JONES STEPHENS | REPAIR PARTS

If it's broke, fix it with our line of repair parts! Complimenting an already robust category of specialties and repair, Jones Stephens offers hundreds of high-quality plumbing repair parts in a carded, retail ready package. The category includes high demand faucet and toilet repair parts, as well as tub and shower parts – all manufactured to fit most brands.

Repair parts identification can sometimes be a tricky task! We've eliminated the guess work by adding several tools throughout this catalog, but our world class customer service team is always available to lend a hand if you need additional assistance. Using our innovative technology we're able to quickly identify the repair part(s) you're looking for. Give us a call today at 800-355-6637 or email us at parts@jonesstephens.com and we'll find the right part for you.

- Fits Moen® Posi-Temp® tub and shower faucets
- For single handle faucets
- Includes temperature limit stop to limit max water temperature
- 2-1/4" overall length, 2-1/16" sleeve length
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
C25494	Chrome Plated Stop Tube fits Moen® Posi-Temp®, Replaces #96987	4/48
C25495	Brushed Nickel Stop Tube fits Moen® Posi-Temp®, Replaces #96987BN	4/48

MOUNTING HARDWARE

1/2" PLASTIC FAUCET LOCKNUT WITH STEEL ROSETTE AND RUBBER WASHER

- For installation of two-post style faucets
- 1/2" thread locknut
- With wings for easy hand grip or positive connection with wrench
- Rubber washer for strong grip against the underside of the counter
- Steel rosette to prevent the rubber washer from warping when tightened
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
B10120	1/2" Plastic Faucet Locknut	6/144

BRASS BASIN NUT WITH CONE WASHER AND FRICTION RING

- Chrome Plated finish
- To attach riser or water line to kitchen or bathroom faucet
- 1/2" center hole for 1/2" OD risers
- Lead free solid brass nut for long life and corrosion resistance
- Rubber cone washer for positive seal and leak proof installation
- Brass friction ring to prevent washer from warping when tightening nut
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
B10106	1/2" IPS x 1/2" Hole	6/144
B10107	1/2" IPS x 3/8" Hole	6/144

EASY CONNECT TEES

BRASS COMPRESSION EASY CONNECT TEE

- Creates a dual outlet valve without replacing the existing straight or angle supply stop
- Ideal for applications such as ice maker, dishwasher and water filtration system
- cUPC & IAPMO Listed
- Takes one 3/8" outlet and converts it to two 3/8" Comp outlets
- Meets or exceeds NSF/ANSI 61, NSF/ANSI 372, ASME A112.18.1-2018/CSA B125.1-18, and Section 1417(d) of the Safe Drinking Water Act
- Lead free
- Hot or cold water application acceptable
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
C74250LF	3/8" Female Compression Swivel x 3/8" Male Compression x 3/8" Male Compression	6/144
C74251LF	3/8" Female Compression Swivel x 3/8" Male Compression x 1/4" Male Compression	6/144

STOPPERS

WHITE BASIN AND TUB STOPPER

- White rubber
- Tapered to fit multiple sizes of sink, lavatory or tub drains
- Fits 1-1/8" through 1-1/4" drain openings
- Chrome plated metal ring
- Duo-Fit, stopper fits two sizes of drain
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
P35120	White Basin and Tub Stopper for 1-1/8" to 1-1/4" Drains	6/144
P35137	White Basin and Tub Stopper for 1-3/8" to 1-1/2" Drains	6/144
P35158	White Basin and Tub Stopper for 1-5/8" to 1-3/4" Drains	6/144

WHITE TUB AND LAUNDRY TUB STOPPER

- White rubber
- Fits most bathtub or laundry tub drains
- Fits 1-1/2" through 2" drain openings
- Chrome plated metal ring
- Oversized top to fit most drain openings
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
P35161	White Tub and Laundry Tub Stopper	6/48

FLAT SUCTION SINK STOPPER

- White rubber
- For kitchen sinks or bathtubs
- Rubber cover fits over drain opening
- Natural suction of drain holds the stopper in place
- 5" OD
- With nub on top to lift stopper off of the drain
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
P35162	Flat Suction Sink Stopper	6/48

