

## KITCHEN DRAIN

### INSTALLATION INSTRUCTIONS

Before installing, read entire Strainer Basket Installation Instructions. Observe all local building and safety codes.

Unpack and inspect the product for any shipping damages. If you find damages, do not install. Contact Customer Service at 1.866.855.2284. If you need assistance or have questions while installing your strainer basket, contact Customer Service.

We recommend consulting a professional if you are unfamiliar with installing kitchen fixtures. Signature Hardware accepts no liability for any damage to the strainer, sink, or for personal injury during installation.

### TOOLS AND MATERIALS:

Silicone Sealant (for copper sinks, use a neutral cure silicone sealant)  
Basin Wrench

### INSTALLATION

1. Apply a bead of silicone sealant to the base of the strainer flange.
2. Place the flange in the drain opening in the kitchen sink.
3. If your drain has a disposer flange, use the directions supplied with the garbage disposer to attach the disposer and complete your installation. For drains with strainer baskets, slide the rubber gasket and friction washer up the strainer flange to the bottom of the sink.
4. Thread the lock nut onto the drain assembly. Hand-tighten and make sure that the drain is properly aligned. When ready, finish tightening with a basin wrench to secure the drain
5. Secure the P-trap to the strainer flange with the provided compression nut and ferrule.
