New sales opportunity and superior equipment protection for filter grille applications.

The Aprilaire Filter Grille Air Cleaner provides high-efficiency filtration for any return grille application where a 1" or 2" filter is typically used. Our patented filter design delivers low system static and no bypass, reducing profit-robbing call backs.

Available in 16x25 and 20x25 models, the Filter Grille Air Cleaner comes complete with the frame, removable grille, filter locks and a MERV 11 filter which is easily upgradeable to MERV 13.

► FEATURES

- + Self-Seal design
- + Interlocking rail system
- + Extremely low initial resistance
- + Larger filter surface area vs. 1"
- + 10 year clean coil guarantee
- + Filter upgrade available

► BENEFITS

- + Eliminates bypass
- + Perfect fit
- + Low system static, better protection
- + Fewer filter changes
- + Peace-of-mind protection
- + Efficiency choices for health or clean home
 - MERV 11
 - MERV 13

PRESSURE DROP OVER TIME

(3-TON SYSTEM)

Aprilaire filters, with over nine times the surface area of a 1" filter, have extremely low initial resistance and high dust holding capacity, allowing them to work for 12 months without being overly restrictive. This helps maintain proper airflow, reducing potential call backs.
