the changing needs and lifestyles of our customers has helped us become the world's largest manufacturer of kitchen sinks.

Swiss precision engineering

The Franke story began as a small sheet-metal business in Rorschach, Switzerland, established by Hermann Franke in 1911. Since then we've established efficient and economic manufacturing facilities all around the world.

Many things have changed in the past century, but what is always the same is a set of values, characterized by respect, trust and openness. The values of innovation, entrepreneurship, quality and stylish design were in the heart of Hermann Franke and continue to be at the heart of the business, as we enter a second century of smart and stunning design.

Shaping our future

Preserving the environment – shaping the future: As a company conscious of our responsibilities, we think and act today in the interests of the world of tomorrow. We work hand in hand with our partners, customers and suppliers to create a livable future where people can also thrive.

“We believe that sustainability means fairness to future generations” – this quote from Michael Pieper, owner of the Franke Group encapsulates our company ideals. We reconcile economics and ecology and make a proactive contribution towards sustainable development – with long-lasting products, recyclable materials and smart technologies. We use the global sustainable development goals and the United Nations Global Compact (UNGC) as a guide and framework on the path to a climate-neutral future.

Putting people at the heart of our sustainability

The foundation of our new sustainability strategy rests on the three pillars of the environment, employees and the company. When it comes to environment, we focus on the production and lifecycles of our products. As the market leader, creating reliable and innovative solutions with real added value is both a challenge and a source of motivation.

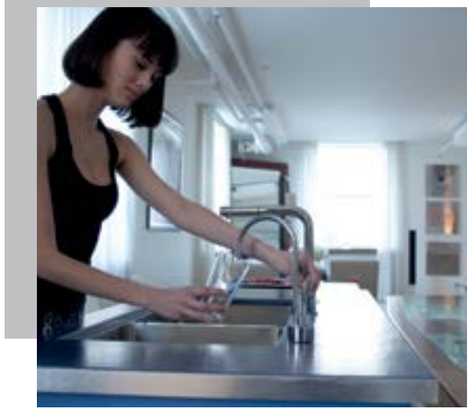
This exceptional quality enables customers to use our products for more than two decades – conserving resources in the process.

We also feel an immense responsibility towards our employees, of which there are approximately 8700 around the world. Words like appreciation and trust aren’t just empty phrases to us, they’re deeply embedded in our company’s DNA.

We help people to stay healthy and to make their professional aspirations a reality. Franke is synonymous with diversity, equal opportunities, cohesion and a company culture where people want to give their best and contribute their own ideas.

Good for everyone!

Good for our partners and customers. Good for the planet. We believe that sustainability means planning ahead. We see environmental action as an opportunity and this attitude is also reflected in Franke’s products.



Less plastic and better taste

No packaging, no waste, no distance travelled: Drinking tap water uses significantly fewer environmental resources than mineral or carbonated water. Plastic bottles have a particularly stark effect on the environment – around the world, over 1500 bottles end up in the sea every second. It doesn’t have to be this way. With our filter faucets, you can transform tap water into clean drinking water which is equally good for our health and the environment.

Saving water has never been so easy

Conserve natural resources and trim your water bill with Franke’s water saving feature. Move the handle to the first position for a water-saving 50% flow. Moving the handle to the second position allows for 100% flow.

FRANKE HOME SOLUTIONS

Complete solutions for your kitchen

The kitchen is a place where we love to spend time. It has always been a space for coming together. This emotional connection to the kitchen is the inspiration behind Franke's decision to design this room as an intelligent system, combining all the essentials involved in food preparation: from the sink to the water filtration to the waste disposal solutions. Franke offers integrated systems that lend both style and functionality to your kitchen. Our goal is for you to be able to enjoy cooking, eating and simply spending time in a kitchen that is equipped with Franke products. Like all high-end manufacturers of kitchen products, Franke is driven by core values such as design, quality, functionality and discipline. The company boasts 100 years of experience and expertise, championing innovation in order to offer products that are always perfectly suited to your needs.
Be inspired by our innovative solutions for your kitchen!

Sinks

Stainless, granite, and fireclay.
The one that feels like it was made for you–because it was. Customer-favorites and endless options to make it your own, including hundreds of sizes, materials, configurations, and so much more.

Food preparation area

A passion for cooking, a celebration of family, a reverence for tradition. All the essential tools for food preparation. Designed to work smartly and efficiently with Franke sinks to confidently establish your go-to cooking techniques inside the kitchen.

Faucets and Filtration

When it comes to curating your kitchen's style, we dare you to dream big. Choose from an extensive assortment of faucets in several finishes to find the ones that are just right. Select the perfect filtration faucet, pot filler and soap dispenser to complete your space. No matter the project, our faucet collection will bring your vision to life.

Stainless
Steel Sinks

Quality above all else

Visually appealing, functional in use, stainless steel represents our kitchen ideas.

The sheer quality of Franke products can be seen and felt. We use AISI 304 18/10 steel, a choice that reflects our dedication to quality, one of our core priorities over the 100-plus years of our history.

Strong and robust, Franke stainless steel ensures that our products maintain their functionality over time.

Its extraordinary brilliance is captivating and striking, making it the defining feature of the living spaces in which it is installed.

Its superb technical features ensure that it is always in demand, and highly appreciated by professionals in the haute cuisine sector: furthermore, stainless steel is an extremely hygienic material, and is easy to clean and recyclable. Aesthetically pleasing and functional to use: stainless steel is at the heart of our kitchen concept.

Durable

The specific concentrations of nickel and chrome in AISI 304 18/10 stainless steel render it particularly resistant to extreme temperatures. Its brilliance does not fade over time; on the contrary, its beauty and appeal only increase.

Functional

Steel is the material of choice for kitchen professionals, due to the fact that it is resistant, hygienic and safe. Its non-porous surface is extremely easy to clean.

Easy to maintain

Stainless steel is easy to maintain; just a few simple daily steps ensure that it remains a joy to use over time. Skip to the next page for tips on how to take care of Franke stainless steel.

Stainless
Steel Sinks

Caring for Franke stainless steel

Stainless steel is environmentally friendly, 100% recyclable, durable, easy to clean, and very hygienic. Below are a few guidelines for taking care of stainless steel.

To keep stainless steel in good condition, it is a good idea to clean it daily using soap and water or a neutral detergent, wiping down the surface with a soft sponge or microfiber cloth.

Always thoroughly rinse and dry the sink after every use, particularly in hard water areas. When cleaning and drying, always ensure that you move in the direction of the finish.

If limescale stains appear, these can be cleaned using a simple solution of 1/4 white vinegar with 3/4 hot water, following the steps above.

We also recommend using detergents specifically designed for taking care of stainless steel; always read the instructions for use and follow the dosage indicated on the label.

Franke has developed its Inox Cream to meet all stainless steel maintenance needs; this product is specifically developed for the daily care of sinks.

NEW! FRANKE WORKCENTERS

Creating a defined space in the kitchen

Built-in Workcenters

Franke Workcenters transform how you go about your daily meal prep and clean-up. They are functional and maximize efficiency while minimizing movement. A Workcenter sink offers multiple kitchen tools to wash food, chop, prep, clean up, dry dishes, and more. It consolidates separate areas of your kitchen into one space.

Minimize chaos in the kitchen
The kitchen is the busiest place in your home, and a Franke Workcenter can handle many kitchen duties. From food prep to clean-up and much more, these multi-functional sinks offer increased workspace by turning your sink into more countertop space and a space that adds functionality in one location.

Limit Cross-Contamination
Kitchen sinks handle many tasks that might not be very sanitary. A Franke Workcenter sink can organize your sink to allow you to keep food prep items separated. It helps keep your food and kitchen more hygienic and reduces the chances of cross-contamination.

GREAT MEALS, NO INTERRUPTIONS **IT ALL COMES TOGETHER WITH THE NEW ALL-IN SYSTEM**

Transforming your sink into a stylish and playful workstation, All-In is the flexible food preparation system designed to bring more flow to your kitchen and life.

Eight accessories, endless uses

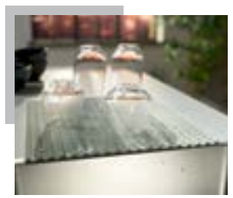
*Fits sinks up to 21¼ inches

Prepare
Using the bamboo board, telescopic bridge, strainer and collector bowls, All-In can help you:

- Chop vegetables and other ingredients
- Collect the cut food
- Collect peelings and deal with waste
- Store prepped ingredients in the fridge

Cook
The bridge, strainer bowls and foldable pad are really useful at the cooking stage and you can:

- Rest pots and pans on the bridge while filling them from the tap
- Use the strainer to drain pasta, or rinse vegetables
- Stand hot pans and dishes on the foldable pad to protect work surfaces



Clean
When it's time to wash up, the bridge, strainer bowls and foldable pad can also help you to:

- Drain glasses and dishes
- Drain cutlery and cooking utensils

Tidy
Once the washing up is finished, All-In can still help you to tidy everything away, whether it's to:

- Store cleaning items in the sink
- Keep all accessories together in the storage box
- Put everything away neatly in your kitchen cabinets

