

SCALE[®]RX

Ion Polarization **Scale Reduction System**

A Water Heater's Ultimate Defense

- Prevents up to 76% of scale deposits
- Protects against limescale buildup
- Features patented TGP[®] technology
- Works on tank and tankless water heaters

CASE STUDY

In June 2019, two Gas Tank 40 Gallon Hot Water Heaters were installed by the same contractor in two residential homes.

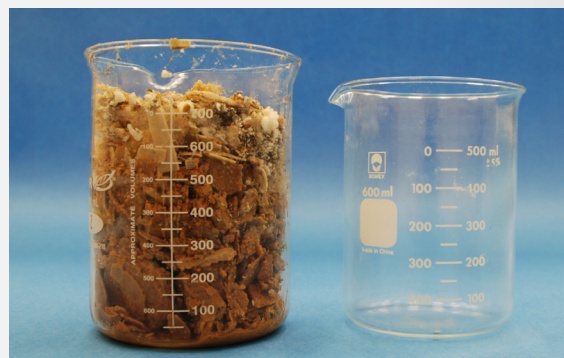

The test homes were located in Houston, TX and had similar usage rates.

After 1 year, the unit installed without **ScaleRX** produced nearly 1 liter (320 g) of scale deposits. Whereas, the unit installed with **ScaleRX** produced zero scale deposits.

Without **ScaleRX**

With **ScaleRX**

If You Have Hard Water, You Need ScaleRX[®]
