PATIO INSPIRATION

The Essence of Outdoor Living.

The primary goal in designing an outdoor living room is to create a space that invites you to spend time outdoors. Whether you enjoy entertaining large groups or prefer an intimate space for curling up with a good book, Belgard® is your source for patio designs that bring the outdoors to life.

Spotlight Paver Accents

Take your outdoor living area to the next level with inlays and banding. Adding accents in vertical features such as walls, columns and kitchens is the perfect finishing touch to personalize your space. Offered in a myriad of colors and textures, Belgard® has the product selection to accent any style you can imagine.

Borders and Accents

Combine colors, shapes and textures via paver borders and accents that complement your outdoor landscape. We have provided examples of combinations to generate ideas, but creative expression gives you freedom to design your own.

Add interest underfoot by combining pavers in contrasting textures and colors.

Lafitt Paver with Rinn Medino

Mega-Kingston with Belair Wall Cap

Mega-Dublin with Charcoal Accent

Left: Smooth faced paver with a textured paver as a border or accent.

Middle: Using a textured cap as a step or border to frame the project.

Right: A darker color of the same paver to enhance the edge of your project.

NEW

BELGIAN COBBLE®

PAVERS

Belgian Cobble creates picturesque walkways, driveways, patios and poolsides with a multi-piece system that looks like natural stone pulled from the bed of a mountain creek. Belgian Cobble can be installed as either a standard or permeable paver system.

satura™

REIMAGINE WHAT'S SET IN STONE

Provence Slab™ | Back Hills

COLORS AND TONES PLAY A CRITICAL ROLE IN CREATING HARMONIOUS DESIGNS THAT INTEGRATE PERFECTLY WITH SATURA'S TECHNOLOGY.

We have invested considerable resources to not only expand our color palette, but to obtain levels of saturation never achieved before in concrete products. The intense saturation and finite detail are the basis for the brand name for our newest technology - Satura™.

Natural Stone

Satura Enhanced Pavers

An added benefit is the ease of installation and color consistency when compared with natural stone. Satura-enhanced pavers are available in a three piece modular system that can create many unique designs. Add a large rectangle or large square to give a sense of drama and scale to your outdoor living space.

Provence Slab™ | Niagara Gray

SPECIAL ORDER

PROVENCE SLAB™

PAVERS WITH SATURA™

Designed using our revolutionary Satura™ color technology, Provence Slab offers the most natural-looking paver on the market that emulates the look and texture of natural bluestone or ledgerrock.

PERMEABLE PAVERS

The RINN logo is located in the bottom left corner of the page. It consists of the word "RINN" in a bold, white, sans-serif font, enclosed within a red rectangular border.

Be Water Wise & House Proud.

ELIMINATE STANDING WATER,

reduce erosion and lower water demand with Belgard® Permeable Pavers. Our permeable pavers allow the movement of stormwater through the surface, reducing runoff and improving water quality by filtering pollutants.

BENEFITS TO HOMEOWNERS

- Eliminate standing water and improve drainage.
- More beautiful and durable than conventional paved surfaces.
- Can include a heating system to eliminate snow and ice build-up.
- Can include a water-harvesting system to recycle stormwater for irrigation.

Tandem[®] Wall

The Tandem family of products is a revolutionary platform that showcases the Stone-like aesthetic that homeowners prefer while offering job site efficiencies contractors need. Tandem is a complete system, with a column kit and modular grid to provide versatility and 3 face styles to complement any outdoor living space.

COLUMNS

Building columns is easy with the Tandem system. Add a finishing touch to a wall, create a grand entry at the end of a driveway or dress-up an existing deck post. Ask your Belgard Representative about our **Tandem® Column Kit** with Steel Cages, Clips and Veneer Units in one convenient package.

MODULAR GRID

Tandem® Modular Grid is a revolutionary system that makes it easy to construct outdoor living elements. Use steel grids and heavy-duty connectors to construct virtually any structure up to 7 ft tall including privacy walls, outdoor benches, kitchens and much more.

WALLS

The **Tandem Wall system** designed by Belgard® is an innovative, versatile system that can be used to create attractive, curved or straight retaining and freestanding landscape walls. Great for use in a wide range of residential and light commercial hardscape projects.

Outdoor Fire Features and Kitchens

Browse our outdoor kitchen collections and fireplace kits to find the right centerpiece for your al fresco experience.

