4856

Hand Protection > Iron-Tek® Gloves

Nylon/Lycra with nitrile/PU foam nitrile coating CE EN 388 4 1 3 1. Offers excellent grip in wet conditions; non-allergenic alternative to latex. Tear-resistant, seamless nylon knit liner has high tensile strength and stretches for a tight fit with better sensitivity. Low lint material won't absorb oil, so its great for wet or dry environments. Extended cuff helps keep out dirt. Reinforced stitching helps prevent fraying. Form-fitting and curved to match hand contours for minimized fatigue.

- > Size: XS-2XL
- > Case Pack: 6 dozen
