

LIFETIME WARRANTY

All items are warranted to the original owner to be free of manufacturing and mechanical defects for life. This warranty covers replacement of defective parts only, not of complete product, unless deemed necessary by a customer service professional. Warranty does not cover; damages incurred as a result of installation, replacement, or repair, damages due to improper cleaning, misuse or neglect, or "living finishes" (unsealed metals such as copper, bronze or iron that acquire a natural patina over time and with normal use).
