- ▶ **BASE LIMITED WARRANTY:**
Parts: 5 years / Heat Exchanger: 20 years
- ▶ **REGISTERED LIMITED WARRANTY:**
Parts: 10 years / Heat Exchanger: 20 years

Trane’s 92% builder-grade model family, S9B1, is launching soon! This new model family offers many great features over its legacy predecessor, XB90. Designed with multi-family and new construction needs in mind, all S9B1 models feature a 34” cabinet height, Vortica™ II blower housing, and are certified to meet low air leakage requirements at just 1.4%.

This model family is packed with time- and energy-saving features to aid in installation and setup from start to finish.

Trane XB90 furnaces will cease production on July 2, 2019. Orders placed on models that are phasing out will be fulfilled based upon unit availability. For a full list of models that are phasing out, please see the chart to the left.
