AXOR FINISHPLUS
FORM FOLLOWS PERFECTION

Brilliant and durable special finishes, for even more design possibilities: The AXOR brand is known for unique product designs which help you create distinctive, personalized spaces for bathrooms and kitchens. Now, for even more options, products can be ordered in up to 13 special finishes. For example, opulent gold or mysterious black

can give a completely new look to a product. A brushed look can also enhance an exclusive ambience, or add polished nickel for a luxurious touch. The special finishes are created with the innovative PVD (Physical Vapor Deposition) process. PVD special finishes are more brilliant and durable than chrome – a perfect fit for your next project.