BORDEAUX™ SERIES

A timeless stackstone design that allows the fireplace, the grill island, or the brick oven to become the focal point of your outdoor space.

BRISTOL™ SERIES

A beautiful combination of tumbled block with Arbel® and Urbana® accents, Bristol's rustic look blends well with virtually any landscape.

BRIGHTON™ SERIES

Addresses the need and request for a lower-priced fireplace set. Featuring the same 36" firebox as the Bristol Series, plus a built-in hearth, Brighton is a beautiful option for those on a budget.

Shop Belgard Outdoor Kitchen and Fire Features at [Belgard.com/products/belgard_elements](https://belgard.com/products/belgard_elements)

BRICK OVENS

Inspired by traditional oven designs first used over four thousand years ago. The secret is our authentic, low-height Neapolitan dome design. The design creates a unique FlameRoll, which generates high, even temperatures for balanced cooking and genuine wood-fired taste.

Available in Bordeaux™ and Bristol™ Series.

Bristol™ Series Brick Oven

WESTON STONE™ FIRE PIT KIT

Belgard's Weston Stone Fire Pit Kit installs quickly and offers the clean and contemporary look of tumbled stone. The kit is available in four popular color blends developed to complement most Belgard® paving stone and retaining wall types.

Available in a Circular Build.

TANDEM® MODULAR GRID

Easy to install. Versatile. Modular. Simply create your project frame, attach the grid to your structure and clip your Tandem veneers to the grid. Can be used in various applications from deck skirting to outdoor kitchens.

RG+ POLYMERIC SAND

THE ORIGINAL BRAND YOU CAN TRUST

RG+ polymeric sand is the work horse of the polymeric sand world. Economical and durable, it is a reliable “every day” sand that sets properly every time and remains in place for years to come.

RG+ POLYMERIC SAND

- Inhibits weed growth
- Deters ants and other insects
- Eliminates joint erosion – water, frost heaving, wind, power washing, etc.
- Fast-setting, water resistant 90 minutes after installation
- Stabilizes paver installations - follows movement

Prairie Grey

Prairie Tan

Techniseal® jointing sands contribute to LEED credits, based on the use of regional and recycled materials.

NEW

DRiBOND™

ADVANCED DRY MUDSET

A NEW DRIVEWAY IN A DAY

DRiBOND is a revolutionary product specially designed for the overlay of thin pavers (1" or 30mm) on existing concrete. With DRiBOND, there is no need to remove the existing concrete pavement. It can be installed quickly and easily over most sound concrete surfaces.

DRiBOND™

- Applied directly to existing concrete slab
- No concrete removal — no material disposal
- Ideal for thin paver overlays
- Dry application
- No mixing — ready to use
- Reduces installation time

HARDSCAPE ADHESIVE

NEW

STRUCTURE BOND™ FOAM ADHESIVE

- Super-strength hardscape foam adhesive
- Developed for the construction industry
- Precise delivery — no mess, no waste
- Adjustable bead size

RG+ CONCRETE ADHESIVE

- Elastomeric resin-based compound — remains flexible
- Ultra-adherent on dry, wet or frozen surfaces
- Ideal for the construction of retaining walls
- Low-VOC formula

NEW

EZ BASE®

PANEL BASE SYSTEM

EZ BASE®

- Easy to install
- Saves up to 8 inches of excavation
- Each panel replaces up to 250 lbs of base aggregates
- Ideal for porcelain tile installation
- Durable — will not degrade in the ground

EZ Base is an innovative new way to install interlocking pavers. These easy-to-install high-density foam panels replace the need for a traditional compacted aggregate layer base system.

A technology that saves time, labor and money!

TRADITIONAL METHOD
(Approx. 9 to 11" of excavation)

EZ Base METHOD
(Approx. 3" of excavation)

NEW

PAVER EDGING

RIGID AND COIL EDGING

The perfect edging for the perfect, durable hardscape project. Techniseal® offers edging products to meet the demands of any paver project.