POP-UP BASIN STOPPER FITS DELTA®

- Fits Delta® lavatory drains
- Replaces #RP5648
- Chrome plated stainless steel top
- 8-1/32" overall length
- 2-1/8" diameter top
- Rubber seal for positive leak-free performance
- Two bottom holes for multiple lift rod depths
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
C25465	Chrome Plated Pop-Up Basin Stopper fits Delta®	6/72

POP-UP BASIN STOPPER FITS MOEN® KINGSLEY

- Fits Moen® Kingsley™ lavatory faucets
- Replaces #10709
- Chrome plated metal top
- 3-15/16" overall length
- 1-5/16" diameter top
- Beveled for positive leak-free performance
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
C25504	Chrome Plated Pop-Up Basin Stopper fits Moen® Kingsley	6/72

FIT-ALL POP-UP PLUNGER

- Fits most brands of pop-up lavatory drains
- Extra long bottom with two holes will line up with most linkage assemblies
- Two flat areas on bottom will line up with gravity style linkages that do not use the holes
- 1-3/8" OD top
- Rubber gasket for positive seal
- Carded

PART CODE	DESCRIPTION	CTN/MSTR
P35950	Chrome Plated Fit-All Pop-Up Plunger	6/72
P36010	Brushed Nickel Fit-All Pop-Up Plunger	6/72

STRAINERS

FIT-ALL BASKET STRAINER

- Fits most brands
- Rolled edges, no sharp edges to cut or scrape the user
- Stainless steel
- Rubber bottom seal
- Adjustable center post
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
B03010	Fit-All Stainless Steel Basket Strainer	6/48

REPLACEMENT BASKET FOR JUNIOR DUO BASKET STRAINER

- Replacement basket for junior duo basket strainer (B02050)
- Fits 2" drains
- Stainless steel
- Rubber bottom seal
- Center post
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
B02049	Replacement Basket for Junior Duo Basket Strainer	6/72

3-PRONG DRAIN PROTECTOR

- Aluminum

PART NO.	DESCRIPTION	CTN/MSTR
D18062	1-5/8" 3-Prong Drain Protector	6/144
D18063	1-7/8" 3-Prong Drain Protector	6/144

STAINLESS STEEL MESH STRAINER

- Prevent debris from going down the drain and causing clogs
- Mesh style screen strainer
- Cup shaped center to go down into drain and hold strainer in place
- Stainless steel mesh and ring for long life and corrosion resistance
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
P35190	Strainer for Lavatory	24/576
P35191	Strainer for Tub	24/576
P35192	Strainer for Shower	24/576
P35193	Strainer for Kitchen	24/436
P35194	Strainer for Lavatory, Tub and Kitchen, Pack of 3	6/108

FAUCET HOLE COVERS

SNAP-IN FAUCET HOLE COVER

- Fill unused holes in sinks and counters
- 1-1/2" diameter
- Bottom legs provide positive grip
- Snap into the hole, no tools necessary
- Stainless steel finish to match most sinks
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
B10200L	1-1/2" Snap-In Faucet Hole Cover	6/144

FAUCET HOLE COVER WITH WASHER

- Fill unused holes in sinks and counters
- 1-3/4" diameter
- Large bottom washer for strong positive hold under the sink or counter
- Wing-nut for easy installation
- Stainless steel finish to match most sinks
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
C06030	1-3/4" OD Faucet Hole Cover with Washer	6/72

WASTE & OVERFLOW TRIM

ONE-HOLE OVERFLOW PLATE WITH SCREW

- Chrome plated die cast construction
- Fits one-hole style bath waste & overflows
- One-hole pattern to match existing plate
- 3" OD
- Includes one chrome plated brass screw
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
T05012L	Chrome Plated One-Hole Overflow Plate	6/72

