4 Gallon Replacement Pail for Original Smoker's Ceasefire® Outdoor Ashtrays, Steel, with Handle - 26802

Product Images

Short Description

- Galvanized steel pail
- Fits Original Smoker's Ceasefire® and Elite Smoker's Ceasefire®

- Holds up to 4 gallons

Description

The Smoker's Ceasefire® Replacement Pail (model 26802) is great to have on hand in the unlikely case that something happens to your current pail, such as weather damage or theft.

This galvanized steel pail fits the regular 4 gal (15 l) size of both the Original Smoker's Ceasefire and the Elite Smoker's Ceasefire, and can easily be replaced without the use of tools. Use the pail's convenient handle to help avoid getting your hands dirty during maintenance.

Optional disposable bucket liners made of aluminum/poly (model 26827) are available to use with the pail, making ashtray maintenance easier. These liners can be twist-tied and thrown away once full.
