WE OBSESS OVER IT SO YOU DON'T.

For over a hundred years, we've made some of the most awarded, well-engineered heating and conditioning equipment, and earned a reputation for doing things ...right. And through it all, we've followed a pretty simple idea: "A Higher Standard" isn't just how we build our products. It's how we build our relationships with the customers who depend on us every single day.

A CLOSER LOOK

- Built-in Bridge for Z-Wave® Devices
 - Control over 200 Z-Wave smart home devices
 - Wi-Fi connection
 - Compatible with American Standard Link communicating and variable speed systems

- Now ENERGY STAR® certified

- American Standard Home compatible†
 - 4.3" LCD touchscreen
 - Create up to four daily heating and cooling schedules
 - Dehumidification setting in cooling

Silver 724 Smart Thermostat

- Whole home humidifier control in heating
- Upgradable software
- Screen lock out and guest lock out
- Energy Savings Mode (ESM)

* Internet connection required.

† Optional Bridge for Z-Wave® Devices required.

COMFORTABLE. RELIABLE. EFFICIENT.

Optimize the comfort and efficiency of your home with the American Standard Home smart comfort system. The American Standard Home mobile app gives you remote access to your HVAC system through your connected American Standard smart thermostat. Adjust your temperature, set your schedule, and view your HVAC usage from anywhere.

WHY IS INDOOR AIR QUALITY IMPORTANT?

We spend 90% of our time indoors, and 70% of that is in our home¹ where the air can be up to 5X poorer quality than the air outside². So, AccuClean[®] utilizes patented technology to deliver cleaner air to the whole home by removing up to 99.98% of airborne particles³ that pass through the re-usable filter, including 99.9% of the Influenza A (H1N1) virus⁴. The AccuClean[®] Whole Home Air Cleaner, when used in accordance with manufacturer's directions, is effective at removing a surrogate for the virus that causes COVID-19. Effective removal rate based on independent testing results using MS-2 bacteriophage, a bacteria representative of virus-sized particles like SARS-CoV-2 that causes COVID-19. This level of filtration makes it up to 100X more effective than a standard 1" filter⁵.

Certified asthma & allergy friendly[®] by the Asthma and Allergy Foundation of America.

With more than 65 million Americans suffering from asthma and allergies, this certification mark guides consumers in identifying products more suitable for people with asthma and allergies. The **asthma & allergy friendly[®]** Certification Mark is awarded only to those products that are scientifically proven to reduce exposure to asthma and allergy triggers.

American Standard Home connects to your American Standard HVAC system to provide you with remote control and diagnostics. To view additional integrations and subscriptions, visit our Knowledge Base at AmericanStandardAir.com/home-subscription.

¹ The National Human Activity Pattern Survey (2001)
² U.S. Environmental Protection Agency. EPA/600/6-87/002a. (1987)
³ Based on 3rd party testing of particle removal efficiency down to 0.3 microns (2005)
⁴ As reported by airmid healthgroup in ASCR092142v2 (2015)
⁵ Assuming <1% removal rate of 0.3 – 10 micron particles