TWO-HOLE OVERFLOW PLATE WITH SCREWS

- Chrome plated die cast construction
- Fits two-hole style bath waste & overflows
- Two-hole pattern to match existing plate
- 3" OD
- Includes two chrome plated brass screws
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
T05013L	Chrome Plated Two-Hole Overflow Plate	6/72

TWO-HOLE TRIP LEVER OVERFLOW PLATE WITH SCREWS

- Chrome Plated die cast construction
- Fits bath waste & overflows with trip lever style drain
- 2-Hole pattern to match any trip Lever
- 3" OD
- Spring loaded trip mechanism for positive up or down movement
- Includes two chrome-plated brass screws
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
B51025	Chrome Plated Two-Hole Trip Lever Overflow Plate	6/48

ONE-HOLE TOE TOUCH TUB DRAIN TRIM KIT, INCLUDES TWO-HOLE CONVERSION BAR

- One-hole faceplate; includes conversion bar for two-hole faceplates
- Toe touch stopper allows opening and closing without bending
- Fits most bath waste and overflows
- Includes overflow plate with adapter bar, flush bushing, threaded shoe, and toe touch stopper assembly
- Bushing allows interchangeability between 1-3/8" fine thread and 1-1/2" course thread bath shoes
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
B51030	Chrome Plated One-Hole Toe Touch Tub Drain Trim Kit	1/6
B51031	Brushed Nickel One-Hole Toe Touch Tub Drain Trim Kit	1/6
B51038	Matte Black One-Hole Toe Touch Tub Drain Trim Kit	6/48

ONE-HOLE LIFT AND TURN TUB DRAIN TRIM KIT, INCLUDES TWO-HOLE CONVERSION BAR

- One-hole faceplate; includes conversion bar for two-hole faceplates
- Lift and Turn provides a positive lock
- Fits most bath waste and overflows
- Includes overflow plate with adapter bar, flush bushing, threaded shoe, and lift & turn stopper assembly
- Bushing allows interchangeability between 1-3/8" fine thread and 1-1/2" course thread bath shoes
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
B51032	Chrome Plated One-Hole Lift and Turn Tub Drain Trim Kit	6/48
B51033	Brushed Nickel One-Hole Lift and Turn Tub Drain Trim Kit	6/48
B51039	Matte Black One-Hole Lift and Turn Tub Drain Trim Kit	6/48

ONE-HOLE FRICTION LIFT TUB DRAIN TRIM KIT, INCLUDES TWO-HOLE CONVERSION BAR

- One-hole faceplate; includes conversion bar for two-hole faceplates
- Heavy duty friction lift
- Fits most bath waste and overflows
- Includes overflow plate with adapter bar, flush bushing, threaded shoe, and friction lift stopper assembly
- Bushing allows interchangeability between 1-3/8" fine thread and 1-1/2" course thread bath shoes
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
B51034	Chrome Plated One-Hole Friction Lift Tub Drain Trim Kit	6/48
B51035	Brushed Nickel One-Hole Friction Lift Tub Drain Trim Kit	6/48
B51040	Matte Black One-Hole Friction Lift Tub Drain Trim Kit	6/48

TWO-HOLE TRIP LEVER TUB DRAIN TRIM KIT

- Two-hole faceplate
- Trip lever style bath drain
- Fits most bath waste and overflows
- Includes trip lever overflow plate (with spring), flush bushing, threaded shoe, and stainless steel grid (with matching screw)
- Bushing allows interchangeability between 1-3/8" fine thread and 1-1/2" course thread bath shoes
- Plunger sold separately
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
B51036	Chrome Plated Two-Hole Trip Lever Tub Drain Trim Kit	6/48
B51037	Brushed Nickel Two-Hole Trip Lever Tub Drain Trim Kit	6/48
B51043	Matte Black Two-Hole Trip Lever Tub Drain Trim Kit	6/48

The manufacturers' names are used only to describe whose products the items will fit. The items in this catalog are not manufactured by those companies.

