

FaciliPro™ No/Low Maintenance Flooring Cleaner and Protector (2.5 Gallon)

Page 1 of 2

CLASSIFICATION

Daily floor cleaner and finish enhancer.

PRODUCT DESCRIPTION

The information contained in this document only applies to the products packaged in Oasis 2.5 gallon (9.46 liter) containers. Information regarding *FaciliPro™ 36 Ultra-Concentrated No/Low Maintenance Flooring Cleaner and Protector* appears in a separate Product Specification Document.

FaciliPro™ No/Low Maintenance Flooring Cleaner and Protector is a daily-use floor maintainer for cleaning lightly soiled, low maintenance flooring such as luxury vinyl tile (LVT), laminate rubber, sheet vinyl and linoleum. The product cleans soils and repairs minor scratches at its daily use level while maintaining the original look of the floor. It repairs scratched floors quickly at higher concentration levels. *FaciliPro™ No/Low Maintenance Flooring Cleaner and Protector* helps maintain the original look of flooring without adding any gloss or traditional floor finish coating. The product extends the interval between time-consuming maintenance steps like burnishing and the need for expensive restoration or tile replacement. It can be used on adjacent finished floors like porcelain, ceramic and polished stone flooring without affecting the gloss levels when multiple floor substrates exist. *FaciliPro™ No/Low Maintenance Flooring Cleaner and Protector* has a convenient, safe and flexible use with string mop, flat mop, mop charging bucket, spray bottle and autoscrubber machine applications. The product is compatible with marble and all floor finish types.

No PFAS ingredients have been intentionally added to *FaciliPro™ No/Low Maintenance Flooring Cleaner and Protector*. Use solutions of the product do not require personal protective equipment when used as directed. It complies with the California Air Resources Board guidelines regarding volatile organic carbon (VOC) for the product category.

USE

FOR INDUSTRIAL USE ONLY
NOT FOR HOUSEHOLD USE
KEEP OUT OF REACH OF CHILDREN

Precautions: The concentrate causes serious eye damage. Read this product's Safety Data Sheet (SDS) before using.

DIRECTIONS FOR USE:

Wet floors are slippery. Prevent pedestrian traffic with wet floor signs or barricades.

For the 2.5 gallon concentrate:

Daily use

1. Dust mop the floors and remove heavy soils.
2. Dilute 0.5 fluid ounces (15 milliliters) of the concentrate per gallon (3.785 liters) through a calibrated Ecolab dispenser into a mop bucket or autoscrubber machine.
3. Apply with a clean mop or autoscrubber as is normal for regular floor cleaning. No rinsing is necessary.
4. Allow the floor to air dry.

Floor finish rejuvenation

1. Dust mop the floors and remove heavy soils.
2. Dilute 3.0 fluid ounces (89 milliliters) of the concentrate per gallon (3.785 liters) water through a calibrated Ecolab dispenser into a mop bucket or autoscrubber.
3. Apply with a clean mop or autoscrubber as is normal for regular floor cleaning. No rinsing is necessary.
4. Allow floor to air dry.

NOTE: The Quik Click FaciliPro™ 36 Ultra-Concentrated No/Low Maintenance Flooring Cleaner and Protector has a different dose rate than what has been quoted for the product mentioned in this document. A separate Product Specification Document exists for the FaciliPro™ 36 product.

Product is freeze/thaw stable.
Store between 32°F (0°C) and 122°F (50°C).
Product expires 1080 days after its manufacture.

Consult your Ecolab Specialist or call 1-800-35 CLEAN (352-5326) for specific use directions, service, or additional information.