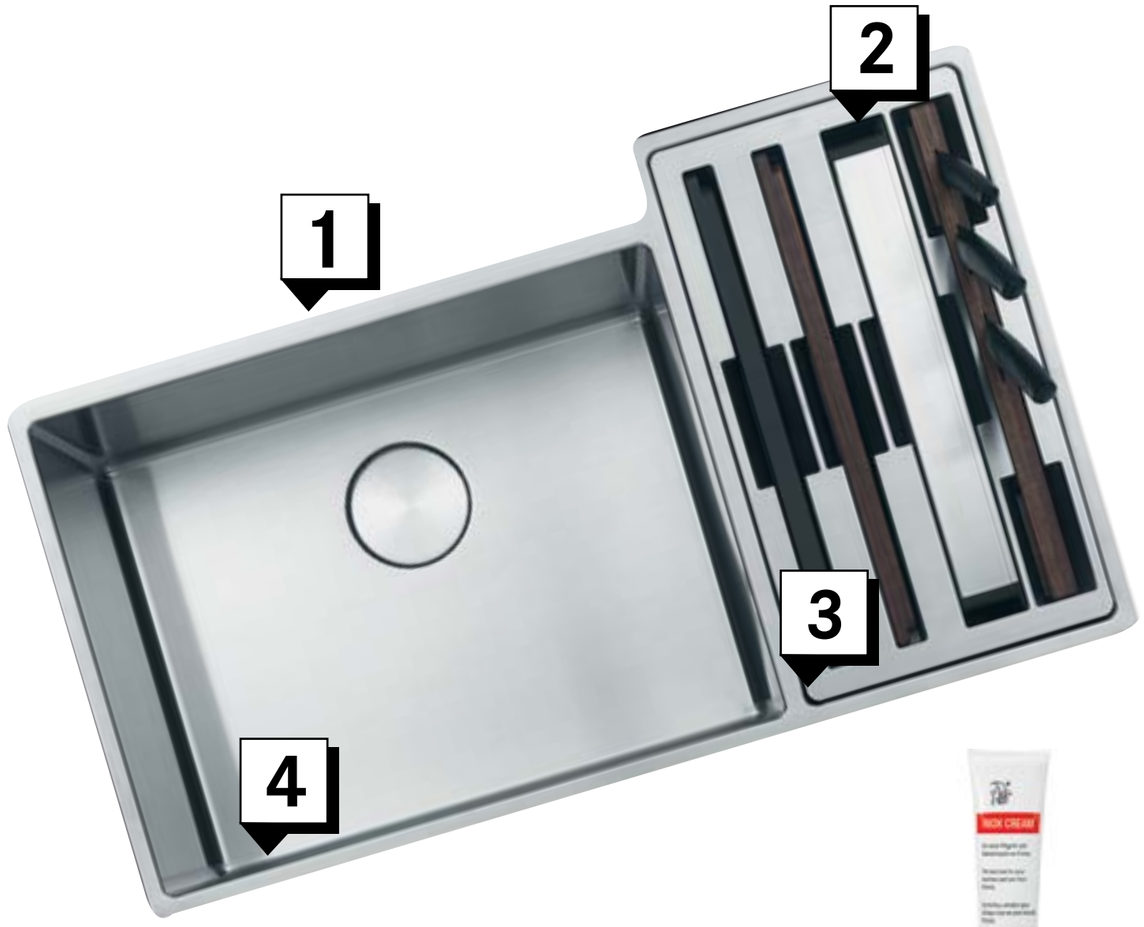
Culinary Center

When cooking becomes art

A space which celebrates beauty in its purest form. Elegant lines, sophisticated materials and the very best performance. Culinary Center is all of this and more: the perfect synthesis of cutting-edge technology and design, marrying classic and contemporary style.

Packed with built-in features that put everyday tools at your fingertips as you work. Robust, durable materials. Each element is organized according to a highly functional approach.

Culinary Center



Inox Cream 903
Inox Cream is a specially formulated product ideal for cleaning stainless steel sinks from FRANKE.

1

Complete Workstation

Complete kitchen solution with every accessory integrated and stored, bringing efficient workflow to the most basic necessity in the kitchen: the sink.

2

Essential Accessories

The epitome of efficiency, the most used accessories are neatly stored in the compartment bowl right where you need them for prepping food.

3

Double Bowl Sink

Storage compartment bowl doubles as an additional sink for cleaning or prepping.

4

Design Details

The minimalist beauty of the 12mm radius corners and round drain cover accentuate the elegance of the design.

Culinary Center
Stainless

Perfectly Organized

A place for everything

The double-sink Culinary Center features essential accessories built right into the sleek design. When tasks are complete, everything stores neatly into this well-thought-out system.

Designed for the way you work

The Culinary Center's two cutting boards, colander and draining rack are easily removed and positioned to fit the workflow that's most efficient for you. Rinsing, draining, chopping, dicing and slicing are a snap when the right tools are at hand.

Details matter

The Culinary Center features dual sinks, both with easy-to-reach corners. The custom-fitted accessories compartment allows you to dry and store the tools you use most so they're ready when you need them. At the end of the day you'll have a neat and organized kitchen workstation with everything in its place.

Peak

A passion for details

Elegantly simple and exceedingly functional, the Peak Collection exudes luxury. Clean lines and the 5mm corner radius maximize workspace. The square drain cover complements the minimalist design while obscuring the strainer and waste disposer.

Accessories such as shelf grids, colanders, and cutting boards fit ideally with the sink's integrated ledge or over the sink to expand functionality to suit any chef's food preparation style.

Peak
Stainless

1

Multi-Level Workspace

The bottom sink grid raises to sit on the integrated ledge, creating a higher level workspace to expand your prep, clean and rinse area.

2

Commercial Grade Stainless

Made of 16 gauge stainless steel with a Diamond finish that will retain its beauty for many years.

3

Rear Drain & Drain Cover

The removable drain cover conceals the drain for a seamless bowl surface, while providing a flat bottom surface to allow for more usable workspace.

4

Minimalist Design

5mm radius corners and invisible drain provide an eye-catching design element to the kitchen.

DO MORE WITH YOUR SINK

Premium kitchen tools to make cooking ventures easier for you.

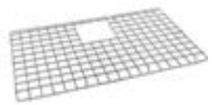
A cook needs many tools to make a spectacular meal–something for chopping, dicing, slicing, draining, and rinsing. The Peak Workcenter has it all. This workcenter includes all the prepping basics you need, including a cutting board, colander, and bottom grid that raises to create a higher level workspace.

A total kitchen solution

Seamless workflows, from prep to cook to clean. Unobstructed surfaces and smart layouts, optimized for preparing any meal. A complete kitchen solution, with a sink that makes sense, and tools exactly where you need them, built for the way professionals work.

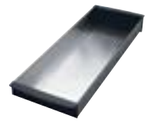
PKX11028-WKC

Includes all the kitchen tools



Multi-Level Stainless Steel Sink Grid
Sink grid raises to sit upon the integrated ledge creating a higher level work space. Expands your work-space when you prep, rinse and clean.

Solid Wood Cutting Board
The generous cutting board fits over the sink, making it easy to move crumbs or liquid run-off into the sink. Doubles as a serving board for charcuterie or bread.



Stainless Steel Colander
Fits on reveal of the sink making it perfect for rinsing or draining vegetables, fruit, and pasta. Drain holes allow the air to circulate making it perfect for drying cleaning tools.

Stainless Steel Drain Cover
This thoughtful detail covers the drain to maintain an even surface of the basin. We create more usable space and allow glassware to stand without tipping over.

Chrome Strainer Basket
The basket is perfect for trapping food waste and preventing clogs within the drainpipe while allowing water to pass through.

Pictured PS2X120-14-14 sink with FFPD5300 faucet

Professional 2.0
Stainless

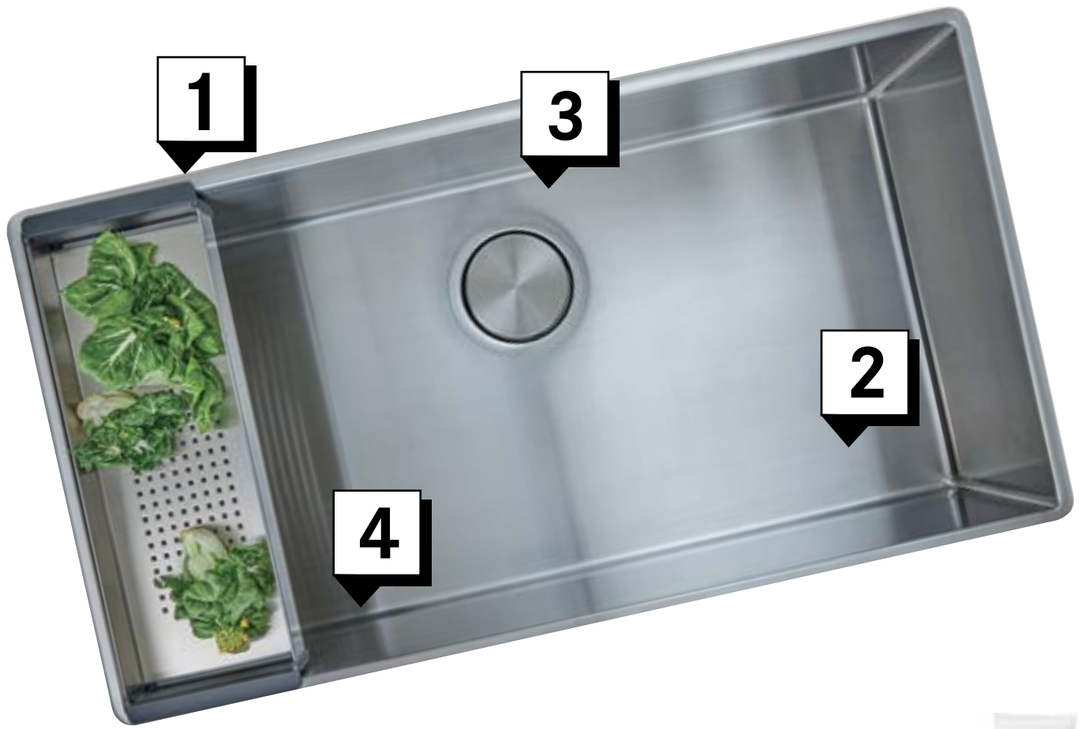
Professional

Luxury at its best

The Professional 2.0 is an engineering masterpiece and raises the bar for premium sinks. This kitchen sink features the integrated reveal ledge, that allows accessories to glide over the sink and the concealed drain that stops stemware from falling over.

It also boasts sleek, sculptural lines made of 16-gauge commercial stainless steel with a Diamond finish that highlights the sink's beauty.

Professional 2.0



Inox Cream 903
Inox Cream is a specially formulated product ideal for cleaning stainless steel sinks from FRANKE.

1

Integrated Reveal Ledge

Allows accessories to work within the sink creating a seamless workflow to make food prep a pleasure.

2

Diamond Finish

Durable finish takes minimal care to maintain a clean, attractive look for years.

3

Rear Drain Cover

The removable drain cover conceals the drain for a seamless bowl surface, while the rear placement provides extra cabinet space beneath the sink.

4

Deep Capacity Bowl

A large deep bowl makes it easy to clean large cookware items and minimizes splashing, offering the form and function you expect from your sink.

Professional 2.0 Workcenter

PS2X110-33-WKC

Kitchen tools that work smartly and efficiently with your Franke Professional 2.0 sink in creating the perfect workcenter. The stylish workcenter features a stainless steel colander, a maple chopping board, and a bottom grid. All these essential tools for food preparation are close at hand for when you need them.

Every great home cook needs a sous chef

Our kitchen tools in the Professional 2.0 Workcenter are just what is needed to help you slice, dice, chop and serve all the meals you prepare.