TRIP LEVER TUB DRAIN LINKAGE ASSEMBLY

- Solid brass construction
- Fits brass trip lever style waste & overflow drains
- Up to 15" adjustable clevis
- Fits most bath waste and overflows
- Includes cotter pin and all necessary hardware for installation
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
B51041	Brass Trip Lever Tub Drain Linkage Assembly with Plunger	6/48

TRIP LEVER TUB DRAIN LINKAGE ASSEMBLY WITH PLASTIC PLUNGER

- Plastic plunger with solid brass linkage
- Fits plastic trip lever style waste & overflow drains
- Up to 15" adjustable clevis
- O-rings seal on plunger for water-tight seal
- Fits most bath waste and overflows
- Includes cotter pin and all necessary hardware for installation
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
B51042	Brass Trip Lever Tub Drain Linkage Assembly with Plastic Plunger	6/48

BEVELED BATH WASTE FACEPLATE GASKET

- Fits flush between outside of tub and overflow drain head
- Tapered shape to match slope of outside of tub
- Made of sponge rubber to achieve watertight seal on rough surface
- 3-3/16" OD x 2-1/8" ID
- Tapers from 9/16" thick to 3/16" thick
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
T05028	Beveled Bath Waste Faceplate Gasket	6/72

TUB SPOUTS

FIT-ALL DIVERTER SPOUT

- Chrome plated finish
- Fit-all style replaces most diverter spouts
- 1/2" copper slide-on, 1/2" IPS thread-on or 3/4" IPS thread-on
- Front diverter - pull up to send water to shower head, push down to send water to tub
- Heavy die-cast construction
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
D01701	Chrome Plated Fit-All Diverter Spout	1/6

DIVERTER SPOUT GATE REPAIR KIT

- Chrome plated finish
- Repair leaking diverter tub spouts
- Complete with lift rod, lift button, white plastic gate, gate washer and O-ring seal
- Fits most diverter spouts with pull-up diverter mechanism at the front of the spout
- Easy to install
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
D01702	Diverter Spout Gate Repair Kit	6/72

SHOWER ACCESSORIES

SHOWER ARM WITH FLANGE

- Chrome Plated finish
- Plated stamped stainless steel flange with grip-tite legs to hold it in place against the shower arm
- 45° for proper shower head angle
- 1/2" threads
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
S01044L	6" Chrome Plated Shower Arm	6/72
S01045L	8" Chrome Plated Shower Arm	6/72

S-SHAPED SHOWER ARM

- Chrome Plated stainless steel arm
- Raises shower head 6"
- Plated stamped stainless steel flange with grip-tite legs to hold it in place against the shower arm
- 45° for proper shower head angle
- 1/2" threads
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
S01110	Chrome Plated S-Shaped Shower Arm with 6" Rise and Flange	1/6

SHOWER ARM FLANGE WITH SET SCREW

- Chrome plated finish
- Fits shower arms and other 1/2" IPS applications
- Heavy die cast construction
- 2-1/2" OD
- Includes set screw
- F05050 is carded; F05051 is bagged

PART NO.	DESCRIPTION	CTN/MSTR
F05050	2-1/2" OD Chrome Plated Shower Arm Flange, Carded	6/72
F05051	2-1/2" OD Chrome Plated Shower Arm Flange, Bagged	12/144

SHOWER HEADS

DIE CAST ADJUSTABLE SHOWER HEAD

- Chrome Plated finish
- Metal body, ball and nut for long life and durability
- 2" face
- Lever turns to adjust spray pattern
- 1.8 GPM to meet CEC requirements
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
S01017	2" Chrome Plated Die Cast Adjustable Shower Head, 1.8 GPM	1/12

BRASS ADJUSTABLE SHOWER HEAD

- Chrome Plated finish
- Brass body, ball and nut for long life and durability
- "Princess" style
- Lever turns to adjust spray pattern
- 1.8 GPM to meet CEC requirements
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
S01018	1-3/4" Chrome Plated Brass Adjustable Shower Head, 1.8 GPM	1/12
S01019	2-1/4" Chrome Plated Brass Adjustable Shower Head, 1.8 GPM	1/12

