

It's Hard To Stop A Trane.®

Upgrade Change to SlimFit™ Filter Rack for TEM Air Handlers and S9 Furnaces

We are pleased to announce product enhancements to the SlimFit™ external filter racks. The SlimFit™ top front frame has added reinforcement to better support the weight of the larger air handler cabinets. We have also added a fully insulated front door panel and an inside frame “Reflexitix” insulation. SlimFit™ includes a 1” MERV 4 rated pleated filter.

First Order Date: January 2 **First Ship Date:** Subject to inventory depletion

- Made to fit cabinet sizes for TEM3, TEM4, and TEM6 Air Handlers and S-Series Side Return Furnace
- Cabinet accommodates Service First dedicated MERV 4 filter, or consumer purchased aftermarket filters
- Painted Frame and Hinged Door to match TEM Cabinet
- Manufactured in the USA
