

STRAP HINGE

BEFORE INSTALLING

Read the installation instructions below.
Observe all local building and safety codes.

INSTRUCTIONS

Unpack and inspect the product for any shipping damages. If you find damages, do not install. Contact Customer Service at 1.855.715.1800. If you need assistance or have questions while installing your strap hinge contact Customer Service.

We recommend consulting a professional if you are unfamiliar with installing hardware fixtures. Signature Hardware accepts no liability for any damage to the hinge or door, or for personal injury during installation.

TOOLS AND MATERIALS:

Drill

Safety Glasses

Pencil

Screwdriver

Tape Measure

INSTALLATION

1. Determine and mark the hinge mounting location. If the door or gate is very heavy, position the hinges approximately 5" from the top and 10" from the bottom; otherwise, use a tape measure to position the top and bottom hinges an equal distance from the top and bottom edges of the door or gate.
2. Drill pilot holes in the locations marked in the previous step.
3. Secure the hinges to the door using the provided mounting screws.
4. Hold the door in place or support the door with a wood plank to mark the mounting locations on the door frame.
5. Drill pilot holes in the locations marked in the previous step.
6. Secure the hinges to the door frame with the provided mounting screws.
