

Safety Zone® Thermal Polyester/Nylon Knit Inspection Gloves, White w/ Blue Hem, 12 pr/bg - 50 bgs/cs

A versatile protective glove liner designed to enhance comfort and cleanliness in work and inspection environments. Made from polyester knit with a poly finish, these lint-free liners help reduce contamination and improve dexterity, making them ideal for cleanrooms, electronics assembly, precision inspection, and general handling tasks where sensitivity and hygiene matter. The blue hem makes size identification easy, while the lightweight construction can be worn alone or under other gloves for added comfort and moisture control. Suitable for facility maintenance, labs, manufacturing, and professional settings, this glove liner delivers reliable performance and helps maintain cleaner, safer workflows across a variety of applications.

Key Features

- Excellent thermal liner to be worn under single use or canners gloves
- Non-linting for inspection of electronics
- Used in high volume food service (such as meat processing plants)
- One size fits most with excellent stretch and conformability