Wash and Rinse

Working above the sink with the colander allows you to:

- Extend your workspace and create an extension of your countertop
- Rinse and wash fruits and vegetables while keeping them at an elevated level
- Transfer fruits and vegetables easily to the cutting board, create an extended workspace when you place the cutting board next to the colander

Slice, Chop and Dice

The cutting board can be placed over the sink or on the countertop to create an optimum workflow:

- Glides across the ledge of the sink for easy transfer of food to waste disposer
- Cutting board doubles as a serving tray or cheese board
- Creates a seamless food prep workflow from rinse to chop to dispose

Clean and Dry

Create the perfect clean-up with the bottom grid and colander:

- Lay clean dishes on the bottom grid, allowing air to circulate around the dishes
- Use the colander to air dry cutlery, elevated above the sink, the water is directed back into the sink
- Store cleaning brushes in the colander to allow them to dry until the next time they are needed

Crystal

Style and timeless simplicity

The brilliant Crystal sink range is the crown jewel of design and functionality in kitchen sinks. An exclusive combination of stainless steel and glass crafted to meet the most demanding standards in modern esthetics. Each element is highly functional and beautifully shaped to add elegance and character to your kitchen.

Crystal
Stainless

1

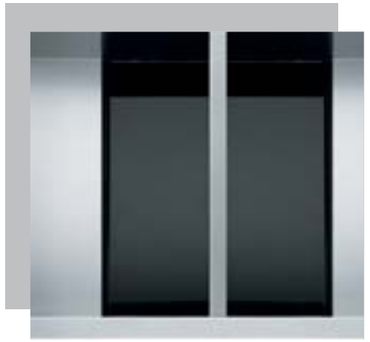
Commercial Grade Stainless

Made of 16 gauge stainless steel with a Diamond finish that will retain its beauty for many years.

2

Removable Drain Cover

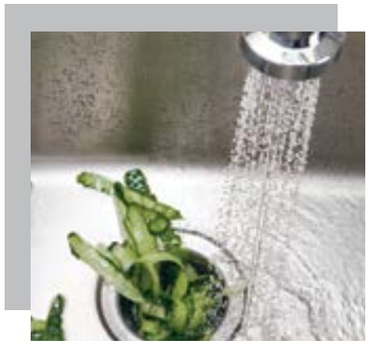
Tempered glass drain cover is easily removed for cleaning and sits perfectly in the sink to provide an even flat surface. Goodbye broken stemware.



3

Reversible Installation

Invisible drain is located on the side of the sink bowl and can be installed with either a left or right side drain hole (single bowl sinks only) while allowing for more room beneath the sink.



4

Sound Dampening System

Absorbs and reduces the noise caused by a garbage disposal or running water.

Pescara

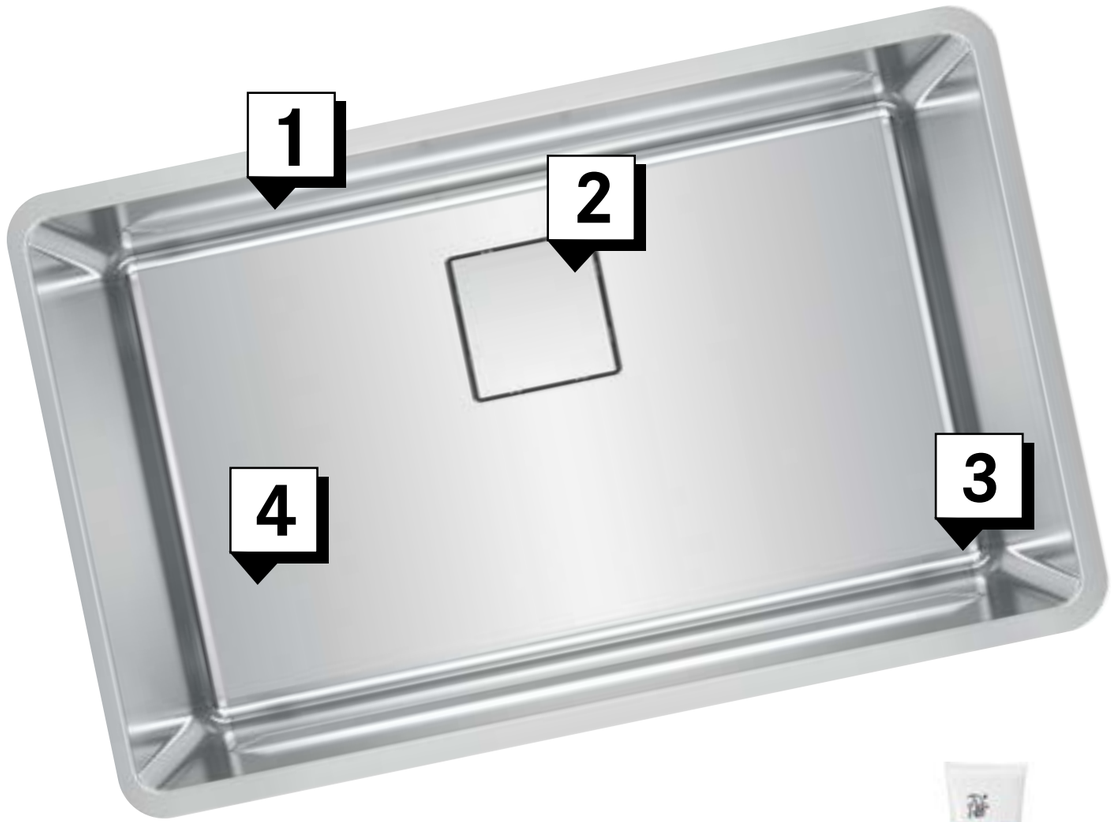
Family in the kitchen

A cook needs many tools beyond great cookware to make an amazing meal. Something for chopping, rinsing, and washing. The Pescara collection has it all.

Featuring an integrated accessory ledge that allows food prep to happen over the sink, the Pescara collection has been finished with a Pearl finish, providing a lustrous sheen. Functional as a food preparation and cleaning station, to prepare meals for family and friends in high style.

Pescara
Stainless

Pescara



Inox Cream 903
Inox Cream is a specially formulated product ideal for cleaning stainless steel sinks from FRANKE.

1

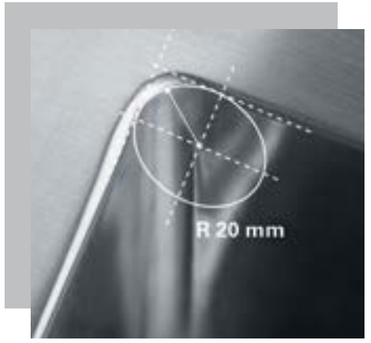
Integrated Ledge System

Shelf grid sits conveniently on the integrated ledge system, creating a higher level workspace. Expand your workspace when you prep, rinse and clean.

2

Concealed Drain

The removable drain cover conceals the drain for a seamless bowl surface, while providing a flat bottom surface to allow for more usable workspace.



3

Easy-Clean Corners

The 20mm radius corners make it easy to clean every part of the sink.

4

Sound Dampening System

Sound dampening pads and spray coat reduce excess noise from running water and disposal vibration.

PREPARE AMAZING DISHES WITH EASE

The same passion we put into our sinks goes into our kitchen tools to help prepare and serve the foods you love.

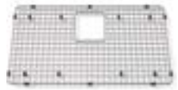
Pescara kitchen tools offer endless practicality for cooking, prepping, and cleaning, so you can enjoy your kitchen as it's meant to be–a centerpiece of the home and a place to spend time with friends and family.

Fully equipped built-in workcenter

Create a workspace that is as beautiful as it is functional. Our space-saving integrated kitchen tools offer plenty of room for prepping over your sink, freeing up counter space for other cooking activities.

PTX110-31-WKC

Kitchen tools that work with your sink

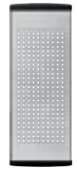


Stainless Steel Bottom Sink Grid

The bottom sink grid can accommodate dirty dishes while water and food residue drain through the grid.

Solid Wood Cutting Board

Custom-fit cutting board allows you to do all your slicing and dicing work over the sink and quickly transfer food scraps to the waste disposer.



Stainless Steel Colander

The custom-designed colander works within the sink to keep food contained for washing and rinsing, maximizing efficiency.

Stainless Steel Shelf Grid

The shelf grid sits on the integrated ledge and creates a perfect area for air drying dishes.

Stainless Steel Drain Cover

Creates more usable space at the bottom of the bowl by providing an even surface.

Pictured OR2X110 sink with FF3450 faucet

Orca 2.0

A favorite for generations

The iconic Orca sink is indispensable in the kitchens of home cooks and professional chefs alike. Long recognized for its unique design and functionality, thanks to its integrated ledge system that creates a multi-tiered bowl suitable for food preparation and cleaning.

Delivering the finest in stainless steel quality and design Orca 2.0 is beloved for the performance and durability it offers, the personal style it expresses, and the memories it helps make.

Orca 2.0 Workcenter

OR2X110-WKC

An efficient prep zone in the kitchen is a must, and it is where we spend the majority of the time when fueling our bodies with healthy food and drinks. One way to achieve this is by adding a Franke Orca 2.0 Workcenter to your kitchen. The purpose of the Orca 2.0 Workcenter is to support functions in the kitchen by offering an additional workspace and freeing up counter space.

Optimize efficiency for a multi-functional space

Prepping Zone

It is the work center where meals are prepared before being cooked.

- Orca 2.0 cutting board and colander takes care of everyday tasks including chopping, washing, slicing, and peeling directly over the sink
- To increase efficiency, add the shelf grid to create a raised workspace to be closer to the faucet for cleaning and rinsing food
- Your prep zone is not just for prepping but also for access to a waste disposer to dispose of peels and stems from food

Serving Zone

Orca 2.0 smart kitchen tools turn the sink into a serving area creating an extension of the countertop.

- Orca 2.0 cutting board and shelf grid turn the sink into a perfect serving station without taking up countertop space
- Cutting board doubles as a serving tray or cheese board
- Use the side shelf for the perfect elevated platform for dishes, bowls, or serving trays

Clean-up Zone

With the Orca 2.0 double-tiered design it combines the functions of all three zones into one workcenter

- Turn the shelf grid into a drying rack while still allowing ample bowl space for washing dishes
- Adding a Franke soap dispenser keeps cleaning items together and close to the relevant functions for maximum efficiency
- The extra room of this generously sized sink will make washing larger items easier. Lay a cookie sheet or roasting pan entirely flat on the bottom of the sink for soaking and cleaning

Cube

Highly practical kitchen solution

With something to suit every home, the Cube is available in a wide range of sizes and bowl configurations. The Cube sink collection paired with the All-In accessory kits are an ideal marriage of design and functionality and they address a high-level segment of kitchen lovers with a minimalist approach.