8-FOOT RIGID PAVER EDGING

CUT on THE GO Design System

- Easy snap connection
- Can easily be cut on the ground
- Convenient and easy to use
- Heavy duty injection molded
- Made from 100% recycled material

40-FOOT COIL PAVER EDGING – STANDARD 40-FOOT COIL PAVER EDGING – LOW PROFILE

40 feet of Edging in a Compact Package

- Saves product from being damaged
- Easy to handle
- Flexible and durable
- Makes it easy to create aggressive curves
- Compact coil offers 40' of edging in a small package
- No more messy broken bundles
- Made from 100% recycled material

Paver Care

What ages concrete pavers? Although concrete pavers are extremely durable, they are not impervious to time and nature. Over time, the surface can begin to wear, exposing more of the aggregates underneath and making the color appear faded. In addition, unprotected pavers are more easily stained by accidental spills, automobile fluid leaks, organic debris, soluble salts and various environmental factors.

Can I stop or slow concrete pavers from aging? Absolutely. The application of a high-quality protective sealant will slow down the clock and keep pavers looking newer, longer. Embrace proper application and decide what's best for your pavers.

THE ULTIMATE PROTECTION SYSTEM

Techniseal® ensures a 3-step treatment system guarantees the best results. Remove stains with the correct specially formulated Stain Remover, prepare the surface with a Paver Prep, then apply a Protector that delivers the look you want.

Choice of 4 Looks & Finishes

Colors, Textures & Styles

GET CREATIVE

Feel free to mix it up! Use different paver styles, textures and colors to add visual interest and beauty to your next project. Whether it's a contrasting border, inlaid border, or an inlaid rug design, there are endless combinations to consider when designing your space. Draw inspiration from rug designs, tile or your own imagination to make your project unique and exciting.

BELOW: This beautiful outdoor patio features our classic Urbana Stone, with inlaid Holland Stone and an accenting border in Urbana Stone. The result is an intriguing mix of old and new!

DESIGN TIP

Don't be afraid to mix clean contemporary textures with natural textures as accents or vice versa.

ACCENTS

Adding inlays and banding isn't just limited to the pavement. Adding these accents in vertical features such as kitchens, walls and pillars can really tie everything together.

TOP: Adding a single band in a contrasting color to the Tandem Modular Grid kitchen below adds visual interest and creates a designer look.

BOTTOM LEFT: Contrasting arches of Old York pavers add a whimsical touch to this Lafitt Rustic Slab patio.

BOTTOM RIGHT: A Moduline Series border around a section of Mega-Libre pavers creates the look of an inlaid rug for this Mega-Lafitt patio.

DESIGN TIP

The placement of an accent band within a wall, pillar or kitchen unit doesn't have to be limited to just one. Changing up the number and placement of a band can dramatically change the overall look.

INLAID CONTRASTING BORDERS

DESIGN TIP

As a rule of thumb, try to keep the number of paver styles and colors to no more than three in any particular project.

Understanding the Process

BELGARD® WILL IMPROVE THE BEAUTY AND VALUE OF YOUR HOME.

But like any construction project, it's necessary to have as much information as possible before you begin the process. With that in mind, this next section is dedicated to helping you make the best decisions and understand what to expect before you get started with your project.

YOUR LANDING SPOT FOR INSPIRATION

For the full Belgard experience visit us online at Belgard.com/Inspiration.

VISUALIZE YOUR PROJECT

Belgard's online **Project Visualizer** allows you to be your own hardscape designer. Choose from our image library of patios, driveways and walkways, or upload your own photo to experiment with paver styles and colors and explore an infinite number of design possibilities.

Ready to "Visualize" Your Backyard Makeover?

Visit Belgard.com/Seeit

Belgard® Design Studio

YOUR VISION – BROUGHT TO LIFE

By partnering with a Belgard Authorized Contractor (BAC), your dream outdoor space can be brought to life with 3-D renderings crafted by our Belgard Design Studio. With our expert design team, they integrate photos of your home's exterior with sketches from your contractor, to give you a realistic vision of your future space.

This process enables you and your contractor to collaborate and agree on your vision before the first paver is ever laid, avoiding future compromises or surprises. We have a number of sample projects and plans available in our design gallery for inspiration. You can even request to have the plan retrofitted so it harmonizes with the characteristics and site features of your property. Please contact a Belgard Authorized Contractor to learn more. Visit Belgard.com/Locator.

DESIGN TIP

3-D design images include furniture placement, potential landscaping, and existing structures and design elements, which helps create a realistic preview of the future space.

