

FL FLEXIBLE INSULATED DUCT W/BLACK POLYETHYLENE COVER

UL-181 Class 1 Air Duct, wrapped with R4.2 insulation and black polyethylene cover. Suitable for use with various types of ventilation, heating and cooling systems.

	MODEL	A (INCHES)	LENGTH (FEET)
	FL100	4"	12.5'
	FL100-25	4"	25'
	FL125	5"	25'
	FL150	6"	25'
	FL200	8"	25'
	FL250	10"	25'
	FL300	12"	25'

FEATURES & BENEFITS

- Available in 4" to 12" diameter
- Flexible galvanized steel wire helix
- Polyester film with bonding agent
- Maximum Flame Spread Index not over: 25
- Maximum Smoke Developed Index not over: 50

PERFORMANCE DATA

- Maximum air velocity 5000 fpm
- Maximum rated pressures:
 - Positive: 10 in. wg
 - Negative: 0.5 in. wg
- Operating temperature range: 0 to 265 F (-18 to 130 C) intermittent