Cube
Stainless

1

Optimal Radius Design

The 12mm radius of the sink is simple and contemporary and is easy to clean.

2

Deep Capacity Bowl

A sizeable deep bowl makes it easy to clean cookware items and minimizes splashing, offering the form and function you expect from your sink.

3

Efficient Drain

The pitched bottom creates efficient draining and the rear drain placement provides additional storage below the sink.

4

Pearl Finish

A durable, resilient finish that will stand up to heavy everyday use.

Cube

Inox Cream 903
Inox Cream is a specially formulated product ideal for cleaning stainless steel sinks from FRANKE.

Everything plus a sink

Today the most important kitchen accessories become part of the sink and accessible all the time. The Culinary Center prep sink and accessories can be used with any Cube sink to create a unique kitchen solution for people who demand efficiency and optimum use of space.

Cube All-In Workcenter

Pictured CUX11030-WKC sink with FF3325BSS faucet and AIUS300 accessories

Create the perfect workflow

Cube ALL-IN workcenter supports your entire food preparation creating your own modular, innovative and design oriented workstation.

Telescopic Bridge
Featuring extendable stainless steel rails with durable handles that will adjust to fit the bowl.

Large Bamboo Chopping Board
With feet built into its underside, the bamboo board can be positioned on the counter top or securely fitted into the bridge.

Large Colander
Made from Sanitized® material, the large colander is perfect for draining pasta or collecting peelings when preparing fruit or vegetables, or as a drainer for cutlery and utensils.

Small Colander
Made from Sanitized® material, the small colander is perfect for small fruits or vegetables.

Small Bowl
The Sanitized® small bowl can be used for collecting prepared ingredients and storing them in the fridge.

Bamboo Bowl Lid
Placed securely on top of the small bowl, the bamboo lid can help to keep food fresh.

Foldable Silicone Mat
The inclined surface makes this the perfect drying mat, channeling water into the sink. The heat-resistant mat can be used as a trivet for hot cookware.

Storage Container
The soft touch storage container easily holds all the accessories and allows you to store everything neatly.

Rotondo

A small wonder

The Rotondo offers the option of topmount or undermount installation along with a smaller size that works well in the kitchen, bar or laundry. Its attractive round design perks up even the most utilitarian space.

Rotondo
Stainless

Rotondo

1

Dual Mount Installation

Provides versatility, installing as a fashionable undermount with an edgeless finish or an easy drop-in with rim extending over the countertop surface.

2

Easy to Clean

Round smooth edges are easy to clean and maintain, while the stainless steel keeps the sink stain free.

RBX-110 $670

Outdoor Series

A breath of fresh air

Whether your preference is for casual backyard barbecues or elaborate summertime soirées, your outdoor kitchen workspace requires a sink that stands up to the elements and enhances your entertaining style. The Outdoor Series is made of 18-gauge T316 stainless, designed with the attention to detail and quality that is the hallmark of Franke products.

Outdoor
Stainless

1

Weather Resistant

Manufactured with high-grade, 18-gauge T316 stainless steel – one of the most corrosion resistant grades available – Outdoor Series sinks and faucets can handle rain, cold, snow and heavy use.

2

Large Capacity Bowls

Deep basin provides maximum flexibility. Easily accommodates nearly any pot or pan, and minimizes splashing.

3

Precision Drain

Designed with sloped, elegant lines on the bottom of the bowl to allow water to drain from sink.

4

Sound Dampening System

Sound dampening pads and spray coat reduce excess noise from running water and disposal vibration.

A MATCH FOR ANY KITCHEN

A sink that satisfies all around

Granite Sinks

Spacious, durable, hygienic.

Franke granite sinks meet all the requirements of everyday kitchen use. They are made from granite to last a lifetime, and the material is treated with Sanitized®: silver ions that prevent germs, mold, and odors. But above all, no matter how your kitchen is furnished, you will find the right color and a suitable model with Franke. A meticulously designed product made for everyday use and easy maintenance.

A match with your kitchen

A Franke granite sink is the ultimate improvement to your kitchen. Our products offer modern looks, clever kitchen tools and plenty of space – they combine design and functionality. With a granite sink you have a product that simply fits and creates a lot of pleasure and convenience.

Delightfully long-lasting

The sink includes quartz, one of the hardest materials known to man, and is resistant to temperatures up to 536° F. It's also resilient to impact and thermal shock and stain-resistant that even red wine will not leave a mark.

Amazingly hygienic

What would a sink be if it wasn't easy to clean? Our sinks are simple to wash and particularly hygienic because they are enhanced with Sanitized®, a material that contains silver ions that reduce the growth of bacteria and microbes by 99%.

Made to last

A durable and beautiful choice, Franke’s granite sinks are made from one of the hardest materials in the world, being 80% quartz sand mixed with 20% hard acrylic resin.

Quartz sand is delivered to the factory in various colors, which affect the finished color of each sink. Reflecting the latest kitchen color trends and echoing your style and taste, with calming and classic neutrals that have never lost their appeal. We know what matters most in the home—beauty, functionality, simplicity. A hard-working haven that nurtures our spirits and promotes our well-being.

Franke’s granite color palette can help you create this space.

OPTIMIZE EVERY INCH OF YOUR SINK

A space that is both functional and sophisticated

The Peak Workcenter has it all. This intelligent work-center system provides all the essentials needed for food prep or impromptu meals. It was designed for multitasking and seamlessly blends into the most active area in the house, the kitchen.

Organized, Efficient, Inviting

This seamless modern workcenter uses an underutilized space in the kitchen to create an area for many kitchen tasks. The roller mat offers a wealth of uses for rinsing, washing produce, drying dishes, a trivet for hot cookware, or as a plating area. Available in seven color hues to create a clean, sophisticated look.

PKG11031-WKC

Includes all the kitchen tools

Stainless Steel Sink Grid
This flexible bottom sink grid offers protection to the sink and conveniently rolls up for easy storage.

Roller Mat
A truly innovative and practical accessory designed for any kitchen task. The dishwasher safe mat allows air to flow under to help dry items faster or allow water to run off into the sink.

Solid Wood Cutting Board
The generous cutting board fits over the sink, making it easy to move crumbs or liquid run-off into the sink. Doubles as a serving board for charcuterie or bread.

Stainless Steel Drain Cover
This thoughtful detail covers the drain to maintain an even surface of the basin. We create more usable space and allow glassware to stand without tipping over.

Chrome Strainer Basket
The basket is perfect for trapping food waste and preventing clogs within the drainpipe while allowing water to pass through.

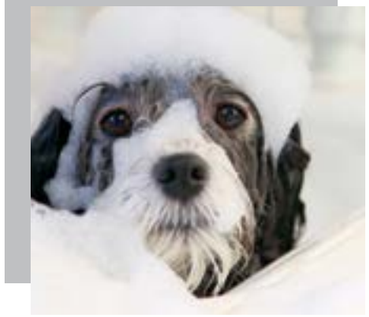
Maris

For those who prefer a lot of space

Whether for cooking, preparing food, or doing laundry, Maris sinks are long-lasting, functional, and in-demand in everyday life. The Maris sink fits ideally in the kitchen with much more space due to the offset drain, and things simply work better when you have plenty of room.

Maris does not stop in the kitchen, they are the perfect solution for any utility room performing those messy jobs you want to keep out of the rest of your home or when you are just dealing with family laundry. Enhanced with Sanitized®, which prevents germs from growing, it is no wonder that this sink satisfies all around.



1

Multi-functional Utility Sink

These generous size sinks are ideal for any busy laundry room or kitchen. They can be used for craft cleanup, bathing pets, washing clothes or for whatever you may need.

2

Spacious Deep Sink

Think big – also in terms of the sink. Because when it comes to cooking, baking, preparing or cleaning up from crafts, things simply work better when you have plenty of space. Look forward to more room, more efficiency and more creativity in the kitchen or laundry room.

3

Utility Roller Mat

Franke designed the utility mat to add functionality to your sink, with the wider spaced stainless steel rods allowing for air drying laundry or craft items.

4

Space-Saving Design

The flat-bottom design creates more room for big tasks without blocking the flow of water. A tight-corner radius helps maximize the sink's interior while the offset rear drain makes the most of cabinet space beneath the sink.

Maris Workcenter

MAG11031OW-ONY-WKC

Kitchens shouldn't stand still – it should adapt as your needs change. That's the inspiration behind the Maris Workcenter. Kitchen tools that empower you to create meals in countless ways.

Elevate your space

Optimize every inch of your sink with a Maris Workcenter.

Productivity

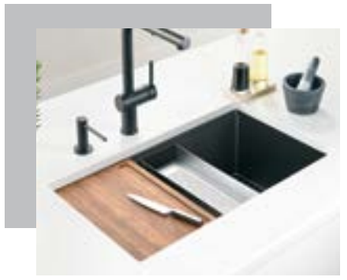
Seamlessly integrating into the kitchen to achieve a multi-functional workspace

- A seamless flowing workspace that allows you to transition effortlessly and instantaneously from prep to rinse to clean
- Multiple accessories allow you to wash food, chop and prep it, do clean up, dry dishes, and more–designed to help you save space and time in the kitchen
- Cleaning up the kitchen after a meal can be daunting, especially if dishes and cutting boards are spread out. The workcenter allows you to keep everything in one place

Creativity

Create a well-appointed work area for the refined home chef

- Fun and functionality go hand-in-hand, turning the colander upside down is an imaginative way to turn your colander into a cake pop stand
- The Maris large sink encourages family collaboration for that extra touch of fun
- Turn your Maris Workcenter into a mixing station, by utilizing the colander placed above the sink for dirty spoons and whisks, keeping them away from countertops and the bottom of the sink



Expansivity

Create an extension or your counter top

- The ability to prep food, keep different kinds of foods separate and wash and dry dishes in one area frees up counter space for other tasks
- The extra-deep sink serves as a large workspace with plenty of space for kitchen tools that work within the sink as you put that creativity to use
- Hardworking and well-equipped, this workcenter provides multiple workstations to accommodate different tasks

Ellipse

Extensive color palette with a variety of sizes

Available in several configurations, there's an Ellipse sink that's perfect for your space. Franke granite sinks are made from 80% quartz, the hardest component of granite, and bonded using high-quality acrylic resins, for a sink that will serve you for years to come.