BRASS WATER VOLUME CONTROLLER FOR SHOWER HEADS

- Chrome Plated finish
- Water saver - regulates water flow at shower head
- Brass construction for long life and durability
- Large lever for easy grip with wet hands
- Ball style control mechanism
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
S01060	Chrome Plated Brass Water Volume Controller	6/144

GASKETS & PACKING

RED RUBBER GASKET MATERIAL

- Cut your own customized gaskets
- 6" square sheet
- 1/18" thick
- Red
- Cut into washers, shims, gaskets, seals, vibration dampers or packings
- Bagged with header card

PART NO.	DESCRIPTION	CTN/MSTR
G55001	6"x 6" Red Rubber Gasket Material	6/72

GARDEN HOSE PARTS & ACCESSORIES

BRASS GARDEN HOSE WYE WITH SHUT-OFFS

- Brass construction
- Shutoff levers are plastic
- Includes washer
- Brass female swivel nut with rubber gripper sleeve
- For outdoor use only
- Not for potable water applications
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
G20053L	Brass Garden Hose Wye With Shut-Offs	6/36

GARDEN HOSE SHUT-OFF

- Inline shut-off for garden hoses and accessories
- Can be installed at the faucet or at the accessory
- Includes hose washer
- Solid brass construction for long lasting durability
- Ball style shut-off for positive on and off performance
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
G20090	Brass Garden Hose Shut-Off	6/72

HVAC PARTS

RADIATOR COIN AIR VALVE AND KEY

- Used to remove air from hot water heating systems to assure maximum performance from radiators
- 1/8" male IPT thread
- Nickel plated brass for long life and corrosion resistance
- Key fits slotted or square broaches
- Key has hanger hole for string or chain
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
R20001L	Radiator Coin Air Valve and Key	6/72

PUMPS

SELF PRIMING QUICK SHAKE SIPHON STYLE PUMP KIT

- Ideal to transfer water, gasoline, diesel fuel, kerosene, fertilizer, insecticides and lubricants
- 6' long transfer hose
- 3/4" copper anti-static siphon valve with glass ball and stainless steel shaker spring
- Not for use with liquids that have a thickness greater than 20 grade oil
- 2.5 GPM max flow rate
- Do not use to siphon gasoline from an automobile
- Complete usage instructions on the package
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
P13605	Self Priming Quick Shake Siphon Style Pump Kit	6/24

