## FEATURES & BENEFITS

### MULTI-SHELF COOKING

Our AeroTech™ system circulates air evenly throughout the entire oven so dishes on the top shelf turn out just as perfect as food cooking on the bottom shelf.

### QUALITY AND DURABILITY

Every detail has been carefully crafted. The solid, perfectly balanced soft-close door, durable cooktop grates and glowing halo dials all add up to an exceptional, premium range.

## EASY TO CLEAN

Cleaning up spills is effortless. Your cooktop simply needs a quick wipe to keep it looking good as new. The self-clean function breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth.

## BURNER POWER & CONTROL

Instant and immediate control from the highest to the gentlest heat. The finely tuned cooktop controls let you sear, stir fry or simmer a delicate sauce to perfection.

## LARGE CAPACITY OVEN

The generous 4.9 cu.ft total capacity oven gives you plenty of space to cook multiple dishes at once, with enough room to fit a 32 lb turkey.

## PRECISE CONTROL

Accurate electronically-controlled oven heat gives you better results in the kitchen.