NEXT GENERATION TOOLS TO VISUALIZE YOUR OUTDOOR SPACE

Experience your dream outdoor space like never before, by seeing the design of your space using Belgard Design Studio's Virtual Reality platform. When you work with your Belgard Authorized Contractor, you can ask the project to be designed in 3-D on a virtual reality setting, which will allow you to experience your dream space from multiple vantage points – all from the comfort of your home. To learn more, visit Belgard.com/BDS.

AFTER

Selecting a Contractor

A hardscape project is an important investment in your home, and selecting the right contractor is a critical decision. Don't be afraid to ask a lot of questions. It's important that you get to know your contractor so that you can work together as a team to create your ideal outdoor living space.

What to Ask

- Installing hardscapes is a **SPECIALIZED SKILL** that requires training and experience. Inquire about specialized certifications and training from organizations like the Interlocking Concrete Paver Institute (ICPI). All **Belgard® Authorized Contractors** are required to have at least one team member who is ICPI certified and must meet annual requirements to maintain the company's "authorized" status.
- Ask for **CUSTOMER REFERENCES** and to see photos of past projects, both for design ideas and to get a sense of the contractor's level of creativity, expertise and work ethic. Ask for an address or two and check out the workmanship up close, with the homeowner's permission of course.
- Determine upfront which aspects of the project the contractor can handle. Will their team manage aspects like **LANDSCAPING, PLUMBING, IRRIGATION AND LIGHTING** – or will you be expected to handle this separately?
- Be sure to get a complete understanding of **PAYMENT TERMS** and estimated start date and turn-around time.
- It's important to hire a contractor who can provide **PROOF OF INSURANCE** and is able to guarantee their work for a period of at least one year after the installation.

CHECKLIST FOR CONTRACTOR:

- | | |
|---|---|
| <input type="checkbox"/> Industry Certification (ICPI, NCMA, SRW) | <input type="checkbox"/> Work Schedule |
| <input type="checkbox"/> Proof of Insurance | <input type="checkbox"/> Price Estimate |
| <input type="checkbox"/> Workmanship Guarantee (one year minimum) | <input type="checkbox"/> Scope of Work/Contract |
| <input type="checkbox"/> Business License/Contractor's license (where applicable) | <input type="checkbox"/> Referrals |

To find a Belgard Authorized Contractor or Dealer visit Belgard.com/Locator

Belgard Preferred Payment[®]

With the **Belgard Preferred Payment** program, you can complete your outdoor project in just a few weeks, instead of phasing it out over several months or years. Available only through Belgard Authorized Contractors or Dealers, Preferred Payment offers same-as-cash financing that allows you to start your project immediately. There are often construction economies that can be achieved by doing the entire project at once, which could save you both money and time. Plus, you get to start enjoying your dream outdoor living space much sooner! To learn more, visit Belgard.com/BPP.

Benefits of Belgard financing include:

- No payments or interest on approved credit
- Quick, easy and safe toll-free loan-by-phone application process
- No paperwork
- A credit decision in about 10 minutes
- No application fees, no closing costs and no prepayment penalties

Peace of Mind, Guaranteed

LIFETIME TRANSFERABLE LIMITED WARRANTY

Oldcastle® Architectural, Inc. ("Belgard") is proud to inform you that all of our interlocking concrete paver and retaining walls ("Products") meet and/or exceed the requirements of ASTM C-936 and ASTM C-1372. Belgard® guarantees its Products against these standards for the lifetime of the Product defined by ICPI. This guarantee does not apply to splitting, chipping or other breakage that could be caused by impact, abrasion or overloading. This warranty is transferable. The original proof of purchase is required.

This warranty is only valid if the material is installed under the guidelines of the ICPI (www.ICPI.org), The NCMA (www.ncma.org) or the Belgard Installation Guideline Manual. Improper installation voids this warranty. This warranty is for residential applications only and does not apply to commercial applications. It is recommended that the job be installed by a Belgard Authorized Contractor who guarantees their workmanship for a minimum of 2 years from the date of install. For warranty service, contact belgard at 1-800-BELGARD. A service representative will investigate your claim within 10 business days. If the Belgard product fails to meet the specifications, Belgard will replace the defective product at no charge. Color matching cannot be guaranteed. Belgard will not be responsible for any replacement labor, consequential damages or incidental damages. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM STATE TO STATE. SOME STATES DO NOT ALLOW FOR THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.

For specific information regarding warranty coverage and exclusions in regards to the Elements and Porcelain Paver products, please visit: Belgard.com/Warranty