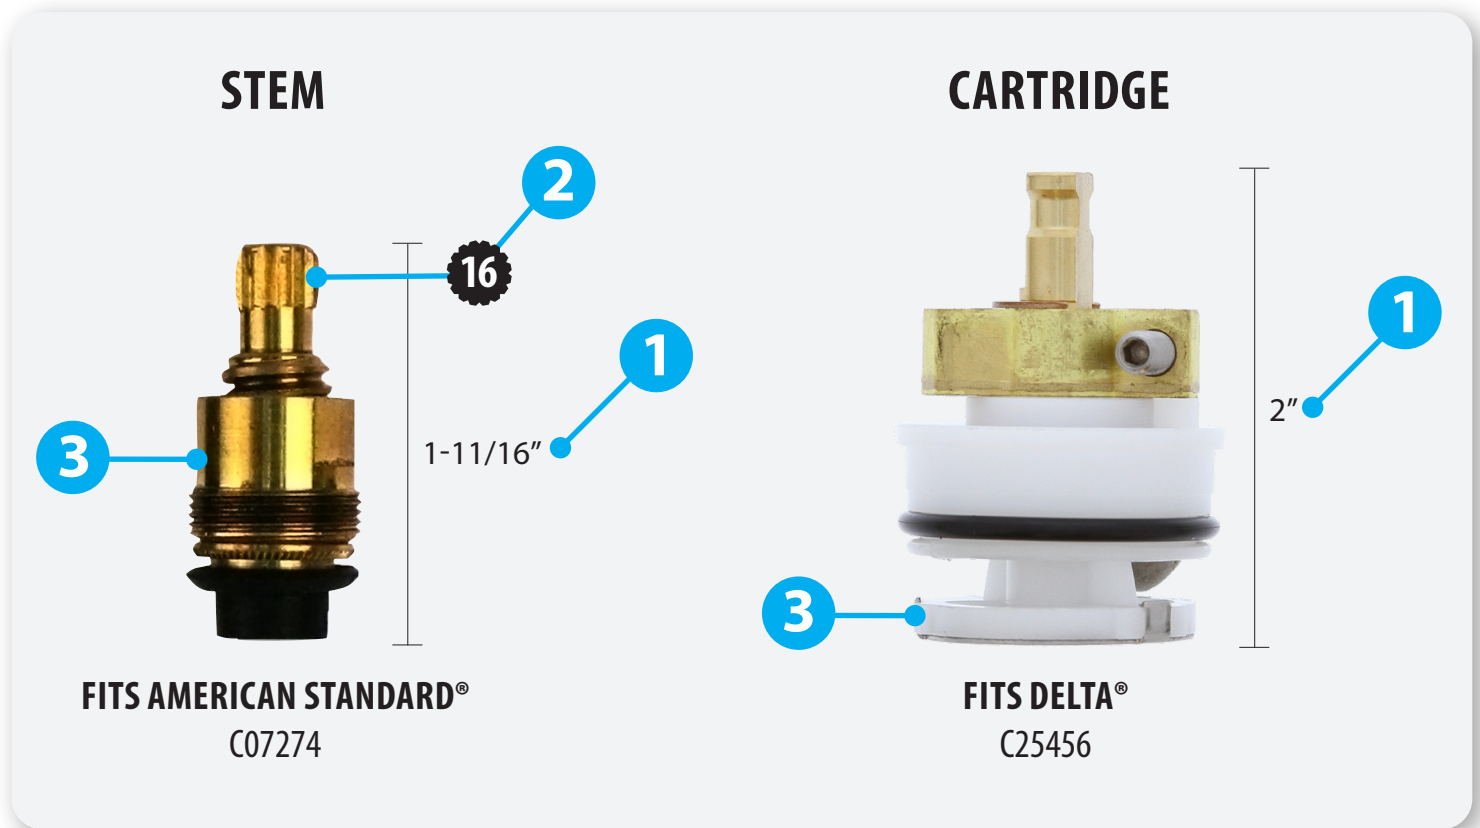

QUICK MINI TRANSFER PUMP KIT

- Ideal to quickly transfer any fluid including oil and gasoline
- Also works as an air pump
- Can be used to inflate balls, rafts, pool floats or bike tires
- Comes with hand pump, two transfer hoses, dipstick tube, air hose, two air hose adapters and three hose/tube connectors
- Complete usage instructions on the package
- Carded

PART NO.	DESCRIPTION	CTN/MSTR
P13610	Quick Mini Transfer Pump Kit	6/24

HOW TO FIND A REPLACEMENT STEM/CARTRIDGE

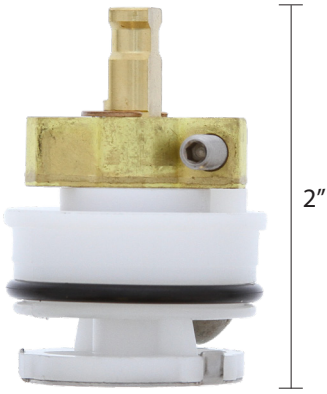

- 1** Measure the length, then turn to appropriate range section of this catalog.
- 2** Count the splines (raised at the tip of the stem/cartridge) or identify the shape to match accuracy and handle fit. If the top does not have ridged splines, note the shape (square, rectangular, half-moon, etc.).
- 3** Compare your part to the true-size images on the pages.

Having trouble identifying the correct cartridge?

Our world class customer service team is here to help! Give us a call at 800-355-6637 or email us at parts@jonesstephens.com and we'll find the right part for you.

Pages 36-42 represent the actual size of stems and cartridges. For additional product attributes, view pages 13-21 in catalog or at www.jonesstephens.com.