1

Germ Resistant

Franke granite is treated with Sanitized®, which helps to reduce bacteria and microbe growth, giving the sink lasting protection.

2

Natural Beauty

The collection of Ellipse Granite sinks are offered in a variety of warm, sophisticated and enveloping shades, inspired by natural elements.

3

Versatile Installation Options

Ellipse has installation options to suit any kitchen style, from a seamless-finish undermount, to an easy-to-install topmount.

4

Always Colorful

Thanks to the UV protection, the beautiful color of the granite will not fade and ensures long-lasting use.

Primo
Granite

Primo

Eye-catching from every angle

Sleek aesthetics, plenty of prep space and the durability every kitchen requires, grace the Primo sink. The deep 9" bowl allows for easy washing of large dishes with minimal splashing.

Primo

1

Generous Bowl Capacity

The 9" deep bowl easily accommodates large cookware to tackle your biggest kitchen tasks.

2

Dual Mount Installation

Primo provides the versatility of undermount installation for an edgeless finish or topmount installation with the rim extending over the countertop.

Fireclay Sinks

Farm House	**180-185**
Manor House	**186-191**
Cisterna	**192-197**

Fireclay Sinks

A lifetime of service

Fireclay is entirely natural, very stylish and amazingly practical. We apply a dirt-repellent finishing polish, which means that any mess, tea, or red wine can simply be wiped with a little soapy water.

SILKY SMOOTH GOOD LOOKS
Fireclay sinks combine beautifully with a variety of work surfaces, such as wood, glass and granite. It's a durable choice that stands up to heat, staining and impact with ease.

VILLEROY & BOCH
Many handcrafted Franke fireclay sinks are designed in partnership with Villeroy & Boch, a world-renowned premium porcelain and ceramic producer since 1748. Together, Franke and Villeroy & Boch create distinctive designs that enhance your personal kitchen style.

HOW YOUR FIRECLAY IS MADE
Liquid ceramic consisting of quartz, china clay and kaolin is injected into a mold under high pressure. Prior to drying, surface imperfections are smoothed with soft sponges and a level surface is created with water. The final drying process involves 20 hours in a tunnel kiln at 2200° F. At every stage, each sink is subjected to stringent quality checks performed by experts to make it Franke approved.

Pictured FHK710-36WH sink with FFPD3350 faucet
Note: Sink color may vary between each model

Farm House

Classic elegance with a stream-lined silhouette

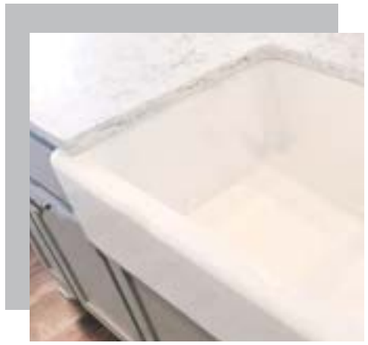
Sophisticated elegance from every angle, featuring sleek flat front panel for added style. Franke's apron front Farm House sinks are made of durable fireclay for a smooth, polished finish that's both durable and easy to clean.

Farm House
Fireclay

1

Easy to Clean

A dirt-repellent finishing polish keeps stains like tea and red wine at bay, allowing them to be wiped away with only soap and water.



2

9" Deep Bowls

Maximizing sink capacity, Farm House offers deep bowls to give you the space you need to complete tasks with ease.

3

Rear Drain*

The rear drain maximizes the usable bottom surface of the bowl while also creating extra cabinet space beneath the sink.

*Select models

4

Apron Front Design

The apron front design enables the user to stand directly in front of the basin, with no cabinets or countertop in between, making it comfortable for prepping food and cleaning up.

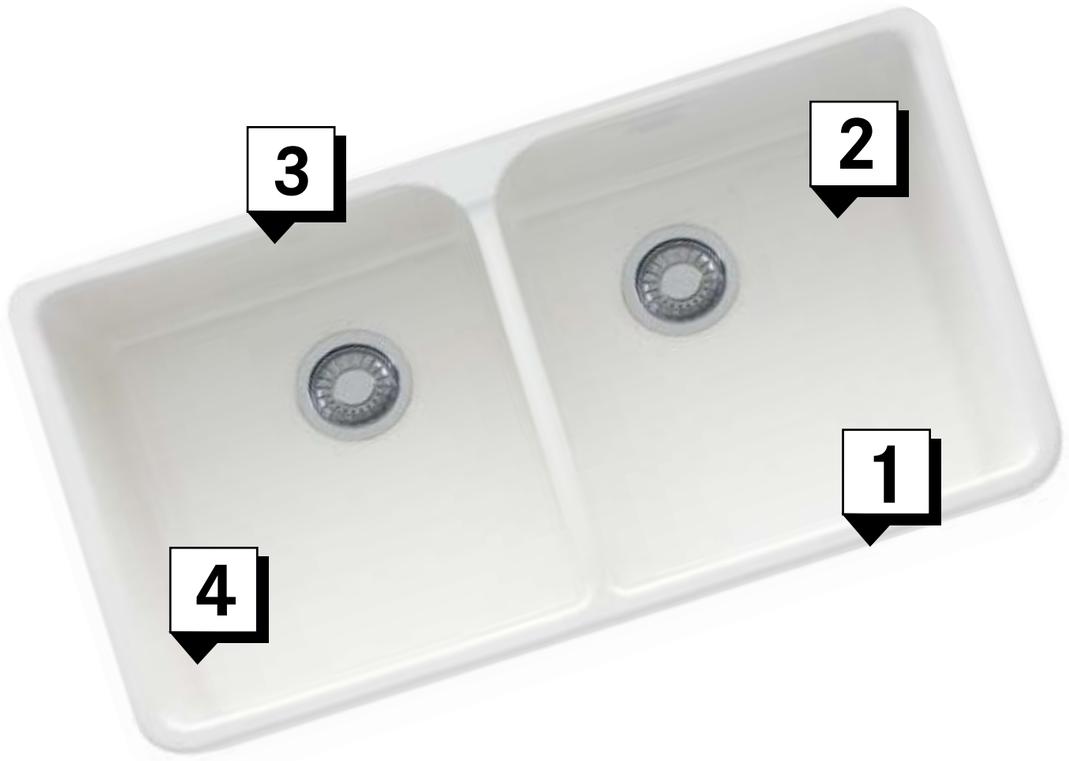
Manor House

Designed for endurance

Villeroy & Boch brings centuries of excellence to the handcrafted beauty of Manor House apron front sinks. Scratch-resistant and hygienic fireclay offers the qualities most desired in today's kitchens.

Manor House
Fireclay

Manor House



1
Apron Front Design
The apron front design enables the user to stand directly in front of the basin, with no cabinets or countertop in between, making it comfortable for prepping food and cleaning up.

2
Stain Resistant
We apply a dirt-repellent finishing polish, which means that any mess, tea or red wine stains can simply be wiped away with a little soapy water.

3
CeramicPlus
The CeramicPlus coating causes liquids to bead upon making contact with the sink's surface, repelling dirt, lime-scale and other residues, which are easily wiped off.

4
Highly Durable
Fireclay is an extremely tough, scratch-resistant surface that is impervious to acids and bleaches.

Cisterna

As beautiful as they are functional

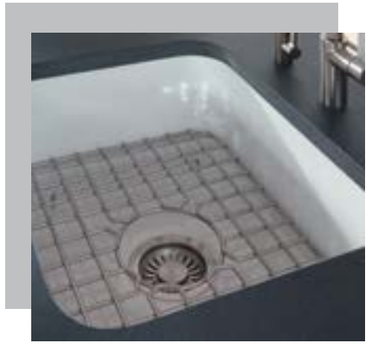
Created by Villeroy & Boch with a classic design offered in three sizes, the Cisterna fireclay sink is a perfect fit for the kitchen and beyond. Use the smallest size as a bar or prep sink – or pair it with a larger size to create a unique two-bowl design.

Cisterna
Fireclay

1

Exceptionally Durable

Liquid ceramic undergoes a thorough refinement and firing process resulting in a beautifully smooth and hard wearing, highly durable sink.



2

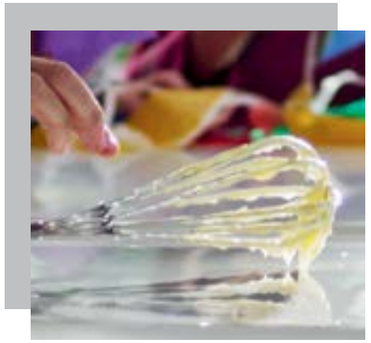
Kitchen Essentials

An optional fitted grid protects the bottom of the sink. Add a cutting board and roller mat to complete your perfect workspace.

3

Sound Absorbing

Fireclay is a naturally sound-absorbing material that reduces the noise caused by a garbage disposal or running water.



4

Simply Stain Resistant

Don’t worry about red wine, coffee and other food stains. The CeramicPlus finish makes our fireclay sinks simple to clean. Soap and water are all it takes.

Faucets to the highest standards

From extravagant to purist. From satin nickel to polished chrome. Whether you prefer a flexible, pull-out, or integrated water filter, the Franke faucet range meets every need in every kitchen. Your favorite Franke faucet will be the perfect match for your ideal Franke sink.

Manufacturing to the finest standards

Outstanding design and quality components come together during the Franke manufacturing process. Strict adherence to Franke manufacturing standards in forming, finishing and final assembly achieves the exceptional quality and durability that makes a Franke faucet the most desired addition to a kitchen.

Water saving feature

Conserve natural resources and trim your water bill with Franke's water saving feature. Move the handle to the first position for a water-saving 50% flow. Moving the handle to the second position allows for 100% flow.

Look for faucets with the water saving feature icon, as not all faucets have this feature.

Quality assurance and certifications

Franke faucets are manufactured under the supervision and testing of local and international certifying bodies, including CSA, IAPMO, ICC, and NSF.
All Franke faucets meet the requirements of the Federal Safe Drinking Water Act, NSF372, NSF61 and ASME A112.18.1\CSA B125.

