

Plumbers Open Mesh

Spec Sheet #S1070
January 2002

Cleaning Compounds

Specifications

Plumbers
Open Mesh

DESCRIPTION

Superior quality open mesh abrasive fabric for cleaning metal or plastic pipe and fittings, and most types of hard surfaces. Extra heavy cloth webbing resists tearing, making it ideal for tough deburring and cleaning of plumbing tubing, fittings and parts. Works on copper, brass, other non-ferrous and ferrous metals and all types of plastic. Open mesh design resists clogging even when used on softer materials. Medium-fine 180 grit provides fast cleaning for a smoother finish. Long lasting performance under wet or dry conditions. A double-sided abrasive that can be cleaned and reused by rinsing with water. Made with resin-bonded aluminum oxide (180 grit size) bonded to a 100% waterproof backing. Handy dispenser box for neat, clean and compact storage.

SIZES AND PACKING

STOCK NO.	SIZE	PACKING	WEIGHT/CASE
45-011	1½" x 5 yds.	24	6.2 lbs.
45-013	1½" x 10 yds.	24	11.9 lbs.

Plumbers Open Mesh Cleaning Compounds
