SKSCR3001P
30-INCH INTEGRATED COLUMN REFRIGERATOR

SIGNATURE
KITCHEN SUITE

LARGEST CAPACITY COLUMN
Designed to provide the largest capacity in the industry, the 30-inch Integrated Column Refrigerator features 18.0 cu. ft. of storage capacity.

PRECISE PRESERVATION
Ingenious features like an inverter linear compressor and metal interior help to minimize temperature fluctuations to within 1° F to maintain food freshness.

TRUEFIT™ INTEGRATED DESIGN
Paired together, the 30-inch Integrated Column Refrigerator and 18-inch Integrated Column Freezer cleanly fit a 48-inch opening or a 47.5-inch opening —perfect for both new construction and replacement applications.

INTERNAL WATER DISPENSER
The internal water dispenser delivers cold, fresh, filtered water with a simple touch.

ECO FRIENDLY
Engineered to reduce environmental impact with HFC / HCFC free refrigerant, insulation and recyclable materials.

Replacement Water Filter	LT1000P-S

## Warranty Summary*

Limited Warranty, Parts & Labor	2 Years
Additional 1 Year When Product Registration is Completed Online with Owner Opt-in for Wi-Fi Monitoring	Yes
Limited Warranty on Sealed System, Parts and Labor	5 Years
Limited Warranty on Sealed System, Parts Only	12 Years

*These warranties give you specific legal rights and you may have other rights that vary from state to state. For complete warranty details, refer to your Use & Care manual.

CUTOUT DIMENSIONS – FLUSH OR PROUD INSTALLATION

SINGLE COLUMN

30" (762 mm) finished width

4" (102 mm) finished return*

25" (635 mm) min. depth flush install
24" (610 mm) min. depth proud install

84" (2134 mm)

5" (127 mm) electrical location

4" (102 mm) water location

1 3/8" (35 mm)

*A minimum 4" (102 mm) finished return that matches the cabinet exterior is recommended on all sides and the top of the cutout opening. The shaded area will be visible after installation.

Notes

Refrigerator can be installed flush or proud with 3/4" custom panel or optional stainless steel panel kit.

Flush – With a 25" (635 mm) cutout depth, the front face of the refrigerator fits flush with 25" (635 mm) depth adjacent cabinets.

Proud – With a 24" (610 mm) depth cutout, the front face of the refrigerator extends approximately 3/4" (19 mm) beyond 24" (610 mm) depth adjacent cabinets.

Electrical

A 115V, 60Hz., 15 or 20 amp power supply is required. An individual properly grounded branch circuit or circuit breaker is recommended. Install a properly grounded 3-prong electrical receptacle recessed into the back wall. Electrical must be located on rear wall as shown.

**Note**: GFI (ground fault interrupter) is not recommended.

Water Line

A cold water supply is required for water dispenser operation. Water pressure must be between 20 and 120 p.s.i.

Tubing should be long enough to extend to the front of the refrigerator. Allow enough tubing to accommodate a bend leading into the water line connection.

Water line can enter an opening through floor or back wall.

INSTALLATION CLEARANCES

TOP VIEW

30" (762 mm)

24" (610 mm)

1/8" (3 mm) min.   1/8" (3 mm) min.

13 7/8"** (352 mm)

29 3/4" (756 mm)

32 3/16" (818 mm)

115°

90°

3/4" (19 mm)**

*Door handle must be added to this dimension.

**Varies depending on the thickness of the custom cabinet panel. The door panels in the optional Signature Kitchen Suite stainless steel door panel kit are 3/4" (19 mm) thick.

Notes

Door Swing Clearances – The installation must allow for clearances to adjacent walls or cabinets. This refrigerator is equipped with a 2-position door stop. The factory-set 115° door swing can be adjusted to 90° if clearance to adjacent cabinets or walls is restricted.
Door Handle Clearances – The Door Handle depth must be added to the dimension noted to determine the total clearances required from adjacent cabinets or walls. This clearance will vary depending on the custom handle used. When using the Stainless Steel Door Panel Kit w/Handle or the Brushed Aluminum Handle (optional accessories), the door handle clearance with door open 115° is 16" (406 mm).

Notes

These units are designed to be customized with decorative panels. Field-installed custom door panels or an optional Stainless Steel Panel Kit is required.

For Custom Panels: Use templates provided with units to pre-drill holes for mounting panel brackets (provided with unit). Adjustment screws and instructions also provided with units.

Maximum Total Door Panel Weights:
30-Inch Integrated Column – 64 lbs.
24-Inch Integrated Column – 53 lbs.
18-Inch Integrated Column – 44 lbs.

Design Tips

4" (102 mm) will be visible on the interior sides of the furniture return. It is recommended that both sides of each cutout panel be finished to match the cabinet exterior.

If using custom panels, a custom toe kick is required. The bottom of case is unfinished.

Door Handles: Handles are not included with the units. Custom handles are required for installation. Brushed Aluminum Handles are available as an optional accessory.

OPTIONAL ACCESSORIES – FLUSH OR PROUD INSTALLATION

SKSPK305CS – Stainless Steel Panel Kit for 30-inch Integrated Column Refrigerator

This unit can be installed with an optional Stainless Steel Panel Kit. Kit includes one door panel, one toe kick and one handle. This kit is reversible and can be used in both Right Hand and Left Hand door swing installations.

SKSFK800CS – Frame Kit

This unit can be installed in a 24" (610 mm) deep cutout with an optional frame kit. This kit includes two 80" (2032 mm) brushed aluminum side trim pieces. Each trim piece is 5" (127 mm) deep with a 1/8" (3 mm) front face.

Handles for Use With Custom Panels

SKSHK310HS – 31 11/16" (805 mm) Medium Handle – Brushed Aluminum

SKSHK480HS – 48" (1219 mm) Long
Handle – Brushed Aluminum

Design Tips

The Stainless Steel Panel Kit may be used in a flush 25" (635 mm) cutout depth installation or in a proud 24" (610 mm) cutout depth installation.

For retrofit/replacement installations where the existing cutout is 24" (610 mm) deep, the optional frame kit is recommended.