Make your statement

Franke offers a large selection of premium faucet finishes to complete the design statement in your well-appointed kitchen. Complement or contrast your sink or appliances with one of 11 available finishes from Matte Black for a sophisticated, modern appeal to earthy Stone Grey or our NEW rich Champagne Gold to accent cabinetry and countertops.

Professional

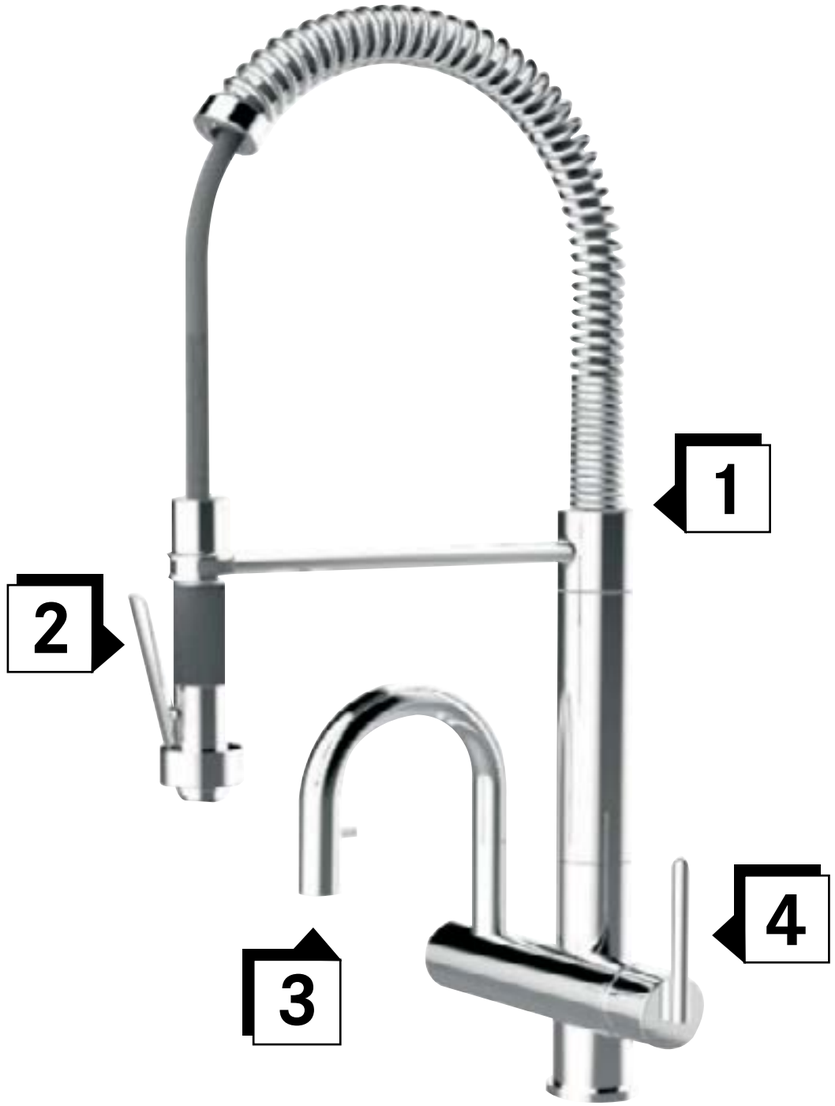
The new standard for faucets

Create a chef-inspired kitchen atmosphere with the Franke Professional faucet laden in luxury and precision. This faucet is the epitome of functionality, with its dual functioning pre-rinse spray head providing a powerful needle spray and stream to blast debris off dirty dishes and produce.

The secondary spout functions as a separate filtered cold water tap (FFPD5400), giving you limitless access to clean and healthy drinking water when paired with a Franke filtration system.

Professional Faucets

Professional



1

Full Coverage Swivel

The 360-degree swivel spout generates a full range of motion, allowing you the flexibility to reach almost any area of your sink, and the tall arch design offers exceptional space for cleaning or filling large pots and pans.

2

Pre-Rinse Spray

Dual functionality, toggle between spray and stream to make rinsing vegetables or cleaning food residue effortless.

3

Filtered Water

Provides unlimited access to clean and healthy filtered drinking water when paired with Franke filters. Spout operates independently from spray head. (On select models)

4

Single Handle Control

Easily maneuver the handle to the perfect blending point between hot and cold water, with one hand.

Professional by Thorpe

Design inspiration was an exercise in the balance of form and function.

"The Professional Series for Franke was an exercise in the balance of form and function. Taking cues from the design traditions of the Bauhaus and the precision of Swiss craftsmanship I found the perfect harmony between the expressive formal qualities of the faucet while highlighting its unique purpose. By finding this balance the faucet becomes universal, having the ability to find its place in any environment anywhere in the world," states Thorpe.

2021 American Architecture Award winner Mark Thorpe established his New York based architectural and design studio in 2010. He has worked extensively in Europe, Asia and the US as an architect and designer, and continues to collaborate on projects with a wide range of partners. He has taught in the Architecture Department at Parson School of Design and the Industrial Design Department of Pratt Institute in New York City.

Absinthe

Feel the Difference

You see the difference at first glance, and you feel it the moment you effortlessly lift the handle. Water starts flowing quickly and effortlessly. That’s how you want water in your kitchen, whichever task you’re carrying out. The retro-modern design of the Franke Absinthe faucet is nothing less than perfect. The clean style, high precision, and top quality of its metal spray head will win you over. Thanks to the long, rising spout, you can quickly fill any large pot.

Pescara

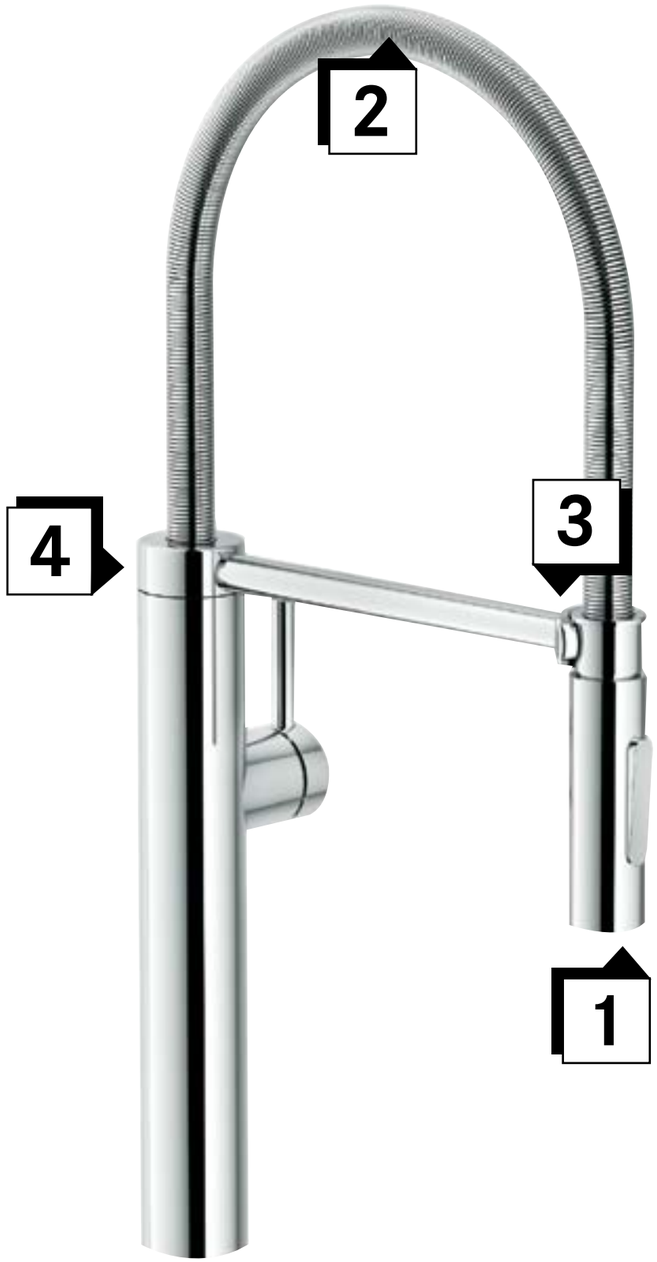
Faucets worth talking about

Franke Pescara faucets with a modern yet elegant design are bound to amaze you and your guests. Pescara is one of Franke's faucet ranges that will turn the heads of everyone who wanders into your kitchen, and it will quickly become the room's centerpiece.

The clean design and detailed craftsmanship make Pescara faucets ideal for those who savor simplicity combined with exquisite performance and a simple but impressive aesthetic look for all tastes.

Pescara
Faucets

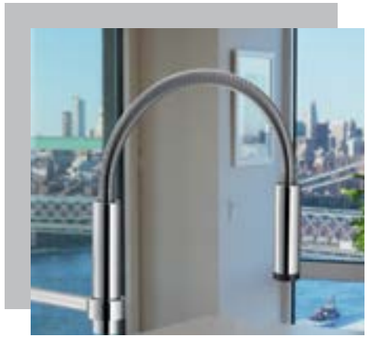
Pescara



1

High Performance Dual Spray Function

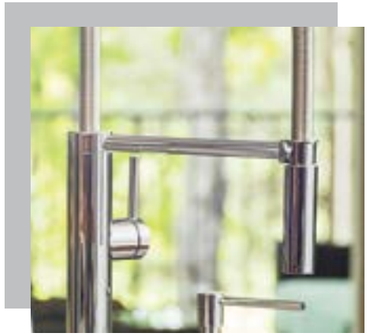
Move smoothly from spray jet to normal spray without the need to reduce water pressure between modes.



2

Durable Coil Spring Hose

Flexible metal spring hose allows maximum reach of the entire sink.



3

Magnetic Docking

An intuitive, quick release, magnetic dock holds the spray head securely in place when not in use.

4

Full Coverage Swivel

The 360 degree swivel spout generates a full range of motion, allowing you the flexibility to reach almost any area of your sink. The tall arch design offers exceptional space for cleaning or filling large pots and pans.

Peak

Seriously enjoyable

It takes two to create the perfect stainless steel faucet: Passion and precision. We've invested decades of stainless steel experience and 1000's of hours to perfect the fine lines and the solid manufacture of the Peak faucet.

The Peak faucet makes its entrance showing outstanding features, such as the swivel spout and semi-pro pull-down nozzle. The pore-free surface is scratch-, heat- and corrosion-resistant stainless steel, easy to keep hygienic and clean.

