PIPE SUPPORTS

ROOFTOP SUPPORT BLOCK

The FNW Figure 770610B Rooftop Block is made in the USA, UV resistant and suitable for installation on most types of roofing material or other flat surfaces. It is a cost-effective method for mounting and supporting single pipe applications without losing strength and integrity.

This rooftop block can be used as a curb (sleeper) replacement. Screw fasteners can be used to attach one or two hole pipe straps or a piece of strut (not included).

MADE IN THE
USA

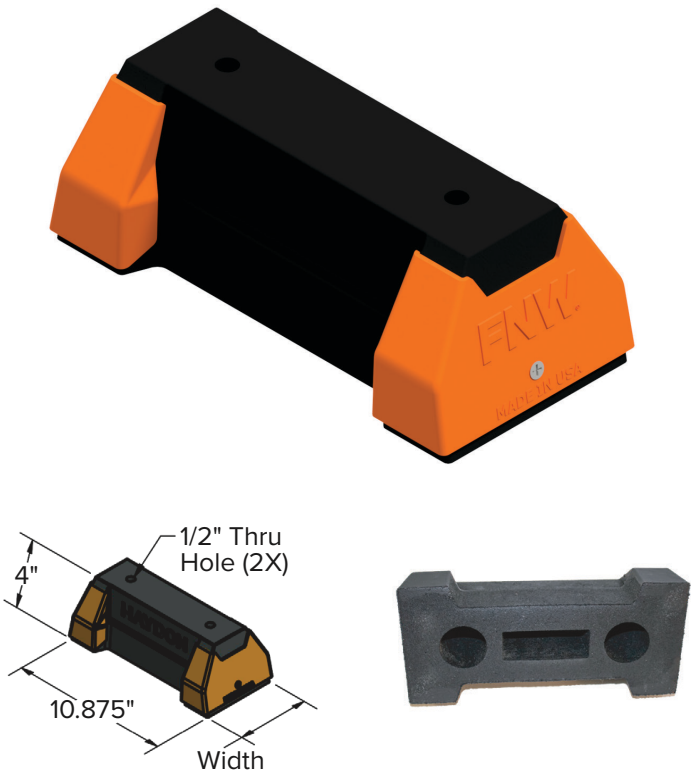

FEATURES

- Made in the USA
- Block is made from 100% post-consumer recycled rubber
- UV resistant
- All 4 corners covered with safety ANSI #2535.1-1998 orange molded end caps
- Dampens vibrations

PRODUCT SPECIFICATIONS

Rooftop supports have been tested by an accredited independent laboratory to the following:

- Compression/deflection: ASTM D575 modified
- Ozone resistance: ASTM D1171 modified
- Freeze/thaw environmental simulation: Load tested after 3 cycles to -40°C
