

A cross-sectional diagram of a post installed in the ground. The post is a dark grey cylinder with a small circular hole near the top. It is surrounded by a layer of grey gravel, which is contained within a larger, rounded rectangular frame. The ground is represented by brown soil, and green grass is visible at the top surface.

POST LENGTH	SUGG. BURIAL DEPTH
7'	18"
8'	18"
10'	24"
12'	24"
14'	30"

SAFETY NOTE: Selecting posts and electrical accessories for performance and safety requires a full understanding of various factors and conditions. Professional engineering assistance in selecting these items is highly recommended. Purchaser is responsible for meeting any and all codes or requirements. If you choose a post or electrical accessory without getting such assistance, you do so at your own risk.