Ambient

The perfect faucet for the perfect kitchen

Your faucet needs to be stylish yet practical, sophisticated, and with a great, long-lasting design, just like Franke's elegantly designed Ambient faucets.

Our top-quality Ambient faucets are equipped with a long extendable nozzle enabling you to fill large pots quickly and giving you all the freedom to work in and around your sink. They come with a Franke ceramic disk cartridge to guarantee excellent, long-lasting, smooth water flow. Enhance your workspace with the collection's filtration faucets and pot filler to have all the functions you need—in a beautifully coordinated style.

Steel

Cooking starts with a drop of water

How many liters of water run through your kitchen tap day by day? So, isn't it reasonable to spend a few minutes evaluating which faucet you want? The Steel faucets, for instance, combine all the advantages of a modern tap in a straightforward design: a high, rotating spout for cleaning fruit and vegetables and filling large pots quickly.

With the pull-down spray, use becomes even more sophisticated and professional. The single-lever handle offers you the exact amount and temperature of water in one twist. The Steel faucets are built in solid, corrosion-resistant stainless steel and equipped with a 35mm cartridge for a highly functional, long-lasting experience.

Active

Exceptional design, inside and out

Our Active faucets offer the best of both worlds - design and sustainability. With two designs, each available in a range of stunning finishes, the appeal is obvious. However, there is much more to these faucets than just great looks.

Delivering exceptional functionality, our Active faucets are designed for improved sustainability - actively saving both water and energy. Plus, they use fewer components and smaller amounts of costly materials such as brass, but without any compromise to quality.

Active Faucets

EXCEPTIONAL DESIGN, INSIDE AND OUT

The Active faucets range

Stylishly Sustainable

ECO Cartridge uses up to 50% less water

Our Active faucets offer the best of both worlds - design and sustainability. With two design options, each available in a range of stunning contemporary finishes, the appeal is obvious.

The secret to this performance is the environmentally beneficial ECO cartridge, which is designed to limit both the flow and temperature of the water.

But that's not all, our Active faucets also feature a Laminar Aerator, delivering a crystal clear, non-splashing water stream and spray jet function, for more powerful, precise cleaning.

Your perfect fit is out there

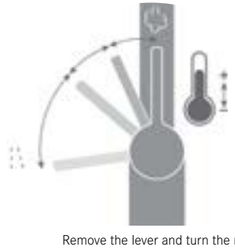
Sufficient water & pressure at just **50% open**



Remove the lever and turn the ring nut inside to limit the flow temperature*

*always refer to the installation manual

Active

1

Dual Function Spray Head
Delivering a more powerful stream thanks to the needle spray used, it is easier to rinse fruit and vegetables, as well as remove stubborn dirt from dishes. The stream can also reach every part of the sink, making it easier to clean.

2

Water Saving
The stepped lever helps you use less water, reducing your environmental impact. With the lever open just 50% of the way, the Active faucet will deliver sufficient water with enough pressure and at a suitable temperature to suit most tasks.

Kubus

Change your perspective

With its inclined geometric design and elegant, stainless-steel look, Kubus stands out in the kitchen. But there is much more to this sophisticated faucet than meets the eye.

The height of the swivel spout allows you to fill large pots quickly and offers greater freedom and flexibility when working at the sink. The Kubus pull-down faucet convenient spray head is discreetly hidden inside the spout. After use, it smoothly glides back into place thanks to a magnetic connection.

Every drop is wonderful

Franke pioneered multi-tasking kitchen faucets. Today, our beautifully designed range of point-of-use faucets, which dispense hot, cold and filtered water, are considered the blueprint for faucets that go the extra step. By combining the beauty of our most stylish designs and the technological advanced ceramic water filtration of the Franke StillPure system, we've created the perfect addition to a health-focused kitchen.

Pure water when you need it

Invisible to the eye and even to the tongue, contaminants, lead, toxins, industrial pollutants, pesticides and even diseases are passed through local water systems into our homes. Unfortunately, filtration pitchers don't fully filter out impurities, and bottled water creates waste. Franke StillPure delivers delicious, water right from the tap.

Styled for convenience

With the Franke StillPure filtration system you can choose from a full range of faucet designs to fit your style.

Confidence to know its pure

When you understand the importance of filtered water, you'll want to use StillPure for everything you do in your kitchen. That's why we created point-of-use faucets that deliver filtered water where and when you need it. Instantly rinse, prep and cook with the clean water. With Franke StillPure, it's always right at hand.

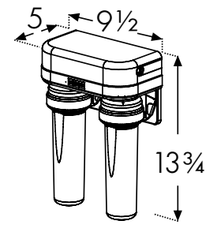
FRCNSTR-DUO-1 $450

Dual Filtration Canister

FEATURES AND BENEFITS

- FRC06 and FRC09 filters included
- Fits FRC06, FRC07, FRC08, FRC09 and FRC10 filters
- Thermoplastic housing
- Built-in shutoff valve
- Integrated installation bracket
- Quick connect ⅜" push fitting
- 10 year warranty
- BPA Free
- 6 lbs.



How to determine which filter to order if the replacement filter model number is not identified on the canister:

1. Locate the serial number on your canister
2. If the serial number begins with FR then order the FRX02 filter set
3. If the serial number begins with FRC then order the FRC06, and FRC09 filter set

Contaminant Reduction Overview

FILTRATION CRITERIA	PRIMARY FILTERS		PRE-FILTERS
	FRX02	FRC06	FRC09
Reduces Chlorine	X	X	
Reduces Particulates and Turbidity	X	X	
Reduces Cysts (Cryptosporidium)	X	X	
Reduces Bacteria (E Coli)	X	X	
Reduces Insecticides and Herbicides	X	X	
Reduces Lead	X	X	
Reduces Sediment			X

Note: See individual filter product data sheets for details on specific contaminants filtered.

Waste Disposers

Keep the kitchen hygienic

Designed to liquefy organic waste so it can be harmlessly flushed into the sewer, returning biodegradable materials back to the earth, Waste Disposers are discreet, easy to install and energy and water efficient. Equipped with an antimicrobial agent, Bio Shield®, that will reduce odor causing bacteria, and the Silver Guard®* feature that offers a magnetic rim to prevent metal objects from falling into the disposer.

*On selected models

Waste Disposers

1

Silver Guard®

In a perfect world, only food waste falls into the disposer, but we know this is not every day life. Sometimes things fall in that shouldn't. So we've added Silver Guard - a magnetic rim that keeps metal objects from falling into the disposer.*

2

Powerful, Efficient Motor

Full torque at initial revolution uses less water and electricity and gets the job done quickly.

3

Hygienic Kitchen

Our disposers have Bio Shield® antimicrobial agents molded into the internal components which inhibits the growth of bacteria and reduces odors, so you can rest easy knowing your kitchen will smell as good as it looks.

4

Easy to Install

Three bolt mounting system for a fast easy installation.

Pictured AIUS300 ALL-IN Accessory Kit

Accessories

Kitchen tools that make life in the kitchen easier

Franke offers everything for the kitchen sink. Customize your work space with our accessories, including strainers, waste kits, drain covers and roller mats.

ALL-IN

GREAT MEALS, NO INTERRUPTIONS

IT ALL COMES TOGETHER WITH ALL-IN

Transforming your sink into a stylish and playful workstation, **All-In** is the flexible food preparation system designed to bring more flow to your kitchen and life.

Well-equipped and intuitive, this modular accessory system has all you need to prepare meals with ease; saving you time and space and allowing you to shift seamlessly between different tasks.

So, for great meals with no interruptions, it all comes together with All-In.

* Fits sinks up to 21¼ inches.

EIGHT ACCESSORIES, ENDLESS USES

Check individual sink models for compatibility.

All-In Includes:

1.

Telescopic Bridge

Featuring extendable stainless steel rails with durable handles that will adjust to fit bowls up to 21¼". Incorporates small feet that sit against the sink edge to ensure a stable fit.

2.

Bamboo Chopping Board

The perfect size to accommodate slicing, dicing, chopping, and more. The chopping board fits securely into the bridge or can be used on the countertop.

3.

Large Colander

Made from Sanitized® Polypropylene, the large colander allows you to do all your rinsing fruits and vegetables and draining pasta over the sink.

4.

Small Colander

Pair the small colander and prep bowl in the bridge for a multi-purpose prep station. The colander is perfect for rinsing, and the bowl is ideal for collecting stems or peels.

5.

Prep Bowl

The small bowl can be used for collecting prepared ingredients and storing them in the fridge. Equally, it can be used for collecting peelings and dealing with waste during preparation.

6.

Bamboo Bowl Lid

Placed securely on top of the small bowl, the bamboo lid can help to keep food fresh.

7.

Foldable Silicone Mat

Foldable for easy storage and an inclined surface for use as a dish drying mat that channels water back into the sink.

8.

Storage Container

Accommodates and stores the All-In accessories in one place so that everything is easily accessible for your meal prep.

*Up to 21¼". Check individual sink models for compatibility.

ELEGANT, HARMONIOUS, MADE FOR EACH OTHER

Complete the look with our Colorline waste kits

For a more contemporary, coordinated finish, look no further than Franke's Colorline waste kits collection.
With everything from our latest sinks and taps plus soap, wastes, overflows and waste control knobs in a stunning, bold Matte Black finish, it's ideal for creating a more harmonious, integrated look between your faucet and sink.

The perfect fit for our Granite sinks

All the elements in our Colorline collection match perfectly with our popular Granite sinks.

Everything from the waste disposer kit to the strainer basket offers consistent coloring throughout. And thanks to a special UV additive included during the manufacturing process, you can be sure they won't fade over time.

What's more, every Colorline accessory is made to withstand high temperatures, is scratch and stain resistant, easy to clean and food contact safe. Plus, for the highest standards of hygiene, the material is treated with antimicrobial Sanitized®, which we apply to all Granite sinks.

Colorline is ideal for seamless looking Granite sinks

Quick Reference

GENERAL
- Products may only be sold and advertised within the United States of America. Franke hereby expressly prohibits the dealer from soliciting or consummating sales outside of the United States of America without prior written consent.
- Products shall only be sold in their original packaging. Relabeling, repackaging (including the separation of bundled products or the bundling of separate products), and other alterations are not permitted.
- Sale of Franke products on the Internet shall be prohibited unless resellers apply and are approved by Franke Kitchen Systems, LLC, and execute an Authorized Internet Reseller Agreement regulating the manner in which they sell online.

