Progress Lighting offers a wide variety of accessories from the LED Tape Light Undercabinet System for customized layouts. The L connector cords join multiple sections of LED tape and can create 90° bends to allow for additional flexibility in design for undercabinet systems. The connector cord features piercing conductors for secure connection. It provides a snap-fit cover for intuitive installation. These work with the P700008/P700009/P700010 tape light.