ORDERING
- Once an order has been acknowledged, no changes (including additions or cancellations) will be accepted.
- Order acknowledgments are available via email. An email address must be provided to receive this benefit.
- Standard lead time for shipment is one to five (1-5) business days from receipt of order.

STANDARD PAYMENT TERMS
- Net 30 days.
- Early payment discounts are not applicable for payments via credit card.
- Franke reserves the right to charge interest and an administration fee on late payments.

PRICING
- Please refer to the electronically published price list (EPL). Orders will be priced with the prevailing price at the time the order is placed.
- Prices are subject to change without notice. Franke will attempt to provide reasonable lead time for pricing changes.

CLAIMS / CHARGE BACKS
- Damages/Shortages must be reported within ten (10) days of receipt of merchandise.
- Charge backs will not be accepted without an authorization number (RMA), provided by a Regional Sales Manager, Distributor, or Customer Service.

RETURNS
- No returns will be accepted without a return authorization number (RMA).
- Return authorization requests must be submitted through Rep/Regional Manager.
- A 25% restocking fee will be charged for ALL returns of product that was not damaged or mis-shipped.
- No returns will be accepted more than 180 days from original invoice date.
- No returns will be accepted on discontinued (DWO) or obsolete product.
- Franke reserves the right to refuse returns without reason.

FREIGHT
- Pre-paid freight/Free freight allowance (FFA)
  - USD 2,900 is the minimum order value for FFA
  - All product lines, including parts, can be included in freight qualification calculations.
  - All Display and Literature orders will be shipped with pre-paid freight status.
- Flat Rate Shipping
  - Any order shipping parcel containing standard products will ship for $25 flat.
  - Orders >150 lbs. are shipping LTL and are charged according to weight/dimension.
  - Orders containing Fireclay sinks are charged USD 150 for up to 2 units and USD 300 for up to 4 units.
  - Other: standard shipping rates apply for Fireclay orders greater than 4 units and any parts only orders.
  - Franke reserves the right to modify these terms at any time.
- Other freights terms
  - Franke will attempt to fulfill requests to expedite shipping. Customers will be responsible for additional freight charges. Contact Customer Service for all expedited shipping requests.

Terms & Conditions

- Drop shipment of internet orders is not available. All Internet Sales must be shipped from an Authorized Internet Reseller's location. Drop shipment is offered within 100 miles of customer's place of business, or within customer's state or a bordering state.

BACK ORDERS
- Back order shipments will match freight qualifying status of original order.
- Back ordered product will be considered an active order unless customer requests cancellation.

FRANKE HOME SOLUTIONS WARRANTY
EFFECTIVE JANUARY 21, 2022

In the United States, Canada and Latin America, Franke warrants the products from manufacturing defects in material and workmanship when purchased from Franke or a Franke Authorized Retailer pursuant to product-specific warranties detailed herein (each, a "Warranty" and collectively, the "Warranties"). The products must be properly installed, per company's installations instructions, in its original installation, and used in normal indoor residential kitchen applications. Any products or components which have been modified or altered, from its original intended condition will void the warranty. The Franke Warranties are limited to the original purchaser and are non-transferrable. These Warranties do not include products purchased from non-Authorized Retailers, products that are obsolete or discontinued, or products that were previous display models. All issues with installed products are considered warranty claims and not subject to the Return Policy. Franke reserves the right to inspect any product reported to be defective and the original installation prior to providing a replacement product and/or component. All decisions are final. In no situation shall the liability of Franke exceed the amount of the original purchase price.

The Warranties do not cover, and Franke shall not be liable for, any damage to products or components resulting from misuse or abuse, accidental damages, normal wear such as scuffs, scratches or finish reduction/fading; improper installation, abnormal usage, negligence, damage caused by improper maintenance or cleaning. Damage caused by impurities, corrosive chemicals or acts beyond Franke's control are not covered by any Warranty.

Franke product replacements do not include transportation, shipping, diagnosis, labor, installation, removal, disposal for any products or liability for project delays. Product replacements are not guaranteed to be exact replacements. The owner of a product is liable for any transportation and re-installation costs related to any warranty for such product. If the original product is not available at the time of the warranty claim, at Franke's option, the product replacements will be of similar size, material, and value.
Any products or components which have been modified or altered, from its original intended condition will void the warranty.

The Warranties do not allow recovery of incidental or consequential damages such as loss of use, delay, property damage or other consequential damage, and Franke accepts no liability for such damages. Each Warranty is limited to the conditions set forth herein and to the applicable warranty period specified herein and is exclusive. EXCEPT FOR THE WARRANTIES SET FORTH HEREIN, FRANKE MAKES NO WARRANTY WHATSOEVER WITH RESPECT TO THE PRODUCTS, INCLUDING, BUT NOT LIMITED TO, (1) ANY WARRANTY OF MERCHANTABILITY, (2) WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, (3) WARRANTY OF TITLE, OR (4) WARRANTY AGAINST INFRINGEMENT OF INTELLECTUAL PROPERTY RIGHTS OF A THIRD PARTY, WHETHER EXPRESS OR IMPLIED BY LAW, COURSE OF DEALING, COURSE OF PERFORMANCE, USAGE OF TRADE OR OTHERWISE. LEGAL DISCLAIMER PLEASE READ CAREFULLY. Franke Kitchen Systems LLC/Franke Kindred Canada Limited provides the above information to you as a public service to our customers. By accessing and using this information, you agree to the following and to comply with all applicable laws. If you do not agree with these terms and conditions, do not use this information. While we try to keep the information current, changes may have occurred since its creation. Contact your Regional Manager or Customer Service to verify information regarding Franke Kitchen Systems/Franke Kindred Canada programs and their use by you.

Quick Reference

Franke Residential Stainless, Granite and Fireclay Sink Limited Lifetime Warranty:
Franke warrants that each Franke sink will be free from manufacturing defects in material and workmanship for the lifetime of the sink when used in standard residential indoor applications. The warranty covers sinks installed in its original installation per Franke installation instructions in residential applications using conventional or solid surface countertop.

Franke Residential Disposal Limited Warranty:
Franke warrants that disposers are free from manufacturing defects in material and workmanship for the period ranging from two (2) years to Limited Lifetime as documented in the annual product catalogs and/or instructions included with the products.

Franke Residential Faucet Limited Lifetime Warranty: Franke warrants that mechanical components (body, handle and spout) in all faucets purchased after January 1, 2003, will be free of manufacturing defects for the expected lifetime of the faucet. Franke shall not be liable for any damage caused by normal wear and tear to wearable parts of the faucet. The expected useful lifetime of wearable parts is; one (1) year: aerator, o-rings; five (5) years: cartridge, hose, electrical components; ten (10) years: spray head. The wearable parts can be purchased as spare parts from Franke or their Authorized Retailers. Franke warrants the chrome finishes on Franke faucets will be free of manufacturing defect for the lifetime of the faucet; and all other finishes on Franke faucets will be free of manufacturing defects for five (5) years from the original date of purchase. Faucets purchased prior to 2003 are subject to the warranty in place at time of purchase.

Franke Residential Filtration Limited Warranty:
Franke warrants mechanical components in filtration faucets, filtration canisters, filters and filtered water temperature modification devices; heating tanks and chillers, to be free from manufacturing defects in material and workmanship for the period ranging from one (1) year to ten (10) years as documented in the annual product catalogs and/or instructions included with the products.

Franke Residential Soap Dispensers Limited Warranty:
Franke warrants that Franke soap dispensers are free from manufacturing defects in material and workmanship for a period of five (5) years from the date of purchase. Such warranty does not cover damage caused by the use of aggressive soaps or chemicals.

Franke Residential Accessories Limited Warranty:
Franke warrants that Franke accessories, including, but not limited to bottom grids, shelves, waste kits, colanders, chopping boards are free from manufacturing defects in material and workmanship for a period of one (1) year from the dates of original purchase.

Franke Residential Outdoor Installation Limited Warranty:
Specific Franke products noted below are engineered for outdoor applications. These products are warranted to be free from manufacturing defects in material and workmanship for outdoor installations for ten (10) years from the date of purchase. Stainless Sinks: ODX110-2310-316 and ODX110-2312-316 and Stainless Faucets: FF3352 and FF3452SS

This warranty supersedes all other warranties, expressed or implied. No employee, field sales representatives, or distribution persons are authorized to give any warranties on behalf of Franke Kitchen Systems, LLC or Franke Kindred Canada Limited.

To make an installed product warranty claim please contact Franke at the provided contact information below. All warranty claims must include the following for processing:

1. Proof of purchase from Franke or Franke Authorized Retailer
2. Original purchaser's name, address (included city, state, zip), email address and phone number
3. Franke model number
4. Date of installation
5. Description of the defect
6. Photos of the defect

LEGAL DISCLAIMER

Please read carefully.

Franke Kitchen Systems, LLC provides the above information to you for as a public service to our customers. By accessing and using this information, you agree to the following and to comply with all applicable laws. If you do not agree with these terms and conditions, do not use this information. While we try to keep the information current, changes may have occurred since its creation. Contact your Regional Manager or Customer Service to verify information regarding Franke Kitchen Systems, LLC programs and their use by you.

Copyright and Other Intellectual Property Rights. This document and our website are protected by copyright pursuant to U.S. copyright laws, international treaties, and other copyright laws. This document and our website contains copyrighted material, trademarks, and other proprietary information of Franke Kitchen Systems, LLC and others (collectively "Proprietary Material"), which may include, but shall not be limited to: text, software, photos, video, graphics, images, music and sound. You may not modify, publish, copy, transmit, participate in the transfer or sale of, create derivative works of, or in any way exploit, in whole or in part, any Proprietary Material without the prior written authorization of Franke Kitchen Systems, LLC or the applicable rights holder.

Changes. We may change these terms and any part (or all) of the information enclosed at any time without notice. Any changes will apply to your future use, so you should contact your Regional Manager or Customer Service periodically. If you use this information after any changes to these terms, then you accept those changes.

Choice of Law. We are a Delaware limited liability company and these Terms and Conditions, and the purchase of products from Franke Kitchen Systems, LLC, shall be governed by the substantive laws of the State of Delaware, including the Uniform Commercial Code as adopted in Delaware, and the United Nations Convention on Contracts for the International Sale of Goods shall not apply. Any cause of action must be commenced within one year after the claim or cause of action arises. If a court of competent jurisdiction holds these terms and conditions or any part of them to be invalid, then that part shall be enforced to the maximum extent possible and the remainder of these terms and conditions will remain in full force and effect.
